Notes:

[1]Rate type: 1= Hourly wage and 4= Annual wage

[2]The annual mean wage equals to the mean hourly wage multiplied by 2,080, the annual equivalent of working 40 hours per week.

Note the individuals working in these occupations may or may not work full time; for those occupations where there is not an hourly mean wage published, the annual wage has been directly calculated from the reported survey data.

*Indicates a wage greater than $90.00 per hour or $187,200 per year

*Only annual wage is released. The Bureau of Labor Statistics, OES program only releases the annual wage for some occupations that typically work less than 2,080 per year but are paid on annual basis such as teachers, pilots, or athletes.

**Only hourly wage is released. Some occupations, such as actors, dancers, and musicians and singers are paid houlry and generally don't work a standard 2,080 hour work year.

N/A - Not available or not disclosable
