EMPLOYMENT OPPORTUNITIES FOR DISABLED VETERANS

WHAT: EMPLOYMENT SUPPORT FOR DISABLED VETERANS/ WARRIORS IN TRANSITION

WHEN/WHERE: SEPTEMBER, 2012 IN WASHINGTON, DC AND BETHESDA, MD

If you are a disabled veteran or warrior in transition, looking for career advancement, this opportunity is for you.

This September, a number of government and corporate employers in the Washington area are opening their doors to disabled veterans and warriors in transition, providing one-day mentoring programs. These are on-the-job opportunities, in which job-seekers learn, network, and build relationships that can lead to employment. These programs are provided at no cost to disabled veterans, and a limited number of openings are still available. But you must register soon.

This free program is provided by Enable America, a non-profit organization working to improve employment opportunities for all people with disabilities. Information and on-line registration for these Washington area events is available at EnableAmerica.org, or you can call toll free, [1-877-ENABLED](tel:1-877-ENABLED).
