Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to District of Columbia Government, District of Columbia, for its annual budget for the fiscal year beginning October 1, 2012. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device. This award is the thirteenth in the history of the District of Columbia.

The Office of Budget and Planning (OBP) will submit the FY 2014 Budget and Financial Plan for consideration by GFOA. OBP believes this budget continues to conform to the GFOA's requirements.

Transmittal Letters

VINCENT C. GRAY
MAYOR

July 31, 2013

The Honorable Barack H. Obama
President of the United States
1600 Pennsylvania Avenue, NW
Washington, DC 20500

Dear Mr. President:

On behalf of the residents of the District of Columbia, I submit to you the District of Columbia Fiscal Year 2014 Budget and Financial Plan entitled "Investing for Tomorrow," our eighteenth consecutive balanced budget.

Despite the looming impact of Federal sequestration, the District has begun to experience a remarkable fiscal recovery, ending Fiscal Year 2012 with a surplus of \$417 million and a fund balance of \$1.5 billion. Based in part on these results, Standard & Poor's recently upgraded the District's General Obligation Bonds from A+ to AA-. The current Fiscal Year continues the positive economic trend: in February of this year the Office of the Chief Financial Officer projected \$190 million in additional revenue for Fiscal Year 2013 and \$177.8 million for Fiscal Year 2014.

Our past fiscal prudence and economic strategies are now bearing fruit, and the goals which guided this administration's previous actions have remained steady as we prepared this current budget proposal: to provide the resources to foster a vibrant, sustainable city, where all residents have an opportunity to provide for themselves and their families, where every neighborhood is safe, where every student goes to a good school, where every tax dollar is spent wisely on a government that works, and where citizens' voices really count.

To that end, the \$10.1 billion general operating budget, including \$3.0 billion in federal funds, maintains fiscal stability and continues to provide investments in key areas of priority, including: economic development and training programs that lead to jobs for District of Columbia residents; continuation and enhancement of a birth-to-age-24 quality education system; and

provision of a responsive, effective public safety program that keeps our neighborhoods and businesses safe.

We appreciate that your Fiscal Year 2014 federal budget proposes support for the continued development of the St. Elizabeths campus and dedication to the continued development of our workforce. The \$9.8 million proposed to fund the Center of Innovation illustrates our common goal of development that fuels long-term economic growth and job creation. A more diverse economy gives the District resilience in economic downturns and provides a more robust set of opportunities for District residents, and by focusing on sectors with growth potential, we will distribute benefits throughout the whole city. Your continued assistance in our quest to provide a world-class education to the youth of the District of Columbia is also greatly appreciated. We hope to encourage our children to excel in the very qualities that will make them excellent candidates in the innovative technology hub we will create.

Your support for a change in the Home Rule Charter to establish local budget autonomy for the District of Columbia is also critical, and appreciated. Simply stated, there is absolutely no reason for the District of Columbia's local funds budget to be part of the federal budget process. The District raises over \$7.1 billion in locally generated funds annually, which should only be subject to the decision-making authority of the District's elected representatives. We look forward to your advocacy on behalf of budget autonomy and the other matters of basic self-determination and democracy for the residents of the District of Columbia.

I look forward to prompt and favorable federal consideration of the District's Fiscal Year 2014 Budget and Financial Plan.

Sincerely,

Vincent C. Gray

How to Read the FY 2014 Proposed Budget and Financial Plan

The District of Columbia's FY 2014 Proposed Budget and Financial Plan is a communication tool that presents and explains policy priorities, agency operations, including programmatic/organizational structures, and performance measures in the context of the Financial Plan, which shows the District's sources of revenue and planned expenditures. The Budget and Financial Plan includes forecasts of economic and financial conditions, current and planned long-term debt financing, policy decisions, and other important financial information for the District's government, all of which are essential elements for accurate financial reporting and sound management of public resources.

This chapter, How to Read the Budget and Financial Plan, is a guide for understanding the sections of this budget volume that define the budget priorities for the District. These sections are consistent with the National Advisory Council on State and Local Budgeting's recommended budget practices, which call for a presentation of information to provide readers with a guide to government programs and organizational structure. Additionally, these sections are consistent with the standards of the Government Finance Officers Association for the Distinguished Budget Presentation Award.

The FY 2014 Budget and Financial Plan is presented in six volumes summarized as follows:

Executive Summary (Volume 1) - provides a high-level summary of the budget and financial information, including sections describing new initiatives within the District's proposed budget, the transmittal letter from the Mayor, information on the strategic budgeting process, the District's five-year financial plan, detailed information on the District's projected revenues and expenditures, and summary information about the Capital Improvements Plan. In addition, this volume includes information about the District's budgetary and financial management policies, grant match and maintenance of effort, a glossary of budget terms, budget summary tables by agency and fund type, and the Budget Request Act legislation that serves as the basis for the District's federal appropriations act.

Agency Budget Chapters (Volumes 2 and 3) - describes, by appropriation title, the operating budgets for each of the District's agencies. Appropriation titles categorize the general areas of services provided by the District on behalf of its citizens and are listed in the table of contents. Examples are Economic Development and Regulation, Public Education System, and Human Support Services.

Operating Appendices (Volumes 4 and 5) - includes detailed supporting tables displaying the proposed expenditures and full-time equivalents in the operating budgets that are described in Volumes 2 and 3. Please note: These volumes are available exclusively on the Government of the District of Columbia website at <http://cfo.dc.gov/>.

Capital Improvements Plan (Including Highway Trust Fund) (Volume 6) - describes the District's proposed six-year Capital Improvements Plan for all of the District's agencies. The Highway Trust Fund describes the District's proposed FY 2014 to FY 2019 planned transportation projects including federal highway grants.

Detailed information on the chapter contents of each volume include:

Volume 1: Executive Summary

Includes the following sections:

Introduction: FY 2014 Proposed Budget and Financial Plan

This chapter is a narrative and graphic summary of the proposed budget and financial plan. It describes the overall proposed budget, including the sources and uses of public funds, and compares the prior year's approved budget to the current one. The chapter also explains the budget development process and budget formulation calendar for FY 2014.

Strategic Budgeting

This chapter describes the initiatives that the District is undertaking to improve budgeting and management of resources. It includes a description of the District's continued efforts in and progress toward Performance-Based Budgeting (PBB), which is the District's initiative to align resources with results through benchmarking, performance planning, and performance measurement.

Financial Plan

The Financial Plan summarizes planned revenues and expenditures from FY 2014 through FY 2017. This chapter includes financing sources, uses, and the assumptions used to derive the District's short-term and long-term economic outlook.

Revenue

This chapter shows current revenue projections for each revenue type as certified by the Office of the Chief Financial Officer. It also details the District's revenue sources, provides an overview of the District's and regional economy and economic trends, and the revenue outlook from FY 2014 through FY 2017.

Operating Expenditures

This chapter describes the District's recent local expenditures. It includes analysis of expenditures between FY 2009 and FY 2012, both by agency and by expense category, e.g. personnel, supplies, and fixed costs.

Capital Improvements Plan (CIP)

This chapter describes the overall CIP, including the sources and uses of Capital funds.

Appendices

The last section of the Executive Summary includes explanations of specific items to the District's budget:

- The D.C. Comprehensive Financial Management Policy provides a framework for fiscal decision-making by the District to ensure that financial resources are available to meet the present and future needs of District citizens;
- The Grant Match and Maintenance of Effort section includes a table by agency and grant number that provides the required grant match and maintenance of effort contributions for federal and private grants received by the District;
- The Basis of Budgeting and Accounting section describes the basis of budgeting and accounting, enabling the readers to understand the presentation methods of the District's finances;
- The Glossary of Budget Terms section describes unique budgeting, accounting, and District terms that may not be known by the general reader;
- The Current Services Funding Level (CSFL) Development section describes how the CSFL was developed for Local fund budget;
- The Summary Tables detail the District's proposed operating budget by agency and fund type for both budgeted dollars and positions; and
- The Budget Request Act section is the legislation that the District uses to enact the District's budget via local law, and serves as the basis for the District's federal appropriations act to be enacted into law by the United States Congress and President through the federal appropriations process.

Volumes 2 and 3: Agency Budget Chapters - Part I and II

These volumes include agency chapters that describe available resources, their uses, and the achieved and anticipated outcomes as a result of these expenditures. Chapters in these volumes are grouped by appropriation title and each chapter contains the following sections, as applicable:

Header Information:

- Agency name and budget code;
- Website address and telephone; and
- FY 2014 proposed operating budget table.

Introduction:

- Agency Mission; and
- Summary of Services.

Financial and Program Information:

- Proposed Funding by Source table;
- Proposed Full-Time Equivalents table;
- Proposed Expenditure by Comptroller Source Group table;
- Division/Program descriptions;
- Proposed Expenditure by Division/Program table;
- FY 2014 Proposed Budget Changes;
- FY 2013 Approved Budget to FY 2014 Proposed Budget reconciliation table;
- Agency Performance Plan Objectives; and
- Agency Performance Measures table.

FY 2014 Proposed Budget Changes

The FY 2014 Proposed Budget Changes section within each agency chapter provides a comprehensive explanation of the FY 2013 Approved Budget to FY 2014 Proposed Budget, by Revenue Type table that appears in nearly every chapter. The following are descriptions of the calculations done for the specific assumptions applied to certain categories within one particular agency or within specific groups of agencies. Please see the Current Services Funding Level (CSFL) Development appendix in this volume for more information about the CSFL methodology.

- **Recurring Budget Items:** Where applicable, recurring budget items were identified to adjust specific expenditure items.
- **Fixed Cost Inflation Factor:** The fixed costs for the FY 2014 CSFL were derived from cost estimates provided by the Department of General Services (DGS). Additionally, the Office of Finance and Resource Management (OFRM) and the Office of the Chief Technology Officer (OCTO) will centrally manage certain costs within their agency budgets.
- **Medicaid Growth Factor:** The Medicaid growth factor for the cost of health care services in the District, provided by the Department of Health Care Finance (DHCF) and the public provider agencies, fluctuated based on the prevailing conditions of the economy and changes in the federal government's Medicaid policy. Based on the 5.1 percent growth factor provided by DHCF, OBP calculated baseline funding for Medicaid in the FY 2014 CSFL.
- **Student Funding Formula Inflation Factor:** The funding formula was adjusted by the 2.0 percent Consumer Price Index (CPI) factor to account for the inflationary costs that are generally associated with educating students in the District of Columbia Public Schools and Public Charters Schools.
- **Debt Service Adjustments:** Projected adjustments were provided by the Office of Finance and Treasury.
- **Operating Impact of Capital:** Projected adjustments to reflect the budgetary impact of completed capital projects.
- **Other Adjustments:** These adjustments were unique to a particular agency and did not meet the criteria of the other adjustment scenarios.

This section includes major changes within the agency budget by program, fund, and full-time equivalents, from the initial request through the policy decisions made by the Mayor. The FY 2014 Proposed Budget Changes section uses the following terms to describe budgetary or programmatic changes:

I. Actions with an impact on services:

- **Enhance:** More funding to improve the quality or quantity of an existing service (e.g., Funding to support the new DMV service center in Georgetown).
- **Eliminate:** Total elimination of an existing services, with no anticipation of the service being provided by another entity (e.g. Eliminate unfunded vacant FTEs for staffing realignment).

II. Actions with no service impact

- **Cost-of-Living Adjustment:** Additional funds to support the proposed FY 2014 cost-of-living adjustment (COLA).
- **Increase:** Additional funds necessary to continue service at current levels (e.g., Fund recurring operating cost of Automated Traffic Enforcement).
- **Decrease:** Reduction in cost without a service impact (e.g., Align energy budget with revised DGS estimate).
- **Transfer In:** Shift of an existing program or operation from another District agency (e.g., Transfer the Central Cell Block Security activity from MPD to DOC).
- **Transfer Out:** Shift of an existing program or operation to another District agency (e.g., Transfer

- APRA division from DOH to establish DBH).
- **Shift:** Shift an existing program or operation from one Fund type to another (e.g., Shift from Special Purpose Revenue to Local funds to support telecommunications for the D.C. Lottery).
- **Technical Adjustment:** An increase or decrease to the budget that is required because of a legislative mandate and/or to correct an error/omission.
- **No Changes:** The agency has no changes in funding and/or budget structures from FY 2013 to FY 2014.

An example of an agency narrative is at the end of this chapter to help the reader navigate the Agency Budget Chapter volume. The example shows an agency with a performance plan. Callout boxes highlight the features discussed above.

Volumes 4 and 5: Operating Appendices - Part I and II

These two volumes provide supporting tables to each agency's proposed operating budget. The tables generally include FY 2012 actual expenditures, the FY 2013 approved budget, the FY 2014 proposed budget, and the change from FY 2013 to FY 2014 (unless noted). The following tables are provided:

Schedule 30-PBB - dollars summarized by program, activity, and governmental fund (governmental fund break-out is for FY 2013 only and includes general fund detail);

Schedule 40-PBB - dollars summarized by program, comptroller source group, and governmental fund;

Schedule 40G-PBB - dollars summarized by program, comptroller source group, and appropriated fund within the General Fund;

Schedule 41 - dollars and FTEs summarized by comptroller source group and governmental fund;

Schedule 41G - dollars and FTEs summarized by comptroller source group and appropriated fund within the General Fund; and

Schedule 80 - dollars and FTEs summarized by appropriated fund, and revenue source (for the FY 2014 Proposed Budget only).

Volume 6: Capital Improvements Plan (Including Highway Trust Fund)

This volume covers the District's FY 2014 - FY 2019 Capital Improvements Plan (CIP) and the Highway Trust Fund. The Capital Appendices chapter includes:

- An **Introduction** chapter that describes the overall CIP, including the sources and uses of capital funds, the District's policies and procedures for its capital budget and debt, and the FY 2014 planning process;
- **Project Description Forms** that comprise the major portion of the capital appendices volume. The project description forms provide details on capital projects funded by general obligation bonds, pay-as-you-go (Paygo) capital, the Master Equipment Lease program, and the Local Street Maintenance Fund. Each page shows one subproject's planned allotments for FY 2014 through FY 2019, including a description, its annual operating impact, milestone data, and its location; and
- **Appendices** that provide supporting tables and a glossary about the District's capital budget, including:
 - The **FY 2014 Appropriated Budget Authority Request** table that summarizes proposed new projects and changes (increase or decrease) for ongoing projects by agency, subproject, and funding source;
 - The **FY 2014 - FY 2019 Planned Expenditures from New Allotments** table that summarizes the new

- allotments' planned FY 2014 - FY 2019 expenditures by agency, project, and subproject;
- The **FY 2014 - FY 2019 Planned Funding** table that summarizes the FY 2014 and six-year funding sources for all new allotments by agency, subproject, and funding source;
 - The **Balance of Capital Budget Authority, All Projects** table that summarizes the lifetime budget authority, life-to-date expenditures, total commitments, and balance of budget authority for all ongoing capital projects by agency, project, and authority (District versus federal);
 - The **Capital Project Cost Estimate Variance** table displays changes to project costs since the FY 2013 Budget;
 - Rescissions, Redirections, and Reprogrammings; and
 - An overview of the District of Columbia's Water and Sewer Authority's FY 2011 - FY 2020 Capital Improvements Plan.

Highway Trust Fund

This chapter covers the District's FY 2014 through FY 2019 proposed Highway Trust Fund expenditures, including:

- An **Introduction** chapter, which describes the Highway Trust Fund program, including the sources and uses of the funds, the District's policies and procedures for the trust fund, and the FY 2014 planning process;
- The **Project Description Forms**, which comprise the majority of the Highway Trust Fund volume. Each page shows planned allotments for FY 2014 through FY 2019, description, annual operating impact, milestone data, and location for two subprojects; and
- **Appendices** that provide supporting tables for the District's Highway Trust Fund program.

FY 2014 Proposed Gross Funds Operating Budget, by Revenue Type

Division Description

The District Department of Transportation operates through the following 9 divisions:

Greenspace Management – provides mowing and tree management services in the public rights-of-way and also for the Department of Parks and Recreation.

Urban Forestry Administration (UFA) – establishes a full population of street trees within the District of Columbia, ensures that the trees lining the District's roadways are maintained in a healthy and safe environment, provides educational information to District residents about the benefits of growing trees, and encourages planting of appropriate tree species in our urban environment. UFA also maintains the network of trails in the District and partners with other DDOT administrations and District agencies to reduce impermeable surfaces to improve the health of trees and help reduce storm-water runoff.

Infrastructure Project Management Administration (IPMA) – manages the design, engineering, and construction of roadways, bridges, traffic signals, and alley projects in the District of Columbia. IPMA also manages special construction projects and all roadway assets.

This division contains the following 3 activities:

- **Development and Management** – manages infrastructure projects. They manage all construction work. This division is overseen by the Construction Management;
- **Preventive and Routine Roadway Maintenance** – maintains alleys and sidewalks. This function includes inspecting, testing and evaluates all construction projects;
- **Rights-of-Way** – manages the traffic and

roads, bridges, tunnels, and other DDOT assets and

Public Space Regulation Administration – responsible for permitting and enforcing the exclusive use of public space by private entities, including residents, businesses, utilities, and developers.

This division contains the following 4 activities:

- **Administrative Support** – coordinates all the activities of the division;
- **Public Space Permits Branch** – manages the Public Space Committee; issues permits to developers, vendors and utilities; and assumes responsibility for the overall management of the District's public space;
- **Systems Inspection and Oversight** – initiates inspections and monitoring of construction and related activities located in the public right-of-way to minimize the impact on the transportation infrastructure within the District of Columbia; and
- **Customer Service** – responsible for the customer service function for the Administration and the primary face of the agency to the public.

Progressive Transportation Services – provides the public with efficient, affordable, and diverse means of travel within the District of Columbia by providing funding, policy recommendations, and coordination services to the Washington Metropolitan Area Transit Authority (WMATA).

This division contains the following 4 activities:

- **Mass Transit** – provides fiduciary and operational oversight in collaboration with WMATA and designs and formulates alternative means of transportation to reduce congestion and parking problems with innovative transportation options, such as bike-sharing and car-sharing;

FY 2014 Proposed Budget Changes

The District Department of Transportation (DDOT) proposes a 24.3 percent increase over its FY 2013 approved budget of \$72,329,299 in Local funds, \$3,955,500 in Federal Grant funds.

The FY 2014 Proposed Budget Changes section provides a comprehensive explanation of Table 5; it includes major internal changes within the budget including CSFL changes, changes to the initial adjusted budget, and policy initiatives.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology.

DDOT's FY 2014 CSFL budget is an increase over the FY 2013 approved Local funds budget.

In FY 2014, an explanation of Current Services Funding Level (CSFL) changes is presented separately within the budget. For more detail on the CSFL, please see the appendix in this volume.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for DDOT included the removal of a total of \$72,300 in one-time funding. This amount is comprised of \$152,000 that was used to support the Improve Traffic Citation Issuance program and \$100,000 that was used for Trail Ranger program in FY 2013.

The FY 2014 CSFL calculated for DDOT included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$284,439 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth, and \$3,293,228 in nonpersonal services, of which \$440,534 is based on the Consumer Price Index factor of 2.4 percent, \$2,800,000 for the Operating Impact of Capital for the Streetcar project at H Street and Benning Road, and \$52,694 in Other Services and Charges that were underfunded in the past budget years. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Increase: DDOT is charged with the responsibility of moving people and goods freely around the city with minimum impacts to the environment. In FY 2014, DDOT reviewed its operations in line with available resources and positioned its human capital and materials where they will best serve the needs of the organization. DDOT increased its budget in Local funds for personal services by \$1,480,023 to support projected increases in salary steps, Fringe Benefits, and reallocation of 9.4 FTEs. In Special Purpose Revenue funds, the budget includes revenue initiatives that were implemented after FY 2013. Special Purpose Revenue funds also includes an increase of \$7,500,720 based on projections of additional revenues certified for parking meters. An increased of \$31,797 for Energy reflects projected revenues in FY 2014.

This section describes the changes made to an agency during the overall budget formulation process by fund and by program (or divisions).

Decrease: For DDOT to operate within its allotted budget and provide quality services to the residents and visitors and to provide offset to budget increases in Local funds, DDOT reduced funding for Equipment and Equipment Rental by \$11,761 to align the budget with prior year spending. Other reductions in Local funds include \$700,089 in personal services that accounts for a reallocation of 9.4 FTEs from term to permanent positions and \$1,092,317 for Contractual Services. Reductions of the budget in Special Purpose Revenue funds include \$20,000 for overtime, \$36,000 for Equipment and Equipment Rental, and \$116,000 for Contractual Services.

Mayor's Proposed Budget

Enhance: The FY 2014 Local funds budget includes an increase of \$3,625,000 to support the District's Streetcar project scheduled to start operations in the summer of 2013. Other enhancements in Local funds increase DDOT's budget by \$743,325 to assist DC Water with debt service payments related to the McMillan water storage and \$100,000 to provide a Variable Messaging Board on Rhode Island Avenue.

Increase: DDOT's budget in Local funds includes an increase of \$4,100,000 to support the Parking Meter project, which has become a major source of revenue for the District of Columbia.

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in Local funds, which will be applied centrally from the Workforce Investments account. For more information about the COLA, please see the Workforce Investments chapter contained in Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

Decrease: In Local funds, a reduction of \$1,000,000 is being made to support the following services to the Department of Public Works.

Transfer Out: DDOT's FY 2014 budget includes a transfer out of \$3,576,583 of the Circulator Bus revenue and \$7,003,220 of parking meter revenue to WMATA to support increase in annual subsidy payment.

Describes policy changes that are the result of proposed cost-saving initiatives, transfers of funding or function from one agency to another, and other budget changes.

District's Proposed Budget

Increase: Improving traffic safety, particularly in high traffic, commercial corridors with many pedestrians, such as Georgetown and the vicinity, has been of great concern for the stakeholders; therefore, the budget in Local funds is increased by \$488,437 to support 10 additional Traffic Controllers that will assist with public safety issues.

Other increases in the budget for Local funds include a one-time allocation of \$400,000 for new Capital Bikeshare stations and \$300,000 to support the operations of the Tri-State Oversight Committee recommendation. The Circulator Bus has become an integral part of the transportation system along the District corridor; it has improved lives among residents and visitors alike. Consequently, the District is adding \$212,000 to DDOT's Local funds budget to support planning for a new Circulator route along the National Mall. An increase of \$100,000 in Local funds provides funds to make the Trail Ranger program permanent in the District.

In Special Purpose Revenue funds, the budget includes an increase of \$1,200,000 for the planning of a new Circulator route along the National Mall. The budget also includes \$421,000 in additional funding for the expansion of the Circulator Bus on the following lines: Union Station/Georgetown to the National Cathedral; Union Station/Navy Yard to the Southwest Waterfront; and Rosslyn/Georgetown/Dupont Circle to Adams Morgan, U Street, Shaw and Howard University.

Decrease: In order for the District to fully implement the merchant services fee project, \$52,694 was reduced from DDOT's Local funds budget and transferred to the Office of the Chief Financial Officer. Other decreases in Local funds include \$2,021,000 for the operating impact of capital based on anticipated start date of streetcar operations and \$2,600,000 in the streetcar operating budget.

Transfer In: A one-time funding of \$40,000 is included in DDOT's Local funds budget for educational materials to support the recently completed Heritage trails. This funding is transferred from the Office of Finance and Resource Management.

Transfer Out: DDOT's budget in Local funds was reduced to reflect transfers of \$25,000 to the Office on Aging for the Washington Elderly and Handicapped Transportation Service, \$52,000 to the District of Columbia Public Schools (DCPS) for the Food Bank School Pantry Program, \$97,000 to Debt Service in order to increase the allot-

The mission of the D.C. Public Schools (DCPS) is to ensure that every DCPS school provides a world-class education that prepares ALL of our students, regardless of background or circumstance, for success in college, career, and life.

Summary of Services

DCPS delivers all services required to provide students with a quality education. These include:

- Operating schools that provide a consistent foundation in academics, strong support for social/emotional needs, and challenging themes and programs;
- Hiring, developing, and rewarding teachers, principals, aides, and other staff;
- Developing and implementing academic programs that provide all students with meaningful options for life;
- Collecting data and providing decision and policy-makers with accurate information about how our students and the school district are performing; and
- Providing schools the administrative and operational support they need to foster student achievement, creating forums for interaction and continued dialogue between DCPS and its community stakeholders.

The Local funds budget for the District of Columbia Public Schools is developed through the Uniform Per Student Funding Formula (UPSFF). It provides a per-student base foundation funding level as well as weighting factors for grade level. The UPSFF assigns additional funds for special education categories, summer school, and English language learners through add-on weights. For more information, refer to District of Columbia Official Code Section 38-29.

FY 2014 Proposed Budget Changes

The District of Columbia Public Schools' (DCPS) proposed FY 2014 gross budget is \$830,390,270, which represents a 4.6 percent increase over its FY 2013 approved gross budget of \$794,195,443. The budget is comprised of \$644,437,107 in Local funds, \$30,000,000 in Federal Payments, \$28,678,244 in Federal Grant funds, \$5,061,817 in Private Grant funds, \$11,090,359 in Special Purpose Revenue funds, and \$111,122,743 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DCPS' FY 2014 CSFL budget is \$658,897,966, which represents a \$12,722,058, or 2.0 percent, increase over the FY 2013 approved Local funds budget of \$646,175,908.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for DCPS included the removal of \$200,000 in one-time funding. This amount is comprised of funds offered as grants to individual schools that applied for funding to implement two new programs, \$100,000 for an intensive algebra program for DCPS students and \$100,000 for a journalism mentoring program for DCPS high school students.

The FY 2014 CSFL calculated for DCPS also included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$12,922,058, or 2.0 percent, to account for the inflation factor applied to the Uniform Per Student Funding Formula (UPSFF). During the development of the CSFL, some adjustments such as this were categorized as "other adjustments."

Agency Budget Submission

DCPS student enrollment is projected to decrease by 1,114 students from 47,174 in FY 2013 to 46,060 in FY 2014. This results in a decrease of \$14,595,859 through the UPSFF. DCPS made the following adjustments for the decrease in projected student enrollment.

Increase: In Local funds, DCPS proposes an increase of \$5,647,096 for Contractual Services, primarily for use in the Instructional Programs division. In the Non-Instructional Support Services division, an increase of \$534,337 is proposed for telecommunications and security services and \$411,426 for Supplies and Materials at the various schools. There is a proposed increase of \$463,890 in Subsidies and Transfers with the majority being used for grants and gratuities, also in the Instructional Programs division.

In Federal Grant funds, DCPS proposes an increase of \$20,000,000 and 208.9 FTEs. Effective November 2012, the Department of Education converted the Federal Payment for the School Improvement program to a federal grant entitled DC School Choice. DCPS also proposed an increase of \$7,289,454 in personal services in the Instructional Programs division despite a decrease of 5.6 FTEs. The increase is due primarily to the proposed cost-of-living adjustment, salary and step increases. The agency also proposes an increase of \$5,544,167 in Contractual Services, \$4,035,411 in Other Services and Charges, \$1,669,232 in Supplies and Materials and Equipment and Equipment Rental, and \$16,998 in fixed costs in the various divisions.

In Private Grant funds, DCPS proposes an increase of \$1,517,743 and 20.8 FTEs in personal services in the Instructional Programs division. The agency also proposes increases of \$277,127 in Supplies and Materials and Equipment and Equipment Rental and \$15,000 for telecommunications, also in the Instructional Programs division.

In Special Purpose Revenue, DCPS proposes an increase of \$686,760 for Supplies and Materials and Equipment and Equipment Rental in multiple divisions from anticipated revenue collected for Nonresident fees and the Afterschool Program Co-payments. The agency proposes an increase of \$56,877 and 8.5 FTEs in the Student Support Services division due to the reallocation of the anticipated revenues collected from the ROTC program.

In Intra-District funds, DCPS proposes an increase of \$9,108,823 in salaries and overtime pay and 73.6 FTEs in multiple divisions. The agency also proposes an increase of \$5,182,765 in grants and gratuities in Instructional Programs and Special Education Local divisions. An increase of \$1,222,190 in Supplies and Materials is proposed in multiple divisions, primarily in the Instructional Programs division. DCPS also proposes an increase of \$303,094 in fixed costs, primarily in Security Services in the Instructional Programs division.

Decrease: In Local funds, DCPS proposes a decrease of \$10,759,585 in fixed cost associated with the closure of 15 schools per the DCPS Consolidation and Reorganization Plan. In addition, a decrease in personal services of \$8,712,458 and 305.3 FTEs is proposed from multiple divisions. DCPS also proposes a decrease of \$1,377,985 for the purchasing of equipment and machinery for multiple divisions, and \$802,581 for Other Services and Charges, primarily in the Special Education Local division.

In Federal Payments, DCPS proposes a decrease of 5.3 FTEs that will not shift due to the conversion of the Federal Payment for School Improvement into a three-year Federal Grant by the U.S. Department of Education. In addition, the Federal Payments budget was reduced by \$18,953,880 and 208.9 FTE to reflect the shift of the Federal Payment to a federal grant.

In Federal Grants, DCPS proposes a decrease of \$111,950 in tuition for employee training in the Instructional Program division. In Private Grant funds, DCPS proposes a decrease of \$589,127 in tuition for employee training, grants and gratuities, Other Services and Charges and Contractual Services in Instructional Programs due to the expiration of grant funding and the realignment of available unspent, unobligated private grant funds to offset the increase in personal services.

In Special Purpose Revenue, DCPS proposes a decrease of \$1,353,547 in Contractual Services in multiple divisions, primarily due to the anticipated reduction in revenue collected from the E-Rate Education Fund and the reallocation of the anticipated revenue collected in the ROTC program and Nonresident fees. A decrease of \$80,000 in Other Services and Charges is proposed in the Instructional Support Services and the Agency Management divisions due to the anticipated reduction of revenue collected from the DHHS Afterschool Program Co-payment and the Cafeteria. The agency also proposes a decrease of \$27,622 in Energy, Commodities and Building Rentals in the Non-Instructional Support Services division due to the anticipated reduction in reimbursements DCPS receives for the use of public school buildings, parts of buildings, or the grounds surrounding the buildings.

In Intra-District funds, DCPS proposes a decrease of \$4,106,226 in salaries for temporary and term positions, additional gross pay, and fringe benefits, and 60.0 FTEs, primarily in the Instructional Programs and Instructional Support Services divisions. The agency also proposes a decrease of \$2,474,512 in Contractual Services, primarily in the School System Management division; \$1,504,840 in Other Services and Charges, primarily in the Instructional Support Services division; and \$1,430,310 in Equipment and Equipment Rental, primarily in the Instructional Programs and Agency Management divisions.

Mayor's Proposed Budget

The District of Columbia Public Schools has no changes from the FY 2014 agency budget submission to the FY 2014 Mayor's proposed budget.

District's Proposed Budget

Enhance: In Local funds, the budget includes a \$135,000 enhancement in Subsidies and Transfer in the Instructional Programs division to implement the Science, Technology, Engineering, and Math (S.T.E.M.) program at the newly modernized H.D. Woodson High School east of the Anacostia River.

Increase: In Local funds, the budget includes an increase of \$4,500,000 in Subsidies and Transfers in the Instructional Programs division. These funds will be used as follows: \$2,300,000 to create a "Buy Back" fund available to seven schools. The seven schools are Eliot-Hine Middle School (Ward 6), Hardy Middle School (Ward 2), Sousa Middle School (Ward 7), Stuart-Hobson Middle School (Ward 6), Ballou High School (Ward 8), H.D. Woodson High School (Ward 7), and Phelps Academy (Ward 5); \$1,200,000 to supplement library services at 26 schools, 19 Elementary Schools, 4 Educational Campuses, and 3 Middle Schools, to support funding for a librarian; and \$1,000,000 to enhance the summer school enrichment programs and summer bridge programs in FY 2014. The summer bridge program provides academic enrichment in English and Math to rising 9th grade students who have previously struggled academically with the hopes of increasing student success in the 9th grade, improving attendance, and reducing drop-out rates.

In Federal Payments, the budget includes an increase of \$11,640,000 to align with the President's FY 2014 Budget Request for the "Federal Payment for School Improvement" of \$30,000,000.

Decrease: In Local funds, the budget includes a decrease of \$4,500,000, mostly in the Non-Instructional Support Services division, to offset the increases in the Instructional Programs division. The decreases include the following: \$1,500,000 in projected salary lapse savings from multiple divisions; \$1,350,000 in fixed costs associated with electricity, gas, and telecommunications; \$800,000 in funding for technology contracts in the Instructional Programs division; \$700,000 in funding for the food services contract; and \$150,000 in funding for the security contract.

Shift: The budget reflects a shift of \$18,360,000 in Subsidies and Transfers from Federal Grant funds to Federal Payments to properly allocate the "Federal Payment for School Improvement" in the President's FY 2014 Budget Request. With the repeal of the DC School Choice Incentive Act of 2003, in accordance with Title IV of division C of the Consolidation Appropriations Act, 2010 (P.L. 111-117), funding appropriated under the "Federal Payment for School Improvement" may be used to provide opportunity scholarships. In accordance with the Scholarships for Opportunity and Results Act of 2011 (SOAR Act) (P.L. 112-10), and as a condition to receive the appropriated funds, the District entered into a revised Memorandum of Understanding with the Secretary of the Department of Education to monitor and evaluate the use of funds authorized and appropriated for the DC Public Schools. In order to align with the President's FY 2014 Budget Request, the District must record the appropriated amount as a federal payment. Per the agreements, the funds will be wired to the Department of Education and returned to the District in the form of a federal grant, the DC School Choice Grant.

Agency Performance Plan

The agency's performance plan has the following objectives and performance indicators for their divisions for FY 2014:

Office of the Chief Academic Officer

Objective 1: Implement a rigorous, relevant, college preparatory curriculum that gives all students meaningful options for life. (One City Action Plan Actions 2.2.4, 2.2.5, 2.2.6 and Indicator 2D).

Objective 2: Ensure that schools provide support for present, healthy students (One City Action Plan Action 2.2.4).

Objective 3: Retain the most highly effective and highly compensated educators in the country.

Performance Plan Endnotes:

¹The national standard for average daily attendance (ADA) is 95 percent.

²The most immediate annual projections for DC-CAS proficiency rates are lower than stated in the FY 2012 PP. Due to the significant investments being made in alignment with the five-year strategic plan, *A Capital Commitment*, DCPS expects the strategic plan initiatives to result in exponential growth – slower growth in the first few years of the plan and larger growth in later years. These projections still track to achieve the goal of 70 percent proficiency District-wide by FY 2017.

³By 2017

⁴Highly Qualified is defined in the legislation authorizing No Child Left Behind as a teacher holding a bachelor's degree and holding a state certification and demonstrating subject matter knowledge.

⁵There is no target for FY 2012 because this survey is administered every other year.

⁶Partnership for Assessment of Readiness for College and Careers (PARCC) is the new assessment tool which will replace DC CAS.

Operating Budget	\$3,000,000	\$6,407,000	\$31,636,000	393.8

The Teachers' Retirement System provides the District's required contribution to this retirement plan, which is administered by the District of Columbia Retirement Board (DCRB).

Under provisions of the Police Officers, Firefighters, and Teachers Retirement Benefit Replacement Plan Act of 1998 ("the Act"), the federal government assumed the District's unfunded pension liability for the retirement plans for teachers, police officers, firefighters and judges. Pursuant to the Act, the federal government will pay the retirement and death benefits, and a defined share of disability benefits, for employees for service accrued prior to July 1, 1997. The costs for benefits earned after June 30, 1997 are the responsibility of the Government of the District of Columbia. This budget reflects the required annual District contribution to fund these earned benefits. Pursuant to District Code section 1-907.02(a), (2006 Repl.), the District is required to budget the pension contribution at an amount equal to, or greater than, the amount certified by the DCRB on the basis of a prescribed actuarial study and formula calculation that is set forth in section 1-907.03. On January 9, 2013, DCRB transmitted the certified contribution for inclusion in the District's FY 2014 proposed budget as reflected in this chapter.

The agency's FY 2014 proposed budget is presented in the following tables:

Program Description

The Teachers' Retirement System operates through the following program:

Teachers' Retirement System – D.C. Code section 1-907.02(a) requires the District to appropriate funds that are equal to, or greater than, the actuarially determined amount as the District's annual contribution to the retirement plan.

Program Structure Change

The Teachers' Retirement System has no program structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

The Teachers' Retirement System's (TRS) proposed FY 2014 gross budget is \$31,636,000, which represents a 393.8 percent increase over the FY 2013 approved gross budget of \$6,407,000. The budget is comprised entirely of Local Funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 4 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

TRS' 2014 CSFL budget is \$6,407,000, which represents no change from its FY 2013 approved Local budget.

Agency Budget Submission

Increase: The proposed Local fund budget for the Teachers' Retirement System reflects an increase of \$25,229,000, based on the District of Columbia Retirement Board's actuarial certification of January 9, 2013.

Mayor's Proposed Budget

The Teachers' Retirement System has no changes from the FY 2014 agency budget submission to the FY 2014 Mayor's proposed budget.

District's Proposed Budget

The Teachers' Retirement System has no changes from the FY 2014 Mayor's proposed budget to the FY 2014 District's proposed budget.

The mission of the Office of the State Superintendent of Education (OSSE) is to remove barriers and create pathways so all District residents receive an excellent education and are prepared to achieve success in college, careers, and life.

Summary of Services

The Office of the State Superintendent of Education serves as the District of Columbia’s State Education Agency (SEA). In this role, OSSE manages and distributes federal funding to education providers and exercises oversight responsibility over federal education programs and related grants administered in the District to ensure quality and compliance.

OSSE also serves as the standard-bearer in education for the District of Columbia. OSSE develops state-level education policies and standards aligned with school, college, and workforce readiness expectations. OSSE further ensures that the District collects and reports accurate and reliable data. OSSE provides technical support to increase effectiveness among education providers, thereby improving outcomes for all students.

OSSE also administers for the District, *Special Education Transportation* (Agency Code GO0); *Non-public Tuition* (Agency Code GN0); and *District of Columbia Public Charter Schools* payments (Agency Code GC0).

The agency’s FY 2014 proposed budget is presented in the following tables:

Division Description

The Office of the State Superintendent of Education operates through the following 9 divisions:

Office of the Director – provides executive leadership to the mission of the Office of the State Superintendent of Education.

This division contains the following 3 activities:

- **Office of the State Superintendent** – establishes programmatic, public relations priorities and strategies for the agency, and oversees the performance metrics of all programs within OSSE, including: State Superintendent’s Support, Intergovernmental Affairs, Communications, and Grants Compliance & Management;
- **Office of the Chief of Staff** – establishes policy, programmatic, and public relations priorities and strategies for the agency, and oversees the performance metrics of all programs within OSSE; and
- **Office of the Enterprise Data Management** – works to integrate and effectively retrieve data for both internal applications and external communication. The overall key objective of this program area will be to focus on the creation of accurate, consistent and transparent data content for our stakeholders.

General Education Tuition – provides general education tuition payments for children who are wards of the District of Columbia that are enrolled in non-DC Public Schools based on the location of their foster home.

Office of the Chief Operating Officer – provides comprehensive oversight related to the operations, structure, and day-to-day functions of the agency including procurement, facilities management, general operations and correspondence, fleet management, organizational, and workforce development.

This division contains the following 4 activities:

- **Office of the Chief Operating Officer** – oversees general agency operations, including Purchase/Travel Cards, Local, Small, and Disadvantaged Business Enterprises (LSDBE) reporting, risk management, fleet management, and customer service;
- **Student Hearing Office** – oversees docketing and scheduling of all special education due process hearings;
- **Human Resources** – provides employee and employment support to OSSE, including labor relations, response to the Office of the Inspector General and D.C. Department of Human Resources, as well as complaints, executive recruitment, and internal investigations. In addition, this division is responsible for all employee relations, including timekeeping, payroll, Family and Medical Leave Act requests, reorganizations, and e-Performance measurement; and
- **Procurement** – facilitates and manages the annual acquisition of goods and services through contracts and procurement, maintains all contract and procurement files, and liaisons with the District’s Office of Contracting and Procurement.

Office of the Chief Information Officer (CIO) – coordinates collaborative agency-wide technology strategic and tactical planning to ensure delivery of high quality technologies, voice communications, and infrastructure and networking services. The CIO leads the OSSE community in discussing, understanding, prioritizing, planning, applying, and refreshing information technology to advance the mission and attain strategic goals. The CIO aligns the goals, resources, and activities of the Technology Services team with the mission, strategic goals, and technology needs of the agency. The office serves internal and external customers through the deployment and management of technological applications and systems as well as external customers through the administration of an applications call center.

This division contains the following four activities:

- **Chief Information Officer** – develops and enforces policies and standards for information technology within OSSE. This division identifies where and how technology can systematically support the business processes of the agency and assesses new and emerging technologies to determine their potential application to OSSE's programs and services;
- **Applications** – responsible for ensuring the availability, continuity, and security of the agencies databases and applications. The division maintains development code, test scripts, change management, and tier 2-3 support for the agency's applications;
- **Infrastructure** – responsible for backup and recovery, monitoring and alerting, network management, storage management, and asset and configuration management; and
- **Project Management** – responsible for coordinating the technical and business activities of the OCIO and providing direction and guidance to OCIO staff.

Office of Elementary and Secondary Education – The Elementary and Secondary Education division (ELSEC) sets standards and expectations, provides resources and support, and monitors the implementation and outcomes, with a primary focus on building the capacity of local educational agencies (LEAs) to help schools ensure that students graduate high school with the skills to succeed in college and careers. ELSEC implements programs and reforms under the Elementary and Secondary Education Act and the Race to the Top grant.

This division contains the following nine activities:

- **Elementary and Secondary Assistant Superintendent's Office** – provides oversight and coordination of policies and guidance developed across the division's units and areas of responsibility; and ensures other major program areas are involved in, and are aware of, policies affecting LEAs, teachers, parents, and students;
- **Assessments and Accountability** – provides oversight and management of the state's testing program, development and implementation of student standards and annual determinations of adequate yearly progress (AYP);
- **Teaching and Learning** – provides oversight and management of federal grant programs under ELSEC for grades K through 12 that provide services to students during school hours, programs for English Language Learners, programs for teacher professional development, and school improvement activities and functions;
- **Educator Licensure and Program Accreditation** – issues state educator licenses and credentials to qualified individuals, and approves and accredits educator preparation programs in the District;
- **Grants Management and Program Coordination (Race to the Top)** – On August 24, 2010, the District of Columbia was one of 12 states awarded a Race to the Top grant by the U.S. Department of Education. This program required the District of Columbia to develop a comprehensive reform initiative built around four assurance areas: Common Core Standards and Assessments, Data and Accountability, Great Teachers and Leaders, and Turning Around the Lowest-Performing Schools;
- **Community Learning** – provides oversight and management of federal grant programs under ELSEC for educational services that may occur outside the regular school program, including programs and services for homeless students and neglected and delinquent youth, and home-based instruction of students;
- **Wellness and Nutrition Services** – provides comprehensive oversight of the U.S. Department of Agriculture child nutrition programs, the DC Healthy Schools Act, and health education; and works with child and adult care centers, schools, and community-based organizations to build their capacity to promote positive healthy behaviors and to improve the quality of life for youth and certain adults in the District of Columbia;
- **Athletic Director's Office** – coordinates LEA sports programs and guides and assists in the implementation of the best possible health and physical education instructional programs for District students; and

- **Office of Public Charter School Financing and Support** – manages several federally funded programs for public charter school facility financing, including the Revolving Direct Loan Fund for Public Charter School Improvement, the Revolving Credit Enhancement Fund, the City Build Incentive Grant program, and the Charter School Incubator Facility Initiative. In addition, the OPCSFS manages the District’s federal Charter Schools Program grant from the United States Department of Education, which funds the start-up and implementation of new public charter schools.

Post-Secondary Education and Workforce Readiness – assists District residents in obtaining adult literacy proficiency, acquiring a GED or similar secondary diploma and creates opportunities for residents to attend post-secondary education from certification through a college degree for a successful career path.

This division contains the following six activities:

- **Power Assistant Superintendent’s Office** – oversees and coordinates all state-level policy development and programs associated with post-secondary education and career readiness in the District of Columbia;
- **Higher Education Financial Services and Preparatory Programs** – provides comprehensive information, services, and resources to ensure that District learners are fully prepared to gain access and achieve success in post-secondary education, and manages the following grants: DC College Tuition Assistance Grant (DCTAG), DC Adoption Scholarship Program, Mayoral Valedictorian Program (MVP), Robert C. Byrd Honors Scholarship Program, United States Senate Youth Program (USSYP), Advanced Placement Test Fee Program, the Early College Grant, and the College Access Challenge Grant;
- **Adult and Family Education** – expands access to high-quality education by providing the re-granting of federal and Local dollars through the independent competitive granting process for the provision of adult education services, including Adult Basic Education (ABE), English Literacy Programs (ESL), Workplace Literacy, and Family Literacy services;
- **Career and Technical Education** – uses federal funds available under the Carl D. Perkins Act to foster the rebirth and renewal of career-technical education in the District of Columbia;
- **Graduate Equivalency Diploma (GED) Testing** – serves as the official center under the GED Testing Service and the single source for administering the Official GED Tests and issuing authentic GED credentials in the District of Columbia; and
- **Education Licensure Commission** – establishes standards of quality for post-secondary educational institutions in the District of Columbia and ensures that institutions under its jurisdiction meet and adhere to set laws and regulations. The Commission consists of five Mayoral appointed members according to regulatory authority.

Office of Early Childhood Education – provides leadership and coordination to ensure access to high-quality early childhood development programs for all District of Columbia children from birth to kindergarten to assure that every child is ready for school, develops an effective early childhood education (ECE) system by implementing high standards for programs and professionals, creates supports to meet standards, ensures compliance to rigorous accountability measures, engages community stakeholders, and secures strong financial supports.

This division includes the following five activities:

- **ECE Assistant Superintendent’s Office** – develops early childhood education policy agenda, program standards, communication strategies, and budgetary and accountability systems including data management and regulatory functions;
- **ECE Child Care Subsidy Program** – administers the subsidy provider payments for early child care services provided to eligible children;
- **Early Childhood Support Services** – inspects and licenses child development facilities, receives and investigates complaints and unusual incidents against child development facilities, monitors child care subsidy providers and grantees, provides administrative and management activities to support ECE programs, and administers the Head Start State Collaboration program;

- **Professional Development Assistance** – administers and manages the District-wide ECE professional development system to comply with the Federal Child Care and Development Fund Block Grant requirements; and
- **Pre-K Expansion Program** – administers and manages the Pre-Kindergarten program in accordance with the Pre-Kindergarten Expansion and Enhancement Act of 2008.

Office of Special Education – ensuring the delivery of timely, legally compliant, and high-quality services to children with disabilities from birth through age 22 who reside in the District of Columbia. The division ensures LEA compliance with Part B of the Individuals with Disabilities Education Act (IDEA) and serves as the lead agency for implementation of Part C of the IDEA, the Early Intervention Program for Infants and Toddlers with Disabilities program. As such, this division oversees the development and promulgation of state policy governing special education; monitors LEAs, nonpublic, and early intervention providers to ensure their compliance with law; monitors the allocation and administration of IDEA grant funds to LEAs; provides training and technical assistance to LEAs and providers; and investigates and helps resolve District complaints relating to special education.

This division contains the following eight activities:

- **Special Education Assistant Superintendent's Office** – provides general oversight and supports the mission of OSSE's special education programs;
- **Training and Technical Assistance Unit** – provides training and technical assistance to LEAs and other public agencies serving students with disabilities to ensure staff of those agencies are equipped to meet the needs of students and ensure compliance with all aspects of IDEA;
- **IDEA Part C Early Intervention Program** – implements and provides oversight of a statewide, comprehensive, coordinated, multidisciplinary, and interagency system of early intervention services for infants and toddlers with disabilities and their families;
- **Policy and Systems Initiatives** – develops and revises special education policies and regulations, coordinates with internal District government agencies and community partners to ensure that all District students receive a free and appropriate public education, and develops and administers procedures to ensure that students are educated in the least restrictive environment appropriate to meet their needs;
- **Fiscal Policy and Grants Management** – develops and implements Parts B and C of IDEA's fiscal grant policies and procedures; develops and manages the application process and the allocation of flow-through grant funds to IDEA subrecipients; resolves past federal A-133 audit findings; and develops and manages the Office of Special Education's Local, court-ordered, and Federal Grant funds;
- **Monitoring and Compliance Unit** – implements IDEA requirements in all LEAs through the establishment of a system of monitoring;
- **Blackman Jones** – ensures compliance to the Blackman-Jones Consent Decree and Alternative Dispute Resolution (ADR) agreements related to federal civil class actions No. 97-1692 & 97-2402, Mikeisha Blackman, et al., v. District of Columbia, et al; and manages the expenditure of these funds; and
- **Incarcerated Youth** – ensure compliance with IDEA for incarcerated students attending the DC Jail School and continued compliance with the J.C. vs. Vance case civil class action through an intra-District agreement with the District of Columbia Public Schools.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using division-based budgeting.

Division Structure Change

For FY 2014, the agency added a new division and/or consolidated some divisions and/or activities. The proposed division structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2014 Proposed Budget Changes

The Office of the State Superintendent of Education's (OSSE) proposed FY 2014 gross budget is \$436,685,259, which represents a 4.1 percent increase over its FY 2013 approved gross budget of \$419,645,148. The budget is comprised of \$98,876,703 in Local funds, \$4,266,000 in Dedicated Taxes, \$55,000,000 in Federal Payments, \$230,480,809 in Federal Grant funds, \$108,119 in Private Grant funds, \$5,832,043 in Special Purpose Revenue funds, and \$42,121,585 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OSSE's FY 2014 CSFL budget is \$92,918,845, which represents a \$2,821,426, or 2.9 percent, decrease from the FY 2013 approved Local funds budget of \$95,740,270.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for OSSE included the removal of \$3,310,000 in one-time funding. This amount is comprised of \$2,760,000 to fund Titles I - V of the "Raising Expectations for Education Outcomes Act of 2012" and \$550,000 to expand Adult Workforce training at Cardozo and Phelps High Schools in FY 2013.

The FY 2014 CSFL calculated for OSSE also included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$151,626, or 4.2 percent, to account for the Fringe Benefit Rate adjustment based on trend and comparative analysis; an increase of \$421,889 in nonpersonal services to account for the Consumer Price Index of 2.4 percent; and an increase of \$80,370 in Occupancy, \$16,268 in Security Services, and \$7,510 in Energy, offset by a decrease of \$189,089 in Rentals- Land and Structures, to account for the Fixed Cost inflation factor based on estimates for FY 2014 provided by the Department of General Services. During the development of the CSFL, some adjustments such as this were categorized as "other adjustments".

Agency Budget Submission

Increase: In its capacity as the State Educational Agency (SEA) and the standard-bearer for the District of Columbia's public education, in Local funds OSSE proposes an increase of \$3,925,742 in Subsidies and Transfers to continue to address the needs of District children with disabilities. The agency proposes an increase of \$876,958 to its personal services costs and an increase of 3.8 FTEs to comply with its mandate to conduct an annual enrollment audit of all District public schools; to support grants management and compliance, stakeholder relationships, policy development, and performance management; and to align the budget with projected step increases. To support the above efforts, the agency also proposes an increase of \$110,120 in Equipment and Equipment Rental and Telecommunication.

In Federal Payments, the budget includes an adjustment of \$6,623,426 resulting from the FY 2013 sequestration to align with the President's FY 2014 Budget Request. In Federal Grant funds, OSSE proposes an increase of \$20,000,000 and 6.9 FTEs. Effective November 2012, the Department of Education converted the Federal Payment for the School Improvement program to a federal grant entitled DC School Choice. OSSE proposes an increase of \$1,915,314 in personal services and an increase of 19 FTEs. The agency also proposes \$1,693,117 in Other Services and Charges and \$412,646 in Subsidies and Transfers. The majority of the increase is due to projected available unspent, unobligated funds from the prior year's DC School Choice grant.

In Dedicated Taxes, the agency proposes a \$1,555,000 increase in nonpersonal services, which includes \$1,550,000 in Contractual Services and \$5,000 in Supplies and Materials. OSSE proposes three contracts for the Youth Risk Behavioral Survey, the DC Comprehensive Assessment System (DC CAS) (Health Component), and the Nutrition Services Application and Claims Processing System (NSCAPS).

In Special Purpose Revenue, OSSE proposes a net increase of \$22,000 in nonpersonal services in the Office of the Director for Student Residency Verification.

In Private Grant funds, OSSE proposes an increase of \$105,000 and 0.8 FTE for the PARRC – Support for Governing States grant from the Florida Department of Education to help meet the District’s student academic achievement standards.

Decrease: In Local funds, OSSE proposes a decrease of \$4,060,973 in Contractual Services to account for a number of contracts expiring at the end of fiscal year 2013. The agency also proposes a decrease of \$851,848 in Other Services and Charges, Supplies and Materials, and Energy.

In Dedicated Taxes, OSSE proposes a decrease of \$128,035 and 1.7 FTEs in personal services in the Healthy Schools Fund. The agency also proposes a decrease of \$1,426,965 in Subsidies and Transfers due to the reallocation of the funding for the DC CAS.

In Federal Payments, OSSE proposes a decrease of \$18,953,880 for the conversion of the Federal Payment for School Improvement into a three-year Federal Grant by the U.S. Department of Education. OSSE also proposes a decrease of \$54,246 and 0.4 FTE in the Federal Payment for Resident Tuition Support to align with the President’s Budget for Fiscal Year 2014.

In Federal Grant funds, OSSE proposes a decrease of \$1,841,172 in Contractual Services, \$140,301 in Supplies and Materials and Equipment and Equipment Rental. The majority of the decrease is due to the expiration of various grants.

In Intra-District funds, OSSE proposes a decrease of \$64,960 and 0.5 FTE for the intra-District agreement with the Department of Health. The Department of Health’s Tobacco Youth Coalition Fund grant funding the intra-District expired in fiscal year 2013.

Mayor’s Proposed Budget

Technical Adjustment: In Local funds, \$1,100,000 is proposed to annualize FY 2013 funding for the Statewide Athletic Office within the Elementary and Secondary Education Division. Of the \$1,100,000, \$343,064 and 4.0 FTEs will be allocated to personal services. The remaining \$756,936 will support nonpersonal services, mostly in professional service fees and contracts and Contractual Services – Other for event venues.

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in both Local and non-Local funds. This adjustment includes \$17,085 in Dedicated Taxes, \$49,944 in Federal Payments, \$340,143 in Federal Grant funds, \$3,119 in Private Grant funds, and Intra-District funds may be impacted. For more information about the Local funds portion of the COLA, please see the Workforce Investments chapter contained in Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

Increase: In Local funds, \$6,400,000 is proposed in grants and gratuities within the Special Education division in response to the increase in referrals for Early Intervention/Part C eligibility determination and Part C federal requirements which requires the location, identification and referral of infants and toddlers with diagnosed developmental delays and disabilities. Once identified, the District is federally obligated to evaluate and provide services if the child is eligible. Service demands for this population have substantially increased with recent improvements related to the “childfind” program and an updated public awareness campaign.

Eliminate: In Local funds, the proposed elimination of one vacant position within the Office of the Director will result in a reduction of \$77,623 and 1.0 FTE.

Decrease: Dedicated Taxes were reduced by \$17,085; Federal Payments were reduced by \$49,944; and Federal Grant funds were reduced by \$309,526 to offset the proposed cost-of-living adjustment.

Transfer Out: In Local funds, a proposed total of \$586,804 and 12.0 FTEs will be transferred to the newly established District of Columbia State Board of Education agency pursuant to the “State Board of Education Personnel Authority Amendment Act of 2012”. The amount of personal services transferred from the State Board of Education division will be \$285,696 and 11.0 FTEs, including nine elected officials. The amount of personal services transferred from the Office of the Director will be \$81,796 and 1.0 FTE. The amount of nonpersonal services transferred from the State Board of Education division will be \$219,312.

District’s Proposed Budget

Increase: In Local funds, the budget includes an increase of \$820,000 for the annual enrollment projection calculations and student audit contract in the Office of the Chief Information Officer division. These funds will ensure that OSSE’s identification and projection of the District’s student population is fully funded and executed in a timely manner. The Local funds budget also includes an additional increase of \$25,000 to fund the Healthy Schools and Youth Commission contract.

In Intra-District funds, the budget includes an increase of \$4,153,000 to enter into an agreement with the Department of Employment Services to provide adult job training.

Decrease: In Local funds, the budget includes a decrease of \$902,715 to reflect an adjustment to personal services costs in FY 2014 based on projected salary lapse savings. Local funds also includes a decrease of \$820,000 in the Office of the Director division to offset the increase in the Office of the Chief Information Officer division.

Shift: The budget reflects a shift of \$20,000,000 in Subsidies and Transfers from Federal Grant funds to Federal Payments to properly allocate the “Federal Payment for School Improvement” in the President’s FY 2014 Budget Request. With the repeal of the DC School Choice Incentive Act of 2003, in accordance with Title IV of division C of the Consolidation Appropriations Act, 2010 (P.L. 111-117), funding appropriated under the “Federal Payment for School Improvement” may be used to provide opportunity scholarships. In accordance with the Scholarships for Opportunity and Results Act of 2011 (SOAR Act) (P.L. 112-10), and as a condition to receive the appropriated funds, the District entered into a revised Memorandum of Understanding with the Secretary of the Department of Education to monitor and evaluate the use of funds authorized and appropriated for the DC Public Charter Schools. OSSE is the fiscal agent for the District responsible for DC Public Charter Schools. In order to align with the President’s FY 2014 Budget Request, the District must record the appropriated amount as a federal payment. Per the agreements, the funds will be wired to the Department of Education and returned to the District in the form of a federal grant, the DC School Choice Grant.

Subsequent Events

Note: The Fiscal Year 2014 Budget Request Act of 2013 provides the District with the authority to appropriate up to \$50 million if the Chief Financial Officer (CFO) certifies additional revenues in the June 2013 revenue estimates. On June 24, 2013, the CFO certified \$92.3 million in additional revenue for FY 2014. The Mayor and the Council have agreed to appropriate \$19 million of this additional revenue to the Office of the State Superintendent of Education (OSSE) for the following programs: 1) \$11 million for 200 additional infant and toddler childcare slots and to increase the provider subsidy rate by 10 percent; 2) \$4 million to create a technology fund for District of Columbia Public Schools and District of Columbia Public Charter Schools; and 3) \$4 million for adult literacy and job training programs in response to the upcoming changes to the GED program. The amended proposed gross funds budget for OSSE for FY 2014 is \$455,685,259. This additional funding is not in table 5 nor in the Budget Request Act figure for this agency, but it will be part of the agency’s approved budget pending Congressional approval.

The mission of the District of Columbia Public Charter Schools (DCPCS) is to provide an alternative free education for students who reside in the District of Columbia.

The District of Columbia Public Charter School Board is authorized to grant charters. Each charter school is a private, non-profit corporation. This agency includes the District of Columbia appropriations to the DCPCS system. Payments from this agency to individual charter schools are made quarterly on the basis of enrollment as set forth in the District of Columbia Official Code, Section 38-2906.02.

The agency's FY 2014 proposed budget is presented in the following tables:

Program Description

Public charter schools in the District of Columbia are authorized under the provisions of law set forth in Division VI, Title 38, Subtitle IV, Chapter 17 of the District of Columbia Official Code. Public charter schools are private, non-profit corporations that operate under the terms and conditions set forth in their charters and as approved by the District of Columbia Public Charter School Board, the chartering authority. The public charter schools are autonomous, nonsectarian institutions that cannot charge tuition to District resident students. Additionally, public charter schools cannot impose discriminatory admissions policies or tests on District resident students.

Public charter schools receive the same level of District funding for their enrolled students as students enrolled in the District of Columbia Public Schools, pursuant to the District's Uniform Per Student Funding Formula (refer to District of Columbia Official Code Section 38-29). Public charter schools also receive a facilities allowance to maintain and operate their buildings. In addition to District government funding, public charter schools are eligible to receive Federal and Private Grants funding and may engage in private fund-raising.

The District of Columbia Public Charter Schools operate under these goals:

- Public charter schools will abide by the provisions set forth in their individual charters;
- Individual public charter schools will comply with all reporting requirements set forth by the chartering authority;
- Public charter schools will provide students with exposure to career pathways and focus on particular areas of study to further enhance students' academic experiences;
- Public charter schools will meet all academic performance goals set forth in their individual charter agreements; and
- The chartering authority will monitor and evaluate performance of public charter schools based on the provisions set forth in each school's charter.

Program Structure Change

D.C. Public Charter Schools has no program structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

The District of Columbia Public Charter Schools' (DCPCS) proposed FY 2014 gross budget is \$616,499,168, which represents a 13.7 percent increase over its FY 2013 gross budget of \$542,030,720. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs and it estimates how much it would cost and agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 4 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DCPCS' FY 2014 CSFL budget is \$546,070,790, which represents a \$10,707,270, or 2.0 percent, increase over the FY 2013 approved Local funds budget of \$535,363,520.

Major CSFL Cost Drivers

DCPCS' FY 2014 CSFL funding reflects an increase of \$10,707,270 to account for the Student Funding Formula inflation factor of 2.0 percent, which was applied to the Uniform Per Student Funding Formula (UPSFF).

Agency Budget Submission

Decrease: D.C. Public Charter Schools' budget includes a reduction of \$6,667,200 to reflect the elimination of the Intra-District funded portion of the facilities allowance. Beginning in FY 2014, the facilities allowance will be comprised entirely of Local funds.

Mayor's Proposed Budget

Increase: D.C. Public Charter Schools' FY 2014 budget includes an increase of \$70,428,378 due to the projected increase in student enrollment. The budget proposal anticipates that charter school enrollment will increase by 3,711 students, or 11.0 percent, from the FY 2013 proposed enrollment of 33,699 students to 37,410 in FY 2014. In the FY 2014 UPSFF analysis, the budget includes \$381,736,179 for General Education and \$114,204,570 for the Residential and Non-Residential Facilities allotment, which also reflects the effect of the enrollment increase.

Research and practice demonstrate that supplemental funding is required to provide appropriate educational services to students with special needs, consistent with best practices and federal law. All public schools must strive to serve students with different levels of special needs in neighborhood classrooms. To meet this challenge and provide appropriate resources to all public schools for students with the highest levels of special needs, the proposed FY 2014 budget for Special Education is \$82,102,934. The FY 2014 budget also includes \$20,155,517 for Summer School funding, which includes Special Education Extended School Year; \$11,746,976 for English as a Second Language and \$6,552,993 for Residential funding, which includes Special Education-Residential.

In FY 2014, the District will use \$111,132,000 of Local funds to fund the non-residential facilities allotment, and the Non-Residential Facilities Allotment will remain at \$3,000 per student. Due to increased enrollment, the budget for residential and non-residential reflects an increase of \$11,149,185 over the FY 2013 funding of \$103,055,385 for the same purpose. The Residential Facilities Allotment will remain at \$8,395 per student, which translates to \$3,072,570 of Local funds.

Protected Programs: The District of Columbia's Public Schools receive Local funding through the Uniform Per Student Funding Formula (UPSFF). This system of funding was established by the District of Columbia School Reform Act of 1995 and was designed to ensure that all public schools across the District receive the same level of funding on a per-student basis, regardless of what neighborhood the school is in or where students live. This formula then was estimated to be derived from a market basket of goods and services determined by analysis that uses local, regional, and national education funding research and practices to develop a foundation. The percentage allocation of the market basket dollars has not changed in FY 2014. The UPSFF is intended to cover all local education agency operational costs for District public schools, including school-based instruction, student classroom support, utilities, administration, custodial services, and instructional support such as curriculum and testing. The UPSFF is based on a foundation amount, which is then enhanced according to different weights for higher cost grade levels and supplemental funding weights for students with special needs. The average cost per student, based on the proposed enrollment of 37,410 and a proposed gross budget of \$616,499,168, is \$16,479.

Each public charter Local Education Agency (LEA) receives its UPSFF Local funding directly from the Office of the Chief Financial Officer.

Additional Resources Available to Charters: The FY 2014 budget continues to support several existing financial programs that meet the unique facility needs of the public charter school community. The Office of the Superintendent of Education (OSSE) manages four programs designed to provide financial support for charter schools' facilities costs:

- **Credit Enhancement Fund:** The Credit Enhancement fund provides support for public charter schools in the form of loan guarantees, collateral, lease guarantees, debt service reserves, and other financing assistance;
- **Direct Loan Fund:** The Direct Loan fund provides loans to public charter schools for acquisitions, construction, renovation, tenant improvement, and maintenance of public charter schools facilities;
- **Facility Grants (Inc. City Build):** The City Build program is a joint education and neighborhood development initiative that promotes community revitalization with a particular emphasis on strengthening public education through public charter schools. The aim of City Build stretches beyond excellence in academics. It also focuses on encouraging the creation of partnerships between public charter schools and community organizations. There are also grants for renovation and modernization, public and special facilities, etc. For FY 2014, up to \$13 million may be available through the Facility Grants; and
- **Incubator Facilities:** OSSE entered into a partnership with Building Hope to develop incubator facilities in the District of Columbia. The Incubator Initiative is funded from two sources: (1) the Credit Enhancement Grant awarded by the U.S. Department of Education and (2) federal appropriations.

Program Description

The University of the District of Columbia Subsidy Account operates through the following program:

UDC Subsidy - The University, as a component unit of the District of Columbia government, is a legally separate entity for which the elected officials of the District of Columbia are financially accountable. Accountability exists because the Mayor, with the consent of the Council, appoints members to the University Board of Trustees, and pursuant to District of Columbia Official Code Section 38-1202.06(4), approves the University's budget. In addition, the District provides financial support to the University.

The operating budget of this component unit is shown as an enterprise fund to align the University's budgetary information with its financial reporting as reflected in the District's Comprehensive Annual Financial Report, in which the University's financial data is reported separately from that of the District government. Accordingly, details of the University's operating budget are provided in its chapter in the Enterprise and Other Funds section of the budget. In FY 2005, a subsidy account for this component was created to show the annual transfer of Local funds support from the District government to the University.

Program Structure Change

The University of the District of Columbia Subsidy Account has no program structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

The University of the District of Columbia (UDC) Subsidy's proposed FY 2014 gross budget is \$66,690,620, which represents a 2.7 percent increase over its FY 2013 approved gross budget of \$64,954,620. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 4 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The UDC Subsidy's FY 2014 CSFL budget is \$66,690,620, which represents a \$1,736,000, or 2.7 percent, increase over the FY 2013 approved Local funds budget of \$64,954,620.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for the UDC Subsidy included an adjustment entry that is not described in detail on Table 4. This adjustment was made for an increase of \$1,736,000 in nonpersonal services to account for the operating budget impact of completed capital projects. During the development of the CSFL, some adjustments such as this were categorized as "other adjustments".

Agency Budget Submission

The UDC Subsidy has no changes from the FY 2014 CSFL to the FY 2014 agency budget submission.

Mayor's Proposed Budget

The UDC Subsidy has no changes from the FY 2014 agency budget submission to the FY 2014 Mayor's proposed budget.

District's Proposed Budget

The UDC Subsidy has no changes from the FY 2014 Mayor's proposed budget to the FY 2014 District's proposed budget.

Division Description

The District of Columbia Public Library operates through the following 5 divisions:

Office of the Chief Librarian – provides executive direction to the Chief of Staff, the Director of Public Services, and the directors of Communications and Information Technology. With the Board of Library Trustees, the Chief Librarian develops and then implements the long-range services and facilities.

This division contains the following 2 activities:

- **Inter-governmental Affairs** – performs liaison services on behalf of the Library to community groups, civic associations, Advisory Neighborhood Commissions, and elected officials; and
- **Executive Management Office** – coordinates with the Board of Library Trustees, monitors customer service matters, tracks library transformation – the strategic changes to the operations of the Library to improve the way library services are delivered to District residents - and monitors innovation in library systems outside of the District.

Library Services – selects all materials available in libraries; conducts story hours, summer reading and book clubs; provides information and research to residents; provides training to use library resources and technology; and communicates programs and news to the residents and the elected leadership of the District.

This division contains the following 9 activities:

- **Children and Youth Services** – promotes reading to children from birth to age 19 to build a foundation of reading, a love of the library, and most importantly, a love of reading; encourages school retention and graduation through homework help and other educational supports; and instills in youth a lifelong love of learning;
- **Martin Luther King, Jr. Memorial Library** – serves as the central library; hosts District-wide programs of interest, including volunteer services and the award-winning “Teens of Distinction” program; and provides a broad range of books and library materials, large meeting rooms for Library and public use, and more than 100 public-access computers;
- **Neighborhood Libraries** – offers story-telling and summer reading for children, activities for youth and teens and book clubs, and computer training assistance at 24 neighborhood-oriented libraries ranging in size from 5,000 to 20,000 square feet;
- **Adaptive Services** – supports outreach and library services to the blind and physically disabled, and support including access to and training for specialized technology such as large font computer screens, Braille, audio or recorded books, and programs in American Sign Language;
- **Literacy Resources** – assists adult learners in finding tutors and educational resources, and administers a practice General Equivalency Diploma (GED) test;
- **Teens of Distinction Program** – provides an employment program for high-achieving District teens ages 14 to 20;
- **Volunteers** – coordinates the many volunteers serving the Library by recruiting and training them;
- **Collections** – acquires all of the books and magazines, media, and movies made available in the libraries to District residents; and
- **Library Program Information** – promotes Library programs and services to District residents and keeps the public up-to-date on library construction projects through community outreach, bulletins, and online and electronic communications.

Business Operations – provides effective support services that facilitate customers’ access to materials, information, programs, and services that position the Library system as an employer of distinction. The division is committed to making a positive difference to District residents and has the responsibility to provide clean, safe, and inviting environments to attract residents to the libraries through building and maintaining state-of-the-art facilities with capacities for new and emerging technologies that will bridge the digital divide. The division also strives to position the D.C. Public Library as an employer of distinction through the hiring and training process, fiscal accountability, standards of excellence, and innovative business practices.

This division contains the following 5 activities:

- **Custodial and Maintenance** – supports all library locations (central and neighborhood libraries) by maintaining a clean and inviting environment for District residents;
- **Public Safety** – supports security staff that provides public oversight and accountability, resulting in improved safety in libraries;
- **Asset Management** – is accountable for all District government Library properties, including their use and disposal;
- **21st Century Capital Projects** – is responsible for rebuilding and renovating all libraries in the District; and
- **Public Service Technology** – manages the network connecting the Library’s 25 facilities, maintains the Library’s on-line catalog and website, and creates new library applications for smart phones and other portable devices.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The District of Columbia Public Library has no division structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

The District of Columbia Public Library's (DCPL) proposed FY 2014 gross budget is \$53,480,009, which represents a 22.9 percent increase over its FY 2013 approved gross budget of \$43,532,632. The budget is comprised of \$52,099,941 in Local funds, \$840,068 in Federal Grants funds, and \$540,000 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DCPL's FY 2014 CSFL budget is \$42,100,561, which represents a \$73,711, or 0.2 percent, increase over its FY 2013 approved Local funds budget of \$42,026,849.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for DCPL included the removal of a total of \$2,500,000 in one-time funding. This amount is comprised of \$2,200,000 that was used for books and materials and \$300,000 that was used for training costs in FY 2013.

The FY 2014 CSFL calculated for DCPL also included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$259,123 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth; \$178,364 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent; \$2,135,604 to account for the operating budget impact of completed capital projects; and \$620 to account for an increase in Other Services and Charges. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Increase: In Local funds, there is an increase of 8.0 FTEs due to the operating budget impact of completed capital projects for the operation of two new buildings that will be opened in FY 2014. These FTEs are supported by the funds added in the CSFL. In addition, DCPL increased its Other Services and Charges by \$6,600 to more accurately align the budget with projected costs. In Special Purpose Revenue funds, nonpersonal services reflect an increase of \$20,000 as a result of the available fund balance at the end of FY 2012.

Decrease: In Local funds, DCPL reduced its Supplies and Materials and Equipment and Equipment Rental by \$6,600 to offset the increase of Other Services and Charges. The Federal Grants budget was reduced by \$81,555 due to an adjustment of the Library Services and Technology Act grant in FY 2013. Intra-District funds were reduced by \$64,160 due to the end of two Stimulus Memoranda of Understanding (MOUs) in FY 2013 with the Office of the Chief Technology Officer (OCTO).

Mayor's Proposed Budget

Enhance: The Local funds budget includes an enhancement of \$2,000,000 to provide services for District residents and users of District Public Libraries so that they can purchase books and other materials to meet the growing needs and demands of the community.

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in both Local and non-Local funds. This adjustment includes \$16,614 in Federal Grant funds. For more information about the Local funds portion of the COLA, please see the Workforce Investments chapter contained in Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

Increase: The Local funds budget has been adjusted to reflect an increase of \$8,000,000 and 124.0 FTEs to support the extended hours of operation at all 26 libraries.

Decrease: Federal Grant funds were reduced by \$16,614 to offset the proposed cost-of-living adjustment.

District's Proposed Budget

Increase: DCPL's FY 2014 Local budget was increased by \$300,000 in the Business Operations program, to support a partnership with a non-profit organization to conduct computer literacy training classes at neighborhood libraries. The budget also includes an increase of \$100,000 in the Agency Management to support enhanced training opportunities for DCPL employees.

Decrease: DCPL's Local budget includes a personal services reduction of \$190,000 in the Library Services program. In nonpersonal services, the budget was reduced by \$125,000 in Other Services and Charges for facility maintenance costs, \$75,000 in Other Services and Charges for projected Fixed Costs, and \$10,000 in Supplies and Materials. These savings are the result of the opening of the Woodridge Library that has been rescheduled for January 2015.

Transfer Out: In Local funds, \$620 will be transferred to the Office of the Chief Financial Officer from the Agency Management program to support merchant service fees.

D.C. Public Charter School Board's (DCPCSB) mission is to provide quality public school options for D.C. students, families, and communities.

Summary of Services

The D.C. Public Charter School Board has four key functions: 1) ensuring that only the highest quality applicants are approved to open charter schools through a comprehensive application review process, 2) using effective oversight in holding schools to high standards for results and making oversight decisions in the interests of students, 3) providing meaningful support including clear feedback, rewards and consequences, and 4) actively engaging our stakeholders - being transparent and accountable, providing information, and soliciting feedback about community impacts and preferences.

Program Description

The District of Columbia Public Charter School Board does not use the District's financial system. For budget presentation, its budget is shown as operating through the District's standard administrative program:

D.C. Public Charter School Board – is responsible for the organizational development, administration, and workforce management for the agency in addition to the periodic review of PCSB's academic, financial, and governance platforms. The agency's operations are funded by an annual Local funds appropriation, as well as Special Purpose Revenue funds derived from an administrative fee of one-half of one percent of each charter school's annual budget [refer to the District of Columbia Public Charter Schools budget chapter] that is authorized under Section 38-1802.11 (b) (2) of the District of Columbia Official Code. This program serves as the PCSB's Agency Management.

Program Structure Change

The District of Columbia Public Charter School Board has no program structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

The District of Columbia Public Charter School Board's (DCPCSB) proposed FY 2014 gross budget is \$4,208,816, which represents a 20.4 percent increase over its FY 2013 approved gross budget of \$3,494,619. The budget is comprised of \$1,161,000 in Local funds and \$3,047,816 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The DCPCSB's FY 2014 CSFL budget is \$1,076,000, which represents no change from the FY 2013 approved Local budget.

Agency Budget Submission

Increase: The Special Purpose Revenue fund budget reflects a net increase of \$486,470 due to mandated administrative fees and projected increases in charter school funding, which is based on anticipated growth in audited student enrollment.

Mayor's Proposed Budget

Enhance: DCPCSB's FY 2014 Local funds budget includes an increase of \$10,000 for the Common Application initiative, to create one student enrollment application for all D.C. Public Charter Schools.

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in non-Local funds. This adjustment includes \$4,260 in Special Purpose Revenue funds.

Increase: The Special Purpose Revenue budget was adjusted by \$138,466 to align the budget with additional revenue projections for the mandated administrative fees.

District's Proposed Budget

Enhance: DCPCSB's FY 2014 Local funds budget includes an increase of \$75,000 in Subsidies and Transfers to support the efforts of a dedicated liaison to coordinate and provide strategic planning between the public charter schools and various District agencies.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2014:

Objective 1: Promote increased school academic quality through oversight reviews and our Performance Management Framework (PMF).

Objective 2: Ensure charter schools fulfill their role as public schools serving all students.

Objective 3: Improve fiscal oversight.

Objective 4: Increase community engagement and parent education.

The mission of the Non-Public Tuition agency is to provide funding, oversight and leadership for required special education and related services for children with disabilities who attend special education schools and programs under the federal Individuals with Disabilities Education Act (IDEA).

Non-Public Tuition funds a variety of required specialized services, including instruction, related services, educational evaluations, and other supports and services provided by day and residential public and nonpublic special education schools and programs. The agency also funds students with disabilities who are District residents placed by the Child and Family Services Agency (CFSA) into foster homes and attending public schools in those jurisdictions. The budget also provides for supplemental payments to St. Coletta's Public Charter School to cover the costs of students who require specialized services beyond what can be supported through the Uniform per Student Funding Formula (UPSFF). Administration of the program is supported by providing staff resources to administer the Non-Public Tuition funds.

Program Description

Non-Public Tuition operates through the Non-Public Tuition program.

This program contains the following 2 activities:

- **Non-Public Tuition** – provides compliance with court-established vendor payment mandates covering all non-public special education schools and related service providers; and
- **Non-Public Administration** – provides staff resources to administer the Non-Public Tuition fund.

Program Structure Change

The Non-Public Tuition agency has no program structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

Non-Public Tuition's (NPT) proposed FY 2014 gross budget is \$79,868,033, which represents a 27.4 percent decrease from its FY 2013 approved gross budget of \$109,940,506. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

NPT's FY 2014 CSFL budget is \$109,957,160, which represents a \$16,654, or less than a 0.1 percent, increase over the FY 2013 approved Local funds budget of \$109,940,506.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for NPT included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$11,254 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth, and \$5,400 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Increase: Personal services were increased by \$18,240 to support proposed step increases.

Decrease: Nonpersonal services reflect a reduction of \$18,240, primarily in Subsidies and Transfers, to absorb the proposed step increases.

Mayor's Proposed Budget

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in Local funds, which will be applied centrally from the Workforce Investments account. For more information about the COLA, please see the Workforce Investments chapter contained in Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

Decrease: The proposed budget includes a reduction of \$29,957,160 in Local funds, due to decreased student enrollment in non-public placements.

District's Proposed Budget

NPT's FY 2014 proposed budget includes a reduction of \$131,967 and 1.0 FTE. An amount of \$131,967 was transferred to the State Board of Education for the Office of the Ombudsman for Public Education.

The mission of Special Education Transportation, also known as the Department of Student Transportation, is to support learning opportunities by providing safe, on-time, and efficient transportation services to eligible District of Columbia students.

The Department of Student Transportation (DOT) is primarily responsible for processing student transportation requests from Local Education Agencies ("LEAs"); maintaining the means to transport eligible students safely and on time; and improving service levels by collaborating with stakeholder groups that include parents, school staff, and special education advocates. DOT transports eligible students with disabilities who are enrolled in D.C. Public Schools, D.C. Public Charter Schools, and non-public schools.

The Special Education Transportation agency is divided into 3 major divisions:

- **The Director's Office** - which provides leadership, strategic guidance, and routing and scheduling services, and which serves as a resource center for parents;
- **Bus and Terminal Operations** - which provides bus drivers and bus attendants and ensures smooth daily operations as it relates to buses leaving and returning to terminals; and
- **Fleet Maintenance** - which manages all bus repair and preventative maintenance activities.

Each major component listed is responsible for specific day-to-day activities.

The agency's FY 2014 proposed budget is presented in the following tables:

Program Description

Special Education Transportation operates through the following 7 programs:

Office of Director – provides the following activities: Communication, Outreach and Administration; Risk Management; and Program Management and Resource Allocation; and coordinates with the Office of the State Superintendent of Education (OSSE).

This program contains the following 3 activities:

- **Communication, Outreach and Administration** – coordinates and executes strategic communications to more than 1,500 OSSE-DOT staff, more than 250 schools, and more than 3,200 families who use student transportation;
- **Program Management and Resource Allocation** – formulates and manages the annual budget, and tracks actual and obligated expenditures. This program also receives and processes invoices for payments, handles requests for supplies, conducts bi-weekly payroll certification and analyses, and oversees OSSE-DOT procurement activity; and
- **Risk Management** – provides ongoing bus and equipment safety inspections and continuous driver accident preventability training.

Performance Management – provides the following activities: Systems Implementation, Application Support and Administration; Training Coordination and Logistics; Data Analysis; Business Process Re-Engineering; and Administrative Support.

This program contains the following 5 activities:

- **Administrative Support** – provides support to all divisions within OSSE-DOT;
- **Business Process Re-engineering** – monitors the performance of OSSE-DOT and tracks all changes and improvements within the Division based on the agency's performance plan and KPIs;
- **Data Analysis** – conducts continual data analysis to ensure on-time arrivals at school and efficiency across the Division;
- **Systems Implementation, Application Support and Administration** – installs GPS units on each bus and tracks routes and student pick-ups/drop-offs, maintains OSSE-DOT technology and databases, and conducts research and writes reports on matters relating to the transportation services; and
- **Training Coordination and Logistic** – provides ongoing defensive driving and first aid training to Bus Drivers and Attendants.

Parent Call Center – acts as the primary link between DOT, parents/guardians, school personnel, social workers, and advocates, and responds to calls from parents, school staff and other stakeholders regarding student transportation.

Routing and Scheduling – creates and optimizes routes and schedules for the transport of students between home and school according to mandated ride time guidelines, to ensure that more than 3,200 students are accounted for on a bus route, and that the route complies with best practices.

Investigations – initiates investigations into complaints, incidents and accidents that involve a bus during daily operations by interviewing or reviewing written statements from all parties involved in the incident and documenting the information gathered into final Investigative Reports.

Terminal Operations – provides the following activities: Terminal Operations Control; 5th Street (terminal) - Drive and Attend students; New York Avenue (terminal) - Drive and Attend Students; Southwest (terminal) - Drive and Attend Students; and Adams Place (terminal) - and Drive and Attend students.

This program contains the following 5 activities:

- **5th Street – Drive and Attend Students** – one of four bus terminals where bus routes originate;
- **Adams Place – Drive and Attend Students** – one of four bus terminals where bus routes originate;
- **New York Avenue – Drive and Attend Students** – one of four bus terminals where bus routes originate;
- **Southwest – Drive and Attend Students** – one of four bus terminals where bus routes originate; and
- **Terminal Operations Control** – responsible for the consistent and safe operations of all bus terminals to ensure timely departures for all school bus routes.

Fleet Management – provides the following activities: Contracted Maintenance, Repairs and Others; DOT Maintenance and Repairs; and Inspections and Fleet Management.

This program contains the following 3 activities:

- **Contracted Maintenance, Repairs and Others** – manages contracts for 5 repair vendors who provide repair services for more than 700 vehicles;
- **DOT Maintenance and Repairs** – coordinates maintenance activities for more than 700 vehicles to ensure compliance with regulations and safe transport for more than 3,200 students; and
- **Inspections and Fleet Management** – coordinates activities to ensure more than 700 school buses pass twice yearly Department of Motor Vehicles inspections.

Program Structure Change

Special Education Transportation has no program structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

Special Education Transportation's (SET) FY 2014 gross budget is \$88,007,702, which represents a 4.0 percent decrease from its FY 2013 approved budget of \$91,690,275. The budget is comprised of \$86,687,702 in Local funds and \$1,320,000 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

SET's FY 2014 CSFL budget is \$91,318,096, which represents a \$127,821, or 0.1 percent, increase over the FY 2013 approved Local funds budget of \$91,190,275.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for SET included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$576,506 in personal services, to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth; \$208,132 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent; and a decrease of \$656,817 in nonpersonal services to account for the Fixed Cost inflation factor based on the projections provided by the Department of General Services (DGS). During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Increase: The proposed FY 2014 Local budget includes adjustments of \$2,064,748 to adjust the Fringe Benefit rate; \$792,705 to support the costs associated with transport routes with low student volumes; \$780,000 increase in Rentals - Land and Structures for a new bus lease for the Office of the State Superintendent of Education (OSSE); and \$566,159 for staff realignment. In Intra-District funds, the budget was increased by \$820,000 to reflect the projections in Medicaid reimbursements.

Decrease: SET's Local budget reflects reductions of \$2,294,178 in nonpersonal services to reflect reduced maintenance costs due to a higher number of old buses being replaced and other cost-saving initiatives, and \$1,909,434 to realign positions and reduce the personal services budget.

Mayor's Proposed Budget

Decrease: SET's proposed Local budget includes a reduction of \$3,122,267 in summer positions and \$1,508,127 in vacant positions associated with 64.0 and 36.7 FTEs, respectively, in personal services in the Terminal Operations program. The cut is due to the summer hours and vacant positions reduction for all bus drivers and attendants. As a result, each driver and attendant will work only for 4 hours a day. In addition, non-essential positions were reduced.

District's Proposed Budget

Special Education Transportation has no changes from the FY 2014 Mayor's proposed budget to the FY 2014 District's proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2014:

Objective 1: Support learning opportunities by providing the least restrictive, safe transportation options to eligible students.

Objective 2: Maintain a safe and reliable fleet of student transportation vehicles.

Objective 3: Provide excellent customer service to stakeholders, especially schools and parents.

Objective 4: Establish the underlying foundation and technical infrastructure required in order to ensure sustained operational efficiency and optimal performance within the Division.

FY 2014 Proposed Budget Changes

The D.C. State Board of Education's (SBOE) proposed FY 2014 gross budget is \$866,475, which is comprised entirely of Local funds.

Mayor's Proposed Budget

Transfer In: Local funding from the Office of the State Superintendent of Education (OSSE) was transferred in the amount of \$586,804, which included \$367,492 and 12.0 FTEs in personal services and \$219,312 in nonpersonal services. Nine of the 12.0 FTEs are elected officials to whom a \$15,000 stipend will be paid annually. Primarily, the nonpersonal services are budgeted in Other Services and Charges in the amount of \$206,214 for the transcription of Board meetings as required. The remaining funds were budgeted in office supplies, subsidies for interns, and the purchase of equipment.

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in Local funds, which will be applied centrally from the Workforce Investments account. For more information about the COLA, please see the Workforce Investments chapter contained in Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

District's Proposed Budget

Enhance: In Local funds, an increase of \$279,671 and 3.0 FTEs will establish the Office of the Ombudsman for Public Education for SBOE. The Office of the Ombudsman for Public Education was officially transferred to SBOE in the "State Board of Education Personnel Authority Amendment Act of 2012". Its purpose is to serve as an independent advocate for education issues affecting District students and their parents.

Program Description

The Office of the Deputy Mayor for Education operates through the following program:

Department of Education – carries out the functions of the Deputy Mayor for Education. This encompasses all of the staffing necessary to carry out core functions, including development, analysis, and oversight of education strategy initiatives; coordinating inter-agency initiatives and strategies, including the Inter-agency Collaboration and Service Integration Commission, that support schools and youth development; and monitoring District agency performance indicators and progress toward meeting performance goals for education and youth development.

Program Structure Change

The Office of the Deputy Mayor for Education has no program structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

The Office of the Deputy Mayor for Education's (DME) proposed FY 2014 gross budget is \$1,826,134, which represents a 20.7 percent decrease from its FY 2013 approved gross budget of \$2,302,857. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DME's FY 2014 CSFL budget is \$1,826,134, which represents a \$476,723, or 20.7 percent, decrease from its FY 2013 approved Local funds budget of \$2,302,857.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for DME included the removal of \$500,000 in one-time funding, in accordance with a provision in the "Charter School Relocation Assistance Act of 2012", to assist in the relocation of a public charter high school co-located with a public high school in FY 2013.

The FY 2014 CSFL calculated for DME included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$13,286 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth, and \$9,992 in nonpersonal services based on the Consumer

Price Index factor of 2.4 percent. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Increase: DME increased its Contractual Services by \$155,200, personal services by \$137,842, Telecommunication by \$20,079, and Equipment and Equipment Rental by \$7,000, to align the budget with programmatic needs.

Decrease: DME decreased Other Services and Charges by \$177,758 and Fringe Benefits by \$142,363, as offsets to the increases in personal and nonpersonal services.

Mayor's Proposed Budget

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in Local funds, which will be applied centrally from the Workforce Investments account. For more information about the COLA, please see the Workforce Investments chapter contained in Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2014:

Objective 1: Special Education. Reduce nonpublic enrollment and associated budget (One City Action Plan 2.2.3).

Objective 2: Early Childhood. DME will improve kindergarten readiness within the District by emphasizing service quality, coordination, and collaboration. (One City Action Plan Action 2.1.2 and Indicator 2A).

Objective 3: School Quality. Empower families to access high quality school options. (One City Action Plan 2.2.2).

Objective 4: Disconnected Youth. Reconnect disconnected youth (ages 16-24) and expand the number of alternative options available to over-age, under credited in-school youth. (One City Action Plan Indicator 2F).

Objective 5: Facilities Planning. Manage development of a master facilities plan, which will guide school facilities modernization and improvements. (One City Action Plan 2.2.2).

Objective 6: Cradle-to-Career Partnership. Manage the continued development of the RAISE DC partnership to drive alignment of citywide efforts towards improving outcomes for young people at each stage of the cradle-to-career continuum.

Division Description

The Department of Human Services operates through the following 4 divisions:

Economic Security Administration (ESA)– determines eligibility and the amount of assistance for those receiving Temporary Assistance for Needy Families (TANF), Medical Assistance, Food Stamps, and the childcare subsidy; and helps low-income adults achieve self-sufficiency through employment and work-related activities. ESA also administers the Burial Assistance program, Interim Disability Assistance, and General Children’s Assistance.

This division contains the following 10 activities:

- **Burial Assistance** – provides assistance to low-income families who need help with funeral expenses;
- **General Assistance for Children** – provides financial assistance to eligible individuals caring for unrelated children under the age of 18;
- **Interim Disability Assistance (IDA)** – provides temporary financial assistance to those who are unable to work due to a disability and who have a high probability of receiving federal Supplemental Security Income (SSI). IDA payments are issued until SSI eligibility is approved or denied, after which the IDA payment ends;
- **Temporary Assistance for Needy Families (TANF)** – provides social services and supports to achieve family preservation and economic self-sufficiency;
- **Cash Assistance (TANF)** – provides financial assistance to eligible individuals with children under the age of 19, so that they can meet their basic needs and transition to economic self-sufficiency;
- **Job Opportunity and Training (TANF)** – provides employment readiness, job placement, skill development training, and educational enrichment to eligible individuals so that they can be socially and economically self-reliant;
- **Case Management** – provides diagnostic, evaluation and plan development services to consumers in order to determine the needs and plan the treatment and other related services and supports needed. Coordinates treatment and services to remediate barriers to employment and assists with securing other financial supports, such as Program on Work Employment and Responsibility (POWER) and Supplemental Social Security Income (SSI). This activity includes the Office of Work Opportunity and the Food Stamp Employment and Training Programs;
- **Eligibility Determination Services** – provides program eligibility determination services to low-income individuals of the District of Columbia for services for which they qualify;
- **Monitoring and Quality Assurance** – provides internal monitoring of ESA’s compliance with federal and District laws and court orders. Identifies, investigates, and reports customer fraud in obtaining assistance. Addresses the accurate and timely determination of eligibility and administration of benefits; and
- **Early Education Subsidy Transfer** – provides funding to the Office of the State Superintendent of Education (OSSE) for subsidized child care for the children of TANF-eligible families.

Family Services Administration (FSA) – helps homeless individuals and families, low-income people, adults at-risk for abuse or neglect, teenage parents, troubled families, and refugees to become gradually stable and fully self-sufficient through an array of social services, assessments, and case-management and crisis-intervention services.

This division contains the following 11 activities:

- **Adult Protective Services (APS)** – investigates alleged abuse, neglect, self neglect, and exploitation of frail elderly and disabled adults, and intervenes to protect vulnerable adults who are at risk;
- **Domestic Violence Services** – provides protection, emergency shelter, and crisis intervention services to victims of domestic violence so that they can seek immediate relief from harm;
- **Permanent Support Housing Individuals** – provides permanent housing and supportive services to chronically homeless individuals;

- **Permanent Support Housing Families** – provides permanent housing and supportive services to families with histories of homelessness and significant barriers to achieving self-sufficiency;
- **Homeless Services Continuum Individuals** – provides outreach, transportation, shelter, housing stabilization, and crisis intervention services to individuals in the District of Columbia who are homeless or at risk of homelessness;
- **Homeless Services Continuum Families** – provides outreach, transportation, shelter, housing stabilization, and crisis intervention services to families in the District of Columbia who are homeless or at risk of homelessness;
- **Homeless Services Continuum General** – provides security, food, management, fixed costs (for shelter and housing facilities), supplies, equipment and administrative support for the activities listed under the Homeless Continuum and Permanent Supportive Housing;
- **Refugee Resettlement Program** – provides social services, cash, and medical assistance to eligible refugees and their families through sub-grant arrangements with community-based, non-profit agencies;
- **Strong Families Program** – provides comprehensive service delivery through case management and support services to families who are experiencing significant social, emotional, or other crises in order to deescalate and help stabilize the family and resolve the presenting issues:
 - Parent and Adolescent Support Services Program – provides services to divert youth who have committed status offenses from court involvement and detention by conducting comprehensive youth assessments and providing intensive case management and linkages to supportive services;
 - Teen Parent Assessment Program – provides services to teen parents in the District of Columbia with a goal of moving program participants towards self-sufficiency;
- **Community Services Block Grant** – provides assistance to low-income residents through a network of community action agencies and other neighborhood-based organizations in order to reduce poverty, revitalize low-income communities, and empower low-income families and individuals to become self-reliant; and
- **Subsidy Transfer** – provides child care benefits for low-income families.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance based budgeting.

Note: For more detailed information regarding the proposed funding for the activities within this agency's divisions, please see Schedule 30-PBB Division Summary by Activity in the FY 2014 Operating Appendices located on the Office of the Chief Financial Officer's website.

FY 2014 Proposed Budget Changes

The Department of Human Services' FY 2014 gross budget is \$391,668,791, which represents a 13.0 percent increase over its FY 2013 approved budget of \$346,572,140. The budget is comprised of \$213,683,746 in Local funds, \$149,698,332 in Federal Grant funds, \$15,739,135 in Federal Medicaid Payments, \$1,200,000 in Special Purpose Revenue funds, and \$11,347,579 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DHS's FY 2014 CSFL budget is \$170,775,361, which represents a \$4,715,667, or 2.8 percent, increase over the FY 2013 approved Local funds budget of \$166,059,694.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for DHS included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$198,348 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth; \$73,233 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent; \$503,829 in nonpersonal services to account for the Medicaid growth factor rate of 5.1 percent based on the cost of health care services in the District provided by the Department of Health Care Finance (DHCF); and \$3,940,258 in nonpersonal services to account for the Fixed Cost inflation factor based on the projections provided by the Department of General Services (DGS). During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Increase: The budget proposal for Subsidies and Transfers in Local funds reflects an increase of \$2,519,380 due to the Temporary Assistance for Needy Families' (TANF) employment program. In FY 2014, DHS projects the need for additional funding to execute contracts across multiple programs. Consequently, the FY 2014 Local budget proposal has been adjusted for a net increase of \$854,877 in the Homeless Services Continuum and Eligibility Determination Services programs, primarily in Contractual Services.

The proposed FY 2014 Federal Grant funds budget includes adjustments of \$4,229,655 in personal services to support step increases, 34.0 additional FTEs for the TANF grant, and 7.2 FTEs for the D.C. Veterans Affairs grant. Additionally, the Federal Grants budget includes an increase of \$1,322,409 to align the budget with projected Fringe Benefits and Overtime costs.

DHS proposes adjustments in Federal Medicaid Payments to ensure adequate funding for the maintenance of current service levels in numerous programs. These adjustments include an increase of \$492,809 in personal services for step increases and the shifting of positions between Regular Pay - Continuing Full Time and Regular Pay - Other; \$400,495 to adjust nonpersonal services for Other Services and Charges, which includes postage, printing, office support, and maintenance costs; \$236,445 to align the budget with Fringe Benefit costs for the Economic Security Administration and Agency Management; and \$191,015 in nonpersonal services for Rentals - Land and Structures, Telecommunications, and Security Services to align the budget with the Office of Chief Technology Officer's (OCTO) Fixed Cost estimates. In Special Purpose Revenue funds, DHS proposes an increase of \$125,000 in nonpersonal services, primarily in Subsidies and Transfers.

Adjustments in the budget proposal for Intra-District funds provide additional funding of \$540,941 to cover personal services for step increases, Fringe Benefit costs, and 9.0 additional FTEs; and \$30,000 to adjust

nonpersonal services for Supplies and Materials, Other Services and Charges, and Equipment and Equipment Rental.

Decrease: DHS' Local funds budget reflects reductions of \$3,241,832 in nonpersonal services to align the Fixed Costs budget with DGS' estimates, primarily in Occupancy, Energy, and Rentals - Land and Structures; \$101,097 in personal services due to the shifting of positions between Regular Pay - Continuing Full Time and Regular Pay - Other; and \$31,328 to align the budget with projected Fringe Benefit costs.

The Federal Grants fund includes a reduction of \$11,100,437 primarily in Subsidies and Transfers to reflect projected reductions in carryover funding and to align the budget with anticipated grant funding. The budget proposal also includes a reduction of \$509,197 in nonpersonal services to adjust Supplies, Other Services and Charges, Contractual Services - Other, and Equipment and Equipment Rental. These reductions are attributed to the anticipated impact of the impending federal sequestration.

Adjustments in the budget proposal for Intra-District funds include a reduction of \$6,735 in personal services to reflect the cumulative effect of positions budgeted at lower salaries.

Mayor's Proposed Budget

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in Local and non-Local funds. This adjustment includes \$1,176,967 in Federal Grant funds and \$517,320 in Federal Medicaid Payments, and Intra-District funds may also be affected. For more information about the Local funds portion of the COLA, please see the Workforce Investments chapter contained in Volume 3.

Increase: The proposed Local funds budget includes a total increase of \$30,384,890 in nonpersonal services for Subsidies and Transfers, which includes \$12,735,000 to replace lost federal funds for TANF Job readiness and Job Placement Assistance, and TANF reform and centralized case management services; \$5,849,891 to delay the TANF step down for 60-plus month participants from October 1, 2013 to October 1, 2014; \$4,000,000 to replace lost federal funds targeted for Hypothermia season housing; \$3,000,000 to replace lost federal funds for year-long housing; \$1,800,000 to replace lost federal funds to provide job training for TANF recipients at the University of District of Columbia (UDC); \$1,000,000 in additional funding for Emergency Rental Assistance Program; \$1,000,000 in additional funding for the Rapid Re-housing Program; and \$1,000,000 for Targeted Initiative for Homeless Youth Services Initiatives.

The proposed Local funds budget also includes an increase of \$5,532,683 in personal services. The increase in the personal services budget is to fund 34.0 new FTEs and 39.0 existing FTEs transferred from Federal Grants fund, including Fringe Benefits.

The Federal Grant fund includes an increase of \$2,700,000 in nonpersonal services in Subsidies and Transfers to enhance TANF job training. In addition, the fund will be used to outreach and crisis intervention services to TANF customers who are sanctioned.

Decrease: DHS' Federal Grant fund includes a decrease of \$2,874,090 in personal services due to the transfer of 39 positions to Local funds.

District's Proposed Budget

Increase: DHS' FY 2014 Local funds budget includes increases of \$1,750,000 to support the Permanent Supportive Housing Program for families and single adults and a one-time increase of \$1,200,000 in the Family Services program to support the Emergency Rental Assistance (ERAP) for Families (\$300,000), the ERAP Pilot for Non-disabled and Non-senior individuals (\$500,000), and the Rapid Re-housing Program for Single Adults (\$400,000). The budget also includes an additional \$972,000 to expand shelter capacity for Lesbian, Gay, Bisexual, Transgender, and Questions (LGBTQ) youth and to expand permanent supportive housing for seniors aged 65 and older; \$501,000 to support anticipated FY 2014 revenues from Sidewalk Café Fees for the Interim Disability Assistance (IDA) activity caseload; and \$173,000 to support the new Deputy Director of Homeless Services position.

Decrease: The FY 2014 Local funds budget includes reductions of \$1,000,000 to reflect a one-time adjustment of personal services costs in FY 2014, based on projected salary lapse savings, and \$700,000 to remove excess funding provided for TANF Cash Assistance activity.

Transfer In: DHS' FY 2014 proposed Local funds budget includes a transfer of \$4,094,810 from the Child and Family Services Agency (CFSA) to expand eligibility requirements for POWER and support the authorization of a hardship exemption and extension from the TANF 60-month time limit, of which \$3,800,000 is recurring and \$294,810 is one-time funding.

Technical Adjustment: DHS' FY 2014 Local funds budget includes a reallocation of \$1,000,000 from the Homeless Services Continuum - Families activity to the Homeless Services Continuum - Individuals activity.

The mission of the Child and Family Services Agency (CFSA) is to ensure the safety, permanence, and well-being of abused and neglected children and to strengthen troubled families in the District of Columbia.

Summary of Services

The D.C. Child and Family Services Agency (CFSA) investigates reports of child abuse and neglect and provides child protection. Services include foster care, adoption, and supportive community-based services to enhance the safety, permanence, and well-being of abused, neglected, and at-risk children and their families in the District of Columbia. CFSA seeks to achieve the highest quality of community-based services, to increase the number of families who receive community preventive and support services, and to expand the network of resources providing services to at-risk children and their families. The agency is divided into two core offices: Program Operations and Office of the Director.

The agency's FY 2014 proposed budget is presented in the following tables:

Division Description

The Child and Family Services Agency operates through the following 7 programs:

Agency Programs - provides direct case management for families at home, as well as for children and youth in out-of-home care. The Agency Operations program works to ensure the safety and well-being of children and youth in care while moving them to permanence as quickly as possible via reunification, guardianship, or adoption.

This program contains the following 8 activities:

- **The In-Home and Permanency Administrations I and II** – these twin units serve families in-home through 10 In-Home and Permanency units co-located with community partners to provide community-based family support. Through the Partnership for Community-Based Services, CFSA social workers in these units team with staff in partner community agencies to provide a preventative and comprehensive response to service needs. The In-Home and Permanency Administrations I and II also provide direct case management to youth in foster care who are seeking to achieve permanency through reunification, guardianship or adoption;
- **Teen Services** – provides permanency support, consultation, technical assistance, training and case management for older youth between the ages of 16-21 with a focus on appropriate permanence options or the establishment of a lifelong connection for youth with the goal of another planned permanent living arrangement. Teen Services works to achieve permanence for older youth while at the same time providing life skills training, vocational and educational support and transitional assistance to help youth to prepare for independence after leaving foster care;
- **Out of Home and Permanency** – provides permanency support, consultation, technical assistance, training and case management for children from the inception of concurrent permanency planning through finalization of adoption and guardianship;
- **Family Resources** – provides foster and adoptive resource recruitment and support services to current and potential foster, kinship, and adoptive parents. Through various outreach and public education campaigns and activities, Foster Care Resources ensures the availability of foster parents that are willing and able to meet the varied needs of children and youth in the care of CFSA;
- **Facility Licensing** – provides licensing for CFSA's contract placement providers, including foster homes, group homes and independent living programs;
- **Contract Monitoring** – provides oversight of service provided contracted by CFSA and ensures program outcomes and adherence to contractual requirements; and
- **Prevention Services** – provides community-based prevention, supportive and after-care services to families and at-risk children in the neighborhoods so that they can achieve safety, permanence, and well-being in the least restrictive setting, maximizing the use of informal and formal support systems.

Community Services – establishes and sustains centers of excellence that achieve or support positive outcomes for children and families through best practices, superior customer services and solid teamwork. Community Services is comprised of social workers, medical professionals and other professionals responsible for monitoring and overseeing services to children within the child welfare continuum.

This program contains the following 6 activities:

- **Child Placement Activity** – provides living arrangements for children who cannot live in their birth homes, including traditional and therapeutic foster homes, group care, and independent living programs.;
- **Child Protective Services (CPS)** – receives reports of suspected child abuse or neglect, assesses families whose children are alleged victims of abuse or neglect, and refers children and their families for services within CFSA or the Healthy Families Thriving Communities Collaboratives. The services are designed to prevent further abuse and neglect, strengthen parents' capacity to care for their children, assure that children receive adequate care, and safely prevent out-of-home placement when appropriate;

- **Clinical Health Services** - provides medical and behavioral health screenings prior to placement and expert consultation in health, residential treatment, developmental disabilities and 24/7 on-call support for medical and mental health services;
- **Nurse Care Management** – supports a cadre of nurse care professionals to support the medical needs of children in care;
- **Healthy Horizons Clinic Activity** – provides medical and behavioral health screenings prior to placement and expert consultation in health, residential treatment, developmental disabilities and 24/7 on-call support for medical and mental health services. These services are provided through CFSA’s onsite Healthy Horizons Clinic and through a team of Nurse Care Managers; and
- **Kinship Support** – identifies viable family resources, conducts Family Team meetings, facilitates placements with relatives, expedites licensing of kinship foster parents, and provides supportive services to kinship care givers.

Adoption and Guardian Subsidy – supports families caring for children and providing a long-term permanent placement for children.

This division contains the following 3 activities:

- **Adoptions and Guardianship Subsidy** – provides financial assistance services to eligible relatives and adoptive parents so that they can maintain children in permanent homes;
- **Guardianship Subsidy** – provides financial assistance services to eligible relatives and non-family caregivers so that they can maintain children in permanent homes;
- **Grandparent Subsidy** – provides financial assistance services to eligible grandparents so that they can maintain children in permanent homes.

Policy and Planning – supports CFSA’s policy development, planning and data analysis, Fair Hearings, Child Protection Registry, quality assurance, and training functions. Additionally, Policy and Planning licenses group homes and independent living facilities that provide services to youth.

This division contains the following 3 activities:

- **Policy** – develops agency policy and provides review, interpretation and decision-making services to the Director and staff so that they can make decisions consistent with best practices and with statutory and regulatory requirements;
- **Planning and Data Analysis** – provides reporting, data analysis, technical assistance and research services to the agency and external stakeholders in order to facilitate short- and long-term agency strategic planning; and
- **Quality Assurance** – provides assessment, monitoring and recommendation services to CFSA staff and key stakeholders to improve agency practice. In addition, Quality Assurance is responsible for facilitating qualitative review processes such as structured progress reviews, child fatality review, quality service reviews, and ChildStat in order to identify, both on a case-by-case and systemic level, areas of strength and need in line with best practices and child welfare standards.

Clinical Practice – provides comprehensive well-being services for children in CFSA’s care, including educational services, liaisons for substance abuse and domestic violence services, housing assistance, and day care. The Office of Well Being in this division is also responsible for implementing CFSA’s new trauma-informed practice.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for agencies using performance-based budgeting.

Division Structure Change

In FY 2014, the agency added a new division and consolidated some divisions and activities. The proposed division structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2014 Proposed Budget Changes

The Child and Family Services Agency's (CFSA) proposed FY 2014 gross budget is \$237,643,927, which represents a 7.6 percent decrease from its FY 2013 approved gross budget of \$257,067,200. The budget is comprised of \$170,892,938 in Local funds, \$54,721,015 in Federal Grant funds, \$43,977 in Private Donation funds, \$1,200,000 in Special Purpose Revenue funds, and \$10,785,997 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

CFSA's FY 2014 CSFL budget is \$191,445,035, which represents a \$291,540, or 0.2 percent, increase over its FY 2013 approved Local funds budget of \$191,153,495.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for CFSA included the removal of a total of \$368,300 in one-time funding. This amount is comprised of \$250,000 that was used to develop a process to transition children in foster care to less costly traditional services, and \$118,300 that was used to increase staffing efficiencies in the CFSA in FY 2013.

The FY 2014 CSFL calculated for CFSA included an adjustment entry that is not described in detail on table 5. This adjustment was made for increases of \$477,094 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth; \$191,240 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent; and \$11,677 to account for the projected increase in Medicaid costs based on the Medicaid Growth factor rate adjustment of 5.1 percent as applied to Title IV-E funds; and a reduction of \$20,171 to account for the Fixed Cost inflation factor based on projections from the Department of General Services. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Increase: In Local funds, CFSA increased its Contractual Services by \$4,348,316 based on the projections for various agency initiatives, personal services by \$1,378,723 for planned step increases and Fringe Benefit rate adjustments, and Other Services and Charges by \$424,247 to align the budget with historical spending patterns. In Federal Grant funds, the Fixed Costs budget increased by \$2,087,362 due to projections from the Department of General Services (DGS), Contractual Services increased by \$777,179, Equipment and Equipment Rentals by \$370,765, Other Services and Charges by \$277,008, and Supplies and Materials by \$70,499. In Private Donations, the nonpersonal services budget was increased by \$25,977, primarily in Contractual Services.

Decrease: In Local funds, CFSA reduced its Subsidies and Transfers by \$5,421,672 based on reduced projections for the number of children being served, Fixed Costs by \$2,337,275 as an offset to the increases in personal services costs, Equipment and Equipment Rentals by \$391,082 as an offset to the increases in personal services costs, Supplies and Materials by \$151,257 to properly align budget with projected costs, and Debt Service by \$85,000 due to cost assumptions for the Master Lease program. In Federal Grant funds, Subsidies and Transfers decreased by \$1,042,637 due to projected reductions in federal support.

Shift: CFSA moved \$2,234,834 and 25.5 FTEs from Federal Grant funds to Local funds due to reductions in projected revenue from Title IV-E reimbursement grants.

Mayor's Proposed Budget

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in both Local and non-Local funds. This adjustment includes \$505,965 in Federal Grant funds. For more information about the Local funds portion of the COLA, please see the Workforce Investments chapter contained in Volume 3.

Decrease: Over the last two years, CFSA has made notable progress in improving the efficiency of the critical services that the agency provides to the children of the District of Columbia. The number of children served has drastically decreased, and the agency has significantly reduced its backlog of cases. The FY 2014 Local funds budget includes a reduction of \$16,907,287 across multiple programs to align the budget with the agency's operational needs.

District's Proposed Budget

Increase: CFSA's FY 2014 proposed Local funds budget includes a one-time increase of \$455,190 for the Flexible Family Services program, which aims to support homeless families, including homeless youth ages 16-24 who are unable to be served by the Virginia Williams Family Resource Center or the Department of Human Services' Strong Families Program. The budget also includes an additional \$450,000 for the Safe Shores program, which seeks to provide a coordinated and child-friendly approach to the investigation and prosecution of civil and criminal child abuse cases in the District of Columbia.

Decrease: The Local funds budget includes a reduction of \$750,000 to reflect a one-time adjustment of personal services costs in FY 2014 based on projected salary lapse savings.

Transfer Out: In Local funds, \$3,800,000 will be transferred to the Department of Human Services from the Community Services program, to support the Program on Work Employment and Responsibility (POWER) and Temporary Assistance for Needy Families (TANF) programs.

Agency Performance Plan

The agency has the following objectives and performance indicators for its Divisions:

Program Operations

Objective 1: Narrowing the Front Door to ensure that children grow up with their families and are only removed from their families when necessary (Office Entry Services).

Objective 2: Ensure target permanency planning immediately when children enter foster care (Foster Care Resource Administration).

Objective 3: Ensure the expeditious exit of children and youth from foster care to permanency, family environment or lifelong connections (In Home Permanency I and II).

The mission of the Department of Behavioral Health (DBH) is to support prevention, treatment, resiliency and recovery for District residents.

Summary of Services

The Department of Behavioral Health (DBH) is responsible for developing, supporting, and overseeing a recovery focused, comprehensive, community-based system of services and supports for residents with mental health and substance use disorders that is accessible, culturally competent, choice and outcome driven.

DBH provides prevention, intervention and treatment services for children, youth, and adults with mental health and/or substance abuse disorders. This includes a range of community-based outpatient and residential services that offer emergency psychiatric care, ambulatory services for mental health and substance abuse disorders, detoxification and prevention activities that are delivered primarily through a network of certified community providers. The goal is to tailor services to meet the individual needs of persons in care. Community-based services also included Medicaid-reimbursable activities for eligible District residents, supported housing, early childhood, school-based services and a pharmacy. DBH operates Saint Elizabeths Hospital, the District's inpatient psychiatric facility.

DBH ensures quality of care through its regulation and certification authority as the Single State Agency (SSA) for substance abuse and mental health.

Division Description

The Department of Behavioral Health operates through the following 7 divisions:

Behavioral Health Authority – plans for and develops mental health and substance use disorders (SUD) services; ensures access to services; monitors the service system; supports service providers by operating DBH’s Fee for Service (FFS) system; provides grant or contract funding for services not covered through the FFS system; regulates the providers within the District’s public behavioral health system; and identifies the appropriate mix of programs, services, and supports necessary to meet the behavioral health needs of District residents.

This division contains the following 8 activities:

- **Office of the Director/Chief Executive Officer** – leads management and oversight of the public mental health system; directs the design, development, communication, and delivery of behavioral health services and supports; and identifies approaches to enhance access to services that support recovery and resilience;
- **Office of the Chief Clinical Officer** – advises the Director and sets standards for the provision of clinical care throughout the public behavioral health system for children, youth, and adults; oversees the community hospitals that hospitalize DBH consumers on an involuntary basis; oversees and improves quality of treatment of children and adolescents; approves Preadmission Screenings and Annual review (PASSAR) requests for patients and nursing facilities; and supervises the operation of the Comprehensive Psychiatric Emergency Program (CPEP) and the Homeless Outreach program;
- **Consumer and Family Affairs** – advises the Director and provides expertise on the consumer/family perspective and promotes and protects the legal, civil, and human rights of consumers;
- **Office of Policy Support** – advises the Director and leads policy development for the public behavioral health system; and provides support for the development and publication of rules and policies to guide the District public mental health system;
- **Office of Strategic Planning and Grants Management** – provides support for the development and publication of the annual performance management plan and Key Performance Indicators; coordinates the development and submission of annual mental health plan and mental health block grant application; provides support to the State Mental Health Planning Council; oversees the grants development, grants monitoring, grants award, and sub granting processes and procedures; and tracks expenditures and compliance with grant award stipulations;
- **Office of Accountability Quality Improvement/Audit** – provides oversight of providers for DBH to ensure that they meet or exceed the service delivery and documentation standards for Mental Health Rehabilitation Services (MHRS) and Mental Health Community Residence Facilities (MHCRF) and comply with applicable District and federal laws and regulations; monitors the provider network; investigates complaints and unusual incidents; and makes policy recommendations;
- **Office of Accountability Certification/Licensure** – certifies DBH provider agencies and licenses of all Mental Health (MH) Community Residential Facilities (CRFs). In addition, the certification unit monitors provider compliance with DBH regulations and local and federal laws; generates and enforces corrective action plans when necessary; monitors facilities on a regular basis, issuing notices of infraction when necessary; and ensures that the care coordination of CRF residents is taking place through coordination by the CRF staff and Core Service Agency treatment team members; and
- **Office of Accountability-Investigations** – conducts major investigations of critical incidents, presents a disposition of the matter, and develops the final investigative report that are submitted to the Director of DBH, General Counsel of DBH, and other appropriate parties, to ensure that the needs and treatment goals of individuals in care are identified and addressed.

Saint Elizabeths Hospital (SEH) – provides psychiatric, medical, and psycho-social inpatient psychiatric treatment to adults to support their recovery and return to the community. The Hospital’s goal is to maintain an active treatment program that fosters individual recovery and independence as much as possible. In addition, this program manages logistics, housekeeping, building maintenance, and nutritional services at SEH, to ensure the

provision of a clean, safe and healthy hospital environment for individuals in care, their families, and staff. The Saint Elizabeths Hospital also ensures staff credentialing and licensing privileges, and provides medication and medical support services to eligible inpatients in order to effectively treat mental illness and enhance recovery. The Hospital is licensed by the District's Department of Health as well as the U.S. Department of Health and Human Services (DHHS) Centers for Medicare and Medicaid Services.

This division contains the following 14 activities:

- **The Office of the Chief Executive - SEH** – provides planning, policy development, quality improvement and mental health system design to create a comprehensive and responsive system of mental health care;
- **Office of Clinical and Medical Services - SEH** – provides high-quality medical care for inpatients at Saint Elizabeths Hospital in concert with psychiatric care to optimize physical and mental health and to facilitate successful discharge into the community. This includes providing active treatment to the inpatient population to improve quality of life through a recovery-based therapeutic program; monitoring services to eligible consumers in order to effectively treat mental illness and enhance recovery; providing prescriptions, medical screening, education, medical assessment and treatment to the inpatient population; and providing employee health services to staff;
- **Engineering and Maintenance - SEH** – provides maintenance and repairs to the Hospital to ensure a functional, safe, and secure facility for inpatients, visitors, and staff in order to maximize the benefits of the therapeutic milieu;
- **Fiscal and Support Services - SEH** – provides for the formulation, execution, and management of the Hospital's budget, billing and revenue operations; approves and finances all procurements; and oversees the overall financial integrity of the hospital to ensure the appropriate collection, allocation, utilization and control of city resources;
- **Forensic Services - SEH** – provides court-ordered forensic, diagnostic, treatment, and consultation services to defendants, offenders, and insanity acquittees committed by the criminal divisions of the local and federal court;
- **Housekeeping - SEH** – maintains a clean and sanitized environment throughout Saint Elizabeths Hospital facilities to enhance the therapeutic environment and level of clinical performance in all hospital areas;
- **Materials Management - SEH** – receives and delivers materials, supplies, and postal and laundry services to individuals in care, DBH staff employees, and customers so that they can provide or receive quality care, respectively. Materials management also provides an inventory of goods received, replenishes stock, and performs electronic receiving for all goods and services received in the Hospital;
- **Nursing Services - SEH** – provides active treatment and comprehensive, high-quality nursing care to the inpatient population at Saint Elizabeths Hospital, 24 hours a day and 7 days a week, to improve quality of life through a recovery-based therapeutic program; establishes the training curriculum for all levels of hospital staff; assures compliance with agreed-upon training programs for clinical and clinical support staff to maintain the health and safety of individuals in care and staff;
- **Nutritional Services - SEH** – provides optimum nutrition and food services, medical nutrition therapy, and nutrition education services in a safe and sanitary environment;
- **Security and Safety - SEH** – provides a safe and secure facility for inpatients, visitors, and staff in order to ensure a therapeutic environment;
- **Transportation and Grounds - SEH** – manages the transportation resources, administrative functions, funding, and staff, to provide a safe, secure, and therapeutic physical environment for inpatients, staff, and visitors hospital-wide; provides vehicles and drivers for transportation services department-wide, patient food deliveries District-wide, and patient/staff transport;
- **Office of the Chief of Staff - SEH** – supports Saint Elizabeths Hospital staff by providing direct improvement in patient care to meet the requirements as set forth by the Department of Justice; establishes the training curriculum for all levels of hospital staff; provides clinical leadership and interdisciplinary treatment teams; assures compliance with agreed-upon training programs for clinical and clinical support staff to maintain the health and safety of individuals in care and staff; and ensures the provision of social work services, treatment

programs, and rehabilitation services; provides executive management, human resources coordination, organizational management and consultation, budget, contract management, public affairs, community outreach, and health information systems;

- **Office of the Chief Operating Officer - SEH** – provides oversight over the operational functions of the Hospital; manages the implementation and maintenance of the electronic medical record system (Avatar); provides support to Hospital environmental functions; assures that the integrity of the Health Information Management is maintained; and provides an effective and cost-efficient continuum of care for all patients including budgetary and revenue functions; and
- **Clinical Administration - SEH (Office of Accountability and Improvement - SEH)** – provides quality improvement utilizing performance improvement techniques in addition to using data and research to guide clinical practices; and provides oversight of the reporting functions for the Department of Justice and the Corporate Integrity Agreement, including the Independent Review Organization.

Behavioral Health Services and Supports (BHSS) – is responsible for the design, delivery, evaluation and quality improvement of behavioral health services and support for children, youth, families, adults, and special populations to maximize their ability to lead productive lives.

This division contains the following 15 activities:

- **Office of the Senior Deputy Director - BHSS** – oversees the operations of the Mental Health Services and Supports Division, which includes the multi-cultural outpatient service, the physicians practice group, same-day or walk-in services, the outpatient competency restoration program, outpatient forensic services, services for deaf individuals with a psychiatric illness, services for developmentally disabled people with a psychiatric illness, two government operated outpatient clinics, and the private provider network;
- **Organizational Development - BHSS**– oversees the DBH Training Institute; the Community Service Review Unit, responsible for conducting a qualitative evaluation of the system of care; and Applied Research and Evaluation, responsible for developing program level and system-wide evaluation measures to generate performance data that can be used for service improvements;
- **Adult Services Supported Housing - BHSS** – provides bridge housing subsidies and capital funding to finance the development of new affordable permanent housing units for people with serious mental illness. An array of scattered site housing is provided through local bridge subsidies and federal vouchers;
- **Adult Service Supported Employment - BHSS** – provides employment assistance and support for consumers with significant mental health diagnoses for whom competitive employment has been interrupted or intermittent. Supports services include job placement, job coaching, and crisis intervention so that consumers can maintain part or full-time employment;
- **Adult Services Assertive Community Treatment (ACT) - BHSS**– provides intensive, integrated community-based mental health intervention and support services designed to provide rehabilitative and crisis treatment;
- **Adult Services Forensic - BHSS**– provides mental health services and continuity of care to individuals involved in the criminal justice system who have serious mental illnesses; and oversees a network of providers to ensure that individuals under court supervision and/or who are leaving the criminal justice system have access to a full range of services;
- **Care Coordination - BHSS** – provides enrollment and authorization for services through a telephone-based service center that links people in need of behavioral health services to community providers, and determines eligibility and authorizes services. One of the services provided, the Access HelpLine, 1-888-7WE-HELP (1-888-793-4357), operated 24 hours per day, 7 days per week, provides crisis intervention, telephone counseling, and information and referral to callers who are in crisis and dispatches mobile crisis services as appropriate. Callers also have 24-hour access to suicide prevention and intervention services (1-800-273-8255). In addition, a 24-hour suicide prevention and intervention service line is available to citizens identified within Metro stations who are in need of support. This service is co-sponsored with the Washington Metropolitan Area Transit Authority through the Access HelpLine;

- **Mental Health Services - BHSS** – directs and manages the government-operated mental health services, including a multicultural program, a deaf/hard of hearing program, an intellectual disability program, an out-patient competency restoration program, out-patient services for forensically committed individuals and a same day services program;
- **Comprehensive Psychiatric Emergency Program (CPEP) - BHSS** – provides mental health services to adults in psychiatric crises who need stabilization to prevent harm to themselves or others. Services are enhanced to convert hospitalizations, prevent decompensation, and provide mobile crisis intervention for this population;
- **Pharmacy - BHSS**– provides safety net pharmacy services for Psychiatric Medications for residents of the District of Columbia who are enrolled in the DBH system of care and who are uninsured and unable to pay for their medications;
- **Homeless Outreach - BHSS** – provides services directly to individuals who are homeless and in crisis;
- **Children and Youth Services - BHSS** – responsible for developing and implementing a system of care for children, adolescents, and their families that promotes prevention/early intervention, continuity of care, community alternatives to out-of-home and residential placements, and diversion from the juvenile justice system. Child and Youth Services within the Authority provides direct clinical services including school-based mental health services, evidence-based services, youth forensic services, and oversight of youth placed in Psychiatric Residential Treatment Facilities (PRTFs);
- **Early Childhood and School Mental Health - BHSS** – promotes social and emotional development and addresses psycho-social and mental health problems that create barriers to learning. The program is responsible for the direct provision of prevention, early intervention, and brief treatment services to youth enrolled in D.C. Public and Public Charter schools through the Parent, Infant Early Childhood Enhancement Program located within the government-operated clinic;
- **Integrated Care - BHSS** – seeks to reduce the inpatient census and admissions to St. Elizabeths Hospital by identifying consumers who need a comprehensive array of services that include mental health, non-mental health, and informal support services to integrate to their fullest ability in their communities and families; and coordinates, manages, and evaluates the care for these consumers to improve their quality of life and tenure in a community setting, and provides care management services to individuals with complex mental health needs as well as those discharged from a psychiatric inpatient stay in a community hospital; and
- **Physicians' Practice Group - BHSS (PPG)** – serves consumers at two government-operated sites, and outplaces psychiatrists at private CSA sites to increase the availability of psychiatric services at those sites. Additionally, PPG psychiatric services are also provided to consumers by specialized teams working within MHSS (Multi-Cultural Services and services for individuals who are deaf/hard of hearing or who have intellectual disabilities).

Addiction Prevention and Recovery Services and Support – is responsible for the development and delivery of substance use disorders (SUD) treatment and recovery support services. Prevention services include raising public awareness about the consequences of substance abuse and providing evidence-based program resources to community and faith-based organizations to promote wellness and reduce substance use and abuse. Treatment services include assessment and referrals for appropriate levels of care. Treatment services also include maintenance of a comprehensive continuum of substance abuse treatment services including outpatient, intensive outpatient, residential, detoxification and stabilization, and medication assisted therapy. Recovery support services include wrap-around services to ensure a full continuum of care, such as mentoring services, education skills building, and job readiness training. APRA ensures the quality of these services through its regulation and certification authority as the Single State Agency for substance abuse.

This division contains the following 7 activities:

- **Office of the Senior Deputy Director Addiction Services** – provides overall direction, policy development, and supervision for the other activities within the division;
- **Office of Addiction Services Operations** – ensures the financial stability, fiscal integrity, and program accountability for substance abuse activities. The office manages the operating budget, financial operations, and

facilities and is responsible for overseeing grant compliance and monitoring contracts that support mandatory the Single State for substance abuse functions;

- **Office of the Deputy Director for Administration** – manages the administrative functions of substance use disorder services, and coordinates and ensures adherence to substance abuse privacy and risk management requirements for the agency and substance abuse treatment provider network. In addition, the office oversees, coordinates, and ensures high quality prevention and performance-related activities, including regulation of substance abuse treatment services in the District of Columbia;
- **Office of Addiction Prevention Services** – works to prevent the onset of, and reduce the progression of, substance abuse risk among youth through a comprehensive public health and risk reduction prevention strategy that addresses the interrelated and root causes of tobacco, alcohol, marijuana, and other drug use. In addition, the office monitors and ensures that federal funds are addressing national outcome measures, high performance standards, and statutory requirements;
- **Office of Performance Management** – is responsible for evaluating, monitoring and managing the performance of all addictions and recovery programs, services, providers and staff. In addition, the office oversees the quality assurance and certification process for all substance abuse treatment facilities and programs in the District of Columbia. The Quality Assurance division conducts surveys of, and works with, substance abuse treatment providers to promote the highest quality standards for delivering services related to best practice models for substance abuse treatment. The Certification and Regulation division certifies substance abuse treatment facilities and programs to ensure compliance with District and federal laws and regulations. Only DBH-certified substance abuse treatment facilities and programs may lawfully provide treatment services in the District of Columbia;
- **Office of the Deputy Director for Addiction Treatment** – ensures the effective delivery of substance abuse treatment services to direct service treatment programs and programs that DBH contracts with or regulates. The office ensures that the highest quality treatment services are provided through policy development, analysis, and research; and
- **Implementation of Drug Treatment Choice** – provides subsidies and transfers for substance abuse treatment services only.

Mental Health Financing/Fee for Service – provides operational assistance and claims adjudication to support the community-based mental health services program.

This division contains the following 4 activities:

- **Mental Health Rehabilitation Services** – allocates Local funding for the payment of claims to private providers for children, youth, families, and adults who are District residents and receive Mental Health Rehabilitation Services;
- **Mental Health Rehabilitation Services – Local Match** – allocates Medicaid funding for the payment of claims to private providers for children, youth, families, and adults who are District residents and receive MHRS;
- **Claims Administration/Billing** – supports the internal Department of Behavioral Health structure for claims processing and reimbursement, including administrative claiming, and processes MHRS claims for community-based providers; and
- **Provider Relations** – provides technical assistance, training and coaching support to the DBH provider network.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

In FY 2014, the agency added a new division and/or consolidated some divisions and/ or activities. The proposed division structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2014 Proposed Budget Changes

The Department of Behavioral Health's (DBH) proposed FY 2014 gross budget is \$240,593,182, which represents a 25.9 percent increase over its FY 2013 approved gross budget of \$191,167,559. The budget is comprised of \$202,844,672 in Local funds, \$18,310,251 in Federal Grant funds, \$4,329,879 in Federal Medicaid Payments, \$157,243 in Private Grant funds, \$3,700,000 in Special Purpose Revenue funds, and \$11,251,138 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DBH's FY 2014 CSFL budget is \$169,019,571, which represents a \$1,142,399, or 0.7 percent, increase over the FY 2013 approved Local funds budget of \$167,877,172.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for DBH included the removal of \$1,000,000 in one-time funding, which was used to support implementation of the South Capitol Street Memorial Amendment Act of 2012 in FY 2013.

The FY 2014 CSFL calculated for DBH included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$791,443 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth; and \$1,350,956 in nonpersonal services, which is comprised of \$1,027,974 based on the Consumer Price Index factor of 2.4 percent, \$51,768 in funding for Medicaid Growth to account for a growth rate of 5.1 percent on the Local match based on prevailing conditions of the economy and changes in the federal government's Medicaid policy, and \$271,214 for a Fixed Cost Inflation factor derived from cost estimates provided by the Department of General Services (DGS). During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

DBH's FY 2014 budget proposal continues to focus on providing preventive and recovery services for District residents in need of mental health and substance use disorder services. This is most evident in their continued mission to expand the quality of behavioral health services available to District residents.

Increase: In Local funds, the budget proposal includes an increase of \$2,222,766 for Fixed Costs to align Rentals - Land and Structures with the Department of General Services' (DGS) estimates. The budget proposal for personal services (PS) was similarly adjusted for increases of \$855,456 for projected Fringe Benefit costs and \$647,525 to cover projected step increases. Other adjustments in the budget proposed for Local funds include an increase of \$194,709 for the Mental Health Rehabilitation Services.

In the budget submission for Federal Grant funds, DBH proposes an increase of \$975,178 to align the budget with anticipated grant awards for the Medicare entitlement program. A proposal to increase the budget by \$972,000 and 4.5 FTEs is based on projected grant awards for the System of Care Expansion Implementation Grant and PS adjustments related to staffing projections for the Transition from Homelessness (PATH) grant. In Special Purpose Revenue funds, the budget proposal includes an increase of \$435,000 and 1.0 FTE based on projected revenues for reimbursements from the Federal beneficiary and the U.S. Marshals for consumer care.

DBH's budget proposal for Intra-District funds reflects various Memorandum of Understanding (MOU) agreements entered into with other District agencies to cover various mental health services throughout the District. These agreements include increases of \$227,000 for Federal Medicaid reimbursements via Intra-District transfer from the Department of Health Care Finance, \$101,000 to provide technical assistance with the development of emergency preparedness from an MOU with the Department of Health, \$37,000 from an MOU with the Child and Family Services Agency to support Wrap Around Services, and \$16,000 from an MOU with the Department of Health to support Mental and Family Health Administrations.

Decrease: In Local funds, the budget proposal includes an adjustment of \$3,224,744 to reallocate funds across various programs to align the budget with the operational needs of the agency in providing offsets to various programs and services with proposals for increased funding in FY 2014. An additional reduction of \$695,312 reflects reallocated funds to cover fixed costs estimates provided by DGS.

In Federal Grant funds, the budget proposal was adjusted to include a reduction of \$376,000 based on the reduction of carryover of the Mental Health Block Grant. Another reduction of \$189,581 which supported 2.0 FTEs was carried out to align the budget with anticipated grant awards for the Capitol Care Grant. Other proposed adjustments in the budget for Federal Grant funds include reductions of \$184,830 for the Shelter plus Grant and \$133,000 and 1.0 FTE for the State Data Infrastructure Grant (DIG) based on their expiration dates.

In Federal Medicaid Payments, DBH proposes a reduction of \$601,667 based on federal Medicaid revenue projections. In Intra-District funds, the budget was adjusted for a reduction of \$1,920,000 and 1.7 FTEs based on projected funding in Letters of Intent from various agencies. In addition, a reduction of \$101,463 was based on the MOU with the Department of Health to support the project LAUNCH.

Shift: In FY 2014, DBH proposes a reclassification of \$774,822 from Special Purpose Revenue funds to Federal Grant funds. This adjustment aligns the agency's Medicare services with a programmatic shift that is related to federal funding sources.

Mayor's Proposed Budget

Enhance: In order to ensure enrolled consumers receiving Mental Health Rehabilitation Services (MHRS) and eligible to receive Medicaid reimbursements are covered, a budget proposal of \$7,414,889 was applied to support the Local match for MHRS for Medicaid eligible participants. Additional funding of \$2,174,913 was allocated for Mental Health Rehabilitation Services for locally funded, non-Medicaid eligible participants. DBH currently provides school-based mental health services in 53 DCPS schools: 42 traditional Public Schools and 11 Public Charter Schools. DBH's school mental health program provides prevention, early intervention and treatment with a goal of enhancing youth emotional development.

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in both Local and non-Local funds. This adjustment includes \$197,048 in Federal Grant funds, \$5,921 in Federal Medicaid Payments, \$79,891 in Special Purpose Revenue funds, and Intra-District funds may be impacted. For more information about the Local funds portion of the COLA allocation, please see the Workforce Investments chapter contained in Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

Increase: In Local funds, funding for \$2,222,766 previously designated for DBH's relocation was restored and placed in contractual services. An additional \$388,957 was allocated to support professional and contractual services fees associated with St. Elizabeths Hospital.

Decrease: In Local funds, fixed cost was reduced by \$2,611,723 due to the agency remaining at 35 K Street and revised estimates by the Department of General Services (DGS). Federal Grant funds were reduced by \$197,048 and the Special Purpose Revenue funds were reduced by \$79,891 to offset the proposed cost-of-living adjustment.

Transfer In: The Department of Health's Addiction Prevention Recovery Administration (APRA) program, which provides District residents with preventive services and treatment for substance abuse, has been merged into the Department of Mental Health to create a new Department of Behavioral Health. A determination was made that a significant number of mental health patients also suffer from substance use disorders. Coordinating both mental health and substance use treatments under one administration will ensure the most effective, favorable outcome for its recipients. The budget proposal for APRA includes Local funds of \$24,235,299 and 26.0 FTEs to support programmatic requirements and staffing needs. In Federal Grant funds, the budget proposal is \$14,910,966 and 49.0 FTEs in support of grant and provider services. In Intra-District funds, the budget proposal includes an APRA MOU with the Department of Human Services for \$284,600, which also provides support for grant-related services.

District's Proposed Budget

The Department of Behavioral Health has no changes from the FY 2014 Mayor's proposed budget to the FY 2014 District's proposed budget.

Subsequent Events

Note: The Fiscal Year 2014 Budget Request Act of 2013 provides the District with the authority to appropriate up to \$50 million if the Chief Financial Officer (CFO) certifies additional revenues in the June 2013 revenue estimates. On June 24, 2013, the CFO certified \$92.3 million in additional revenue for FY 2014. The Mayor and the Council have agreed to appropriate \$1.985 million of this additional revenue to the Department of Behavioral Health (DBH) for expansion of the school-based mental health program to 17 public schools. The amended proposed gross funds budget for DBH is \$242,578,182. This additional funding is not in table 5 nor in the Budget Request Act figure for this agency, but it will be part of the agency's approved budget pending Congressional approval.

The mission of the Department of Health (DOH) is to promote healthy lifestyles, prevent illness, protect the public from threats to their health, and provide equal access to quality healthcare services for all in the District of Columbia.

Summary of Services

The Department of Health provides programs and services with the ultimate goal of reducing the burden of disease. DOH does this through a number of mechanisms that center around prevention, promotion of health, and expanding access to health care. The department provides public health management and leadership through policy, planning, and evaluation; fiscal oversight; human resource management; grants and contracts management; information technology; government relations; risk management; communication and community relations; legal oversight; and facilities management. The DOH performance plan is based on three priority areas: (1) health and wellness promotion, (2) HIV/AIDS prevention and awareness, and (3) public health systems enhancement.

Division Description

The Department of Health operates through the following 7 divisions:

Health Emergency Preparedness and Response Administration (HEPRA) – provides regulatory oversight of Emergency Medical Services; ensures that DOH and its partners are prepared to respond to citywide medical and public health emergencies, such as those resulting from terrorist attacks, large accidents, or natural events such as weather-related emergencies; conducts disease surveillance and outbreak investigation; and provides analytical and diagnostic laboratory services for programs within DOH and various free and non-profit clinics within the District.

This division contains the following 5 activities:

- **Public Health Emergency Preparedness** – provides the District’s response to the emergency medical needs of its visitors and residents. The responsibilities cover a wide range of activities, including the development and training of emergency response plans, coordination of medical response with Federal regional and local partners across the healthcare system, and coordination of volunteers through the Medical Reserve Corps;
- **Public Health Emergency Operations** – supports government and private partners with the development of their health and safety plans, emergency operation plans, and training exercises. The program also provides a public health command and control element that coordinates all DOH assets and operations during incidents, special events, and national special security events;
- **Epidemiology Disease Surveillance and Investigation** – provides surveillance, investigation, and control of reportable diseases, disease outbreaks, and other public health threats within the District of Columbia (excluding sexually transmitted diseases, hepatitis, HIV/AIDS, and tuberculosis);
- **Emergency Medical Services Regulation** – provides oversight and regulation of Emergency Medical Services (EMS), including certification and regulation of District of Columbia EMS providers, ambulance agencies, and EMS educational institutions. The program monitors training standards, certifies instructional programs, and instructors. In addition, it provides inspection and certification of all ambulances operated in the District whether they are governmental, private, or volunteer; and
- **Office of the Senior Deputy Director** – provides overall direction, policy development and supervision for the five subordinate activities.

HIV/AIDS, Hepatitis, STD, and TB Administration (HAHSTA) – partners with health and community-based organizations to provide HIV/AIDS, hepatitis, STD, and TB prevention and care services. Services include prevention tools and interventions, medical care and supportive services, housing services for persons living with HIV/AIDS, HIV counseling and testing, and data and information on disease-specific programs and services. Furthermore, the administration provides information on the impact of these diseases on the community as well as education, referrals, and intervention services. The AIDS Drug Assistance Program (ADAP) provides drugs at no cost to eligible District residents who are HIV-positive or have AIDS. HAHSTA administers the District’s budget for HIV/AIDS, hepatitis, STD, and TB programs; provides grants to service providers; provides direct services for TB and STDs; monitors programs; and tracks the rates of HIV, hepatitis, STDs, and TB in the District of Columbia.

This division contains the following 10 activities:

- **HIV/AIDS Support Services** – provides overall management, planning, direction and support for the HIV/AIDS, STD, TB and adult hepatitis surveillance, prevention, treatment, care, and control programs. It also provides HIV/AIDS information to individuals and community organizations, coordinates HAHSTA participation in public events, prepares written and other resources for public distribution, and manages special projects;
- **HIV/AIDS Policy and Planning** – provides community capacity to more effectively respond to the HIV/AIDS and STD epidemics through the Effi Barry Program, which provides training and technical assistance to small, Ward-based community organizations, a social marketing program aiming to promote health behavior to reduce risk of disease, and a free condom distribution program. It writes reports and creates other written mate-

- rials for public distribution; and it provides HIV/AIDS, STD, TB, and hepatitis information to government agencies, community organizations, media, and individuals. It also coordinates participation in public events;
- **HIV Health and Support Services** – provides a comprehensive range of primary medical care and supportive services for persons living with HIV and AIDS;
 - **HIV/AIDS Data and Research** – provides a comprehensive picture of the HIV/AIDS epidemic in the District of Columbia for purposes of ensuring that the needs of people infected with HIV, or at risk of infection, are met. It collaborates with health care providers and laboratories to collect and maintain comprehensive HIV/AIDS data in a confidential and secure manner; analyzes, interprets, and distributes epidemiologic information for use in developing public policy, planning, and evaluating prevention intervention and health care services; and supports funding requests;
 - **Prevention and Intervention Services** – provides comprehensive HIV prevention programs and services through community organizations to the residents of the District of Columbia. Prevention programs include health education, HIV testing and counseling services, science-based prevention programs, and other support services, including condom distribution. In addition, the program monitors organizations to ensure that quality prevention services are being delivered through program evaluation and quality assurance activities as well as through the provision of capacity building, training, and technical assistance to subgrantees;
 - **AIDS Drug Assistance Program (ADAP)** – provides assistance with deductibles, co-payments, and health insurance/Medicare Part D premiums. DC ADAP also provides an entry point for other District health programs available to people living with HIV/AIDS;
 - **Grants and Contracts Management** – provides fiscal and administrative monitoring of District and federally appropriated funds in the form of 139 grants and subgrants to 53 providers. Fiscal monitoring includes ensuring that grant funds are expended in accordance with federal and local grant regulations, conducting site visits, providing technical assistance to our grantees and subgrantees, and providing continued analysis of grant spending to program counterparts;
 - **Sexually Transmitted Disease (STD) Control** – provides assistance to prevent and control sexually transmitted diseases in the District of Columbia through the provision of clinical services, partnerships with local community providers, and promotion of healthy sexual behavior. The program also conducts surveillance for statistical purposes to track diseases and partner notification;
 - **Tuberculosis Control** – provides direct care services to District residents, including clinical follow-up for active and/or suspected tuberculosis cases, directly observed therapy, preventive therapy, chest x-rays, contact investigations, and case management; and
 - **HIV/AIDS Housing and Supportive Services** – provides housing support, emergency shelter, and other related services to help persons living with HIV and AIDS and their families achieve independent living.

Health Care Regulation and Licensing Administration (HCRLA) – is comprised of the Office of Food, Drug, Radiation and Community Hygiene Regulation; Office of Health Care Facilities Regulation; HCRLA Support Services; and Health Professional License Administration.

This division contains the following 4 activities:

- **Health Professional License Administration** – licenses and regulates health care professionals across 18 boards. The program serves as the administrative unit of the boards for processing 50,000 health care professionals licenses while providing administrative support on disciplinary hearings, investigations, community outreach, and proposed legislation;
- **HCRLA Support Services** – directs, oversees, and establishes the division’s goals, initiatives, and performance measures;
- **Office of Food, Drug, Radiation and Community Hygiene Regulation** – provides varied inspection and regulatory services. The Food Safety and Hygiene Inspection Services regulates smoking bans in establishments and food services that are provided in boarding homes, commission merchants, dairies, delicatessens, bakeries, candy and ice cream manufacturers, grocery stores, retail markets, restaurants, wholesale markets, mobile

vendors, and hotels. The Division of Community Hygiene provides abatement notices, inspection of premises, code enforcement, premises baited, catch basin larvicided, community education and outreach, investigation of bite cases, issuance of dog and cat licenses, vaccinations, animal adoptions, spay and neutering, dead animal pick-up, and dangerous dog control services in the District. The Division of Radiation seeks to eliminate radiation overexposure of persons from naturally-occurring and man-made radiation by the inspection of dental X-ray tubes, medical X-rays, and the regulation of health physicists, suppliers, and radioactive-material users in the District of Columbia; and

- **Office of Health Care Facilities Regulation** – regulates and licenses group homes, intermediate care facilities for the mentally challenged, assisted living facilities, child placing agencies, home care agencies, community residence facilities, hospitals, nursing homes, home health agencies, end stage dialysis renal disease facilities, laboratories, ambulatory surgical centers, maternity centers, tissue banks, community residence facilities, and assisted living and child placement agencies.

Center for Policy, Planning, and Evaluation (CPPE) – is responsible for developing an integrated public health information system to support health policy decisions, state health planning activities, performance analysis, and direction setting for department programs; health policy, health planning and development; health research and analysis; vital records; and planning, directing, coordinating, administering, and supervising a comprehensive Epidemiology and Health Risk Assessment program, which involves federal, state, county, and municipal functions.

This division contains the following 3 activities:

- **Research, Evaluation, and Measurement** – supervises a national state-based telephone survey conducted in cooperation with the Centers for Disease Control (CDC). This is a statistically sound survey accurately portraying the health status of District residents, used to assist policy makers in planning and developing programs to address the health needs of District residents;
- **State Center for Health Statistics** – collects, processes, analyzes, and disseminates birth and death record information and other vital statistics data and information. It is responsible for the statistical analyses of the data generated from birth, death, and other vital records information. In addition, it develops comprehensive statistical and epidemiologic reports on District residents' health status; and
- **State Health Planning and Development** – develops the District's State Health Plan and Annual Implementation, and reviews and approves Certificate of Need applications that allow health care providers to establish new services, make certain capital expenditures, or take other actions as specified in the law. The program is also responsible for monitoring free care requirements of hospitals and other health care providers.

Community Health Administration (CHA) – provides programs designed to improve health outcomes for all residents of the District of Columbia, with an emphasis on women, infants, children (including children with special health care needs), and other vulnerable groups such as those with a disproportionate burden of chronic disease and disability. The administration provides programs and services that promote coordination among the health care systems and enhance access to effective prevention, primary and specialty medical care in the District. CHA collaborates with public and private organizations to provide support services to ameliorate the social determinants of health status for these groups.

This division contains the following 7 activities:

- **Cancer and Chronic Disease Prevention** – provides cancer control and prevention initiatives to reduce the rates of cancer-related mortality among District residents by focusing on treatable or preventable cancers such as breast and cervical, lung, prostate, and colorectal malignancies. The program defines and seeks to reduce the burden of diabetes mellitus and cardiovascular disease on residents of the District of Columbia, and builds partnerships that help strengthen and increase the scope of the infrastructure for care, interventions, and population-based strategies to promote health within the District. Furthermore, the program promotes smoking cessation programs in the District and implements a citywide asthma plan that includes data

collection, public education, and access to appropriate care for asthma and related allergies, in addition to developing and implementing policy changes and delivery systems, including preventive measures for asthma control;

- **Pharmaceutical Procurement and Distribution** – acquires and distributes life-saving medications for the DOH programs that will allow as many District residents as possible access to medications. It also provides clinical support formulary management and quality assurance monitoring to address the needs of all DOH programs that utilize or distribute pharmaceuticals. The Bureau also maintains the Strategic National Stockpile (SNS) of drugs for the Washington, D.C. region in the event of a declared national emergency;
- **Primary Care** – identifies health professional shortage areas for primary care, dental, and mental health care services, and supports population-based programs to improve access to primary care services for District residents regardless of their ability to pay for services;
- **Support Services** – coordinates CHA's efforts to help develop an integrated community-based health delivery system, ensures access to preventive and primary health care, and fosters citizen and community participation toward improving the health outcomes of women, infants, children (including children with special health care needs), and other family members in the District of Columbia;
- **Perinatal and Infant Health** – provides improved perinatal outcomes for high-risk pregnant and parenting women, the health and development of their infants into early childhood, as well as the health outcomes for children with special healthcare needs by facilitating access to coordinated primary and specialty health care and other services in partnership with their families and community organizations. The overarching goal is to reduce infant mortality and perinatal health disparities in the District of Columbia primarily through a home visiting approach;
- **Nutrition and Physical Fitness** – provides food, health, and nutrition assessments and intervention, education, and referral services to District families, infants, children, and seniors to affect dietary habits, foster physical activity, and decrease overweight and obesity rates, thus improving health outcomes among the population; and
- **Children, Adolescent and School Health** – provides improvement for the health and well-being of all District pre-school and school-age children and adolescents by enhancing access to preventive, dental, primary and specialty care services and contributing to the development of a coordinated, culturally competent, family centered health care delivery system. The program seeks to improve age-appropriate immunizations and increase health education and outreach to District residents.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

For FY 2014, the agency added a new division and/or consolidated some divisions and/ or activities. The proposed division structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2014 Proposed Budget Changes

The Department of Health's (DOH) proposed FY 2014 gross budget is \$264,982,670, which represents a 1.5 percent decrease from its FY 2013 approved gross budget of \$269,132,849. The budget is comprised of \$69,402,061 in Local funds, \$5,000,000 in Federal Payments, \$132,716,533 in Federal Grant funds, \$12,328,196 in Special Purpose Revenue funds, and \$45,535,881 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DOH's FY 2014 CSFL budget is \$89,056,577, which represents a \$677,989, or 0.8 percent, increase over the FY 2013 approved Local funds budget of \$88,378,588.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for DOH included an adjustment entry that is not described in detail on table 5. This adjustment was made for a increases of \$120,711 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth and \$784,904 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent; and a decrease of \$227,626 in nonpersonal services to account for the Fixed Cost Inflation factor, based on estimates provided by the Department of General Services (DGS). During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Increase: The proposed budget includes increases in Local funds of \$1,410,237 and 12.2 FTEs to support step increases, projected Fringe Benefits costs, and additional personnel. Federal Payments reflects an adjustment of \$261,530 to align with the FY 2014 President's Budget. Federal Grant funds reflect increases of \$7,175,462 in Subsidies and Transfers, \$5,043,451 in Contractual Services, \$1,172,550 in Fixed Costs to support increases in the Agency Management program, and \$123,647 in Equipment and Equipment Rental. The Special Purpose Revenue (SPR) funds budget includes increases of \$456,437 and 0.3 FTE to align the budget with the revenue projection from the Board of Medicine and \$98,111 in the Center for Policy, Planning and Evaluation division to align the budget with revenue projections for the State Health Planning and Development Agency (SHPDA) Admission Fees fund. Intra-District funds include increases of \$18,663,425 from the Department of Health Care Finance (DHCF) to purchase pharmaceuticals for Medicaid and \$366,638 to support additional nonpersonal services, primarily for the Pharmaceutical Bureau division.

Decrease: The proposed budget includes reductions in Local funds of \$1,354,793 to align the budget with projected Fixed Costs estimates and \$55,444 from nonpersonal services to support personal services increases. In anticipation of the impending federal sequestration, Federal Grant funds were reduced by \$1,053,481 and 23.2 FTEs, the net effect to personal services due to a reduction in staff. Additionally, Federal Grant funds include decreases of \$735,554 in Contractual Services – Other and \$438,119 in Supplies and Materials. Private Grant funds include a reduction of \$310,726 and 2.5 FTEs in the HIV/AIDS, Hepatitis, Tuberculosis Administration division due to lack of funding for the Fred Hutchinson Cancer Grant in FY 2014. Special Purpose Revenue (SPR) includes decreases of \$3,274 and 3.0 FTEs to align the budget with revenue projections for the Pharmacy fund, \$520 for the Emergency Medical Services Fees fund, and \$247 for the Radiation Protection fund. Intra-District funds were reduced to align the budget for several Memoranda of Understanding (MOU) including \$750,000 with the Department of Corrections (DOC) to purchase pharmaceuticals for inmates, \$145,320 with DHCF for janitorial services, and \$111,151 and 1.0 FTE for the Refugee Program MOU with the Department of Human Services (DHS). The Health Care Regulation and Licensing Administration division has two MOUs that will not continue in FY 2014 due to services no longer needed, one for \$71,268 with DGS for the Rodent Abatement program, and one for \$21,268 with the Office of the State Superintendent of Education (OSSE) for the Summer Meals program. Lastly, a reduction of \$198 and 0.8 FTE was made to align the budget for the DHCF MOU, in support of programs that have helped with the decline of infant mortality rates, specifically, the DC Linkage and Tracking Program within DOH.

Mayor's Proposed Budget

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in both Local and non-Local funds. This adjustment includes \$1,240,070 in Federal Grant funds and \$284,458 in Special Purpose Revenue funds, and Intra-District funds may be impacted. For more information about the Local funds portion of the COLA, please see the Workforce Investments chapter contained Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

Increase: The proposed budget includes increases to Local funds of \$2,250,000 to support the partnership with the District of Columbia Public Schools (DCPS) to sustain operations for four school-based health centers (SBHC) throughout the District; \$800,000 to fund 7.0 new FTEs and various fixed costs in the Food Safety and Hygiene Inspection Services Division (FSHISD) within DOH's Health Regulation and Licensing Administration (HRLA) division; and \$675,000 to fund food delivery services for homebound or shelter-bound District residents with cancer, diabetes, hypertension, cardiovascular, and other chronic diseases.

Decrease: Federal Grant funds were reduced by \$956,879 and Special Purpose Revenue funds were reduced by \$50,461 to partially offset the proposed cost-of-living adjustment. The remaining balances will be offset by additional budget authority in the respective fund, at the beginning of FY 2014. Intra-District funds were reduced by \$215,400 due to a revision in the MOU with the Department of Human Services.

Transfer Out: The proposed budget includes the transfer of the Addiction Prevention Recovery Administration (APRA) division, currently within DOH, to the newly established Department of Behavioral Health (DBH). The cumulative total of the transfer is \$39,430,865 and 75.0 FTEs, which is comprised of \$24,235,299 and 26.0 FTEs in Local funds, \$14,910,966 and 49.0 FTEs in Federal Grants, and \$284,600 in Intra-District funds.

Technical Adjustment: The proposed budget includes an increase to Local funds of \$935,386 to fund the increased cost of the animal shelter contract within HRLA.

District's Proposed Budget

Increase: The proposed Local funds budget includes several increases and reallocations that will fund various programs and services, affecting three divisions within DOH. Local funds reflect increases in the amounts of \$100,000 to finance the Farmer's Market Incentive program, a one-time increase of \$52,000 to support the School Pantry Pilot program, and a \$50,000 increase in the Health Care Regulation and Licensing Administration (HCRLA) division to support rehabilitative wildlife services.

Decrease: The Local funds budget includes a reduction of \$781,604 to reflect a one-time adjustment of personal services savings in FY 2014, based on projected salary lapse savings.

Transfer In: The budget includes a one-time Local funds transfer from the Department of Health Care Finance (DHCF) in the amount of \$500,000 for the Community Health Administration division (CHA), to support chronic illness prevention across the District.

Shift: The budget includes the reallocation of \$750,000 within CHA to reflect one-time funding for the following services: \$350,000 to support chronic illness prevention, \$300,000 to support healthy development and teen pregnancy programs in public and charter schools, and \$100,000 to supplement the farmer's market incentive program.

Additionally, the budget for CHA reflects a shift of \$250,000 in one-time funding as follows: \$200,000 to HCRLA to support rehabilitative wildlife services and \$50,000 to the HIV/AIDS, Hepatitis, STD, and TB Administration (HAHSTA) division, which supports preventive measures in mother-to-child (vertical) HIV transmission.

Performance Plan Endnotes:

¹ <http://mayor.dc.gov/page/one-city-action-plan>

² This measure is based upon the industry standard. CDC requires that each state participating in the BRFSS to have a sample size of no less than 4,000.

³ Participation numbers include those served by CHA and its partners - UDC and Capital Area Food Bank. In 2011, funding was cut from \$2.5 million to \$1.5 million, and USDA ceased providing the 50 percent cash match for nutrition education provided. The One City Action Plan called for a baseline of 25,000 with a 3 percent growth.

⁴ This measure is based upon the industry standard. The U.S. Department of Health and Human Services established through Healthy People 2020 that 95 percent of children enrolled in kindergarten should have their required shots. Data indicates that this 95 percent is achieved nationally. For adolescents, the target drops to 80 percent as data indicates that only about 45 percent of adolescents received required vaccinations.

⁵ The measure on NIMS training is being used as an industry benchmark. In January of 2012, the U.S. Department of Health and Human Services (DHHS) Office of the Assistant Secretary for Preparedness and Response released the Healthcare Preparedness Capabilities. It is an industry standard that staff be trained on NIMS.

⁶ The FY 2011 and FY 2012 data for this measure is not available. FY 2013 marks the first time that data is being reported for this measure.

Division Description

The Department of Parks and Recreation operates through the following 7 divisions:

Office of the Director – provides vision and guidance to senior managers to achieve the agency’s mission and goals.

This division contains the following 3 activities:

- **Director’s Office** – provides vision for, and support to, the department in order to guide senior managers in a direction most advantageous to the government and residents of the District of Columbia;
- **Community Relations** – fosters support for DPR through donations, sponsorships, and innovative public private partnerships to enhance programs and activities; and
- **Data and Accountability** – collects and reports data on agency functions, such as program participation, work orders request and completion, and facility usage, to inform decision making.

Programs Division – plans and collaborates with community groups, non-profit organizations, and volunteers to provide programming and other services at DPR facilities.

This division contains the following 12 activities:

- **Recreation Programs** – Community Recreation – provides personnel, supplies and equipment for unstructured leisure activities;
- **Aquatics Programs** – provides swimming instruction, fitness and competitive opportunities to District residents and visitors;
- **Aquatics Operations** – provides personnel, programs, and equipment to ensure the safety of District residents and visitors at DPR aquatic facilities;
- **Sports, Health and Fitness Programs** – provides structured and self-directed recreational sports, health, and fitness programs to District residents and visitors;
- **Seasonal Camps** – provides direct services to thousands of youth during the nine weeks of the summer break to include a wide range of access to pools, trails, and courts, as well as supervised activities at recreation centers;
- **Early Childhood Programs** – provides daily services to District children aged 3 to 5 years old at locations throughout the city and engages children in various developmentally appropriate activities;
- **Middle Childhood Programs** – provides specialized programming to District youth ages 6 -12;
- **Teen Programs** – provides specialized programming and outreach to District youth aged 9 to 21 years by providing opportunities in education and community services, and manages the summer youth employment program in partnership with the Department of Employment Services;
- **Adult Programs** – provides specialized programming to adults ages 19-50;
- **Senior Services Program** – provides recreational, seasonal, social, educational, health promotion, and transportation services to District residents and visitors aged 50 years old or older;
- **Therapeutic Recreation** – provides comprehensive rehabilitative services to persons of all abilities, particularly to persons with disabilities; and
- **Ward Management/Community Recreation (Wards 1-8)** – manages the programming of recreational facilities and provides leadership and supervision of site staff in all wards.

Partnerships and Development – Provides support to increase external financial and partner support of DPR’s goals and objectives and to decrease reliance on the District’s General Fund through the solicitation and management of grants, donations, partnerships, sponsorships, and volunteer resources.

This division contains the following 3 activities:

- **Partnership and Volunteers** – recruits, manages and supports volunteer activities and develops outside partnerships to provide programming at DPR facilities and sustain the overall mission of DPR;

- **Donations and Grants** – solicits, facilitates, tracks and writes donation and grant agreements that support DPR’s goal of increasing its fiscal sustainability; and
- **Business Development** – works to develop new non-local fund revenue sources that support DPR’s programs and initiatives.

Park Policy and Programs Division – manages the programming of all small parks and community garden properties and provides leadership in the agency’s policies and sustainability efforts across the District.

This division contains the following 3 activities:

- **Small Park Programs** – manages the programming for small parks and provides leadership in the agency’s policy efforts focused on small parks;
- **Sustainability Programs** – incorporates environmental stewardship priorities in both agency programs and internal operations and promotes educational and experiential opportunities to broaden citizens’ environmental awareness; and
- **Community Gardens** – provides programming and outreach for community gardens across the District and provides leadership in the agency’s gardening policies.

Operations Division – oversees the maintenance of over 900 acres of parkland and 68 facilities across the District of Columbia, including recreation and community centers, pools, playgrounds, athletic fields, and play courts. These resources are managed and operated to support recreational programs and activities and to provide open recreational spaces for customers.

This division contains the following 5 activities:

- **Park Monitors** – secures and promotes safe and sound settings for park visitors;
- **Permit Services** – allocates use permits for ball fields, parks, picnic areas, and other facilities operated and maintained by DPR;
- **Food and Nutritional Services** – provides nutritious meals and nutritional supplements to eligible children and families in the District of Columbia enrolled in recreational programming in outside school hours care centers;
- **Planning and Capital Projects** – provides planning and park development services to the District community, internal and external to DPR; and
- **Support Services** – provides tools, equipment, and installation to successfully support events throughout the community.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to and on behalf of District agencies so that the financial integrity of the District of Columbia is maintained.

Division Structure Change

The Department of Parks and Recreation added a new division and/or consolidated some divisions and/or activities. The proposed division structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2014 Proposed Budget Changes

The Department of Parks and Recreation's (DPR) proposed FY 2014 gross budget is \$39,325,394, which represents a 3.1 percent increase over its FY 2013 approved gross budget of \$38,141,227. The budget is comprised of \$34,850,259 in Local funds, \$2,200,000 in Special Purpose Revenue funds, and \$2,275,135 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DPR's FY 2014 CSFL budget is \$34,391,413 which represents a \$324,023, or 1.0 percent, increase over the FY 2013 approved Local funds budget of \$34,067,390.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for DPR included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$260,616 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth, and \$63,407 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments."

Agency Budget Submission

Increase: In Local funds, DPR's budget proposal includes a net increase of \$230,933 in Other Services and Charges, Contractual Services, and Supplies and Materials to support programmatic needs, particularly in the Programs Division. In Special Purpose Revenue funds, the agency proposes an increase of \$401,298 to align the budget with projected revenues. The additional funding supports miscellaneous items primarily in Other Services and Charges. DPR also shifted its Intra-District funds budget proposal for nonpersonal services, from personal services, by \$15,441 to properly align funding for the execution of the agency's Memorandum of Understanding (MOU) agreement with Office of the State Superintendent of Education.

Decrease: In Local funds, DPR proposes reductions of \$217,694 and 1.8 FTEs to align the personal services budget with the agency's needs and \$13,238 for Equipment and Equipment Rental. A proposed reduction of \$15,441 in personal services in the Intra-District funds budget reallocates funds to nonpersonal services.

Mayor's Proposed Budget

Enhance: DPR's Local funds budget increased by \$569,195 and 37.0 FTEs funds to provide adequate staffing in their Programs Division for four new recreational facilities and three pools. DPR also received Local funds of \$151,974 and 3.0 FTEs for 32 playgrounds.

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in Local funds, which may also impact Intra-District funds. This adjustment will be applied centrally from the Workforce Investments account. For more information about the COLA allocation for this agency, please see the Workforce Investments chapter contained in Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

The mission of the District of Columbia Office on Aging (DCOA) is to advocate, plan, implement, and monitor programs in health, education, employment, and social services which promote longevity, independence, dignity, and choice for our senior citizens.

Summary of Services

The District of Columbia Office on Aging is the State and Area Agency on Aging for individuals 60 years of age and older. DCOA oversees an Aging Services Network of more than 20 community-based education, government, and private organizations, which operates more than 30 programs citywide; there are seven Lead Agencies that offer a broad range of legal, nutrition, social, and health services. Additionally, DCOA operates the Aging and Disability Resources Center (ADRC), a one-stop resource for long-term care information, benefits and assistance for residents age 60 and older and persons with disabilities age 18 and older; the information and referral system; and the Older Worker Employment and Training program, which provides training and job placement opportunities for older persons.

Program Description

The District of Columbia Office on Aging operates through the following 4 programs:

Consumer Information, Assistance and Outreach – provides information and assistance, special events, training, education, and employment services for District residents and caregivers so that they can be better informed about aging issues and maintain their independence.

This program contains the following 4 activities:

- **Employment Services** – provides job counseling and placement opportunities for District residents age 55 or older so that they can gain and maintain employment;
- **Special Events** – provides socialization, information, and recognition services for District residents age 60 or older to increase awareness of services provided, expand their social network, and project a positive image of aging;
- **Training and Education** – provides consumer training for seniors and professional training for service providers and the general public to enhance their knowledge and increase their skills regarding policies and procedures affecting elderly programs and services; and
- **Advocacy Activity/Elder Rights** – supports elder rights protection and adult protective service activities that concur with relevant state laws, provide public education regarding elder abuse, and assist in resolving complaints between residents/families and nursing homes and other community residential facilities for seniors.

In-Home and Continuing Care – provides homemaker assistance, day care, nutrition, case management services, and caregiver support to allow older residents to age in place, in their own home.

This program contains the following 2 activities:

- **In-Home and Day Care Services** – provides homemaker assistance, day care, nutrition and case management services for frail District residents 60 years of age and older; and
- **Caregivers Support** – provides caregiver education and training, respite, stipends, and transportation services to eligible caregivers.

Community-Based Support – provides residential facilities, elder rights assistance, health promotion, wellness, counseling, legal services, transportation, and recreation activities for District residents who are 60 years of age or older so that they can live independently in the community and minimize institutionalization.

This program contains the following 4 activities:

- **Health Promotion and Wellness** – provides physical fitness, health screening, and wellness information for District residents age 60 or older to increase their health awareness and to adopt healthier behaviors;
- **Community Services** – provides congregate and home delivered meals, transportation, recreation, counseling, volunteer activities, and legal services;
- **Supportive Residential Facilities** – provides emergency shelter, supportive housing, advocacy, and aging-in-place programs; and
- **Advocacy/Elder Rights** – supports elder rights protection and adult protective service activities that concur with relevant state laws, provides public education regarding elder abuse, and assists in resolving complaints between residents/families and nursing homes and other community residential facilities for seniors.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The District of Columbia Office on Aging has no program structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

The District of Columbia Office on Aging's (DCOA) proposed FY 2014 gross budget is \$33,458,613, which represents a 31.0 percent increase over its FY 2013 approved gross budget of \$25,544,336. The budget is comprised of \$23,956,561 in Local funds, \$7,355,559 in Federal Grant funds, and \$2,146,494 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DCOA's FY 2014 CSFL budget is \$16,698,090, which represents a \$78,368, or 0.5 percent, increase over its FY 2013 approved Local funds budget of \$16,619,722.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for DCOA included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$14,932 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth, and \$63,436 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Increase: In Local funds, DCOA increased its nonpersonal services budget by \$124,106 to more accurately align the budget with programmatic needs. In Federal Grant funds, DCOA increased its personal services budget by \$48,861 to cover step increases and additional Fringe Benefits. In Intra-District funds, the agency increased its Contractual Services by \$633,054 due to additional services being provided under the Aging and Disability Resources Center (ADRC) project.

Decrease: In Local funds, DCOA decreased its personal services budget by \$23,463 as an offset to the increase in nonpersonal services. In Intra-District funds, Subsidies and Transfers were decreased by \$205,119, due to one project not funded in FY 2014.

Shift: DCOA moved \$100,643 and 2.0 vacant FTEs from its Local funds to its Intra-District funds to support the Nursing Home Quality of Care program.

Mayor's Proposed Budget

Enhance: The Local funds budget includes an enhancement of \$2,701,183, which consists of \$1,805,822 to support the Food Service and Meal programs and \$895,361 for vehicle insurance coverage.

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in both Local and non-Local funds. This adjustment includes \$29,530 in Federal Grant funds. For more information about the Local funds portion of the COLA, please see the Workforce Investments chapter contained in Volume 3.

Increase: The agency received additional Local funding in the amount of \$1,104,388 and 12.0 FTEs, of which \$880,446 and 10.0 FTEs will be used to create a transition support team that will expand DCOA's services to the

District residents in residential nursing facilities. The remaining funds will support the salaries and Fringe Benefits of 2.0 additional FTEs, an Age-Friendly Coordinator and a Facilities Manager, at \$109,040 and \$114,902, respectively.

Decrease: The agency decreased nonpersonal services in Federal Grants funds by \$29,530 to offset the cost-of-living adjustment.

District's Proposed Budget

Increase: DCOA's FY 2014 proposed Local budget includes a one-time increase of \$1,900,000 in Contractual Services to provide meals to 1,300 home-bound seniors and a personal services increase of \$987,000 and 12.0 FTEs, to support the hiring of social workers at each lead agency. In addition, nonpersonal services will increase by \$396,000 to support social workers serving an additional 2,000 seniors with pressing needs, and \$250,000 in one-time funding to provide grants for senior services.

Decrease: The Local budget includes a reduction of \$81,000 to reflect a one-time adjustment of personal services costs in FY 2014 based on projected salary lapse savings.

Subsequent Events

Note: The Fiscal Year 2014 Budget Request Act of 2013 provides the District with the authority to appropriate up to \$50 million if the Chief Financial Officer (CFO) certifies additional revenues in the June 2013 revenue estimates. On June 24, 2013, the CFO certified \$92.3 million in additional revenue for FY 2014. The Mayor and the Council have agreed to appropriate \$2.0 million of this additional revenue to DCOA for additional services to seniors through the Senior Service Network. The amended proposed gross funds budget for DCOA is \$35,458,613. This additional funding is not in table 5 nor in the Budget Request Act figure for this agency, but it will be part of the agency's approved budget pending Congressional approval.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2014:

Objective 1: To advocate and support legislation that would improve housing, safety, and financial security for seniors living in the District of Columbia.

Objective 2: To enhance and expand programs and services offered by the DCOA's Aging Disability Resource Center and Aging Services Network Providers (One City Action Plan Action 3.3.2).¹

Objective 3: To increase active customer participation in the decision-making process of home and community-based services.

Objective 4: To explore and launch new senior programs and services and expand current programs and services to continue to provide community resources.

Objective 5: To improve financial sustainability of services to seniors and persons with disabilities.

Objective 6: To foster relationships with local employers in an effort to increase employment opportunities for seniors.

Objective 7: To develop and implement a comprehensive "One Stop Shop" Human Resources Division that provides an integrated human resource products and services perspective.

FY 2014 Proposed Budget Changes

The Unemployment Compensation Fund's (UCF) proposed FY 2014 gross budget is \$6,887,000, which represents a 5.8 percent increase over its FY 2013 approved gross budget of \$6,512,000. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 4 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

UCF's FY 2014 CSFL budget is \$14,833,333, which represents a \$8,321,333, or 127.8 percent, increase over the FY 2013 approved Local funds budget of \$6,512,000.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for UCF included an adjustment entry that is not described in detail on table 4. This adjustment was made for an increase of \$8,321,333 in nonpersonal services, to account for projected increases in unemployment claims. During the development of the CSFL, some adjustments such as this were categorized as "other adjustments".

Mayor's Proposed Budget

Decrease: With a projected reduction in the number of former District employees claiming benefits in FY 2014, and a decrease in the average duration of unemployment, a cost savings of \$7,946,333 is expected.

District's Proposed Budget

The Unemployment Compensation Fund has no changes from the FY 2014 Mayor's proposed budget to the FY 2014 District's proposed budget.

Program Description

The Employees' Compensation Fund operates through the following program:

Employees' Disability Fund – is established by the District of Columbia Merit Personnel Act (D.C. Law 2-139, as amended). Payments are made to District employees, with eligible and verified claims, as compensation for lost wages and for medical services related to workplace injuries, and services such as vocational rehabilitation. In FY 2004, the administration of the Fund, was transferred to the D.C. Office of Risk Management.

Program Structure Change

The Employees' Compensation Fund has no program structure changes in the FY 2014 proposed budget. This fund was previously named the Disability Compensation Fund.

The mission of the D.C. Office of Human Rights (OHR) is to eradicate discrimination, increase equal opportunity, and protect human rights in the city.

Summary of Services

The D.C. OHR investigates and resolves complaints of discrimination in employment, housing, places of public accommodation, and educational institutions, pursuant to the D.C. Human Rights Act of 1977 and other numerous local and federal laws. OHR also prevents discrimination by providing training and educating District government employees, private employers, workers, and the community at-large of their rights and responsibilities under the law. OHR monitors compliance with the Language Access Act of 2004 and investigates allegations of non-compliance with this Act by District government agencies. The agency also investigates complaints and conditions causing community tension and conflict that can lead to breaches of the peace. The Commission on Human Rights is the adjudicatory body that decides private sector cases after OHR has found “probable cause” of discrimination.

The agency’s FY 2014 proposed budget is presented in the following tables:

Program Description

The Office of Human Rights operates through the following 3 programs:

Equal Justice – provides education and awareness and investigates, adjudicates, and provides compliance services to people who live, work, and/or conduct business in the District of Columbia so that they are informed of, and may have timely resolution of, discrimination complaints.

This program contains the following 7 activities:

- **Intake** – provides intake, referral, and counseling services to complainants who live, work, and/or conduct business in the District of Columbia so that they may have timely and quality assessments of their complaints;
- **Mediation** – provides mediation services to complainants and respondents in an attempt to resolve potentially unlawful discriminatory practices and avoid costly and timely investigations and litigation;
- **Investigations** – conducts full investigations whenever prima facie evidence has been established for each complaint brought to the Office of Human Rights. This applies to cases in employment, public accommodations, educational institutions, and language access;
- **Fair Housing** – investigates complaints and provides outreach and education to people who live, work, or conduct business in the District on matters relating to alleged violations of federal and local fair housing laws;
- **Research and Compliance** – conducts compliance reviews of, provides training on, and performs research related to human rights law as well as mandates issued by the Equal Employment Opportunity Commission and the U.S. Department of Housing and Urban Development;
- **Public Education** – provides awareness, education, training, and public information to ensure a workforce environment free of discrimination in the District; and
- **Language Access Oversight** – provides information, education, monitoring, and enforcement services pertaining to the D.C. Language Access Act and its implementation and applicability.

Commission on Human Rights – provides adjudication services through an administrative, trial-type hearing conducted before a hearing examiner or a panel of commissioners. The Commission rules and can issue injunctive relief and award damages (if discrimination is found) to people who live, work, or conduct business in the District of Columbia.

Office of Human Rights (Agency Management) – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting

Program Structure Change

The Office of Human Rights has no program structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

The District of Columbia Office of Human Rights' (OHR) proposed FY 2014 gross budget is \$2,901,549, which represents a 19.1 percent increase over its FY 2013 approved gross budget of \$2,436,495. The budget is comprised of \$2,594,630 in Local funds and \$306,919 in Federal Grant funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OHR's FY 2014 CSFL budget is \$2,212,701, which represents a \$19,944, or 0.9 percent, increase over its FY 2013 approved Local funds budget of \$2,192,757.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for OHR included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$16,538 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth, and \$3,406 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Increase: In Local funds, OHR increased its personal services budget by \$80,411 to cover step increases, additional Fringe Benefits, and personnel costs for 0.6 additional FTEs. In Federal Grant funds, the agency increased personal services by \$40,773 and 0.4 FTEs, and nonpersonal services by \$22,409. The increase in Equal Justice grants is due to projected reimbursements that the agency will receive based on the number of cases processed each year.

Decrease: In Local funds, OHR decreased its nonpersonal services budget by \$80,411 as an offset to the increases in personal services.

Mayor's Proposed Budget

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in both Local and non-Local funds. This adjustment includes \$7,380 in Federal Grant funds. For more information about the Local funds portion of the COLA, please see the Workforce Investments chapter contained in Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

Increase: The Local funds budget has been adjusted to reflect an increase of \$176,508 and 2.0 FTEs to support the Youth Bullying Prevention Act of 2012 and to promote research related to human rights law.

Decrease: Federal Grant funds were reduced by \$7,380 to offset the proposed cost-of-living adjustment.

District's Proposed Budget

Increase: OHR's Local budget was increased by \$127,923 in nonpersonal services, primarily Contractual Services, to support the Youth Bullying Prevention Act of 2012 and the Unemployed Anti-Discrimination Act, and by \$77,498 and 1.0 FTE in personal services to support the hiring of an Office Mediator.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2014:

Objective 1: Improve the effectiveness of the agency's enforcement and functions by shortening response times and strengthening quality controls for all internal programs, including investigations, mediations, and Language Access compliance.

Objective 2: Prevent discrimination by promoting awareness of, and compliance with, local and federal antidiscrimination laws through increased outreach and awareness activities, including drafting the District-wide Anti-Bullying Policy (One City Action 3.1.5).

Objective 3: Ensure most effective operational administration through establishing targeted throughput measures for optimal efficiency.

Program Description

The Office on Latino Affairs operates through the following 4 programs:

Community-Based Grants – provides technical assistance and grants management support including grant selection, award funding, and monitoring services to District Latino-serving non-profit organizations so that they can provide linguistically and culturally appropriate services to the limited English proficient Latino population of the District.

Advocacy and Language Access – provides consultation, collaboration, and problem-solving services to the Mayor, District government agencies, community groups, and other entities in an effort to enhance the provision of linguistically and culturally appropriate services to the Latino community as well as comply with the 2004 Language Access Act.

Community Relations and Outreach – provides partnership and outreach services to District Latino residents in an effort to increase their knowledge and access to vital programs and services available to them.

This program contains the following 2 activities:

- **Community Information Exchange** – provides information dissemination and educational services to District Latino residents so that they can better access vital services provided by the District government and the non-profit sector; and
- **Community Partnerships** – provides information gathering services to District Latino residents so that OLA and District government agencies can better design and support systems to serve the Latino community.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office on Latino Affairs has no program structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

The Office on Latino Affairs' (OLA) proposed FY 2014 gross budget is \$2,894,665, which represents a 0.3 percent increase over its FY 2013 approved gross budget of \$2,884,852. The budget is comprised of \$2,694,665 in Local funds and \$200,000 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OLA's FY 2014 CSFL budget is \$2,694,665, which represents a \$9,813, or 0.4 percent, increase over the FY 2013 approved Local funds budget of \$2,684,852.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for OLA included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$6,849 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth, and \$2,964 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Increase: The FY 2014 Local budget reflects an increase of \$20,414 for personal services, which includes staff realignment, and a \$5,483 increase in projected Fringe Benefits costs.

Decrease: OLA's Local funds budget includes a reduction of \$25,897 in nonpersonal services, primarily in Subsidies and Transfers, to offset the increase in personal services.

Mayor's Proposed Budget

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in Local funds, which will be applied centrally from the Workforce Investments account. For more information about the COLA, please see the Workforce Investments chapter contained in Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

District's Proposed Budget

The Office on Latino Affairs has no changes from the FY 2014 Mayor's proposed budget to the FY 2014 District's proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2014:

Objective 1: Improve Latino-serving non-profit organizations' institutional knowledge, skills, and service program quality for services offered to DC Latinos.

Objective 2: Facilitate greater access to economic development resources among DC Latino-owned businesses.

Objective 3: Assist Latinos in acquiring workforce skills that help them succeed in and foster the growth of the new economy in the District.

Objective 4: Improve the quality of life among Latinos.

Operating Budget	\$3,988,961	\$3,000,000	\$3,000,000	0.0

The mission of the Children and Youth Investment Collaborative is to provide funds to the D.C. Children and Youth Investment Trust Corporation (CYITC), a not-for-profit organization that disburses grants to community-based providers, with the purpose of creating a seamless approach to the development of policy, planning, and services for children, youth, and their families.

The Children and Youth Investment Collaborative, administered by CYITC, was established in 1999 as part of the District's FY 2000 budget. The CYITC was created as a public/private partnership to receive and leverage funding designated under the Children and Youth Initiative Establishment Act of 1999. Its board of directors, made up of seven members appointed by the Mayor and District Council and four advisory members from the District government, governs the corporation. The CYITC does not provide direct services to families; however, it grants funds and provides technical assistance to nonprofit organizations that provide direct services to families and thereby increases the quality and availability of services in areas of greatest need.

The CYITC plans to fulfill its mission by increasing the effectiveness of children and youth programs and working to ensure high quality programs and services for every child in the District.

Program Description

The District's subsidy to the CYITC is shown as a single program in the District's financial system. The CYITC's goals are funded through the following grant competitions:

- **Out-of-School Time/Youth Development Programs** – provides services, supports, and opportunities to children and youths during out-of-school hours, promoting academic achievement and positive youth outcomes, which can reduce negative behavior that correlates with unsupervised, unstructured time outside of school;
- **Older Youth Programs** – support youths between the ages of 14 and 24 years old, both those enrolled in school and those no longer connected to school, in the areas of academic support, college-going culture, job readiness, and community service;
- **Parent Center Programs** – provide support services to parents of young and adolescent children with parenting skills that help ensure their children are ready for and succeeding in school; and
- **Summer Programs** – provide enriching opportunities to ensure that children and youths aged 5 to 24 years old are safe and have opportunities to enhance their learning over the summer months. These funds include providing alternative services during late night hours.

The CYITC has two major funding cycles: one for school-year youth-serving programs and year-round parent center programs, and one for summer youth-serving programs.

The mission of the Office on Asian and Pacific Islander Affairs (OAPIA) is to improve the quality of life for District Asian Americans and Pacific Islanders (AAPI) through advocacy and engagement.

Summary of Services

OAPIA provides a diverse range of services that are critical to ensuring the District delivers equal access to its programs and services for District AAPI residents and merchants. OAPIA serves as the primary access point for AAPI residents and merchants with language and cultural barriers and also serves as primary liaison to engage AAPI residents to participate in the community as a whole, both economically and socially.

Program Description

The Office on Asian and Pacific Islander Affairs operates through the following 2 programs:

APIA Programs – provides outreach, education, and funding to Asian American and Pacific Islander (AAPI) community members and guidance to District agencies to help ensure equitable access to government services and programs for AAPI community members.

This program contains the following 3 activities:

- **Advocacy** – provides capacity and funding support to community-based organizations providing vital services to the AAPI community;
- **Outreach/Education** – conducts outreach, case assistance, educational workshops, and cultural events for AAPI residents and merchants; and
- **Inter-Agency Coordination** – provides technical assistance and guidance to District agencies on providing appropriate services to Asian and non-English proficient constituents, and monitors the performance of these agencies in providing language access.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office on Asian and Pacific Islander Affairs has no program structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

The Office on Asian and Pacific Islander Affairs' (OAPIA) proposed FY 2014 gross budget is \$785,382, which represents a 0.7 percent increase over its FY 2013 approved gross budget of \$780,168. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OAPIA's FY 2014 CSFL budget is \$785,382, which represents a \$5,214, or 0.7 percent, increase over the FY 2013 approved Local funds budget of \$780,168.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for OAPIA included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$4,843 in personal services, to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth, and \$372 in nonpersonal services, based on the Consumer Price Index factor of 2.4 percent. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Increase: OAPIA's personal services budget increased by \$12,494 to support step increases and corresponding Fringe Benefits in the Agency Management program.

Decrease: An adjustment of \$12,494 in Subsidies and Transfers in APIA Programs was made to offset personal services increases.

Mayor's Proposed Budget

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in Local funds, which will be applied centrally from the Workforce Investments account. For more information about the COLA, please see the Workforce Investments chapter contained in Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2014:

Objective 1: Ensure AAPI community's access to District government services by providing expanded outreach efforts, advocacy, and problem-solving services.

Objective 2: Ensure capacity of District agencies to deliver culturally and linguistically competent services to the AAPI community by providing technical assistance and policy guidance.

Objective 3: Ensure Mayor's One City vision by enhancing connections between diverse communities and encouraging participation by AAPI residents and merchants in the District of Columbia's civic, cultural, and social life.

Performance Plan Endnotes:

¹ Technical assistance includes: Providing information on API community from U.S. Census and assisting in data collection design, providing information on API community through reports, articles and other informational sources, providing information on resources to receive cultural competency training, providing guidance and/or support from OAPIA in recruitment of bilingual personnel and Reviewing of BLAP/Baseline Assessments/Reports.

² Capacity building efforts include: training sessions, consultation sessions, information dissemination, resource sharing, and CBO visit.

³ The Wise Giving Alliance of the Better Business Bureau identifies 65 percent to be an industry standard for this measure <http://www.bbb.org/us/Charity-Standards/>. This metric measures all subgrantees' programmatic costs as a percentage of their overall costs.

⁴ Pursuant to 11.4 of the Grants Manual and Source Book all District agencies must complete monitoring reports. All District agencies should be in compliance with this standard. The standard is 100 percent.

Program Description

The Office of Veterans' Affairs operates through the following 2 programs:

Veterans – provides efficient veteran benefits and claims assistance, effective advocacy and outreach, recognition assistance, and services to District veterans and their families so that they may receive timely veteran benefit assistance and services from the federal Department of Veterans Affairs and other governmental agencies.

This program contains the following 2 activities:

- **Recognition** – ensures District veterans are recognized by the Mayor's office during recognition events. To ensure involvement in recognition programs, the agency actively participates in and supports recognition efforts of veteran and military organizations and non-affiliated organizations. All efforts are targeted to ensure District veterans receive proper respect and recognition for their service to this country; and
- **Outreach** – ensures agency contact with veterans in the District for purposes of recognition, connection to the Department of Veterans Affairs for benefit claims and health services, and connection to District and community services.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

FY 2014 Proposed Budget Changes

The Office of Veterans' Affairs' (OVA) proposed FY 2014 gross budget is \$391,217, which represents a 0.7 percent decrease from its FY 2013 approved budget of \$393,867. The budget is comprised of \$386,217 in Local funds and \$5,000 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OVA's FY 2014 CSFL budget is \$386,217, which represents a \$4,310, or 1.1 percent, increase over the FY 2013 approved Local funds budget of \$381,907.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for OVA included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$3,564 in personal services, to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth, and \$746 in nonpersonal services, based on the Consumer Price Index factor of 2.4 percent. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Increase: OVA's personal services budget includes an increase of \$7,081 to support the cost of step increases and corresponding Fringe Benefits in the Agency Management program.

Decrease: Adjustment of \$7,081 in the Veterans Program to offset personal services increases and a decrease of \$6,960 in Special Purpose Revenue funds to balance with the revenue certification.

Mayor's Purposed Budget

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in Local funds, which will be applied centrally from the Workforce Investments account. The mission of the Department of Youth Rehabilitation Services (DYRS) is to improve public safety and give court-involved youth the opportunity to become more productive citizens by building on the strengths of youth and their families in the least restrictive, most home-like environment consistent with public safety.

Summary of Services

The D.C. Department of Youth Rehabilitation Services is the local juvenile justice agency responsible for providing safe and stable secure residential and community-based programs to court-involved youth. Programming targeting committed youth is designed to expand opportunities to youth so that they can become more productive citizens and to reduce delinquent behavior. In addition, DYRS provides secure detention and effective detention alternative programs to detained youth who are placed under custody of the D.C. Superior Court's Division of Social Services. The program goal for youth in the detention alternatives is to ensure that youth appear for scheduled court hearings without being re-arrested.

Division Description

The Department of Youth Rehabilitation Services operates through the following 5 divisions:

Office of the Director – provides executive leadership, direction, and administration of agency-wide comprehensive services and programs, including development and deployment of resources for agency operations and service delivery; direct reporting from internal integrity, general counsel, communications and inter/intra-governmental affairs to align the district and agency's strategies and achieve DYRS' goals.

This division contains the following 4 activities:

- **Office of the Director** – provides executive leadership, direction, and administration of agency-wide comprehensive services and programs to align the district and agency's strategies and achieve DYRS' goals;
- **Office of the Chief of Staff** – provides senior-level coordination for planning, organizing and developing agency policies, regulations, directives and procedures;
- **Communications and Public Affairs** – manages the agency's communications and public relations activities, including maintaining liaison with the Mayor's Office, District Council, members of the news media, advocates, community groups, and the public, while producing internal and external communications material and overseeing content on the agency website and social media; and
- **Office of Internal Integrity** – takes responsibility for swift and competent internal investigations into allegations and indications of unprofessional and unlawful conduct by employees or contractors of the Department. Convenes and conducts disciplinary hearings at the New Beginnings Youth Development Center and the Youth Services Center for youth who have been administratively charged with major violations of the Comprehensive Disciplinary Code and served a Notice of Disciplinary Hearing.

Strategic Planning and Performance Management – provides supervision and administrative support to risk management, contract compliance, information services, and quality assurance and research functions to assure DYRS goals are met. This division collaborates with national and local officials to develop program strategy and policies, ensures adherence to federal reporting guidelines, and provides strategic leadership to the agency in developing comprehensive short and long-term program plans.

This division contains the following 5 activities:

- **Deputy Director for Strategic Planning and Performance Management** – provides supervision and administrative support to risk management, contract compliance, information services, and quality assurance and research functions to assure DYRS goals are met;
- **Information Management** – provides technical support for the agency's automated information management and web-based operations systems, including information systems technology, systems operations, and data base administration;
- **Risk Management Services** – responsible for the development and implementation of plans to address continuity of operations, risk management, risk assessment, and risk control;
- **Quality Assurance and Research** – oversees and coordinates the assessment, monitoring, review, and evaluation of DYRS compliance with federal and local requirements, consent decrees, court orders, judicial mandates, departmental guidelines, and procedures; and
- **Contract Monitoring and Compliance** – ensures the timely delivery of quality community-based and residential services in safe and therapeutic settings with fiscal integrity.

Youth and Family Programs – provides Community Services for court-ordered youth (including Supervised Independent Living Programs, Extended Family Homes, Residential Treatment Facilities and Therapeutic Foster Care). Provides custodial care, supervision, services, support, and opportunities to youth committed to the care and custody of DYRS and care and custody of youth awaiting court processing who are placed in the secure detention facility (Youth Services Center) or shelter care by the D.C. Superior Court.

This division contains the following 5 activities:

- **Deputy Director for Youth Programs** – provides supervision and administrative support to youth and family empowerment, youth development services, residential programs, and health services administration to assure DYRS goals are met;
- **Youth and Family Empowerment** – ensures delivery of vital community-based support services and programs including DC Youthlink, workforce training, job placement services, educational support, electronic monitoring and community engagement focused on coordinating family outreach programming, parent support groups, parent orientations, and family engagement events;
- **Youth Development Services** – provides individualized case and care planning, management and monitoring for all DYRS youth and families, including Pre-Dispositional Plan Development and Youth Family Team Meeting facilitation services;
- **Residential Programs and Services** – provides management oversight, supervision and administrative support to assure DYRS goals are met as related to detained and committed populations while managing all referrals to contracted residential services and tracks the utilization of contracted programs and services to inform planning and resource allocation. Residential program staff is responsible for providing short-term care in secure custody at the Youth Services Center (YSC) for youth awaiting adjudication, disposition, or transfer to another facility. YSC provides 24-hour custody, care and supervision, and programs to support the basic physical, emotional, religious, educational and social needs for juveniles in secure custody. The New Beginnings Youth Development Center, located in Laurel, Maryland, provides 24-hour supervision, custody and care, including educational, recreational and workforce development services. The facility's six-to-twelve month rehabilitation program, modeled after the acclaimed Missouri approach, serves the most serious and chronic young offenders. The program prepares youth for community reintegration in the least restrictive environment consistent with public safety grounded in the principles of positive youth development and guided peer interaction that promote youth rehabilitation; and
- **Health and Wellness Services** – provides food services, acute care services, immunizations, health and wellness education, behavioral health services, preventative and comprehensive medical services to all DYRS youth in secure care.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

In FY 2014, the agency added three new divisions by consolidating existing divisions from the prior fiscal year. The proposed division structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2014 Proposed Budget Changes

The Department of Youth Rehabilitation Services' (DYRS) proposed FY 2014 gross budget is \$105,276,450, which represents a 1.4 percent decrease from its FY 2013 approved gross budget of \$106,727,989. The budget is comprised of \$104,890,300 in Local funds and \$386,150 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DYRS' FY 2014 CSFL budget is \$106,743,625, which represents a \$359,636, or 0.3 percent, increase over the FY 2013 approved Local funds budget of \$106,383,989.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for DYRS included the removal of a total of \$132,000 in one-time funding. This amount is comprised of \$52,000 that was used to introduce cost-effective alternatives and reduce the length of stay at Residential Treatment Centers, and \$80,000 to hire a contractor to conduct a one-time study on ways to improve the coordination of case management and alcohol and drug abuse services to DYRS committed youth in FY 2013.

The FY 2014 CSFL calculated for DYRS included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$356,038 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth, and \$135,599 in nonpersonal services, based on the Consumer Price Index factor of 2.4 percent. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Increase: The DYRS budget proposal in Local funds includes an increase of \$989,352 for adjustments to professional service fees and contracts, maintenance, and repairs. The budget proposal includes an increase of \$354,973 in Local funds for projected salary steps and Fringe Benefit costs. The budget proposal also includes increases of \$322,980 and \$137,544 in Local funds for Equipment and Equipment Rental and Supplies and Materials, respectively. There is an increase of \$42,150 in the budget proposal for Intra-District funds, reflecting the net effect of reallocation of funds from the Committed Youth Services and Detained Youth Services to the Youth and Family Programs.

Decrease: To right-size overtime, the DYRS budget proposal included a reduction in Overtime Pay of \$700,000 in Local funds. The agency also proposes reductions in Local funds of \$670,234 and \$434,626 in Subsidies and Transfers and Contractual Services for IT services, respectively, to provide funding in support of the Youth and Family Programs.

Mayor's Proposed Budget

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in Local funds, which may also impact Intra-District funds. This adjustment will be applied centrally from the Workforce Investments account. For more information about the COLA, please see the Workforce Investments chapter contained in Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

Decrease: The DYRS Local budget was reduced by \$1,853,325 and 25.0 FTEs as a result of savings from the streamlining of the agency operations and shifting resources to other initiatives.

District's Proposed Budget

The Department of Youth Rehabilitation Services has no changes from the FY 2014 Mayor's proposed budget to the FY 2014 District's proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2014:

Committed Services Division

Objective 1: Provide proven community-based programs, services, supports and opportunities that help young people turn their lives around, achieve and flourish.

Objective 2: Operate secure facilities that are safe, humane, and address youths' needs by building on their strengths.

Objective 3: Provide services, supports, and opportunities to young people that will reduce their delinquent behavior and promote public safety.

The mission of the Department on Disability Services (DDS) is to provide innovative, high-quality services that enable people with disabilities to lead meaningful and productive lives as vital members of their families, schools, workplaces, and communities in every neighborhood in the District of Columbia.

Summary of Services

The Department on Disability Services (DDS) is composed of two Administrations that oversee and coordinate services for residents with disabilities through a network of private and not-for-profit providers. The Developmental Disabilities Administration (DDA) ensures that residents with intellectual disabilities receive the services and supports they need to lead self-determined and valued lives in the community. DDA achieves this through the delivery of outreach and service coordination services; the development and management of a provider network delivering community residential, day, vocational, employment and individual and family support services; and the operation of a comprehensive quality management program.

The Rehabilitation Services Administration (RSA) delivers vocational rehabilitation services focusing on employment and training activities that allow persons with disabilities to experience a greater quality of life by obtaining and sustaining employment, economic self-sufficiency and independence. RSA provides employment marketing and placement services, vocational rehabilitation, inclusive business enterprises and supports for the D.C. Center for Independent Living. The Department on Disability Services also serves as the state agency for Social Security Disability Insurance Determinations under the direction of the Social Security Administration.

Division Description

The Department on Disability Services (DDS) operates through the following 4 divisions:

Developmental Disabilities Administration (DDA) – provides individualized services, supports and life planning to individuals with intellectual and developmental disabilities so that they may lead self-determined and valued lives in the community.

This division contains the following 3 activities:

- **DDA Service Planning and Coordination** – provides services to qualified individuals by coordinating available resources and opportunities in the community, assisting with the development of Individualized Service Plans (ISPs), and advocating for quality services to promote healthy lifestyles for each individual, oversees the intake of all new applicants, and clinical technical assistance to improve healthcare delivery;
- **Quality Assurance** – examines and improves internal and external service delivery systems by conducting external provider reviews to ensure performance that standards, federal and local regulations, quality frameworks issued by the Centers for Medicare and Medicaid Services, national best practices, and court mandates are met. Quality Assurance also includes functional responsibility for incident management and enforcement; and
- **DDA Consumer Resources and Operations** – provides the administrative management of all providers of individuals supported by DDA; and the management of the Home and Community Based Waiver, including technical assistance, service authorization, and management of consumer funds and coordination of activities carried out in D.C. Superior Court.

Rehabilitation Services Administration (RSA) – assists persons with physical, cognitive, and emotional disabilities to achieve a greater quality of life by obtaining and sustaining employment, economic self-sufficiency, and independence.

This division contains the following 5 activities:

- **RSA Vocational Rehabilitation Services** – assesses, plans, develops and provides vocational rehabilitation services to individuals with disabilities to enable them to prepare and engage in gainful and competitive employment;
- **RSA Blind and Visual Impairment Services** – assists blind and visually impaired District residents obtain information they need to make informed choices by providing services that increase their opportunities;
- **RSA Disability Determination Division (DDD)** – administers Social Security Disability Insurance and Supplemental Security Income eligibility determinations in conjunction with the federal Social Security Administration;
- **Quality Assurance** – provides monitoring and compliance reviews of internal and external operations and agencies, ensuring that RSA customers receive quality services that meet local and federal regulations; and
- **RSA Operations** – manages the human care provider network that serves RSA clients and the business relations unit charged with developing relationships and opportunities with local employers.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting. In FY 2013 the State Office of Disability Administration (SODA) was established in response to a critical need to perform state level disability services functions, interface with outside stakeholders, and meet the aggressive timelines and performance requirements necessary to successfully exit Evans v. Gray.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using division-based budgeting.

Division Structure Change

The Department on Disability Services has no division structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

The Department on Disability Services' (DDS) FY 2014 gross budget is \$95,595,851, which represents a 2.7 percent increase over its FY 2013 approved budget of \$93,113,182. The budget is comprised of \$55,203,840 in Local funds, \$26,453,587 in Federal Grant funds, \$6,336,436 in Federal Medicaid Payments, \$7,550,000 in Special Purpose Revenue funds, and \$51,988 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DDS' FY 2014 CSFL budget is \$54,876,193, which represents a \$500,499, or 0.9 percent, increase over the FY 2013 approved Local funds budget of \$54,375,694.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for DDS included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$132,536 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth; \$27,668 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent; \$149,319 in nonpersonal services to account for the Medicaid growth factor rate of 5.1 percent based on the cost of healthcare services in the District provided by the Department of Health Care Finance (DHCF); and \$190,976 in nonpersonal services to account for the Fixed Cost inflation factor based on the projections provided by the Department of General Services (DGS). During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Increase: The budget proposal in Local funds includes adjustments of \$424,612 in nonpersonal services for Subsidies and Transfers in the Developmental Disabilities Administration and \$114,890 in personal services to adjust the budget for agency step increases and Fringe Benefit costs.

The proposed FY 2014 Federal Grants budget includes increases of \$370,000 in nonpersonal services for Contractual Services - Other in the Disability Determination Division; \$363,667 in personal services for agency step increases and Fringe Benefit costs in the Agency Management program; \$48,309 in nonpersonal services to reallocate costs from personal services to Other Services and Charges; \$35,484 in nonpersonal services to adjust the budget for Telecommunications costs to match the Office of Chief Technology Officer's (OCTO) projections, and to adjust the budget for Equipment and Equipment Rental; and \$24,609 to adjust agency nonpersonal services for Rentals-Land and Structures to reflect DGS' estimates.

DDS proposes adjustments in Federal Medicaid Payments to ensure adequate funding for the maintenance of current service levels in a number of programs. These adjustments include increases in the Developmental Disabilities Administration of \$482,124 to adjust the budget for Subsidies and Transfers and \$250,000 to adjust the budget for Contractual Services; \$228,472 in personal services to reflect salary step increases to support 3.0 additional FTEs, vacancy savings, and to align the budget with Fringe Benefit costs; \$134,424 to adjust the nonpersonal services budget in the Agency Management Program for Other Services and Charges; and \$17,078 to adjust the nonpersonal services budget for Rentals-Land and Structures to reflect DGS' estimates.

Adjustments in the budget proposal for Special Purpose Revenue funds include an increase of \$650,000 to reflect the revenue projections for the Rehabilitation Services Administration's (RSA) collection of Ticket-to-Work milestone payments for clients, and revenue collections from Cost-of-Care non-Medicaid clients.

Adjustments in the budget proposal for Intra-District funds include an increase of \$1,155 for the MOU between the Office of Disability Rights and the Rehabilitation Services Administration.

Decrease: DDS' Local funds budget reflects agency reductions of \$398,713 in nonpersonal services to reflect cost savings, primarily in the Agency Management program; \$66,257 to adjust the budget for Subsidies and Transfers in the Rehabilitation Services Administration; \$23,221 in nonpersonal services to reflect agency adjustments for Fixed Costs; \$6,244 in nonpersonal services to reflect the elimination of the budget for Occupancy Fixed Costs in the Agency Management program, to roll up the costs under Rentals-Land and Structures; \$2,000 to adjust the agency budget for Security Services to reflect DGS' estimates, and to reallocate projected costs to the appropriate fund; and \$514 to adjust Other Services and Charges in the Agency Management program.

The Federal Grants fund includes reductions of \$1,102,217 to adjust Subsidies and Transfers to reflect reallocations to fund personal services and projected direct services needs in the Rehabilitation Services Administration; \$248,828 in agency adjustments for Other Services and Charges; and \$48,309 to adjust personal services to reflect the reallocation of funding to Other Services and Charges in the Agency Management program.

Adjustments in the budget proposal for Intra-District funds include a reduction of \$308,869 and 3.0 associated FTEs to reflect the expired MOU agreement with the Department of Health Care Finance (DHCF) for transition services, now being performed by DHCF.

Shift: The budget proposal for nonpersonal services in Local funds includes shifts of \$51,054 in Rentals-Land and Structures; and \$14,719 in Security Services to reallocate projected costs from Local funds to Federal Grant funds.

Federal Grant funds includes a shift of \$48,309 in personal services to reallocate costs to Federal Medicaid Payments, and to reflect the increase in Other Services and Charges in Federal Medicaid Payments for Legal Affairs MOU funding.

Mayor's Proposed Budget

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in both Local and non-Local funds. This adjustment includes \$592,022 in Federal Grant funds and \$101,578 in Federal Medicaid funds. For more information about the Local funds portion of the COLA, please see the Workforce Investments chapter contained in volume 3 (Agency Budget Chapters - Part II) of the FY 2014 Proposed Budget and Financial Plan.

Technical Adjustment: DDS' Mayor's proposed Local funds budget includes an increase of \$350,869 in personal services for 4.0 locally funded positions for the Developmental Disabilities Administration. The increase is proposed to annualize FY 2013 additional positions required to assist in exiting court oversight "Evans".

Decrease: Federal Grant funds were reduced by \$2,526 to offset the proposed cost-of-living adjustment. The remaining balance will be offset by additional budget authority in the respective fund.

District's Proposed Budget

The Department on Disability Services has no changes from the FY 2014 Mayor's proposed budget to the FY 2014 District's proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2014:

Developmental Disabilities Administration (DDA)

Objective 1: Assure necessary services and supports for participants are available and initiated in a timely manner.

Objective 2: Utilize Person-Centered Service Planning and Delivery approaches to ensure services and supports are planned and effectively implemented in accordance with each participant's unique needs, expressed preferences and decisions concerning his/her life in the community.

Objective 3: Provider Capacity and Capabilities – Continue to recruit and retain qualified providers to meet specialty clinical and support needs and continue to implement and refine mechanisms to remove poorly performing providers.

Objective 4: Individual Safeguards – Improve the performance of DDA and the provider community to meet all health, safety, and welfare requirements.

Objective 5: Rights and Responsibilities – Protection of rights and decision-making authority, as well as due process and grievance procedures.

Objective 6: Increase the number of individuals who achieve positive quality of life outcomes in the areas of health, work, relationships, and community inclusion.

Objective 7: Limit increases in the average annual residential costs per consumer to 110 percent of Consumer Price Index¹.

The mission of the Department of Health Care Finance (DHCF) is to improve health outcomes by providing access to comprehensive, cost-effective, and quality health care services for residents of the District of Columbia.

Summary of Services

The Department of Health Care Finance, an agency that was established in FY 2010, provides health care services to low-income children, adults, elderly, and persons with disabilities. Over 200,000 District of Columbia residents (one-third of all residents) receive health care services through DHCF's Medicaid and Alliance programs. DHCF strives to provide these services in the most appropriate and cost-effective settings possible.

The agency's FY 2014 proposed budget is presented in the following tables:

Division Description

The Department of Health Care Finance operates through the following 7 divisions:

Health Care Delivery Management (HCDM) – ensures that quality services and practices pervade all activities that affect the delivery of health care to beneficiaries served by the District’s Medicaid, Children’s Health Insurance Program (CHIP) and Alliance programs. HCDM accomplishes this through informed benefit design; use of prospective, concurrent and retrospective utilization management; ongoing program evaluation; and the application of continuous quality measurement and improvement practices in furnishing preventive, acute, and chronic/long-term care services to children and adults through DHCF’s managed care contractors and institutional and ambulatory fee-for-service providers.

This division contains the following 6 activities:

- **Chronic and Long Term Care** – develops, implements, and oversees the programming for elders and for persons with physical and developmental disabilities, and handles other special projects aimed at improving service delivery for vulnerable populations;
- **Managed Care Management** – provides oversight, evaluation, and enforcement of contracts with organizations managing the care and service delivery of Medicaid and Alliance beneficiaries, along with providing oversight and enrollment of eligible beneficiaries;
- **Preventive and Acute Care (Children’s Health Services)** – develops, implements, and monitors policies, benefits and practices for children’s health care services, including HealthCheck/EPSTD, CHIP, and the Immigrant Children’s Program;
- **Division of Quality and Health Outcomes** – continuously improves the quality (safe, effective, patient-centered, timely, efficient and equitable services) of health care delivered by programs administered by the DHCF; and ensures that quality and performance improvement principles and practices pervade all the components and activities that impact the delivery and outcomes of health care services to patients served by the District’s Medicaid, CHIP, and Alliance programs;
- **Division of Clinician, Pharmacy and Acute Provider Services** – develops, implements, and oversees the programming for primary and specialty providers, hospitals, and other acute and preventive care services; and manages the non-emergency transportation contract; and
- **Health Care Delivery Management Support Services** – provides administrative support functions to the Health Care Delivery Management division.

Healthcare Policy and Planning – maintains the Medicaid and CHIP state plans that govern eligibility, scope of benefits, and reimbursement policies for the District’s Medicaid and CHIP programs; develops policy for the Health Care Alliance program and other publicly funded health care programs that are administered or monitored by DHCF based on sound analysis of local and national health care and reimbursement policies and strategies; and ensures coordination and consistency among health care and reimbursement policies developed by the various divisions within DHCF. The division also designs and conducts research and evaluations of health care programs.

This division contains the following 4 activities:

- **Policy Unit Management (Regulation and Policy Management)** – maintains the Medicaid State Plan, which governs the eligibility, scope of benefits, and reimbursement policies of the Medicaid and CHIP programs; creates State Plan Amendments, waivers, and regulations that form the foundation of Medicaid policy and program administered or monitored by DHCF; and ensures the coordination and consistency of health care and reimbursement policies developed by various divisions within DHCF;

- **Data Analysis - (Rate Setting and Data Analysis)** – gathers information, analyzes data, and evaluates all activities related to multiple District-wide components of Medicaid, CHIP, the Alliance, and future healthcare delivery systems, including data collection systems; responsible for setting rates and developing payment methodologies for various provider types; and designs and conducts research and evaluation of health care programs, studying their impacts on beneficiaries, providers, plans, and other partners and customers, designing and assessing potential improvements, and developing new measurement tools;
- **Member Management – (Eligibility Policy)** – serves as liaison to District and federal agencies regarding eligibility-related matters; ensures collaboration and coordination between the agencies and facilitates compliance by the Department of Human Services’ Economic Security Administration with DHCF eligibility policy; interprets federal and state eligibility rules and regulation; establishes eligibility policies and criteria for the Medicaid and CHIP programs, as well as the Health Care Alliance and the Immigrant Children’s Program; interprets and helps draft legislative changes, rules and regulations for the District regarding eligibility requirements; and manages the Optional State Supplement Payment Program for eligible District of Columbia residents residing in an adult foster care home; and
- **Health Care Policy and Planning Support (Health Care Policy and Research Support)** – provides administrative support functions to the Health Care Policy and Planning Administration.

Health Care Finance – provides provider payments for the following provider types: Medicaid providers, public providers, and Health Care Alliance providers.

This division contains the following 3 activities:

- **Medicaid Provider Payment** – provides payment to Medicaid providers;
- **Medicaid Public Provider Payment** – provides payment to Medicaid public providers; and
- **Alliance Provider Payment** – provides payment to Alliance providers.

Health Care Operations – ensures the division of programs that pertain to the payment of claims; manages the fiscal agent contract, the administrative contracts, systems and provider enrollment and requirements. The office provides contract management of the Pharmacy Benefits Manager, the Quality Improvement Organization contract, and the MMIS Fiscal Intermediary contract as well as additional administrative contracts.

This division contains the following 4 activities:

- **Medicaid Information System (Claims Management)** – oversees the Medicaid Management Information System operations; systems requests; member services, including member out-of-pocket reimbursements; COBRA payments; third-party liability processing; and processing financial transactions. The Division also manages all internal and external data requests and data involving agency audits (local and federal) as well as MMIS training for all DHCF employees and system security;
- **Division of Program Integrity (PI/UM/FRAUD)** – prevents, detects and eliminates fraud, abuse and waste by persons who provide and receive DHCF services; identifies and applies any third party resources available for the cost of health care provided to beneficiaries; monitors utilization, including appropriateness of health care services, to ensure that appropriate care is provided to publicly funded enrollees; identifies and investigates suspected abuse by both enrollees and providers in the publicly funded programs; and ensures that DHCF funds are appropriately utilized;

- **Division of Public and Private Provider Services** – manages the Administrative Services Organization contract, provider enrollment and recruitment, and internal and external provider services and inquiries. The office also maintains positive ongoing coordination and continuity with all Public Provider agencies of the District of Columbia Government to enhance each agency’s understanding of Medicaid reimbursement policies; is the accountable office within DHCF for implementation of policy that directly impacts other District agencies that serve as Medicaid providers; identifies opportunities to improve the reimbursement procedures of each agency; and works closely with these agencies to review federal policy to ensure that federal reimbursement is being maximized and compliance assured through claims processing and through program development; and
- **Health Care Operations Support (Health Care Operations Support Services)** – provides administrative support functions to the Health Care Operations division.

Health Care Innovation and Reform – identifies, validates, and disseminates information about new health care models and payment approaches to serve Medicaid beneficiaries seeking to enhance the quality of health and health care and reduce cost through improvement. The division creates and tests new models in clinical care, integrated care and community health, and creates and tests innovative payment and service delivery models, building collaborative learning networks to facilitate the collection and analysis of innovation, as well as the implementation of effective practices, and developing necessary technology to support this activity.

This division contains the following 3 activities:

- **Health Insurance Exchange** – responsible for the creation of a health insurance exchange, which is a new entity intended to create a more organized and competitive market for health insurance by offering a choice of plans, establishing common rules regarding the offering and pricing of insurance, and providing information to help consumers better understand the options available to them. An exchange is part of the plan aiming for universal coverage.
- **Affordable Care Reform and Grants Development** – develops, implements, and monitors the provisions of the Affordable Care Act and is responsible for the development of demonstration projects and submission of grant proposals for various reform-related activities; and
- **Health Care Reform and Innovative Support Services** – is responsible for the creation of a health insurance exchange, which is a new entity intended to create a more organized and competitive market for health insurance by offering a choice of plans, establishing common rules regarding the offering and pricing of insurance, and providing information to help consumers better understand the options available to them. An exchange is part of the plan aiming for universal coverage.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

FY 2014 Proposed Budget Changes

The Department of Health Care Finance's (DHCF) proposed FY 2014 gross budget is \$2,747,064,828, which represents a 10.4 percent increase over its FY 2013 approved gross budget of \$2,488,995,840. The budget is comprised of \$714,331,066 in Local funds, \$86,306,503 in Dedicated Taxes, \$28,449,464 in Federal Grant funds, \$1,891,903,076 in Federal Medicaid Payments, \$3,633,512 in Special Purpose Revenue funds, and \$22,441,209 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DHCF's FY 2014 CSFL budget is \$723,539,713, which represents a \$34,506,171, or 5.0 percent, increase over the FY 2013 approved Local funds budget of \$689,033,542.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for DHCF included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$56,030 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth, and \$34,450,142 in nonpersonal services, which is comprised of \$398,947 based on the Consumer Price Index factor of 2.4 percent, \$33,882,955 in funding for Medicaid Growth factor to account for a growth rate of 5.1 percent based on prevailing conditions of the economy and changes in the federal government's Medicaid policy, and \$168,240 for a Fixed Cost inflation adjustment derived from cost estimates provided by the Department of General Services (DGS). DHCF's Medicaid growth is mainly driven by enrollment forecasts for fee-for-service and managed care. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

The Department of Health Care Finance's FY 2014 budget proposal continues to strive toward providing affordable, quality health care services to District residents. As in the prior fiscal year, DHCF's FY 2014 budget proposal integrates various elements of a strategic plan to continue to guide the District through the implementation of the Patient Protection and Affordable Care Act (ACA) of 2010.

Like most states, the District's Medicaid program covers both federally mandated populations and other categories of beneficiaries as a state option. Included among the optional groups are persons in home and community based waiver programs, persons who are aged, blind, or disabled but not on SSI, and persons whose medical expenses reduce their income to a certain poverty threshold (Medically Needy). In preparation for health care reform, the District opted for the "Early Option" of the implementation of health reform by expanding coverage to childless adults up to 133 percent of Federal Poverty Level (FPL) through a State Plan Amendment in July 2010. The District later obtained a waiver to expand coverage to childless adults from 134 to 200 percent of FPL. This waiver expires December 31, 2013.

Increase: In order to sustain and possibly improve the current level of access to affordable healthcare in the District, DHCF proposes additional funding in certain areas of the District's Medicaid program. In Local funds, the budget proposal includes an increase of \$3,777,000 for Contractual Services that will ensure compliance with updates required for the Medicaid Management Information System (MMIS) by the Centers for Medicare and Medicaid Services (CMS). Funding for personal services was adjusted for an increase of \$311,000 and 4.8 FTEs

to cover projected step and Fringe Benefit costs, as well as to support additional staffing needs. An additional \$76,781 was also proposed to support the purchase of equipment and machinery. Other adjustments proposed for the Local funds budget include increases of \$73,000 for maintenance repairs, postage and office support, \$42,000 for Fixed Costs to support occupancy and energy costs associated with DHCF's move to 441 4th Street, and \$36,000 to support projected costs for office supplies.

A proposal to increase the budget in Dedicated Taxes by \$10,019,433 is based on FY 2014 revenue projections for the Healthy DC, Nursing Home Quality of Care (NHQC), and Stevie Sellows programs. Other adjustments in the proposal for Dedicated Taxes includes increases of \$413,405 to align the budget with projected miscellaneous contractual services costs and \$85,430 and 1.0 FTEs for personal services in support of projected steps, Fringe Benefit costs and staffing needs.

In Federal Grant funds, the budget proposal includes an increase of \$2,594,000 for the Health Insurance Exchange grant in anticipation of federal funding providing support for the new D.C. Health Benefit Exchange Authority agency. The budget was also adjusted by an additional \$331,000 and 2.0 FTEs to reflect funding from anticipated grant awards and align staff with grant responsibility.

In Federal Medicaid Payments, DHCF's budget proposal reflects projections of Medicaid revenues based on federal matching reimbursements for local expenses on eligible Medicaid services in accordance with the prevailing Federal Medical Assistance Percentages (FMAP) for the District of Columbia. In FY 2014, DHCF projects an increase of \$209,482,737 in Federal Medicaid Payments in anticipation of Federal Medicaid match payments to support the District's Medicaid provider services including managed care, fee-for-service, and related medical vendor services for federally mandated and waiver populations. The FMAP in the current fiscal year remains 70 percent federal-to-30 percent local ratio for most direct provider services, and 50 percent federal-to-50 percent local ratio for administrative services.

Another proposal to increase the budget in Federal Medicaid Payments by \$4,740,545 is based on anticipated federal match for projected costs attributed to the MMIS updates required by CMS. The personal services budget was adjusted by \$744,110 and 6.6 FTEs to cover projected salary step, Fringe Benefit costs, and additional staffing needs. Other proposed adjustments in Federal Medicaid Payments include increases of \$172,100 for Fixed Costs to support projected occupancy and energy cost associated with the agency's relocation to 441 4th Street, N.W. \$78,716 for equipment and machinery purchases as well as Information Technology (IT) hardware and software acquisitions, \$63,327 for postage needs and machinery maintenance repairs, and \$23,400 for purchasing office supplies.

In Special Purpose Revenue funds, the budget proposal includes an increase of \$13,321 in PS to cover projected steps and Fringe Benefit costs. In Intra-District funds, DHCF proposes an increase of \$2,810,000 to the budget based on projected funding from an Memorandum of Understanding (MOU) with the Department of Behavioral Health in support of the Mental Rehabilitation Option program.

Decrease: Adjustments in funding for Medicaid provider payments to align the budget with DHCF's strategic plans of sustaining adequate access to affordable healthcare for District residents in FY 2014 accounts for a proposal to reduce the budget in Local funds by \$3,916,000. Furthermore, DHCF proposes a reduction of \$400,245 for Fixed Costs to reflect the agency's planned move from North Capitol Street to the District-owned property at 441 4th Street.

A proposal to reduce the Federal Grant funds budget by \$30,000,000 is due to a plan to move the Health Insurance Exchange Grants support of District of Columbia Access System (DCAS) to Capital funding. DHCF proposes reductions in Federal Grant funds based on the expiration, reduction, and liquidation of miscellaneous grant awards. Consequently, a proposed reduction of \$5,175,450 is a result of grants that have been completed and grants that were not implemented. Another proposed reduction of \$4,132,300 is due to a shift in the cost of initiating Money Follows the Person (MFP) transition services cost and grant responsibility within the agency. In view of DHCF's anticipation of the February 2014 expiration of the Health Information Exchange grants – representing about 4.5 months of anticipated expenditures related to these grants in FY 2014 – and with the consequent transfer of FTEs to contractual services for the remaining portion of the fiscal year, the agency proposes a reduction of \$1,036,033 and 3.4 FTEs in Federal Grant funds.

In Federal Medicaid Payments, the budget proposal includes a reduction of \$327,473 in Fixed Costs reflecting DHCF's move from North Capitol Street to the District-owned property at 441 4th Street. In order to fulfill a requirement of federal health care reform, DHCF established budget authority in the prior fiscal year for a Medicaid Recovery Audit Contractor (RAC) revenue account. Due to a lag in revenue collection into the RAC account, the agency proposes a reduction of \$702,070 in Special Purpose Revenue funds. Other proposed adjustments in the Special Purpose Revenue funds budget include reductions of \$84,303 and 0.2 FTEs to align Contractual Services and IT consultant services with projected costs, and \$65,333 to align the advertising budget with programmatic needs.

Mayor's Proposed Budget

Enhance: A budget proposal in Local funds of \$495,472 and 4.4 FTEs was added to support the expansion of the Office of the Director of Finance and the Chief Operating Officer. In Dedicated Taxes, a Hospital Provider Tax was calculated to fund Outpatient Supplemental Payments and Administrative costs. The budget proposal to fund the Local portion of the Hospital Provider Tax is \$12,835,492. In Federal Medicaid Payments, the budget proposal includes \$29,722,209 to support the Federal match portion associated with the Hospital Provider Tax. Other adjustments include a Federal match of \$409,626 and 3.6 FTEs to support the expansion of the Office of the Director and the Chief Operating Officer.

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in both Local and non-Local funds. This adjustment includes \$12,337 in Dedicated Taxes, \$32,767 in Federal Grant funds, \$348,323 in Federal Medicaid Payments, \$30,402 in Special Purpose Revenue funds, and Intra-District funds may be impacted. For more information about the Local funds portion of the COLA, please see the Workforce Investments chapter contained in Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

Decrease: Due to new recertification policies, enrollment for the Alliance program continues to decline. In Local funds, a reduction of \$8,867,994 was made to the Alliance enrollment and estimates to align them with forecast estimates. Other reductions made to ensure efficient operations were \$36,126 and 1.1 FTEs to Local funds, and \$29,558 and 0.9 FTEs to Federal Medicaid Payments.

District's Proposed Budget

Increase: In Federal Grants funds, DHCF's budget includes an additional \$288,000 in funding based on anticipated grant awards. In Intra-District funds, the budget includes an increase of \$940,000 to support the Memorandum of Understanding with the Department of Behavioral Health. This MOU will provide funding to support mental health rehabilitation services.

Decrease: In Local funds, DHCF's budget includes a reduction of \$300,000 to align Medicaid provider payments with projected costs. In Federal Medicaid Payments, the budget includes a reduction of \$1,866,667 within the Health Services for Children with Special Needs activity to match the Local reduction of provider payments and the transfer of funds to the Department of Health.

Transfer Out: In Local funds, \$500,000 was transferred to the Department of Health for Chronic Illness Prevention.

Program Description

The Office of the Deputy Mayor for Health and Human Services operates through the following 2 programs:

Human Support Services – encompasses all of the staffing necessary to provide agency oversight and support for all citywide health and human services-related policies, activities, and initiatives under its jurisdiction including:

- Developing and supporting policies and programs to improve the delivery of services by government agencies and contracted providers;
- Coordinating interagency activities and initiatives;
- Identifying opportunities for reducing redundancies, leveraging resources, creating economies of scale, and improving outcomes;
- Ensuring compliance with local and federal mandates; and
- Collecting and disseminating performance data on and for agency activities and initiatives.

Agency Management - provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of the Deputy Mayor for Health and Human Services has no program structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

The Deputy Mayor for Health and Human Services' (DMHHS) proposed FY 2014 gross budget is \$1,945,119, which represents a 225.6 percent increase over its FY 2013 approved gross budget of \$597,471. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DMHHS' FY 2014 CSFL budget is \$603,004, which represents a \$5,533, or 0.9 percent, increase over the FY 2013 approved Local budget of \$597,471.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for DMHHS included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$4,059 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth, and \$1,474 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Increase: In Local funds, the Human Support Services program includes increases of \$26,000 in Contractual Services to support the development of a mandated Children’s Budget and other cross-agency integration assignments. Additionally, nonpersonal services were increased by \$5,745 to support projected Telecommunications and equipment costs.

Decrease: Other Services and Charges was reduced by \$31,536 to align the budget to the agency’s contractual and equipment needs. In personal services, the budget was reduced by \$209 to adjust the Fringe Benefits projection in the Agency Management program.

Mayor’s Proposed Budget

Enhance: DMHHS’s FY 2014 Local funds budget includes an increase of \$1,000,000 in nonpersonal services to improve the delivery of services related to the Truancy Reduction Initiative.

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in Local funds, which will be applied centrally from the Workforce Investments account. For more information about the COLA, please see the Workforce Investment chapter contained in Volume 3 (Agency Budget Chapters - Part II) of the FY 2014 Proposed Budget and Financial Plan.

Technical Adjustment: The budget was increased by \$203,115 to annualize FY 2013 personal services in the Agency Management program, and \$139,000 to annualize FY 2013 contractual services in the Human Support Services Program.

District’s Proposed Budget

The Deputy Mayor for Health and Human Services has no changes from the FY 2014 Mayor’s proposed budget to the FY 2014 District’s proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2014:

Objective 1: Oversee and facilitate the coordination of interagency activities and initiatives among District agencies.

Objective 2: Oversee the development of policies and programs to improve the delivery and coordination of services by public agencies and contracted providers.

Objective 3: Monitor the Performance Plans for Cluster Agencies.

Objective 4: Coordinate inter-agency work to responsibly exit five consent decrees and one settlement agreement.

Objective 5: Assist residents in navigating the many services offered by District agencies and service providers.

Objective 6: Increase public access and exposure to health and human services information.

The mission of the Department of Public Works (DPW) is to provide the highest quality sanitation, parking enforcement, and fleet management services that are both ecologically sound and cost-effective.

Summary of Services

The Department of Public Works (DPW) provides municipal services to District residents and businesses in two distinct program areas: solid waste management and parking enforcement. Behind the scenes, DPW's Fleet Management Administration supports all city services by procuring, fueling, and maintaining thousands of District government vehicles from sedans to heavy equipment.

Division Description

The Department of Public Works (DPW) operates through the following 5 divisions:

Solid Waste Management – performs a number of daily operations, including trash, recycling, and bulk collections; sanitation education and enforcement; graffiti removal; public litter can service; fall leaf collection; and street and alley cleaning.

This division contains the following 4 activities:

- **Enforcement of Sanitation Regulations** – inspects properties for sanitation violations; enforces sanitation regulations, including commercial recycling; educates residents and businesses about sanitation regulations; collects household hazardous waste and electronic materials; and shreds residents' personal documents;
- **Public Space Cleaning** – provides comprehensive street and alley cleaning services to residents, visitors, and businesses so that they can live, work, and play in clean neighborhoods. Specific services include mechanical street sweeping, litter can collections, rights-of-way mowing, nuisance and graffiti abatement, seasonal leaf collection, and snow and ice removal;
- **Sanitation Collection and Removals** – provides solid waste (trash, recycling, and bulk) collection services to residents of single-family homes and buildings with no more than three dwelling units so that they can have their trash, recyclables, and bulk items removed conveniently and regularly; and
- **Sanitation Disposal** – provides municipal waste disposal services to DPW, other District agencies, private haulers, and residents so that they can dispose of waste safely, conveniently, and legally.

Parking Enforcement Management – provides on-street parking enforcement services, including ticketing, towing, booting, and removal of abandoned and dangerous vehicles.

This division contains the following 3 activities:

- **Parking Regulations Enforcement** – provides parking enforcement of the District’s parking regulations to promote vehicular safety and provide smooth traffic flow and increased access to short-term parking at meters and long-term parking on residential streets;
- **Towing** – provides reduced parking congestion in the District by facilitating the timely relocation and/or impoundment of illegally parked vehicles from public space; and
- **Abandoned and Junk Vehicles** – provides oversight of safe streets through the efficient removal of abandoned and dangerous vehicles from public space and nuisance properties within the District.

Fleet Management – supports all city services by procuring and maintaining more than 3,000 vehicles, excluding those used by the Metropolitan Police Department, the Fire and Emergency Medical Services Department, the Department of Corrections, and D.C. Public Schools. This division fuels all 6,000 District government vehicles, including school buses, fire and trash trucks, and street sweepers.

This division contains the following 5 activities:

- **Fleet Consumables** – provides most District agencies with operational fueling stations; procures fuel, oil, and other lubricants; and installs fuel rings;
- **Scheduled Fleet Maintenance** – performs preventive maintenance actions, including changing oil and filters and checking tires, engines, batteries, and transmissions; and prepares vehicles for seasonal and year-round duties (alley cleaning, snow removal, leaf collection, pothole repair, etc);
- **Unscheduled Vehicle and Equipment Repairs** – tows inoperable vehicles, diagnoses why vehicles are not operating properly, and makes the necessary repairs or transfers vehicles to vendors for return to service;
- **Vehicle and Equipment Acquisitions** – consults with District government agencies about vehicle needs, ensures these agencies have sufficient budget authority to meet their needs, procures vehicles, and reduces unnecessary vehicles from the fleet; and
- **Fleet Administrative Support** – provides administrative and managerial personnel and nonpersonal services support for the District-wide fleet operations. This includes, but is not limited to, uniform rentals, office supplies, information technology acquisitions, and information technology software maintenance/license renewals.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using division-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using division-based budgeting.

FY 2014 Proposed Budget Changes

The Department of Public Works' (DPW) proposed FY 2014 gross budget is \$140,585,070, which represents a 5.3 percent increase over its FY 2013 approved gross budget of \$133,541,305. The budget is comprised of \$111,484,274 in Local funds, \$7,779,620 in Special Purpose Revenue funds, and \$21,321,176 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DPW's FY 2014 CSFL budget is \$105,832,972 which represents a \$1,785,782, or 1.7 percent, increase over the FY 2013 approved Local funds budget of \$104,047,190.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for DPW included an adjustment entry that is not described in detail on table 5. This adjustment was made for an entry of \$1,159,100 in personal services, which includes \$612,455 to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth, \$255,000 in Additional Gross Pay, and \$291,645 to correct underfunding of Fringe Benefits in the past budget years; and \$626,682 in

nonpersonal services based on the Consumer Price Index factor of 2.4 percent. During the development of the CSFL, some adjustments such as these were categorized as “other adjustments”.

Agency Budget Submission

Increase: As a first responder agency to public needs, DPW has seen increased demand for its services due to increases in the District’s population in the last 3 years. The stronger economic condition in the District of Columbia metropolitan area has attracted many people from different parts of the country, young people in particular. DPW has the responsibility for snow removal, trash collection and city fleet management. To respond to the increasing demands for its services, DPW constantly reviews its available resources and moves people and materials across various programs and service lines.

In FY 2014, DPW proposes an increase of \$909,044 across multiple programs in Local funds to support the agency’s projections for salary steps and Fringe Benefits costs. A proposal to increase funding for nonpersonal services by \$5,591 aligns the budget with the agency projected spending. In Special Purpose Revenue (SPR) funds, DPW proposes an increase of \$370,581 to support baseline projections for personal services, which includes 1.0 additional FTE in FY 2014. SPR funding for nonpersonal services is also projected for an increase of \$43,005 based on revenue projections.

In Intra-District funds, there is an increase of \$445,805 in nonpersonal services to support District-wide fleet operations. Additionally, the agency also projects an increase of \$315,239 in personal services to support salary steps and Fringe Benefits costs.

Decrease: For DPW to operate within its allotted budget and also provide quality services to District residents and visitors, the agency’s budget proposal provides offsets to proposed increases through a reduction of \$1,276,329 in nonpersonal services, which comprise of Supplies, Other Services and Charges, and Contractual Services across multiple programs in Local funds. In Intra-District funds, a proposed reduction of \$335,476 across multiple programs aligns the budget with DPW’s projections for overtime.

Shift: In FY 2014, DPW proposes a reclassification of \$543,139 and 6.0 FTEs from Intra-District funds as follows: \$362,093 and 4.0 FTEs to Local funds and \$181,046, which supports 2.0 FTEs, to Special Purpose Revenue funds. These shifts are proposed by DPW to properly align the agency’s budget with operational goals and objectives, as well as with funding agreements with other agencies.

Mayor’s Proposed Budget

Enhance: The Department of Public Works’ FY 2014 budget includes \$2,188,076 of enhancements, which include \$55,000 to provide sandbags to the Bloomingdale Task Force to be distributed to residents for flood prevention, \$128,000 to provide litter cans rat-proofing retrofit and supplies, \$2,000,000 for the 5-year supercan and recycling container replacement initiative, and \$5,076 in overtime for the public space mowing program.

Technical Adjustment: An adjustment of \$1,719,985 was made to the trash hauling and disposal contract due to a cost increase.

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in both Local and non-Local funds. This adjustment includes \$79,620 in Special Purpose Revenue funds, and Intra-District funds may be impacted. For more information about the Local funds portion of the COLA, please see the Workforce Investments chapter contained in Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

Shift: The public space mowing services were reviewed and a determination was made to transfer the funds from the District Department of Transportation to DPW. DPW shifted \$950,000 and 15.0 FTEs from Intra-District funds to Local funds in support of mowing services.

District's Proposed Budget

Increase: The Local funds budget was increased by \$2,682,406 and 30.0 FTEs to support the operations of DPW. Included in the budget increase is \$1,626,205 and 30.0 FTEs to support additional parking enforcement staff. Other adjustments include \$300,000 to procure parking enforcement equipment, \$82,201 for supplies, and \$20,000 to train parking enforcement officers. Also included in the budget increase is a one-time cost of \$596,000 to ensure that e-recycle hazardous waste is picked up twice every month, and \$58,000 to provide recycling education to the public.

Decrease: In Local funds, the budget includes a reduction of \$1,500,000 to reflect one-time adjustment of personal services costs in FY 2014 based on projected salary lapse savings.

Transfer Out: The Local funds budget includes a reduction of \$389,175 of funding transferred to the Department of General Services (DGS) to procure recycling containers for the Department of Parks and Recreation.

Performance Plan Endnotes:

¹The Clean City Ratings grade the level of cleanliness of the major corridors/interstate highways, high visibility communities, residential streets and alleys and industrial areas within the Wards on a scale of 1 to 4, with 1 being the best rating (clean) and 4 being the worst rating (hazardous).

²Accounting for record setting snowfall is a common practice throughout the country. (Municipal Benchmarks by D.A. Ammons, 2001, pp. 401-402)

³The cost per ton is calculated from SOAR data. The calculations are for trash collection only and do not include vehicle replacement or disposal costs.

⁴<http://mayor.dc.gov/page/one-city-action-plan>

⁵The cost per ton is calculated from SOAR data. The calculations are for recyclable collection only and do not include vehicle replacement or processing costs.

⁶The diversion rate represents the portion of total discarded materials collected by the Department of Public Works (DPW) that is diverted from disposal through recycling. It is calculated by dividing the weight of DPW collected recyclables by the weight of DPW collected refuse and recyclables. Although the measure is widely used in the industry, recycling programs vary by jurisdiction.

⁷This is a new measure in FY 2013. Therefore, the measure will not be "scored" and the target may be adjusted mid-fiscal year.

⁸Measured by the personnel services budget divided by the number of tickets.

⁹The web portal should have a positive impact on the ratio.

¹⁰The FY 2011 baseline is 70.52 percent.

¹¹The FY 2011 baseline is 90.74 percent.

¹²The FY 2011 baseline is 225,099.41.

The District Department of Transportation's (DDOT) mission is to enhance the quality of life for District residents and visitors by ensuring that people and goods move safely with minimal adverse impact on residents and the environment.

Summary of Services

DDOT executes its mission through the work of the following divisions: The Infrastructure Project Management Administration designs and builds roads and bridges, rails, and other transportation projects; the Progressive Transportation Services Administration provides public transportation service through Metro and the Circulator bus system; the Transportation Operations Administration ensures a safe and user-friendly transportation environment; the Planning, Policy and Sustainability Administration develops strategic goals for the agency; and the Urban Forestry Administration maintains the District's street trees, providing our community with traffic calming, improved air quality, increased ground water retention that minimizes runoff and flooding, temperature moderation, and aesthetics.

Division Description

The District Department of Transportation operates through the following 9 divisions:

Greenspace Management – provides mowing and tree management services in the public rights-of-way and also for the Department of Parks and Recreation.

Urban Forestry Administration (UFA) – establishes a full population of street trees within the District of Columbia, ensures that the trees lining the District's roadways are maintained in a healthy and safe environment, provides educational information to District residents about the benefits of growing trees, and encourages planting of appropriate tree species in our urban environment. UFA also maintains the network of trails in the District and partners with other DDOT administrations and District agencies to reduce impermeable surfaces to improve the health of trees and help reduce storm-water runoff.

Infrastructure Project Management Administration (IPMA) – manages the design, engineering, and construction of roadways, bridges, traffic signals, and alley projects in the District of Columbia. IPMA also manages special construction projects and all roadway assets.

This division contains the following 3 activities:

- **Development and Management** – supports ward-based teams that design and construct transportation infrastructure projects. They manage the condition of the streets, sidewalks and alleys - DDOT's most visible work. This division is overseen by the Deputy Chief Engineer for Design and Construction Team Management;
- **Preventive and Routine Roadway Maintenance (PSRA)** – protects the quality of the District's streets, bridges, tunnels, alleys and sidewalks. This function maintains an inventory and condition assessment of all DDOT assets and tests and evaluates all construction materials used in DDOT projects; and
- **Rights-of-Way** – manages the transfer of funds to the local roads program.

Public Space Regulation Administration – responsible for permitting and enforcing the exclusive use of public space by private entities, including residents, businesses, utilities, and developers.

This division contains the following 4 activities:

- **Administrative Support** – coordinates all the activities of the division;
- **Public Space Permits Branch** – manages the Public Space Committee; issues permits to developers, vendors and utilities; and assumes responsibility for the overall management of the District's public space;
- **Systems Inspection and Oversight** – initiates inspections and monitoring of construction and related activities located in the public right-of-way to minimize the impact on the transportation infrastructure within the District of Columbia; and
- **Customer Service** – responsible for the customer service function for the Administration and the primary face of the agency to the public.

Progressive Transportation Services (PTSA) – provides the public with efficient, affordable, and diverse means of travel within the District of Columbia by providing funding, policy recommendations, and coordination services to the Washington Metropolitan Area Transit Authority (WMATA).

This division contains the following 4 activities:

- **Mass Transit** – provides fiduciary and operational oversight in collaboration with WMATA and designs and formulates alternative means of transportation to reduce congestion and parking problems with innovative transportation options, such as bike-sharing and car-sharing;

- **Circulator** – the Circulator is the product of a unique public/private partnership between the District Department of Transportation, Washington Metropolitan Area Transit Authority, and DC Surface Transit, Inc. The system provides a quick, efficient, low-cost, public-transit system to the residents, workers, and visitors in National Capital;
- **School Subsidy Program** – provides the District of Columbia’s student population with efficient, affordable, and reliable means of travel to and from school. DDOT manages the program in conjunction with WMATA, the D.C. Public Schools, and D.C. Public Charter Schools; and
- **Streetcar** – plans, manages, and builds a modern streetcar transportation network that complements the existing transit operations to support and create neighborhood linkages for District residents.

Planning, Policy and Sustainability (PPSA) – establishes broad strategic goals to guide multi-modal program development, formulates the policies necessary to implement these goals, and ensures compliance with these goals and policies through plan review and permitting.

This division contains the following 2 activities:

- **Policy Development** – comprises three branches: the Public Space Policy Branch, which develops policies that governs the use of public space, such as sidewalks, underground vaults and special projects; the Transportation Systems Policy Branch, which implements thematic programs including safety, pedestrian, and bicycle programs; and the Research and Technology Development Branch, which provides best practices in transportation, manages the DDOT library and archives, and performs program evaluation to measure effectiveness; and
- **Planning** – develops vehicular and non-vehicular transportation projects and activities, including planning and designing bicycle and pedestrian transportation projects and initiatives.

Transportation Operations (TOA) – maintains the integrity of public assets, such as roadways, sidewalks, traffic calming devices, streetlights, and parking meters. TOA also operates the transportation system, ensuring a safe and user-friendly driver, commuter, and pedestrian environment.

This division contains the following 9 activities:

- **Alternative Transportation** – plans, designs, builds, coordinates funds and/or operates transit policy and services in collaboration with the Washington Metropolitan Area Transit Authority (WMATA) and/or within DDOT. It provides educational services to the traveling public, which will further increase the use of the many efficient, affordable, and diverse means of transportation services in the District of Columbia;
- **Citywide Program Support** – manages operations and condition of the single and multi-space parking meters and the District's street, alley, bridge, tunnel, and navigation lighting systems;
- **Intelligent Transportation Systems** – reviews, assesses, integrates, and implements the latest available technologies to enhance the District of Columbia's transportation infrastructure;
- **Office of the Associate Director** – provides management for the various functions of the administration, including snow;
- **Systems Inspection and Oversight** – initiates inspections and monitoring of construction and related activities located in the public right-of-way to minimize the impact on the transportation infrastructure within the District of Columbia;
- **Special Events** – provides traffic support and management to special events such as parades, protests, concerts, and sporting events;
- **Street and Bridge Maintenance** – performs proactive and preventive maintenance to ensure safe passage on all District roads, sidewalks, bridges, and alleys;
- **Transportation Operations and Traffic Management** – provides traffic regulation and safety services to pedestrians, cyclists, and motorists in the District of Columbia so that they can move about safely in the city and avoid personal injury and property damage; and

- **Traffic Services Field Operations** – installs and maintains traffic control devices such as signs, pavement markings, traffic signals, and streetlights.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to and on behalf of District agencies so that the financial integrity of the District of Columbia is maintained.

Division Structure Change

In FY 2014, the agency added a new division and consolidated some divisions and activities. The proposed division structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2014 Proposed Budget Changes

The District Department of Transportation's (DDOT) proposed FY 2014 gross budget is \$92,674,171, which represents a 24.3 percent increase over its FY 2013 approved gross budget of \$74,578,426. The budget is comprised of \$72,329,299 in Local funds, \$3,955,500 in Federal Grants funds and \$16,389,372 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DDOT's FY 2014 CSFL budget is \$68,507,807 which represents a \$3,325,668, or 5.1 percent, increase over the FY 2013 approved Local funds budget of \$65,182,139.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for DDOT included the removal of a total of \$252,000 in one-time funding. This amount is comprised of \$152,000 that was used to support the Improve Traffic Citation Issuance program and \$100,000 that was used for Trail Ranger program in FY 2013.

The FY 2014 CSFL calculated for DDOT included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$284,439 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth, and \$3,293,228 in nonpersonal services, of which \$440,534 is based on the Consumer Price Index factor of 2.4 percent, \$2,800,000 for the Operating Impact of Capital for the Streetcar project at H Street and Benning Road, and \$52,694 in Other Services and Charges that were underfunded in the past budget years. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Increase: DDOT is charged with the responsibility of moving people and goods freely around the city with minimum impacts to the environment. In FY 2014, DDOT reviewed its operations in line with available resources and positioned its human capital and materials where they will best serve the needs of the organization. DDOT increased its budget in Local funds for personal services by \$1,480,923 to support projected increase in salary steps, Fringe Benefits, and reallocation of 9.4 FTEs from term to permanent positions. To enhance the quality of its operations, the Local funds budget was increased by \$234,054 for professional services fees and \$89,190 for Supplies. In Special Purpose Revenue funds, the budget for Contractual Services was increased by \$13,044,372 due to new revenue initiatives that were implemented after the approval of the FY 2013 budget. The budget in Special Purpose Revenue funds also includes an increase of \$7,003,220 based on projections of additional revenues certified for parking meters. An increased of \$31,797 for Energy reflects projected revenues in FY 2014.

Decrease: For DDOT to operate within its allotted budget and provide quality services to the residents and visitors and to provide offset to budget increases in Local funds, DDOT reduced funding for Equipment and Equipment Rental by \$11,761 to align the budget with prior year spending. Other reductions in Local funds include \$700,089 in personal services that accounts for a reallocation of 9.4 FTEs from term to permanent positions and \$1,092,317 for Contractual Services. Reductions of the budget in Special Purpose Revenue funds include \$20,000 for overtime, \$36,000 for Equipment and Equipment Rental, and \$116,000 for Contractual Services.

Mayor's Proposed Budget

Enhance: The FY 2014 Local funds budget includes an increase of \$3,625,000 to support the District's Streetcar project scheduled to start operations in the summer of 2013. Other enhancements in Local funds increase DDOT's budget by \$743,325 to assist DC Water with debt service payments related to the McMillan water storage and \$100,000 to provide a Variable Messaging Board on Rhode Island Avenue.

Increase: DDOT's budget in Local funds includes an increase of \$4,100,000 to support the Parking Meter project, which has become a major source of revenue for the District of Columbia.

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in Local funds, which will be applied centrally from the Workforce Investments account. For more information about the COLA, please see the Workforce Investments chapter contained in Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

Decrease: In Local funds, a reduction of \$955,076 is due to the transfer of public space mowing services to the Department of Public Works.

Transfer Out: DDOT's FY 2014 budget in Special Purpose Revenue funds reflects transfers of \$3,576,583 of the Circulator Bus revenue and \$7,003,220 of parking meter revenue to WMATA to support increase in annual subsidy payment.

District's Proposed Budget

Increase: Improving traffic safety, particularly in high traffic, commercial corridors with many pedestrians, such as Georgetown and the vicinity, has been of great concern for the stakeholders; therefore, the budget in Local funds is increased by \$488,437 to support 10 additional Traffic Controllers that will assist with public safety issues.

Other increases in the budget for Local funds include a one-time allocation of \$400,000 for new Capital Bikeshare stations and \$300,000 to support the operations of the Tri-State Oversight Committee recommendation. The Circulator Bus has become an integral part of the transportation system along the District corridor; it has improved lives among residents and visitors alike. Consequently, the District is adding \$212,000 to DDOT's Local funds budget to support planning for a new Circulator route along the National Mall. An increase of \$100,000 in Local funds provides funds to make the Trail Ranger program permanent in the District.

In Special Purpose Revenue funds, the budget includes an increase of \$1,200,000 for the planning of a new Circulator route along the National Mall.

Decrease: In order for the District to fully implement the merchant services fee project, \$52,694 was reduced from DDOT's Local funds budget and transferred to the Office of the Chief Financial Officer. Other decreases in Local funds include \$1,600,000 for the operating impact of capital based on anticipated start date of streetcar operations and \$2,600,000 in the streetcar operating budget.

Transfer In: A one-time funding of \$40,000 is included in DDOT's Local funds budget for educational materials to support the recently completed Heritage trails. This funding is transferred from the Office of Finance and Resource Management.

Transfer Out: DDOT's budget in Local funds was reduced to reflect transfers of \$25,000 to the Office on Aging for the Washington Elderly and Handicapped Transportation Service, \$52,000 to the District of Columbia Public Schools (DCPS) for the Food Bank School Pantry Program, \$97,000 to Debt Service in order to increase the allotment for DDOT capital project, and \$201,000 to the Department of General Services (DGS) for recycling collection at 71 Department of Parks and Recreation (DPR) facilities.

In recent years, the District has been converting streetlights based on the new energy efficient technology of Light Emitting Diode (LED) lamps. The conversion to LED's enables the District to use less energy in the operation of streetlights, thereby generating additional savings. From these anticipated savings, the District plans to convert approximately \$283,500 to a Debt Service and create a new capital project for the purchase of new Circulator buses with General Obligation Bonds revenue.

Shift: DDOT shifted \$421,000 from Local funds to Special Purpose Revenue funds to support Washington Elderly and Handicapped Transportation Services.

Subsequent Events

Note: The Fiscal Year 2014 Budget Request Act of 2013 provides the District with the authority to appropriate up to \$50 million if the Chief Financial Officer (CFO) certifies additional revenues in the June 2013 revenue estimates. On June 24, 2013, the CFO certified \$92.3 million in additional revenue for FY 2014. The Mayor and the Council have agreed to appropriate \$4.4 million to the District Department of Transportation (DDOT) to fund the following programs: 1) \$3.107 million to increase the Metrobus subsidy to 100 percent for all District primary and secondary students ; 2) \$797,000 to expand the Metrobus and Metrorail subsidy to include 18-21 year olds still attending high school; and 3) \$480,000 to fund a study of the nexus between traffic enforcement cameras and traffic safety. The amended proposed gross funds budget for DDOT is \$97,058,171. This additional funding is not in table 5 nor in the Budget Request Act figure for this agency, but it will be part of the agency's approved budget pending Congressional approval.

The mission of the Department of Motor Vehicles (DMV) is to provide excellent customer service and to promote public safety by ensuring the safe operation of motor vehicles.

Summary of Services

DMV provides service to approximately 490,000 licensed drivers and identification card holders (out of a population of more than 632,000) and 280,000 registered vehicles at three service centers. DMV conducts adjudication services and collect ticket payments for more than 2.5 million tickets each year and also conducts an estimated 200,000 annual vehicle inspections. Combining these services into a customer centered, mission-driven organization is the responsibility of the Agency Management Division. Department performance expectations in FY 2013 and FY 2014 are listed by functional division.

Division Description

The Department of Motor Vehicles (DMV) operates through the following 7 divisions:

Adjudication Services – provides ticket processing, notices, and hearing and hearing support services to residents and non-residents, in order to render legally sound decisions on parking, photo, and moving violations, and to ensure proper processing of violation and penalty payments for those infractions.

This division contains the following 3 activities:

- **Hearings** – provides fair and equitable reviews of ticket and permit violations for respondents so that they can resolve outstanding issues of liability;
- **Hearing Support** – provides intake, data review, records management, and administrative support functions to ensure accurate records and transmittal of information in support of adjudication hearings; and
- **Ticket Processing** – provides processed ticket information to create and maintain DMV's database, provides scheduled notifications and information to residents and non-residents of the District of Columbia, and processes and tracks fines and penalty payments for tickets issued by traffic enforcement authorities.

Vehicle Services – provides certification and inspection services to residents, businesses, and government entities so that they may legally park, drive, and sell their vehicles in the District of Columbia.

This division contains the following 4 activities:

- **Inspections** – provides safety and emission inspection services to residents and non-residents so that they can receive a timely vehicle inspection to facilitate reduced auto emissions (all vehicles) and safer vehicles (for-hire and commercial vehicles only). The air emission inspections meet the requirements of the District’s Air Quality Attainment State Implementation Plan;
- **Registrations** – provides legal certification services to residents and non-residents by providing timely documentations of ownership and authority to operate, allowing them to legally drive, park, or sell their vehicles;
- **Registrations - Out of State Vehicles** – provides registration services for “for hire” vehicles whose owner is based outside of the District; and
- **International Registration Plan** – provides for administration of the District of Columbia's participation in the U.S.-based plan, which allows for the distribution of registration fees for commercial motor vehicles travelling inter-jurisdictionally through member states and provinces.

Driver Services – provides driver certification and identification services to residents to ensure they have the proper credentials to reflect identity, residence, and driving qualifications so that they may legally operate their vehicles.

Service Integrity – ensures the security and integrity of all DMV transactions, employees, and products by implementing and auditing procedures to minimize fraud, abuse, corruption, and risk of financial loss related to the execution of departmental functions.

This division contains the following 2 activities:

- **Risk Management** – provides reviews and audit procedures and controls to minimize the risk of financial loss related to the execution of departmental functions; and
- **Integrity** – provides reviews and audit procedures and controls to minimize fraud, abuse, corruption, and the loss of the public’s trust related to the execution of departmental operations.

Technology Services – provides integrated and reliable information systems for all DMV services and complies with District-wide technology standards and requirements.

This division contains the following 3 activities:

- **Information Technology** – operates and maintains the automated systems specific to DMV operations support, including wait-queuing, digital photos, and hearing recordings;
- **Driver and Vehicle Systems** – operates and maintains the automated systems providing support for driver and vehicles databases and service functions; and
- **Ticket Information Systems** – operates and maintains the automated systems providing support for ticketing and adjudication services.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using division-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained.

Division Structure Change

The Department of Motor Vehicles has no division structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

The Department of Motor Vehicles' (DMV) proposed FY 2014 gross budget is \$42,824,607, which represents a 14.4 percent increase over its FY 2013 approved gross budget of \$37,423,372. The budget is comprised of \$27,152,679 in Local funds, \$9,450,000 in Special Purpose Revenue funds, and \$6,221,928 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DMV's FY 2014 CSFL budget is \$24,926,524, which represents a \$596,902, or 2.5 percent, increase over the FY 2013 approved Local funds budget of \$24,329,622.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for DMV included the removal of \$100,000 in one-time funding, which was used in FY 2013 to implement a system to provide a routine comprehensive list of all District residents who have outstanding debt with DMV to the Office of Tax and Revenue.

The FY 2014 CSFL calculated for DMV included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$118,880 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth, and \$578,023 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. During the development of the CSFL, some adjustments such as these were categorized as “other adjustments”.

Agency Budget Submission

Increase: DMV will increase its Local funds nonpersonal services budget by \$431,217 to accommodate for projected higher costs of the Shared Services Memoranda of Understanding (MOU) with the Department of Public Works (DPW) and the Office of the Attorney General (OAG) for Legal Services, ticket processing costs, driver licensing, and ticket printing contract estimates. Other adjustments include an Information Technology (IT) related cost increase of \$32,228 for IT Supplies and Materials, IT hardware acquisition, systems upgrade, and maintenance costs.

Further increases include \$117,713 in Special Purpose Revenue funds for personal services to cover anticipated salary, step increases and Fringe Benefits growth, and \$16,251 to cover the expected increase for the Telecommunication fixed costs.

The Intra-District budget is proposed for an increase of \$2,858,766 for ticket issuance by the Metropolitan Police Department (MPD), thereby increasing the processing contract costs, as well as additional funding for associated adjudication costs.

Decrease: A net reduction of \$330,885 will allow DMV to properly align the budget in Local funds for personal services with agency needs. Furthermore, a reduction of \$212,037 in Other Services and Charges aligns the nonpersonal services budget with projected costs. A Special Purpose Revenue funds reduction of \$335,134 will align the budget with an anticipated decrease in revenue projection.

Shift: A decrease of \$79,417 and 1.0 FTE in Special Purpose Revenue funds was due to reclassification of funds to Local funds. This adjustment aligns the personal services budget more efficiently with the programmatic needs.

Mayor’s Proposed Budget

Enhance: With increased District of Columbia population growth, customer wait time in DMV’s service centers has increased significantly. Therefore, the District believes that opening a fourth service center in Georgetown will allow the city to invest in its residents by providing the necessary resources to maintain the adequate level of services its residents deserve. Consequently, the budget was increased by \$2,695,114 and 34.0 FTEs to cover the projected operational expenses for the new Georgetown Service Center.

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in both Local and non-Local funds. This adjustment includes \$130,222 in Special Purpose Revenue funds, and Intra-District funds may be impacted. For more information about the Local funds portion of the COLA, please see the Workforce Investments chapter contained in Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

Decrease: The Special Purpose Revenue funds budget was reduced by \$130,222 to offset the proposed cost-of-living adjustment.

District's Proposed Budget

Increase: In order for DMV to accommodate increased volume of ticket adjudications and reduce the associated backlog, the budget in Intra-District funds was increased by \$201,916 to hire two Hearing Examiners to alleviate the backlog and provide better services to residents. MPD is the buyer agency in this Intra-District relationship.

Decrease: In Local funds, the budget includes a reduction of \$150,000 to reflect a one-time adjustment of personal services costs in FY 2014 based on projected salary lapse savings. Another reduction of \$201,916 in Intra-District funds in Contractual Services provides funding offset for the two Hearing Examiners.

Transfer-Out: In order for the District to fully fund the Merchant Services function, \$318,959 of DMV's budget in Local funds was transferred to the Office of the Chief Financial Officer (OCFO).

Performance Plan Endnotes:

¹The FY 2013 target reflects increased ticket issuance by MPD, DPW, and DDOT without an increase in adjudication staff.

²Wait time based on Q-matic tickets issued at information desk.

³Neutral FY 2013/ FY 2014/FY 2015 projections are based on increased workloads without corresponding increased resources.

⁴Wait time based on Q-matic ticket issued at information desk. Wait time is expected to increase in FY 2013 - FY 2015 due to additional federal requirements in REAL ID legislation and increased D.C. population without a corresponding increase in resources.

⁵Ibid.

⁶Reductions in FY 2014 and FY 2015 projections are due to implementation of federal requirements, which will reduce use of online transactions.

⁷Ibid.

⁸Ibid.

⁹This is a new measure in FY 2013.

¹⁰This measure was revised in FY 2013 to reflect the methodology used by the organ donor community to measure percentage of organ donor designations.

The mission of the District Department of the Environment (DDOE) is to improve the quality of life for the residents and natural inhabitants of the nation's capital by protecting and restoring the environment, conserving our natural resources, mitigating pollution, and educating the public on ways to secure a sustainable future.

Summary of Services

DDOE is the lead agency for creating, promulgating and enforcing District of Columbia environmental standards, in addition to implementing, through grant requirements and other mechanisms, federal environmental laws and regulations. The Department also provides certification, review and technical analysis services to both the District government and District residents through inspections, training programs, and permitting processes, in addition to providing energy-related policy, planning and direct services. Finally, the Department develops and implements innovative solutions and programs designed to improve environmental quality and sustainability in the District.

Division Description

The District Department of the Environment operates through the following 9 divisions:

Natural Resources – oversees fisheries and wildlife, water quality, watershed protection, and stormwater management in the District. The division provides certification, review, and technical analysis services to businesses, federal and District government agencies, and District residents through licensing, inspections, monitoring, permitting, and technical assistance. It also provides natural resources education and outreach and demonstrates new technologies to protect natural resources.

This division contains the following 4 activities:

- **Fisheries and Wildlife** – supports and implements programs for urban fish and wildlife conservation, protection, recreation, and sustainability;
- **Water Quality** – restores and protects the surface and ground waters of the District by setting and enforcing water quality standards and monitoring, assessing, protecting, and restoring water quality and aquatic resources;
- **Watershed Protection** – conserves the soil and water resources of the District and protects its watersheds from nonpoint source pollution; and
- **Storm Water Administration** – reduces storm water runoff pollution through the implementation of activities that go beyond the activities required in the District’s National Pollution Discharge Elimination System (NPDES) permit, and administers the Municipal Separate Storm Sewer System (MS4) NPDES permit issued to the District by the United States Environmental Protection Agency.

Environmental Services – works to reduce contaminants in District land, air, water, and homes by certifying facilities and professional service providers, reviewing plans, issuing permits, conducting inspections, developing regulations, and recommending new policy directions.

This division contains the following 3 activities:

- **Toxic Substances** – protects human health and the environment from the potential hazards associated with toxic substances (pesticides), hazardous waste, underground storage of petroleum products, and the redevelopment of environmentally contaminated properties;
- **Air Quality** – protects human health and the environment from the effects of air pollution in the District, and ensures the implementation of, and compliance with, the District’s air quality program; and
- **Lead and Healthy Housing** – protects the health of District residents by monitoring lead safety throughout the District’s housing stock and by raising awareness of other residential environmental and safety hazards.

Policy and Sustainability – develops innovative policy and programming solutions to address environmental challenges and increase sustainability in the District. The division promotes widespread adoption of sustainable practices including green building, green infrastructure, green jobs, sustainability planning, and climate change greenhouse gas emission reductions. The division also develops policy for new and emerging environmental issues and coordinates with other offices and agencies on outreach and education for sustainability programs.

Community Relations – manages public affairs and community education programs for DDOE. The division coordinates educational outreach activities, including promotional events, educational workshops, and seminars, to engage the regulated community, businesses, and residents of the District on DDOE programs and services. The division also develops printed materials and the green.dc.gov website.

Energy – supports residential, commercial, governmental, institutional, and transportation energy users by providing financial assistance and discounts for low-income customers, informing consumers on how to become energy efficient, and providing incentives for renewable energy generation systems.

This division contains the following 4 activities:

- **Energy Efficiency and Conservation** – provides conservation and energy efficiency services to residential, commercial, institutional, and governmental sectors;
- **Energy Affordability** – assists low-income residents with their energy and utility bills, including emergency and non-emergency financial assistance, utility discounts, and bill forgiveness;
- **Energy Assistance Benefit Payments** – identifies funding available for Low-Income Home Energy Assistance Program (LIHEAP) payments; and
- **Utilities Management** – coordinates, monitors, and evaluates energy efficiency and renewable energy programs authorized by the Clean and Affordable Energy Act of 2008, and analyzes the effectiveness of utility companies' energy-related initiatives and matters before the District of Columbia regulatory and legislative bodies.

Enforcement and Environmental Justice – develops and implements effective practices in order to support DDOE enforcement efforts. The division works directly with DDOE's environmental enforcement programs by providing training, developing standard procedures, maintaining records, and managing the civil infractions program. The division ensures that DDOE programs develop and implement fair and effective compliance and enforcement policies and practices and maintain a highly trained inspection and enforcement staff to fulfill the agency's environmental mandates. It also ensures that citizens are not disproportionately burdened by negative environmental decisions and that all groups have meaningful involvement in critical decision-making processes.

Green Economy – drives growth of the green economy by encouraging green businesses, green buildings, and green jobs, and pursues the research and creation of market-based incentives that jointly promote environmental sustainability and economic development.

This division contains the following 2 activities:

- **Green Economy** – promotes environmentally progressive economic growth and development through the implementation of green building policies, the creation and attraction of green job opportunities, and the research and development of market-based strategies to encourage environmental sustainability; and
- **Green Jobs and Youth Programs** – provides environmental education, community outreach, hands-on field experience, and green job skill development to District residents between the ages of 14 and 21.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The District Department of the Environment has no division structure changes in the FY 2014 proposed budget.

Note: For more detailed information regarding the proposed funding for the activities within this agency's divisions, please see Schedule 30-PBB Program Summary by Activity in the FY 2014 Operating Appendices located on the Office of the Chief Financial Officer's website.

FY 2014 Proposed Budget Changes

The Department of the Environment's (DDOE) proposed FY 2014 gross budget is \$96,589,283, which represents a 3.1 percent increase over its FY 2013 approved gross budget of \$93,662,063. The budget is comprised of \$17,200,357 in Local funds, \$25,978,776 in Federal Grant funds, \$610,000 in Private Grant funds, \$52,011,502 in Special Purpose Revenue funds, and \$788,648 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DDOE's FY 2014 CSFL budget is \$14,897,813, which represents a \$101,505, or 0.7 percent, increase over the FY 2013 approved Local funds budget of \$14,796,308.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for DDOE included an adjustment entry that is not described in detail on table 5. This adjustment was made for an increase of \$63,637 in personal services to account for the Fringe Benefit growth rate adjustment of 4.2 percent year-over-year growth, and \$37,868 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments."

Agency Budget Submission

Increase: DDOE's budget proposal in Local funds increased funding for the personal services budget by \$341,851 and 2.9 FTEs to cover related costs for projected salary step increases, additional personnel, and Fringe Benefits.

The Federal Grant funds budget proposal includes increases of \$147,229 primarily for additional Low-Income Home Energy Assistance Program (LIHEAP) funds to procure supplies and materials for educational campaigns for citizens, and \$136,705 to purchase air monitoring equipment.

In Special Purpose Revenue funds, the proposed increases include \$1,020,953 and 11.7 FTEs, primarily to properly align the stormwater funds budget with the personal services costs, \$873,821 to cover the anticipated Sustainable Energy Utility (SEU) contract increase, \$432,470 for the Renewable Energy Development Fund (REDF) incentives for solar energy projects and the Sustainable Energy Trust Fund (SETF), \$151,313 to support additional sub-grants for the Bag Bill Fund, and \$101,915 to purchase stormwater equipment for the implementation of the Environmental Protection Agency (EPA) approved issuance of the stormwater permits.

The Intra-District budget proposal is increased by \$422,579 and 3.2 FTEs due to two Memoranda of Understanding (MOU), one from the Department of Consumer and Regulatory Affairs (DCRA) for the Green Building project and one from the Child and Family Services Agency (CFSA) for the Lead Based Paint Awareness Campaign.

Decrease: DDOE proposes reductions to the Local funds budget of \$131,403 to account for anticipated reduction in the indirect costs recovery for the Watershed Protection division and \$122,169 to adjust the Pesticide division contract costs. The employees travel and conference funding, Supplies and Materials, and equipment costs were reduced by \$88,279.

A reduction of \$866,185 in Federal Grant funds is due to the anticipated decrease in grant funding. Other adjustments in Federal Grant funds include reductions of \$524,780 and 10.6 FTEs that align the budget with

changes in the Environmental Protection Agency (EPA), Department of Defense (DOD), and LIHEAP grants, and \$28,331 to properly align the nonpersonal services budget with the agency's programmatic needs.

The Private Grant funds budget is reduced by \$540,000 due to the reduction in the National Fisheries and Wildlife Foundation grant. The Special Purpose Revenue budget is reduced by \$59,934 primarily in the Energy Assistance Trust Fund (EATF) for Supplies and Materials.

Mayor's Proposed Budget

Enhance: An enhancement of \$300,000 is provided to subsidize the citizens' purchase of rain barrels to help mitigate the impact of flooding in the Bloomingdale area. This will increase the number of barrels available to the public from approximately 250 to 1,250 and will be processed through a rebate program. Another enhancement of \$259,904 and 4.0 FTEs is provided to cover the projected expenses related to lead poisoning prevention services for approximately 300 - 350 additional children. The primary benefit of this additional investment is to provide the families of lead-impacted children with direct assistance from the District government, including all the health-protective resources at the government's disposal. This will minimize the adverse health effects of lead exposure for these children, and result in the identification and elimination of lead hazards that are currently causing exposure to lead.

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in both Local and non-Local funds. This adjustment includes \$401,505 in Federal Grant funds and \$422,687 in Special Purpose Revenue funds, and Intra-District funds may be impacted. For more information about the Local funds portion of the COLA, please see the Workforce Investments chapter contained in Volume 3 (Agency Budget Chapters – Part II) of the FY 2014 Proposed Budget and Financial Plan.

Decrease: The Special Purpose Revenue funds is reduced by \$422,687 to offset the proposed cost-of-living adjustment. The remaining balance will be offset by additional budget authority in the respective fund at the beginning of FY 2014.

District's Proposed Budget

Increase: DDOE's budget in Local funds includes a one-time allocation of \$266,640 for the implementation of the Water Quality Assurance Amendment Act. Another adjustment in the Local funds reflects an increase of \$179,910 in personal services to fund two additional Air Quality Inspectors.

In Special Purpose Revenue funds, the agency's budget includes an increase of \$150,000 to allow the Property Assessed Clean Energy (PACE) program to issue energy efficiency loans to residents.

Shift: In order for DDOE to fully support its operational needs, the Local funds budget was increased by a one-time allocation of \$700,000 for weatherization activities. The Local funds budget also includes a one-time allocation of \$596,090, which supports an additional 5.8 FTEs and other programmatic needs in the Lead and Housing program. This budget was shifted from Special Purpose Revenue funds.

Energy Administration

Objective 1: Reduce the energy burden on the District's most vulnerable and low-income populations.

Objective 2: Facilitate the implementation of the District's sustainable energy vision with detailed energy planning, market transformation and legislative actions (including One City Action Plan Actions 1.4.2 and 1.4.3 and Indicator 1E).

Objective 3: Enhance the energy assurance (reliability, security) of the District by focusing on energy resiliency.

Environmental Services Administration

Objective 1: Transform DC residential housing into homes that do not contain environmental health hazards.

Objective 2: Improve the design, implementation, and enforcement of emission control programs to reduce air pollution.

Objective 3: Return District lands to productive use by effectively managing brownfields and underground storage tanks.

Natural Resources Administration

Objective 1: Promote the installation of green infrastructure practices such as rain barrels, rain gardens, and green roofs on public and private lands to help control stormwater runoff and make the District more environmentally sustainable (One City Action Plan Action 3.6.3).

Objective 2: Improve regulatory compliance through increased enforcement and more efficient customer service.

Objective 3: Monitor the health of the District's natural resources.

Objective 4: Encourage the public to protect natural resources through education and outreach.

Performance Plan Endnotes:

¹The Wise Giving Alliance of the Better Business Bureau identifies 65 percent to be an industry standard for this measure <http://www.bbb.org/us/Charity-Standards>. This metric measures subgrantees' programmatic costs as a percentage of their overall costs. In FY 2012, this metric focused on ARRA subgrantees.

²Pursuant to 11.4 of the Grants Manual and Source Book, all District agencies must complete monitoring reports. All District agencies should be in compliance with this standard. The standard is 100 percent.

³This measure tracks the percent of sustainability indicators showcased in the greendashboard.dc.gov website that are updated on time according to the schedule.

⁴This measure tracks the number of businesses and organizations in the Green Business Challenge, as well as the number of institutions that sign a sustainability pledge (e.g. the existing College and University Sustainability Pledge).

⁵In 2006, the District produced 10.2 million metric tons of greenhouse gas emissions. The District is committed to reducing its annual emissions by 20 percent by 2020, 50 percent by 2032, and 80 percent by 2050 (from the 2006 baseline total). This translates into a 1.2 percent reduction per year in the near future and graduates to a 1.8 percent reduction closer to 2050. For each fiscal year, these reduction targets will be reported for the previous calendar year due to the time required to collect and process data.

⁶Compliance rate of enforcement actions processed measures the success of enforcement actions. A high compliance rate means that once DDOE takes enforcement actions it is successful at getting the desired environmental results from the regulated industry. (This does not include payments of fines and penalties). A low compliance rate means that even after DDOE takes enforcement actions, it is still not getting the desired results. This measure can be influenced by several factors such as inability to locate the responsible party, being ignored by the responsible party, or the agency's failure to follow-up on enforcement actions.

⁷PV stands for solar photovoltaic system. This measure is calculated in kilowatts.

⁸This measure is calculated in kilowatt equivalent (kWe) units.

⁹Generated by the DC Sustainable Energy Utility.

¹⁰DCSEU = DC Sustainable Energy Utility.

¹¹<http://mayor.dc.gov/page/one-city-action-plan>

¹²This involves sending samples to lab for analysis; writing comprehensive report after sample results are delivered to DDOE; a second inspector reviewing the report for quality assurance; a supervisor reviewing and approving the report; and writing a notice of violation and an order to relocate, if necessary.

¹³This industry standard is an annual measure that will be compared to the national average reported by the Center for Disease Control. The current average hovers around 1 percent. EBLL = Elevated blood lead level.

¹⁴This industry standard measure can only be compared to jurisdictions with the same ozone nonattainment status as the District. In addition, ozone formation is highly dependent on heat and sunlight; 2009 was an abnormal year, with low ozone levels due to the relatively cool summer, while 2010 had abnormally high ozone levels due to the relatively hot summer.

¹⁵A Title V facility is one that is considered a major source of one or more air pollutants and so receives a facility-wide permit.

¹⁶This measure is the combined compliance rate of inspected facilities, including release detection compliance and release prevention compliance. Active underground storage tank facilities are targeted for inspection at least once every 3 years.

¹⁷The FY 2013 and FY 2015 targets are lower because inspections will be done of larger facilities, which require more time.

¹⁸This measure is also tracked in the One City Action Plan, Action 3.6.3. By 2017, the District will install 1.5 million square feet of green roofs as part of an effort to make the Anacostia River, Rock Creek, Potomac River and all District waterways fishable and swimmable.

¹⁹MS4 = municipal separate storm sewer system.

²⁰The facilities most commonly inspected include automotive repair, maintenance, and body shops, dry cleaners, and car washes. Inspections are also routinely conducted at solid waste transfer stations, scrap metal yards, equipment maintenance yards, golf courses, marinas, bus depots, District government-owned facilities, and federal facilities such as the Bureau of Printing and Engraving and National Park Service vehicle shops. The list of facilities inspected is updated annually in accordance with the District's MS4 permit.

The mission of the District of Columbia Taxicab Commission (DCTC) is to ensure that the citizens and visitors of the District of Columbia have a safe, comfortable, efficient and affordable taxicab experience in well-equipped vehicles operated by highly qualified individuals who have knowledge of the District's streets, boundaries, and tourist destinations.

Summary of Services

The DCTC provides services to approximately 8,500 taxicab drivers and 116 taxicab companies and 1,400 independent owner operators who together operate 6,500 taxis, 103 independent limousine drivers, and 27 limousine companies. DCTC participates in and/or conducts adjudication services and collects fees from complaints that are filed against taxicab drivers. DCTC Hack Inspectors conduct daily taxicab inspections.

Program Description

The D.C. Taxicab Commission operates through the following 7 programs:

Driver and Consumer Service Program – provides response to resolve issues of passengers and drivers.

This program contains the following 4 activities:

- **Complaints** – documents and investigates the validity of information and prepares regulatory language to process and seek resolution to determine effective remedies;
- **Community Outreach** – communicates with groups, organizations and individuals to inform of agency procedures and regulations and solicits feedback to enhance public awareness;
- **Driver Assistance** – accepts applications for driver licensing and vehicle registration and issues new licenses and renewals; and
- **Customer Service** – assists with the retrieval of lost items and takes action to fulfill service inquiries.

Research Program – provides industry data, knowledge, and awareness of trends for the purpose of planning, assessment, and rulemaking.

Enforcement and Education Program – provides enforcement, compliance and oversight of public vehicle-for-hire companies; and conducts training courses for license applicants and refresher courses for existing license holders to ensure behavioral standards and adherence to District law and DCTC regulations.

This program contains the following 3 activities:

- **Field Enforcement** – performs field inspections and issues notice of infractions;

- **Company Audit** – reviews vehicle records of public vehicle-for-hire companies to ensure compliance with regulatory requirements of Title 31; and
- **Fleet Management** – supervises companies, associations and individuals in order to maintain accurate records of in-service vehicles.

Public Adjudication – provides the hearing of appeals on findings of complaints and notice of infractions and administers orders of suspension or revocation of licenses to ensure consistent, safe and non-discriminatory transportation services.

Legal Program – provides compliance with legislative directives and technical structure and offers analysis and opinions to ensure appropriate rulemaking and operational activities.

Public Information – provides updated facts pertaining to operations, rulemaking and media through various communication platforms including press releases, testimony and speech preparation, and web site management; monitors news to maintain awareness of market; and coordinates the promotion of a positive public image.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

In FY 2014, the agency added 4 new programs. The proposed program structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2014 Proposed Budget Changes

The D.C. Taxicab Commission's (DCTC) proposed FY 2014 gross budget is \$4,200,000, which represents a 122.1 percent increase over its FY 2013 approved gross budget of \$1,890,924. The budget is comprised of \$4,000,000 in Special Purpose Revenue funds and \$200,000 in Intra-District funds.

Agency Budget Submission

Increase: The Special Purpose Revenue funds personal services budget increases by \$2,661,218 to support an additional 33.0 new positions, including calculations for Fringe Benefits. The shift differential and overtime costs were supported by Intra-District funds in prior years. An increase of \$1,530,200 will support the Taxicab Commission Information System, a new system that will provide data support for the Commission's management team, and \$325,000 will purchase additional vehicles and equipment for new staff. The budget proposal further includes an increase of \$76,784 in Special Purpose Revenue funds to support a Memorandum of Understanding (MOU) with the Metropolitan Police Department. This MOU, in which DCTC is the buyer, provides funding for training of new staff, while the remaining portion of the increase will support additional transcription service and printing costs. A net increase of \$23,594 in Intra-District funds will cover the purchase of uniforms for new hires and legal services support based on an MOU with the Office of the Attorney General.

Shift: A net decrease of \$107,282 and 1.0 FTE in Intra-District funds is due to reclassification of funds to Special Purpose Revenue funds. This adjustment aligns personal services more efficiently with projected costs including the shift differential and overtime expenses.

Mayor's Proposed Budget

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in non-Local funds. This adjustment includes \$75,388 in Special Purpose Revenue funds.

Decrease: The Special Purpose Revenue funds budget is reduced by \$75,388 to offset the proposed cost of living adjustment. Another reduction in Special Purpose Revenue funds includes \$3,422,483 and 24.0 FTEs to properly align the budget with revenue projections that would have supported funding for the Taxicab Commission Information System and the purchase of new vehicles.

District's Proposed Budget

Increase: The Special Purpose Revenue (SPR) funds budget increased by \$1,222,045. Of the \$1,222,045 increase, \$326,596 supports 3.0 new FTEs (1 Chief Hack Inspector, 1 Human Resources Specialist, and 1 Compliant Manager). The remaining \$895,449 will fund nonpersonal services purchases that support the operations. The overall increase to SPR is expected to be generated from a surcharge, which will be paid by cab drivers and collected through the Payment Service Provider (PSP). The installation of meters and the associated surcharge are part of the Modern Taximeter System (MTS).

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2014:

Objective 1: Improve customer and taxicab service provided to the citizens and visitors of the District of Columbia (including One City Action Plan Action 3.7.4).

Objective 2: Improve the efficiency and quality of services that support and regulate taxicabs in the District of Columbia.

Objective 3: Driver Education Program.

Description	FY 2012 Actual	FY 2013 Approved	FY 2014 Proposed	% Change from FY 2013
Operating Budget	\$125,704	\$125,706	\$125,706	0.0

The mission of the Washington Metropolitan Area Transit Commission (WMATC) is to help assure that the public is provided passenger transportation services by fit and responsible, privately owned, for-hire licensed carriers to service the Metropolitan region. This budget reflects only the District of Columbia government appropriation to the agency.

The WMATC assumed its jurisdiction in March 1961. The commission administers the delegated powers of the Washington Metropolitan Area Transit Regulation Compact, Pub. L. No. 86-794, § 1, 74 Stat. 1031 (1960), as amended by Pub. L. No. 87-767, 76 Stat. 764 (1962), Pub. L. No. 101-505, § 1, 104 Stat. 1300 (1990), and Pub. L. No. 111-160, 124 Stat. 1124 (2010)). The latest amended compact is codified at District of Columbia Official Code Section 9-1103.01.

A three-member Board of Commissioners directs the WMATC. One commissioner is appointed from a District of Columbia agency with oversight of matters relating to the Commission by the Mayor of the District of Columbia; one commissioner is appointed from the Maryland Public Service Commission by the Governor of Maryland; and one commissioner is appointed from the Department of Motor Vehicles of the Commonwealth of Virginia by the Governor of Virginia. Daily operations are directed by the Executive Director and carried out by WMATC staff. The Washington Metropolitan Area Transit District (Metropolitan District) consists of the following jurisdictions:

- Arlington County, Virginia;
- City of Alexandria, Virginia;
- City of Falls Church, Virginia;
- District of Columbia;
- Fairfax County, Virginia;
- Montgomery County, Maryland;
- Prince George's County, Maryland; and
- Washington-Dulles International Airport in Loudoun County, Virginia.

The mission of the Washington Metropolitan Area Transit Authority (WMATA) is to provide the public with an efficient, affordable and safe means of travel, under the direction of the District's Department of Transportation (Progressive Transportation Services Administration), which provides funding, policy recommendations, and coordination of services to the agency.

WMATA was created February 20, 1967. It is an interstate compact agency and, by the terms of its enabling legislation, an agency and instrumentality of the District of Columbia, State of Maryland, and Commonwealth of Virginia. This compact agency was created by the aforementioned states and the District of Columbia to plan, finance, construct, and operate a comprehensive public transit system for the Washington metropolitan area. A Board of Directors, with representatives from each of the three jurisdictions and the federal government, governs WMATA. The District has two voting members and two non-voting members on WMATA's Board. The Progressive Transportation Services Administration of the District's Department of Transportation (DDOT) oversees the District's funding of WMATA and recommends policy direction, develops service initiatives, and monitors service quality. DDOT's role is inclusive of all transit modes including Metrobus, Metrorail, and Metro-Access Paratransit service.

The agency's FY 2014 proposed budget is presented in the following tables:

Program Description

The Washington Metropolitan Area Transit Authority (WMATA) operates through the following 4 programs:

WMATA Operations – ensures that Metrorail and Metrobus operate efficiently and timely within the District of Columbia.

The program contains the following 2 activities:

- **Metrorail Operations** – operates approximately 38 miles of the Metrorail system and 40 stations in the District. It provides approximately 226.5 million trips per year. WMATA manages a total of 106 miles of track in the metropolitan area with 86 stations; and
- **Metrobus Operations** – operates approximately 350 bus routes on 135 lines throughout the metropolitan area, serving an average yearly ridership of 135 million. The District has the most concentrated level of Metrobus service in the region and the largest share of Metrobus ridership. Over half of Metrobus riders are District residents.

MetroAccess – provides curb-to-curb wheelchair lift-equipped van service for persons unable to use accessible conventional bus or rail services. In the District, the service has nearly 9,200 certified riders, who make approximately 54,000 trips per month. WMATA contracts with private carriers for the paratransit service.

DC-Specific (Reimbursable to WMATA) Projects – DC-Specific projects are not part of the regular jurisdictional share of the WMATA subsidy; they are programs or projects that the District pays WMATA to operate or construct.

Examples of DC-Specific projects include:

- The D.C. Circulator bus system's management;
- A special fare buy-down on bus-to-rail and rail-to-bus transfers in Southeast Washington; and
- Services associated with School Subsidy program.

Debt Service – covers the District's annual share of financing costs for bonds sold by WMATA for the construction of the original system and for ongoing transit infrastructure rehabilitation and replacement. This payment is consistent with the Ancillary Bond Repayment Participation Agreement entered between the District of Columbia, the State of Maryland, the Commonwealth of Virginia, and the United States Secretary of Transportation.

Program Structure Change

The Washington Metropolitan Area Transit Authority has no program structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

The Washington Area Transportation Authority's (WMATA) proposed FY 2014 gross budget is \$301,088,000, which represents a 4.9 percent increase over its FY 2013 approved gross budget of \$286,936,920. The budget is comprised of \$200,810,497 in Local funds, \$59,119,000 in Dedicated Taxes, and \$41,158,503 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 4 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

WMATA's FY 2014 CSFL budget is \$201,008,373, which represents a \$1,852,153, or 0.9 percent, increase over the FY 2013 approved Local funds budget of \$199,156,220.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for WMATA included an adjustment entry that is not described in detail on table 4. This adjustment was made for an increase of \$1,852,153 in nonpersonal services to account for anticipated increase in the District of Columbia share of Metro's FY 2014 operating costs.

Agency Budget Submission

Decrease: Private operators of parking lots and garages in the District of Columbia pay taxes on revenues generated from providing parking services, and these revenues are dedicated to the WMATA subsidy. The FY 2014 projected Dedicated Taxes expenditures were reduced by \$5,016,243 to align the budget with expected revenue.

Mayor's Proposed Budget

Enhance: The District of Columbia provides approximately 27 percent of the annual subsidy to the Washington Metropolitan Area Transit Authority. WMATA anticipates increases in its annual operating costs in FY 2014 due to the new Silver Line to Tysons Corner and pension costs. In Dedicated Taxes funds, Subsidies and Transfers are increased by \$6,933,243 to support WMATA's operating cost and align with updated revenue estimates.

Decrease: \$785,876 savings from Local funds Subsidies and Transfers due to the increase in Dedicated Tax revenue.

Transfer In: In Special Purpose Revenue, DDOT transferred \$3,576,583 of Circulator Bus revenue and \$7,003,220 of parking meter revenue to WMATA to support the increase in the annual subsidy payment.

District's Proposed Budget

Increase: The WMATA subsidy Local funds budget was increased by \$19,164,831 to adjust the budget to the actual subsidy amount and to support the increased demand for the rail services, school transit subsidy, Reduced Fare (REDF) programs, and Circulator services. In order for the District to implement the recommendation made by the WMATA Board of Directors in April 2013 to increase fares, the Local funds budget increased by \$588,000.

Decrease: The WMATA subsidy Local funds budget was reduced by \$19,164,831 primarily in bus services, and general operations to fully fund the rail services, school transit subsidy, REDF programs, and Circulator services.

The mission of Debt Service administration is to finance the District's capital and cash flow needs as well as minimize costs associated with such financing, exercise fiscally responsible debt management practices, and make timely payment of all debt service.

Summary of Services

Timely debt service payments are necessary to satisfy the District's commitments to its investors (bondholders) and maintain a good credit standing in the financial marketplace. Under the District of Columbia Home Rule Act, the District may issue debt to finance capital projects or seasonal cash needs, subject to certain limitations. Specifically, no long-term debt may be issued that would cause total debt service on all tax-supported debt to exceed 12 percent of total general fund expenditures in any year during the 6-year capital plan period. No short-term debt may be issued in an amount that would cause total outstanding short-term debt to exceed 20 percent of the projected revenue of the fiscal year in which the debt is issued. Short-term debt must be repaid by the end of the fiscal year in which it is issued. The District's total outstanding tax-supported long-term debt as of December 2012 was \$8.7 billion. The District issued \$675 million of short-term debt in FY 2013, which will be repaid by September 28, 2013. Appropriations are budgeted from Local funds in amounts sufficient to meet the required payments for the various types of debt service.

FY 2014 Proposed Budget Change

The Repayment of Loans and Interest's proposed FY 2014 gross budget is \$524,082,385, which represents a 12.1 percent increase over its FY 2013 approved gross budget of \$467,424,282. The budget is comprised of \$519,354,385 in Local funds and \$4,728,000 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 4 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Repayment of Loans and Interest's FY 2014 CSFL budget is \$517,761,784, which represents a \$54,884,502, or 11.9 percent, increase over the FY 2013 approved Local funds budget of \$462,877,282.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for Repayment of Loans and Interest included an adjustment entry that is not described in detail on table 4. This adjustment was made for an increase of \$54,884,502 in nonpersonal services based on scheduled debt service payments for FY 2014. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments."

Agency Budget Submissions

Increase: The projected FY 2014 budget proposal for Special Purpose Revenue funds reflects an increase of \$181,000 in debt service payments that aligns the budget with revenue projections for the Clear Channel Advertising Agreement.

Decrease: The FY 2014 budget proposal for Local funds reflects a decrease of \$218,450 in Debt Service to align the budget with current debt service cost projections.

Mayor's Proposed Budget

The FY 2014 budget for Local funds reflects an increase of \$522,557 in debt service payments that aligns the budget to debt service projections.

District's Proposed Budget

Increase: The FY 2014 District's proposed budget for the Repayment of Loans and Interest's reflects an increase of \$283,500 in debt service payments in Local funds that supports the purchase of new buses for the District Department of Transportation. The proposed budget in Local funds also includes a one-time allocation of \$659,834 to move the Langdon Education Campus modernization project from FY 2015 to FY 2014.

Technical Adjustment: The proposed budget in Local funds also includes a technical adjustment increase of \$345,160 to align the budget to debt service cost projections.

The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 4 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

Repayment of Interest on Short-Term Borrowings' FY 2014 CSFL budget is \$5,000,000, which represents a \$610,000, or 13.9 percent, increase over the FY 2013 approved Local funds budget of \$4,390,000.

Major CFSL Cost Drivers

The FY 2014 CSFL calculated for Repayment of Interest on Short-Term Borrowings' included an adjustment entry that is not described in detail on table 4. This adjustment was made for an increase of \$610,000 in nonpersonal services based on revised debt service projections for FY 2014. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments"

Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

Settlements and Judgments' FY 2014 CSFL budget is \$21,992,448, which represents a \$515,448, or 2.4 percent, increase over the FY 2013 approved Local funds budget of \$21,477,000.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for Settlements and Judgments included an adjustment entry that is not described in detail on table 4. This adjustment was made for an increase of \$515,448 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. During the development of the CSFL, some adjustments such as this were categorized as "other adjustments".

Agency Budget Submission

Settlements and Judgments has no changes from the FY 2014 CSFL to the FY 2014 agency budget submission.

Mayor's Proposed Budget

Transfer Out: Settlements and Judgment's proposed budget includes a reduction of \$700,000 in Local funds, which had been used to support the development of a document management system for the Office of the Attorney General of the District of Columbia (OAG). The development and implementation of a large-scale document management and litigation support system was included in the court-ordered settlement of a major case against the District. The development costs were eligible for payment from Settlements and Judgments. However, costs for the continued operation of the system will be funded by OAG.

An adverse judgment of \$36,000,000 for the Fire and Emergency Medical Services Department, if one were issued, would require an increase to the budget in the amount of \$36,000,000. In the proposed FY 2014 Budget Request Act of FY 2013, there is language that affirms the initial Congressional intent for making the overtime pay order ratification positive law and eliminates this potential liability.

District's Proposed Budget

Settlements and Judgments has no changes from the FY 2014 Mayor's proposed budget to the FY 2014 District's proposed budget. The proposed FY 2014 Budget Request Act language was removed as the litigation on this matter is still ongoing.

Description	FY 2012 Actual	FY 2013 Approved	FY 2014 Proposed	% Change from FY 2013
Operating Budget	\$3,457,866	\$4,193,080	\$4,494,500	7.2

The mission of the John A. Wilson Building Fund is to provide an efficient, clean, and safe working environment for District employees in a modernized century-old historic building. Easily accessible to the public, the Wilson Building is an emblem of District pride showcased on the elegant Pennsylvania Avenue corridor within the Federal Triangle, just blocks from the White House.

Culminating a five-year renovation, expansion, and restoration, the Wilson Building reopened to acclaim in late 2001. Built in 1904 and later named after the long-term District Council member and Chairman, the building had suffered from neglect and had to be closed in 1996. Preservation-minded District officials emerged with a redevelopment plan and, starting in 1996, the Wilson Building underwent a renovation based on plans from architect Shalom Baranes. The result is a modern workplace for District government that retains much of its historic flavor and texture.

Housed in the building are the Executive Office of the Mayor, the District Council, the Office of the Chief Financial Officer, and a number of other District agencies. The Wilson Building will serve the District for many years, while preserving a link to the past.

The agency's FY 2014 proposed budget is presented in the following tables:

The John A. Wilson Building Fund's proposed FY 2014 gross budget is \$4,494,500, which represents a 7.2 percent increase over its FY 2013 approved gross budget of \$4,193,080. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 4 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Wilson Building Fund's FY 2014 CSFL budget is \$4,733,435, which represents a \$540,355, or 12.9 percent, increase over the FY 2013 approved Local funds budget of \$4,193,080.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for the Wilson Building Fund included an adjustment entry that is not described in detail on table 4. This adjustment was made for an increase of \$540,355 in nonpersonal services to account for the Fixed Cost Inflation factor derived from the Department of General Services' forecast of centralized fixed costs. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

Decrease: The proposed FY 2014 Local budget decreased from the original Maximum Allowable Request Ceiling (MARC) of \$4,733,435 by \$238,935 for Energy-related fixed costs due to several energy-saving initiatives implemented by the Department of General Services to reduce consumption.

Mayor's Proposed Budget

The John A. Wilson Building Fund has no changes from the FY 2014 agency budget submission to the FY 2014 Mayor's proposed budget.

District's Proposed Budget

The John A. Wilson Building Fund has no changes from the FY 2014 Mayor's proposed budget to the FY 2014 District's proposed budget.

Description	FY 2012 Actual	FY 2013 Approved	FY 2014 Proposed	% Change from FY 2013
Operating Budget	\$0	\$0	\$59,442,279	N/A

The mission of Workforce Investments is to pay compensation increases for nonunion and union District employees.

The District budgets an amount for Workforce Investments for pay increases and reforms that are expected in the budgeted year but are not finalized. Employees covered and dollar amounts vary from year to year, depending on what compensation changes are final or still outstanding. In FY 2014, Workforce Investments includes the budget for a proposed Cost-of-Living Adjustment. The Office of Budget and Planning develops estimates for the Workforce Investments budget in consultation with the D.C. Department of Human Resources, the Office of Labor Relations and Collective Bargaining, the Mayor's Office of Budget and Finance, and the Office of the City Administrator.

The agency's FY 2014 proposed budget is presented in the following tables:

FY 2014 Proposed Budget Changes

Workforce Investments' proposed FY 2014 gross budget is \$59,442,279, compared to its FY 2013 approved gross budget of \$0. The budget is comprised entirely of Local funds.

Mayor's Proposed Budget

Increase: The FY 2014 budget proposal for Local funds reflects an increase of \$56,884,298 to cover the Local funds portion for a Cost-of-Living Adjustment for salaries of various District agency staff. For more information about the non-Local funds portion of the COLA allocation, please see the agency chapters contained in Volumes 2 and 3 (Agency Budget Chapters – Part I and II) of the FY 2014 Proposed Budget and Financial Plan

Transfer-In: A transfer of personal services savings from the D.C. Fire and Emergency Medical Services Department (FEMS) in the amount of \$2,557,981 to support the proposed cost-of-living adjustment (COLA).

District's Proposed Budget

Workforce Investments' has no changes from the FY 2014 Mayor's proposed budget to the FY 2014 District's proposed budget.

Note: This agency received an additional allocation from the June 2013 revised revenue estimate. See the "FY 2014 Proposed Budget Changes" section at the end of this chapter for details.

The mission of Non-Departmental is to budget for anticipated costs that were not allocated to specific agencies during the development of the proposed budget to ensure that specific use requirements are met.

Use of a Non-Departmental account is a common practice to include specific costs in the budget, while providing the flexibility to project and allocate these costs. Use of Non-Departmental improves budget formulation by ensuring that certain use criteria are met by agencies before the funds are released to those agencies.

The agency's FY 2014 proposed budget is presented in the following tables:

FY 2014 Proposed Budget Changes

Non-Departmental's proposed FY 2014 gross budget is \$9,702,236, which represents a 71.6 percent decrease from its FY 2013 approved gross budget of \$34,161,060. The budget is comprised of \$2,000,000 in Local funds and \$7,702,236 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

Non-Departmental's FY 2014 CSFL budget is \$2,000,000, which represents a \$7,000,000, or 77.8 percent, decrease from the FY 2013 approved Local funds budget of \$9,000,000, to support the Return to Work program and 40.0 FTEs.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for Non-Departmental included an adjustment entry that is not described in detail on table 5. The CSFL included the removal of \$7,000,000 in one-time funding. Of this amount, \$2,000,000 was included in FY 2013 to partially fund the potential disallowance by the federal Department of Education of the \$200 per pupil of federal payment funds that the District used to fund the \$3,000 Public Charter Schools facilities allotment, and \$5,000,000 was included for projected costs related to the potential sale of a District building.

Agency Budget Submission

Cost Decrease: In Special Purpose Revenue funds, the budget is initially adjusted to \$0 to remove the FY 2013 estimate of \$25,161,060 in unbudgeted Special Purpose Revenue.

Mayor's Proposed Budget

Transfer-In: In Special Purpose Revenue funds, otherwise unbudgeted FY 2014 revenues of \$6,406,146 are added so that the District has budget authority for the full amount of its certified revenues.

District's Proposed Budget

Transfer In: In Special Purpose Revenue funds, otherwise unbudgeted FY 2014 revenues of \$1,296,090, are added so that the District has budget authority for the full amount of its certified revenues.

Subsequent Events

Note: The Fiscal Year 2014 Budget Request Act of 2013 provides the District with the authority to appropriate up to \$50 million if the Chief Financial Officer (CFO) certifies additional revenues in the June 2013 revenue estimates. On June 24, 2013, the CFO certified \$92.3 million in additional revenue for FY 2014. The Mayor and the Council have agreed to appropriate \$1.0 million of this additional revenue to Non-Departmental to provide a one-to-one match for any amounts up to \$1.0 million that the University of the District of Columbia may raise to support its reaccreditation efforts. The amended proposed gross funds budget for Non-Departmental is \$10,702,236. This additional funding is not in table 5 nor in the Budget Request Act figure for this agency, but it will be part of the agency's approved budget pending Congressional approval.

The mission of the Emergency Planning and Security Fund (EPSF) is to record expenses for which federal funding has been approved under the authority found in the federal payment for “Emergency Planning and Security Costs in the District of Columbia” section of the District’s annual Appropriations Act.

The costs shown below are generally related to:

- Providing public safety at events related to the presence of the Nation's Capital in the District;
- Providing response support to immediate and specific terrorist threats or attacks in the District; and
- Support for requests from the United States Secret Service.

The District of Columbia Appropriations Act, 2012, approved December 23, 2011 (P.L. 112-74), authorized a direct federal payment to the District in the amount of \$14,900,000, available until expended, and continued the authorization for reimbursement of expenditures related to support requested by the Director of the United States Secret Service.

EPSF funds available in FY 2012 consisted of:

Unexpended balance carried forward from FY 2011:	\$1,462,697
FY 2012 approved budget:	\$14,900,000
Total Available in FY 2012:	\$16,362,697

Program Description

The Emergency Planning and Security Fund operates through the following program:

Emergency Planning and Security Cost - provides recordation of expenses for which federal reimbursement/payment has been approved under the authority found in the federal payment for Emergency Planning and Security Costs section of the District's annual Appropriations Act.

Program Structure Change

The Emergency Planning and Security Fund has no program structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

The Emergency Planning and Security Fund's proposed FY 2014 gross budget is \$14,900,000, which represents a 36.3 percent decrease from its FY 2013 approved gross budget of \$23,408,042. The budget is comprised entirely of Federal Payment funds.

Agency Budget Submission

The FY 2013 Approved Budget of \$23,408,042 was comprised of an initial budget of \$24,700,000, reduced by a the combined effects of sequestration and rescission of \$1,291,958. Included in the \$24,700,000 was a one-time payment of \$9,800,000 to assist with allowable expenses associated with the Presidential Inauguration in January 2013, per the District of Columbia Appropriations Act, 2012, approved December 23, 2011 (P.L. 112-74), as extended by the Continuing Appropriations Resolution, 2013, approved September 28, 2012 (P.L. 112-175). Removing the one-time payment from the initial budget level yields the FY 2014 agency budget submission of \$14,900,000. This is a net decrease of \$8,508,042 from the FY 2013 Approved Budget.

Mayor's Proposed Budget

The Emergency Planning and Security Fund has no changes from the FY 2014 agency budget submission to the FY 2014 Mayor's proposed budget.

District's Proposed Budget

Description	FY 2012 Actual	FY 2013 Approved	FY 2014 Proposed	% Change from FY 2013
Operating Budget	\$49,790,699	\$50,035,750	\$42,676,892	-14.7

The mission of the Master Equipment Lease/Purchase Program (the program) is to provide District agencies with access to low cost, tax-exempt financing for short-term capital equipment needs. The program also enables the District to improve its asset/liability management by matching the useful life of the asset being financed to the amortization of the liability.

Equipment financed through the program must have a useful life of at least 5 years. The repayment (amortization) will not exceed the useful life of the equipment being financed. The maximum financing term that may be requested is 10 years. The program finances equipment such as rolling stock (e.g., automobiles, trucks, public safety vehicles) and computer hardware and software. Under the District of Columbia Home Rule Act, the District may issue various obligations to finance its capital needs.

Financing through the program begins with a financing company paying for the purchase of equipment for the District's use. The District makes lease payments to the financing company for such equipment, which are in effect principal and interest payments on the amount financed, and the District gains ownership of the equipment upon completion of the payments. As of September 30, 2012, the District had financed approximately \$428 million of its capital equipment needs through the program.

Timely payments are necessary to satisfy the District's commitments to its investors and creditors and to maintain a good credit standing in the financial markets. Appropriations for the program are budgeted from Local funds in amounts sufficient to meet the required payments.

The agency's FY 2014 proposed budget is presented in the following tables:

FY 2014 Proposed Budget Change

The Master Equipment Lease/Purchase Program's proposed FY 2014 gross budget is \$42,676,892, which represents a 14.7 percent decrease from its FY 2013 approved gross budget of \$50,035,750. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 4 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Master Equipment Lease/Purchase Program's FY 2014 CSFL budget is \$40,285,177 which represents a \$9,750,573, or 19.5 percent, decrease from the FY 2013 approved Local funds budget of \$50,035,750.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for the Master Equipment Lease/Purchase Program included an adjustment entry that is not described in detail on table 4. This adjustment was made for a decrease of \$9,750,573 in nonpersonal services based on revised projections for debt service for FY 2014. During the development of the CSFL, some adjustments such as these were categorized as "other adjustments".

Agency Budget Submission

The Master Equipment Lease/Purchase Program has no changes from the FY 2014 CSFL to the FY 2014 agency budget submission.

Mayor's Proposed Budget

Increase: The FY 2014 budget for Local funds reflects an increase of \$2,391,715 in debt service payments that aligns the budget to debt service projections.

District's Proposed Budget

The Master Equipment Lease/Purchase Program has no changes from the FY 2014 Mayor's proposed budget to the FY 2014 District's proposed budget.

Operating Budget	\$0	\$3,000,000	\$5,500,000	83.3

The purpose of Emergency and Contingency Reserve Funds is to maintain the required fund balances established under section 450A of the District of Columbia Home Rule Act (D. C. Official Code, sec. 1-204.50a) for each fiscal year. The Emergency and Contingency Reserve Funds were established to provide for nonrecurring or unforeseen needs that arise during the fiscal year.

This agency is budgeted on an as-needed basis, to replenish the Emergency and Contingency Reserve Funds for allocations made from the funds in the previous years. The Emergency and Contingency Reserve Funds were established to provide for nonrecurring or unforeseen needs that arise during the fiscal year.

In FY 2005, the following changes were adopted:

- Modified the calculation of the Emergency and Contingency Reserve Funds by using prior year actual expenditures from Local funds as defined in the annual Comprehensive Annual Financial Report (CAFR), and removed expenditures related to payment of debt service from the calculation of actual expenditures.
- Changed the required funding levels from 7 percent to 6 percent (Emergency Reserve Fund at 2 percent and Contingency Reserve Fund at 4 percent); and
- Changed the replenishment requirements from 1 to 2 years, with no less than 50 percent replenished in the first year.

The agency's FY 2014 proposed budget is presented in the following tables:

FY 2014 Proposed Budget Changes

The Emergency and Contingency Reserve Fund's FY 2014 gross budget is \$5,500,000, which represents an 83.3 percent increase over its FY 2013 approved gross budget of \$3,000,000.

Agency Budget Submission

Decrease: Local funds were reduced by \$750,000 and Federal Grant funds were reduced by \$2,250,000 because the previous outstanding amount from the Contingency Reserve was repaid during the close of FY 2012.

Mayor's Proposed Budget

Increase: The proposed budget includes an increase of \$5,500,000 in Local funds for repayment of the Contingency Cash Reserve Fund.

District's Proposed Budget

The Emergency and Contingency Reserve Fund has no changes from the FY 2014 Mayor's proposed budget to the FY 2014 District's proposed budget.

Note: This agency received an additional allocation from the June 2013 revised revenue estimate. See the “FY 2014 Proposed Budget Changes” section at the end of this chapter for details.

The mission of the Pay-As-You-Go Capital Fund is to provide an additional funding source and offset long-term bond borrowing costs for capital projects.

Summary of Services

The Mayor and Council can request the use of Pay-As-You-Go (Paygo) Capital funds following the determination and certification by the Chief Financial Officer that the funds are available and necessary for the designated purpose. Operating funds may be transferred to the capital fund through a Pay-As-You-Go Capital funds budget transfer to support the Capital Improvements Plan, and the proposed FY 2014 budget includes such a transfer.

FY 2014 Proposed Budget Changes

The Pay-As-You-Go Capital Fund's proposed FY 2014 gross funds budget is \$34,786,242, which represents 2.8 percent decrease from its FY 2013 approved gross budget of \$35,802,765. The budget is comprised of \$9,199,687 in Local funds and \$25,586,555 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 4 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Pay-As-You-Go Capital Fund's FY 2014 CSFL budget is \$0, which represents a \$4,270,000, or 100 percent, decrease from the FY 2013 approved Local funds budget of \$4,270,000.

Major CSFL Cost Drivers

The FY 2014 CSFL calculated for the Pay-As-You-Go Capital Fund included removal of \$4,270,000 in one-time funding, which was used in FY 2013 for a transfer for the capital acquisition of specialized vehicles for the Metropolitan Police Department.

Mayor's Proposed Budget

Increase: In Local funds, neighborhood investment will be accelerated by converting planned Tax Increment Financing borrowing to Paygo capital, enabling an addition of \$5,137,000 to support a transfer to capital funds

for the District's Great Streets Initiative. In addition, \$3,000,000 is transferred to capital for the new Integrated Tax System. Additional revenue from the federal Department of Transportation's (DOT) Payment-In-Lieu-of-Taxes (PILOT) of \$1,000,000 is transferred for two projects: \$700,000 for the District Department of Transportation's (DDOT) Greenspace project and \$300,000 for the Department of Parks and Recreation's (DPR) Yards Park project.

Decrease: In Special Purpose Revenue funds, a reduction of \$5,025,210 due to lower Rights-of-Way Fee revenue to transfer to capital funds for the District's Local Transportation Fund projects.

District's Proposed Budget

Increase: In Local funds, an increase of \$750,000 to improve the efficiency of bus operations, and an increase of \$750,000 to support the expansion of performance parking.

Decrease: In Local funds, a reduction of \$433,313 to reflect a lower transfer to capital for the new Integrated Tax System project, and a reduction of \$1,004,000 in the amount of Tax Increment Financing borrowing planned to be converted to Paygo. In Special Purpose Revenue funds, a net reduction of \$921,000 in the Rights-of-Way Fee revenue to reduce the transfer to capital for DDOT projects, and reflect the reallocation of \$1,547,000 in funds from DDOT projects to an Office on Aging project for vehicles for Elderly and Handicapped Service.

Subsequent Events

Note: The Fiscal Year 2014 Budget Request Act of 2013 provides the District with the authority to appropriate up to \$50 million if the Chief Financial Officer (CFO) certifies additional revenues in the June 2013 revenue estimates. On June 24, 2013, the CFO certified \$92.3 million in additional revenue for FY 2014. The Mayor and the Council have agreed to appropriate \$9.7 million of this additional revenue to the Pay-As-You-Go Capital Fund for the following projects: 1) \$2.8 million for the upgrade of the D.C. Public Schools student information system; 2) \$1.6 million for the repair of the fence and field at the Dwight Mosley/Taft Recreation Center; 3) \$1.0 million for repairs to the field at Shaed Elementary School; and 4) \$4.3 million for renovations at the Bertie Backus campus of the Community College of the District of Columbia. The amended proposed gross funds budget for the Pay-As-You-Go Capital fund is \$44,446,774. This additional funding is not in table 5 nor in the Budget Request Act figure for this agency, but it will be part of the agency's approved budget pending Congressional approval.

District Retiree Health Contribution

Description	FY 2012 Actual	FY 2013 Approved	FY 2014 Proposed	% Change from FY 2013
Operating Budget	\$109,800,000	\$107,800,000	\$107,800,000	0.0

The mission of District Retiree Health Contribution is to contribute to the funding of the District's other post-employment benefits (OPEB) liabilities.

District government retirees who were first employed after September 30, 1987 ("post-87") may obtain health insurance (pursuant to D.C. Code 1-622) and life insurance (pursuant to D.C. Code 1-623) from the District. The federal government is responsible for funding OPEB costs for District government retirees who were first employed prior to October 1, 1987 ("pre-87").

In 1999, the Council of the District of Columbia established the Annuitants' Health and Life Insurance Employer Contribution Trust Fund ("Trust Fund") to pay the District's portion of post-87 retirees' health and life insurance premiums. Through FY 2007, the District contributed to the Trust Fund from available funds. Beginning in FY 2008, the Governmental Accounting Standards Board requires state and local governments, including the District, to recognize any OPEB liability in their financial statements. The District is budgeting an actuarially determined annual OPEB contribution to gradually reduce its unfunded accrued liability. The proposed budget of the District Retiree Health Contribution represents the District's FY 2013 contribution to the funding of its OPEB liabilities.

The District passed permanent legislation effective in FY 2011 changing the calculation of its contribution to the cost of health, vision and dental insurance premiums for retirees and their dependents to a scale based on the amount of creditable service of the retiree, with a maximum contribution of 75 percent, the same contribution as for current employees.

The Highway Transportation Fund - Transfers agency records the transfer of motor fuel tax and Rights-of-Way revenues from the District's General Fund to the Highway Trust Fund.

Summary of Services

This agency reflects the flow of the dedicated revenues through the General Fund and was first budgeted in FY 2010, when it included motor fuel and parking taxes. Starting in FY 2012, parking taxes no longer went to the Highway Trust Fund, but a portion of Rights-of-Way revenue and the motor fuel tax were transferred. More information on the Highway Trust Fund is available in Appendix H of the FY 2014 - FY 2019 Capital Improvements Plan (including the Highway Trust Fund).

FY 2014 Proposed Budget Changes

The Highway Transportation Fund -Transfers agency's proposed FY 2014 gross budget is \$40,306,243, which represents a 10.5 percent increase over its FY 2013 approved gross budget of \$36,472,179. The budget is comprised of \$21,780,000 in Dedicated Taxes funds and \$18,526,243 in Special Purpose Revenue funds.

Agency Budget Submission

Increase: The FY 2014 budget proposal for Special Purpose Revenue funds includes an increase of \$5,804,064 due to additional revenue projected for the Rights-of-Way (ROW) revenue contribution. This adjustment aligns the budget with the legislative requirement to keep the combined budget for the motor fuel tax and the ROW revenue contribution at not more than 22.0 percent of the budget for the Highway Trust Fund. This adjustment ensures funding for the local match needed for the Federal Highway Administration Grant program.

Decrease: The FY 2014 budget proposal for Dedicated Taxes reflects a reduction of \$1,970,000 that aligns the budget with revenue projections for the motor fuel tax. This adjustment is in keeping with requirements for transfer of the revenue generated from the motor fuel tax to the Highway Trust Fund.

Mayor's Proposed Budget

The Highway Transportation Fund - Transfers has no changes from the FY 2014 agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

The Highway Transportation Fund - Transfers has no changes from the FY 2014 Mayor's proposed budget to the District's proposed budget.

Inaugural Expenses

Description	FY 2012 Actual	FY 2013 Approved	FY 2014 Proposed	% Change from FY 2013
Operating Budget	\$0	\$0	\$0	N/A

The mission of the Inaugural Expenses agency is to consolidate expenses associated with the Presidential Inauguration.

On January 20, 2013, the inauguration of the nation's 44th President occurred in the District of Columbia. This event drew approximately 800,000 people to the District. In support of the event, the District of Columbia provided security, fire and emergency medical services, multi-agency coordination, reviewing stand construction services, public works and infrastructure support.

Reimbursement for the event will come from two federal sources. The first is the federal payment for Emergency Planning and Security Costs Fund agency found in the District of Columbia Appropriations Act. In the FY 2013 budget, \$9.8 million was included in this agency for the inauguration.

The second source is reimbursement from the Federal Emergency Management Agency (FEMA). Once final expenses and reimbursements are determined, eligible expenses at each operating agency will be consolidated into the Inaugural Expenses agency. This process is expected to be completed by the end of FY 2013, and details of reimbursement will be provided in the FY 2015 Budget and Financial Plan.

The agency's FY 2014 proposed budget is presented in the following tables:

The Convention Center Transfer – Dedicated Taxes' proposed FY 2014 gross budget is \$118,995,000, which represents an 11.5 percent increase over its FY 2013 approved gross budget of \$106,729,000. The budget is comprised of \$3,250,000 in Local funds and \$115,745,000 in Dedicated Taxes.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent

changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 4 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Convention Center Transfer – Dedicated Taxes' FY 2014 CSFL budget is \$3,000,000, which represents no change from its FY 2013 approved Local funds budget.

Agency Budget Submission

Increase: The District's Office of Revenue Analysis forecasted a \$12,016,000 increase in Dedicated Tax revenue for FY 2014.

Mayor's Proposed Budget

The Convention Center Transfer – Dedicated Taxes has no changes from the FY 2014 agency budget submission to the FY 2014 Mayor's proposed budget.

District's Proposed Budget

Increase: The proposed Local funds budget includes a one-time increase of \$250,000 to support the African-American Civil War Museum.

The mission of the District of Columbia Water and Sewer Authority (DC Water) is to serve all of its customers with outstanding service by providing reliable and cost-effective water and wastewater services in accordance with best practices.

The District of Columbia Water and Sewer Authority was created by District law in 1996, with the approval of the United States Congress, as an independent authority of the District government with a separate legal existence. In 1996, regional participants in DC WASA (the former acronym for the water authority), including the District of Columbia, Montgomery and Prince George's counties in Maryland, and Fairfax County in Virginia, as well as the United States Congress, agreed to create an independent, multi-jurisdictional water and wastewater authority. In April 1996, the District of Columbia enacted the Water and Sewer Authority Establishment and Department of Public Works Reorganization Act of 1996, a statute that provided the groundwork for the Authority to become operationally independent beginning October 1, 1996. In recognition of changing times, in June 2010, the agency adopted a new logo and brand name, DC Water, while its official name remained District of Columbia Water and Sewer Authority. DC Water is governed by an 11-member regional Board of Directors and provides essential water and wastewater services to more than 2 million residents and businesses throughout the metropolitan region.

The Authority's FY 2014 Board-approved budget is presented in the following tables:

Program Description

DC Water's priority is to provide clean and safe water to the residents, businesses, and visitors in its service area. The agency maintains a strong emphasis on water quality, which involves an annual flushing program, regulatory and voluntary water quality testing, ongoing system upgrades, and lead service line replacements. DC Water has a strong relationship with the U.S. Army Corps of Engineers' Washington Aqueduct to ensure that the water treatment process is optimal for delivering high water quality throughout the year. As a concerted effort to ensure the quality of the water DC Water delivers, DC Water meets or exceeds federal health and safety standards. Both DC Water and the Washington Aqueduct closely and routinely monitor numerous water quality parameters outside of the regulated areas to optimize the quality of water delivered to customers. Hundreds of samples are collected and analyzed each month from various locations, including residences, commercial buildings, schools, and day care facilities.

An annual Water Quality Report is published each year to communicate with customers and explain where the water comes from, what is in the water, how the water is treated, and how it is distributed to various homes and businesses. The DC Water Distribution system entails 1,300 miles of water pipe, four pumping stations, five reservoirs, three water tanks, 36,000 valves, and more than 9,000 public fire hydrants. In FY 2012, DC Water pumped an average of 101 million gallons of water per day and stored 61 million gallons of treated water at its eight facilities. An additional 49 million gallons are stored by the Washington Aqueduct.

Sanitary Sewer and Stormwater System - Sewer service is another core DC Water program. This program provides for the operation and maintenance of the combined sewer system in the District, which collects and transports wastewater and stormwater flows to treatment and authorized discharge points as well as the separated sanitary sewers in the District. DC Water operates 1,800 miles of sanitary and combined sewers, 22 flow-metering stations, nine off-site wastewater pumping stations, 16 stormwater pumping stations, 12 inflatable dams, and a swirl facility. Stormwater activities within the separated sanitary and storm sewer areas are managed under legislation and federal permit by the District of Columbia Department of the Environment. The sanitary sewer program has several major capital improvement projects, including the Combined Sewer Overflow Long Term Control Project.

Wastewater Treatment System - Wastewater treatment services are provided at Blue Plains Plant to over 1.7 million people in DC Water's service area. Wastewater treatment includes liquid process facilities that provide treatment for both sanitary wastewater flows and peak storm flows originating in the sanitary and combined sewer systems, respectively, along with solids processing facilities that treat the residual solids removed by the liquid process facilities. Blue Plains is rated for an average flow of 370 million gallons per day (MGD), and it is required by its National Pollutant Discharge Elimination System (NPDES) permit to treat a peak flow rate of 740 MGD through the complete treatment process for up to four hours and continuous peak complete treatment flows of 511 MGD thereafter. The plant treats these flows to a level that meets one of the most stringent NPDES discharge permits in the United States. Additionally, up to 336 MGD of storm water flow must receive partial treatment, resulting in a total plant capacity of 1,076 MGD.

The District was the first regional signatory of the 1987 Chesapeake Bay Agreement (reducing nitrogen by 40 percent) to meet its voluntary commitment due to significant improvements by DC Water at Blue Plains. Blue Plains has been lauded on several occasions for its efficient wastewater treatment plant operations by the National Association of Clean Water Agencies due to its excellent record of compliance with federal regulations. DC Water continues to implement its combined sewer overflow long-term control plan (also referred to as the Clean Rivers Project), which, when fully implemented, will significantly reduce sewer overflows, resulting in improved water quality and significant reduction in debris in the national capital's waterways.

Program Structure Change

DC Water has no program structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

The Water and Sewer Authority's (DC Water) FY 2014 gross budget is \$479,543,000, which represents a 5.0 percent increase over the FY 2013 approved budget of \$456,775,000. The budget is comprised entirely of Special Purpose Revenue funds.

Agency Budget Submission

On January 3, 2013, DC Water's Board of Directors voted to approve its FY 2014 budget, which includes a net increase of \$22,768,000 over the FY 2013 approved budget. This is the result of projected increases in operating costs.

Increase: The following adjustments were made to the agency's budget: \$20,998,000 for the projected debt service payment; a net increase of \$2,658,000 for personal services; \$1,743,000 for Contractual Services; \$1,549,000 for Chemical Supplies and Materials; and \$866,000 for the Payment-in-Lieu-of-Taxes (PILOT) to the District of Columbia Rights-of-Way fees.

Decrease: In order to properly align the budget with programmatic needs, DC Water reduced \$4,036,000 from its utilities and \$1,010,000 from the water purchase budget.

Mayor's Proposed Budget

DC Water has no changes from the FY 2014 agency budget submission to the FY 2014 Mayor's proposed budget.

District's Proposed Budget

Note: Prior year actuals are not reported for the Washington Aqueduct, because the agency does not use the District's financial system for its actual transactions.

The mission of Washington Aqueduct is to collect, purify, and pump an adequate supply of potable water to the distribution system managed by the District of Columbia Water and Sewer Authority (DC Water), Arlington County, and the City of Falls Church, Virginia.

The agency plans to fulfill its mission by achieving the following strategic goals:

- Provide an adequate supply of high quality potable water;
- Provide potable water at an equitable, economical rate that covers all costs; and
- Protect the drinking water consumer from both microbial risk and adverse health effects due to chemicals in the drinking water.

Washington Aqueduct owns and operates intake facilities on the Potomac River at Great Falls and Little Falls, Maryland. Washington Aqueduct also owns and operates two 10-mile gravity conduit systems with a combined 200 million gallon per day (mgd) capacity, a 525-mgd raw water pumping station and transmission system, two major treatment plants with 320-mgd capacity, three booster pumping stations, a 480-mgd finished water pumping station, seven finished storage reservoirs, and many large diameter transmission mains.

Washington Aqueduct is owned and operated by the U.S. Army Corps of Engineers and is governed by a Wholesale Customer Board. It sells water to three wholesale customers: DC Water; Arlington County, Virginia; and the City of Falls Church, Virginia. In FY 2012, Washington Aqueduct pumped 51.0 billion gallons of purified water to its customers. In Fiscal Years 2013 and 2014, Washington Aqueduct projects the production and supply of water to its customers to be approximately 50.4 billion gallons and 50.0 billion gallons, respectively.

Washington Aqueduct does not receive appropriated funding from the District of Columbia or the federal government.

DC Water funds the District of Columbia's portion of the costs of the Washington Aqueduct. As a wholesale customer, DC Water purchases potable water and makes payments to Washington Aqueduct based on the number of gallons provided. Washington Aqueduct charges a rate based on water sale agreements with DC Water, Arlington County, and the City of Falls Church. The individual wholesale customers are responsible for water distribution.

Water Quality

Water being produced by Washington Aqueduct treatment plants has consistently met and surpassed all Environmental Protection Agency (EPA) drinking water standards. The corrosion control program to protect customers from the possibility of lead leaching from pipes and fixtures continues to work very well. As part of the Optimal Corrosion Control Treatment specified by EPA, Washington Aqueduct has added a new chemical system to ensure that the pH of the water stays very stable and meets the very tight pH range of 7.7 +/- 0.1 pH units specified by EPA.

The agency's FY 2014 proposed budget is presented in the following tables:

Program Description

The Washington Aqueduct operates through the following program:

Sale of Water – The main program at Washington Aqueduct is the sale of drinking water to its three customers for further distribution to the distribution systems they serve. The Wholesale Customer Board also approves Washington Aqueduct's budget. During Fiscal Years 2013 and 2014, the agency will pump an estimated 50.4 and 50.0 billion gallons of purified water to its customers, respectively.

FY 2014 Proposed Budget Changes

The Washington Aqueduct’s FY 2014 gross budget is \$64,591,817, which represents a 2.5 percent increase over the FY 2013 approved budget of \$63,041,261. The budget is comprised entirely of Special Purpose Revenue funds.

Agency Budget Submission

Increase: The agency’s FY 2014 budget includes the following increases: \$1,350,556 in operations and maintenance costs due to new service contracts for finished water reservoir cleaning, maintenance for two dredges and centrifuges, and slight increases for inflation of chemical prices and contracts, partially offset by lower debt service payments; and \$200,000 in pay-as-you-go capital improvements. The specific capital projects contained in the Fiscal Year 2014 budget include the McMillan North Clearwell Maintenance and Improvements; Visitors’ Center Exhibits, Dalecarlia Pump Station Mechanical Upgrades, Dalecarlia Chemical Building Electrical Upgrades, Georgetown Reservoir Buildings, Dalecarlia East Filter Building, Maintenance Building, Ancillary McMillan Buildings, and Intake Building Renovations.

The mission of the D.C. Lottery and Charitable Games Control Board (DCLB) is to generate revenue for the District's General Fund through the sale of lottery games and to regulate charitable gaming.

Since its inception in 1982, DCLB has contributed over \$1.7 billion to the District's General Fund. The DCLB annual transfer to the General Fund remains a vital component in aiding the city's economy, thereby benefiting all residents of the District of Columbia. The General Fund supports services such as education, recreation and parks, public safety, housing, and senior and child services. The DCLB directly benefits its players by paying out more than 50 percent of annual sales in prize money. It also directly benefits local businesses by providing commissions to retailers licensed to sell D.C. Lottery games and offering contracting opportunities.

Program Description

The D.C. Lottery and Charitable Games Control Board operates through the following 5 programs:

Gaming Operations – provides support services to lottery retail agents and the gaming public so that they can benefit from the portfolio of games offered by DCLB.

This program contains the following 6 activities:

- **Marketing** – provides advertising and promotional information to eligible players. The goal is to attract eligible players to purchase lottery tickets so that they may enjoy the entertainment value offered by the D.C. Lottery and Charitable Games Control Board's portfolio of games;
- **Sales Department (Trade Development)** – provides sales goals and retail development services to lottery retail agents. The goals are to assist lottery retail agents in reaching established minimum sales volume levels and to achieve sustained growth;
- **Draw Division** – provides draw-related services to the gaming public. The goal is to maintain the public trust through ensuring unbiased and random draws;
- **Licensing and Charitable Games** – provides licensing and regulatory compliance services to existing and prospective lottery retail agents and non-profit charitable organizations. The goals are to ensure that lottery retail agents and non-profit charitable organizations receive appropriate licenses to sell lottery products and conduct charitable gaming activities in accordance with the laws and regulations set forth by the District;
- **Information Technology** – provides technical coordination and oversight services to lottery retail agents, customers, and internal DCLB operations. The goals are for retail agents, customers and internal operations to deliver, play and provide an uncompromised portfolio of lottery products; and
- **Claim Center** – provides claims processing and gaming information services to the gaming public. The goals are for the public to redeem prizes and enjoy a positive gaming experience.

Instant Games – provides a portfolio of instant lottery games to the gaming public so that they can experience the entertainment value and potential reward of playing and winning with scratch-off style lottery tickets.

Online Games – provides online lottery-type games and services, which are lottery game tickets sold to the gaming public by lottery retail agents and video gaming machines, and played by the public at social settings targeted to the gaming public, so that the District can experience a steady source of revenue through the transfer of net proceeds from lottery sales.

This program contains the following 9 activities:

- **DC3 (Lucky Numbers), DC4, DC5, Powerball, Mega Millions, Hot Lotto, Keno, Race 2 Riches, and Instant Fast Play** – provides online (kiosk-based) lottery gaming experience for the gaming public so that they can experience the entertainment value of the DCLB's portfolio of games and potential rewards of playing and winning.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This program is standard for all agencies using performance-based budgeting.

FY 2014 Proposed Budget Changes

The D.C. Lottery and Charitable Games Control Board's (DCLB) proposed FY 2014 gross budget is \$253,000,000, which represents a 1.2 percent increase over its FY 2013 approved gross budget of \$250,000,000. The budget is comprised entirely of Special Purpose Revenue funds.

Based on DCLB projections, the FY 2014 projected transfer to the District's General fund is \$63.5 million, an increase of \$0.3 million over the approved FY 2013 transfer amount of \$63.2 million. While the recovery from the national economic recession progresses at a modest rate, DCLB projects that the impact on lottery games will reverse from the recent downward trend of recent years. Also contributing to an increase in projected revenue, the Multi-State Lottery Association's (MUSL) decision in early 2012 to increase the cost of individual Powerball tickets from \$1 to \$2 did not have as negative an impact as previously projected. The increase in individual ticket costs allows for the likelihood of large jackpots, which increase the likelihood of greater participation in game play locally. While DCLB anticipates that game revenue will increase, the agency's budget also reflects a decrease in certain areas due to operational savings.

Agency Budget Submission

Increase: Within the On-Line Games program, a proposed increase of \$5,104,640 reflects the offering of higher price-point games and greater prize payouts, as well as the expectation of higher prize payouts and greater participation by the gaming public. The Agency Management program reflects an increase of \$352,647 primarily due to higher agency-managed fixed cost estimates. Personal services costs increases by \$94,581 due to salary and step adjustments. An increase of \$90,000 in Contractual Services costs within the Agency Management program is due to professional consultant services and administrative fees.

Decrease: Within the On-Line Games program, a proposed increase of \$2,179,640 reflects the lower ticket sales for several games, reduced prize payouts and other related fees. The impact of operational savings to maximize the amount the DCLB transfers to the District's General fund results in a decrease of personal services costs by \$462,229 and 5.0 FTEs.

Mayor's Proposed Budget

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in non-Local funds. This adjustment includes \$218,890 in Special Purpose Revenue funds.

Decrease: Special Purpose Revenue funds are reduced by \$218,890 to offset the proposed cost-of-living adjustment.

Note: Prior year actuals are not reported for the District of Columbia Retirement Board, because the agency does not use the District's financial system for its actual transactions.

The mission of the District of Columbia Retirement Board (DCRB) is to invest prudently the assets of the police officers, firefighters, and teachers of the District of Columbia, while providing those employees with retirement services.

Summary of Services

DCRB is an independent agency that has exclusive authority and discretion to manage and control the District's retirement funds for teachers, police officers, and firefighters (hereinafter referred to as the "Fund") pursuant to Section 1-711(a) of the District of Columbia Official Code. In 2005, the responsibility of administering the teachers', police officers' and firefighters' retirement programs was transferred to DCRB.

The federal government assumed the District's unfunded liability for the retirement plans of teachers, police officers, firefighters, and judges under provisions of the National Capital Revitalization and Self-Government Improvement Act of 1997. Under this law, the federal government pays the retirement benefits and death benefits, and a share of disability payments, for members for years of service earned up to the freeze date of June 30, 1997. The District of Columbia government is responsible for all subsequently earned benefits for the members of the retirement plans.

The DCRB Board of Trustees is comprised of 12 voting trustees: 3 appointed by the Mayor, 3 appointed by the District Council, and 6 elected by employee participation groups. The District's Chief Financial Officer or his designee serves as a non-voting, ex-officio member of the Board.

Program Description

The District of Columbia Retirement Board operates through the following program:

DCRB Agency Management – provides administrative support and the required tools to achieve operational and programmatic results.

This program contains the following 8 activities:

- **Board of Trustees** – determines the overall investment strategy for the Fund and monitors staff implementation of the strategy. The Board of Trustees' activity expenses are paid from the earnings derived from the Fund;
- **Executive** – provides executive direction for all activities to achieve the mission of the agency. Executive activity expenses are paid from two sources: (1) earnings derived from the Fund; and (2) reimbursements from the United States Department of the Treasury (Treasury) for services provided by DCRB for programs for which the federal government is responsible;
- **Investments** – manages all activities and resources dedicated to the investment of the assets of the Fund. Investment activity expenses are paid from the earnings derived from the Fund;

- **Benefits** – provides administrative services for members and timely and accurate payment of benefits to retirees and survivors. Benefits activity expenses are paid from two sources: (1) earnings derived from the Fund; and (2) reimbursements from the Treasury for services provided by DCRB for programs for which the federal government is responsible;
- **General Counsel** – provides legal support to the agency. General Counsel activity expenses are paid from the earnings derived from the Fund;
- **Operations** – provide operational and accounting support. Operations activity expenses are paid from two sources: (1) earnings derived from the Fund; and (2) reimbursements from Treasury for services provided by DCRB for programs for which the federal government is responsible;
- **Information Technology** – provides technology systems support to achieve programmatic results. Information Technology activity expenses are paid from the earnings derived from the Fund; and
- **Projects** – manages the special projects undertaken by the agency. Projects activity expenses are paid from the earnings derived from the fund.

FY 2014 Proposed Budget Changes

The District of Columbia Retirement Board's (DCRB) proposed FY 2014 gross budget is \$30,338,398, no change from its FY 2013 approved gross budget. The budget is comprised entirely of Special Purpose Revenue funds.

Agency Budget Submission

Increases: The proposed budget includes increases of \$890,804 to adjust personal services to support 4.2 new FTEs and to cover the projected costs to continue current operations; \$170,098 in Fixed Costs to primarily cover increased rental charges, as well as telephone and security costs; \$50,839 in Equipment and Equipment Rental, for IT infrastructure and projects; and \$18,767 in Additional Gross Pay to cover potential bonuses.

Decrease: The proposed budget includes decreases of \$717,066 in Other Services and Charges due to a reduction in estimated investment fees that are tied to portfolio performance; \$122,617 in Contractual Services – Other, to correspond with the decreased estimate provided by the U.S. Department of the Treasury for their System to Administer Retirement (STAR), which is the federal portion of what DCRB administers; \$120,000 in Regular Pay – Other because the agency will no longer budget in this category for compensation for the Board of Trustee members; \$117,725 in Supplies and Materials to reflect the actual cost of expenditures; and \$53,100 to reflect a reduction in the Retirement Modernization Program. The Retirement Modernization Program will move DCRB toward a predominantly electronic environment to improve Benefits Administration and mirror industry standards.

Mayor's Proposed Budget

The District of Columbia Retirement Board has no changes from the FY 2014 agency budget submission to the FY 2014 Mayor's proposed budget.

Note: Prior year actuals are not reported for the Washington Convention and Sports Authority, because the agency does not use the District's financial system for its actual transactions.

The mission of Events DC is to promote the District as a location for conventions, trade shows, meetings, sports, entertainment and recreational events; promote tourism and leisure travel to the District; and encourage and support youth activities, including through sports. Through these activities, Events DC serves as an economic engine for the Nation's Capital.

Summary of Services

In 1994, the Washington Convention Center Authority (WCCA) was created as a corporate body and an independent authority of the District of Columbia government responsible for managing and operating the District's convention center and for bringing national and international conventions, trade shows, and meetings to the District of Columbia. ["Washington Convention Center Authority Act of 1994," D.C. Law 10-188, effective September 28, 1994]. Pursuant to the Fiscal Year 2010 Budget Support Second Emergency Act of 2009 and the Fiscal Year 2010 Budget Support Act, the District of Columbia Sports and Entertainment Commission was merged into WCCA to form a new organization known as the Washington Convention and Sports Authority (WCSA). The merger created one umbrella organization with a broadened charter to also promote the District as a key sports, entertainment and special events destination. Also, as part of the merger, WCSA gained control over the Nationals Ballpark, the Robert F. Kennedy Memorial Stadium (RFK), and the non-military portions of the DC Armory. Facility maintenance for RFK and the Armory, previously performed by the D.C. Sports and Entertainment Commission, was assumed by the Department of Real Estate Services, now the Department of General Services.

In June 2011, the Washington Convention and Sports Authority launched a new brand name, "Events DC." The new brand entity fully encompasses the event experience in the city, elevates the organization's core assets and portfolio, and perhaps most importantly, aligns with the existing brands for Washington D.C. and the city's promotional arm, Destination DC.

Events DC is governed by an 11-member Board of Directors. Two members, one of whom is the Chief Financial Officer of the District and the other of whom is designated by the Mayor, serve as voting ex-officio members. The remaining nine public members are appointed by the Mayor with the advice and consent of the Council of the District of Columbia and represent certain sectors of the community. The Mayor designates one public member as chairperson with the advice and consent of the Council.

Program Description

Although it appears as a single program in the District's financial system, the Washington Convention and Sports Authority operates through the following 3 programs:

Washington Convention Center Operations – provides for the operation of the Walter E. Washington Convention Center, in whole or in part, directly or under contract, and engages in such activities as deemed appropriate to promote trade shows, conventions, and other events. This program also constructs, equips, and maintains the facility.

The convention center opened in April 2003 and was later named in honor of the first Mayor of the District under the present Home Rule Charter. Since opening, it has hosted the following number of events per fiscal year:

<u>Fiscal Year</u>	<u>Convention Center Events</u>
2004	201
2005	185
2006	106
2007	150
2008	185
2009	204
2010	214
2011	231
2012	201

A total of 11.28 million people attended events at the Convention Center during the period of FY 2004 through FY 2012. Currently, the Convention Center has booked or tentatively booked approximately 506 events from 2013-2015. These events are projected to attract 1 million attendees every year.

The Center has a total of 2.3 million square feet of space, including 703,000 square feet of exhibit space; 118,670 square feet of meeting space (which is divisible into 77 meeting rooms); 44,000 square feet of retail space and street-level restaurants; and a 52,000 square-foot ballroom, which is one of the largest on the East Coast.

Sports, Entertainment, and Special Events – promotes attractions and the development of new events for the Robert F. Kennedy Memorial Stadium and the surrounding festival grounds, non-military events at the District of Columbia Armory, and sporting and entertainment events at other sites around the city. These events include the D.C. United Major League Soccer team, the Eagle Bank Bowl football game, Nations Football Classic, local athletic games, various concerts, and other events. The Department of General Services maintains the stadium and the armory through revenue collected from events, rent, advertising, and other sources of revenue derived from these facilities.

Carnegie Library at Mount Vernon Square – as a special event venue, the Carnegie Library showcases its versatility by hosting galas, weddings, receptions, holiday parties, and press events. The Library is comprised of seven ornate rooms, including the L'Enfant Map Room, which features an illuminated floor map of Washington, D.C.

The Housing Finance Agency (HFA) was established in 1979 as a corporate body with a legal existence separate from the Government of the District of Columbia to stimulate and expand homeownership and rental housing opportunities for low-and moderate-income families in the District.

The Housing Financing Agency issues taxable and tax-exempt mortgage revenue bonds to lower the costs of financing single-family housing and of acquiring, constructing, and rehabilitating rental housing. In addition, HFA administers the issuance of 4-percent low-income housing tax credits to achieve its affordable housing preservation, rehabilitation, and development objectives on behalf of the Department of Housing and Community Development (DHCD).

Program Description

Although the Housing Finance Agency appears as a single entity in the District's financial system, it operates through the following 3 programs:

Multi-Family Development – provides tax-exempt and taxable bonds, tax credits, and McKinney Act Savings Loan funds as financial tools that are integral to development of the community's ability to provide affordable, safe and decent housing to low-income and special needs populations. The multi-family mortgage revenue bond and tax credit products serve as vehicles for developers to access low-cost institutional debt and equity tools that enhance return on investment. When combined with 4-percent Low-Income Housing Tax Credits and other subsidies, the HFA's mortgage revenue bond product, which is offered in enhanced structures, provides competitive, below-market rate pricing and helps to preserve, rehabilitate, or construct affordable and mixed-income housing in the District.

This program contains the following 2 activities:

- **Technical Assistance** – provides technical assistance on all aspects of underwriting to developers who produce affordable housing, and acts as facilitators with city and federal government agencies to help expedite the permitting process and other approvals. In addition, HFA's staff provides ongoing construction monitoring to ensure construction is successfully completed and properly managed; and
- **Financing Assistance** – provides several financing programs, including the Multi-family Mortgage Revenue Bond Program, Low-Income Housing Tax Credit Program, and McKinney Act Savings Loan Fund. Depending on a project's eligibility, tax-exempt bonds, taxable bonds or low-interest loans can be used for pre-development activities, as well as the acquisition, construction and renovation of multi-family buildings. Financing can be used for the rehabilitation or construction of rental housing, cooperatives, assisted-living facilities, and transitional housing.

Single Family Development – provides low-interest mortgages for persons purchasing a home in the District at or below the national and local conventional rates.

This program contains the following 2 activities:

- **Homebuyer Assistance** – provides 30-year fixed rate mortgages and assistance with down payment and closing costs, as funds are available; and
- **Homeownership Education** – provides regular seminars and community outreach in an effort to empower persons seeking to become homeowners in the District. Through the HFA, information is made available to residents on the Single Family Bond products, financing options, the District government's employer assistance program, tax credits, tax abatements, the Home Purchase Assistance Program (HPAP), other programs to help with closing costs, and other incentives for homebuyers.

HomeSaver Program – This is a U.S. Treasury Hardest Hit Fund Initiative, which is federally funded and provides forgivable mortgage loans to homeowners of the District of Columbia who are at risk of foreclosure and who have experienced involuntary job loss.

The Housing Finance Agency's proposed FY 2014 gross budget is \$9,689,000, which represents a 10.9 percent increase over its FY 2013 approved gross budget of \$8,734,900. The budget is comprised entirely of Special Purpose Revenue funds.

Agency Budget Submission

Increase: The proposed budget includes increases of \$530,000 in Other Services and Charges to hedge against non-performing assets from projected expansion in financing activities; \$360,650 in personal services to cover Fringe Benefits and support the higher cost of non-District government staff increases; \$55,000 in Debt Service to support additional borrowing cost for operations and building renovation; \$20,000 in janitorial services to support anticipated increase for maintenance of agency headquarters; \$9,500 net increase in Security, Equipment and Equipment Rental, and Contractual Services – Other categories, to support increased costs associated with the daily activities of the agency.

Decrease: The proposed budget includes a decrease of \$21,250 due to a reduction in Fixed Cost projections across multiple commodities.

Program Description

The University of the District of Columbia operates through the following 7 programs:

Academic Affairs – provides affordable post-secondary educational services to students to prepare them for entry into the job market and allow them to successfully achieve professional and personal goals. This program offers quality post-secondary education, research experiences, and public service opportunities to District of Columbia residents so that they can prepare for immediate entry into the workforce, the next level of education, and specialized career opportunities; engage in lifelong learning; and contribute to the resolution of urgent urban problems.

This program contains the following 12 activities:

- **Academic Support** – houses the Office of the Provost and promotes educational quality and effectiveness. This activity provides oversight, leadership, and service to achieve the academic mission of the University. It also works to provide recommendations to the University President on resource allocations for academic units, articulates the academic values and functions of the University, and represents the institution in various settings;
- **Nursing and Allied Health Professions** – provides instructional, research, public service/outreach, and support services to UDC students and the community so that students can have employment and career opportunities, be prepared for graduate or professional school, and acquire lifelong learning skills;
- **Learning Resources** – provides access to books, multi-media materials and equipment, research and reference materials, and consultation and support services to students, faculty, District residents, and Washington Research Consortium members so that they can utilize on-site and online information and resources to support teaching, learning, and research;
- **Enrollment Management** – provides communications for recruitment and admissions advisement, academic and enrollment verification and certification, and student information management services to prospective, returning, current, and former students so that students can be admitted to the University and subsequently experience the benefits associated with University enrollment, and to University faculty and administrators so that they can have access to data to effectively plan and manage the overall instruction process;
- **Applied Research and Urban Planning** – provides research, training, and technical assistance services to District and federal funding agencies, programs and organizations so that they can apply research results toward resolution of urgent urban problems and UDC students and faculty can gain experience and expertise in research;
- **Community Outreach and Extension Services** – provides instructions, funded research, and public research services to residents of the Washington metropolitan area so that they can make healthier lifestyle choices, improve their literacy level, and fully benefit from economic opportunities;
- **Continuing Education** – provides instructional, certification, and research services to residents and employers in the Washington metropolitan area so that employers can have access to workers whose skills are aligned with workforce needs and residents can obtain employment or achieve professional and career advancement;
- **Engineering** – provides instructional, research, public outreach, and support services to UDC students and the community so that students can have employment and career opportunities and be prepared for graduate or professional school to acquire lifelong learning skills;
- **Business and Public Administration** – provides a curriculum of study and research in modern administration for both private business and government;
- **David A. Clarke School of Law** – provides instructional, research, public outreach and support services to UDC students and the community so that students can have employment and career opportunities and acquire lifelong learning skills;
- **College of Arts and Sciences** – provides instructional, research, public outreach, and support services to UDC students and the community so that students can gain career opportunities, be prepared for graduate or professional school, and acquire lifelong learning skills so that they can experience an improved quality of life; and

- **Institutional Research** – provides quantitative and qualitative information for institutional planning, assessment, and executive decision-making through the identification of current issues on higher education; compiles and reports information on the UDC’s internal and external environments; analyzes and reports on trends in institutional resources, admissions, student satisfaction, retention, and graduation rates; and conducts peer comparison studies.

Student Affairs – provides enrichment opportunities and assistance to students in an out-of-classroom environment. These services are designed to prepare students to be successful in achieving their educational, career, and lifelong goals. This program offers outreach, support, and leadership development services to UDC students and other members of the community so that they can experience academic success, participate in University life, and develop leadership skills that will enable successful integration into the global community.

This program contains the following 8 activities:

- **Community Outreach and Involvement** – provides highly motivated students with co-curricular and leadership development opportunities. Activities include community service projects and other initiatives that promote collaboration with other University stakeholders to advance the University’s mission;
- **Career Services** – provides a centralized source for job and career information, preparation, and support services for UDC students, alumni, and other members of the University community so that they can find and obtain employment and other post-graduate opportunities;
- **Student Services Administration** – provides leadership development training, opportunities, and experiences to UDC students so that they can develop leadership skills and participate in the effective and timely resolution of student complaints;
- **Records Management** – manages and protects, active University records, and converts inactive University records for UDC Administrative offices, academic offices, the Board of Trustees, and the Office of the President so that they can have continuous access to vital business information;
- **Financial Aid** – provides financial assistance, resources, and services to eligible UDC students so that they can receive funding assistance to attend the University;
- **Athletics Department** – provides intercollegiate participation, intramural games, and fitness and recreation services to students and other members of the University family and community so that athletically talented students can gain access to an education and stay in school, and all members of the University family can experience an enhanced sense of community;
- **Health Services** – provides preventive health and limited medical care services to the University and public health community so that they can prevent the spread of communicable diseases and respond to emerging health issues; and
- **Student Life and Services** – provides outreach, intervention, and academic and non-academic support services to UDC students so that all students can experience academic success, participate in University life, and develop life and leadership skills that will enable successful integration into the global community.

University Advancement – dedicated to advancing the University of the District of Columbia’s mission by increasing awareness and goodwill, fostering financial support, and building a sense of community among the University’s many and varied constituents. This program provides information, outreach, and promotional services to UDC students, faculty, staff, alumni (including alumni of predecessor institutions), other key university partners, and the public at large so that they can meaningfully participate in and be supportive of UDC’s teaching, research, and community service programs and experience a sense of tradition and community from their relationship with UDC.

This program contains the following 5 activities:

- **Alumni Relations** – provides outreach services to UDC alumni and alumni of UDC’s predecessor institutions so that they can participate in and be supportive of the academic, research, and community service programs of the University;

- **Major Gifts and Development** – build relationships with corporations, foundations, individual estates, and other potential donors so that they can consistently support the programs and activities of the University and contribute to its financial security and stability;
- **Communications and Branding** – provides publicity and media services to the District community so that they can be accurately informed about, form a positive image of, and be supportive of UDC and its mission, goals and programs;
- **Governmental Affairs** – provides assistance to UDC by acting as liaison between the University, the District government, and its constituents; and
- **Communications and Relations** – fosters the exchange of talents and resources of alumni, students, parents, faculty, administration, and friends to advance the mission of the University of the District of Columbia. This unit provides oversight of alumni relations, major gifts and development, communication and branding, and governmental affairs.

Executive Direction – provides leadership for central executive activities concerned with management and long-range planning and management for the entire institution. This program develops and implements UDC's strategic plan to ensure successful accomplishment of its overall mission. Through the Office of the President, this program is responsible for the administration of the University. The mission of this activity is to administer policies and procedures; plan, operate, and maintain plant facilities; manage the University's financial affairs, faculty, staff, visitors, and facilities; enhance UDC's efficiency and effectiveness through information technology utilization; improve and expand services offered to University clientele; and support UDC's overall mission.

The University of the District of Columbia Community College (UDC-CC) – serves the District's residents by integrating workforce preparation, employability skill development, quality education and remediation, economic development and employer linkages, school-to-career training—providing a seamless transition from K-12 to adult education and literacy to college prep—and continuous lifelong learning. This new institution will provide new opportunities to District citizens, employers, the University, and the District of Columbia.

This program contains the following 3 activities:

- **Administration** – provides leadership development training, opportunities, and experiences to CCDC students so that they can develop leadership skills and participate in the effective and timely resolution of student complaints;
- **Academic Affairs** – provides affordable post secondary educational services to CCDC students to prepare them for entry into the job market and allow them to successfully achieve professional and personal goals; and
- **Certificate Programs** – provides short-term educational and training programs that enhance professional options or students.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This program is standard for all agencies using performance-based budgeting.

Program Structure Changes

The University of the District of Columbia has no program structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Changes

The University of the District of Columbia's (UDC) proposed FY 2014 gross budget is \$141,849,865, which represents a 16.2 percent decrease from its FY 2013 approved gross budget of \$169,270,248. The budget is comprised of \$66,690,620 in Local funds, \$19,527,057 in Federal Grants funds, \$2,475,503 in Private Grant funds, and \$53,156,684 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2013 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The initial adjustments in the budget proposal represent changes that should be compared to the FY 2014 CSFL budget and not necessarily changes made to the FY 2013 Local funds budget. The FY 2014 CSFL adjustments to the FY 2013 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

UDC's Local funds are not included in the General Fund, thus UDC is not part of the FY 2014 CSFL. The Local funds in this budget narrative chapter only reflect the change in UDC's Subsidy Account.

Agency Budget Submission

Increase: UDC's Local funds budget reflects a net increase of \$6,093,948, primarily in nonpersonal services for projected Energy, Telecommunications and Building Rental costs. Additionally, the Local funds budget reflects personal services increases of \$2,354,452 and 23.0 FTEs to account for the mandated resources needed to support the University of the District of Columbia's Community College. Special Purpose Revenue funds reflects a net increase of \$3,542,716 to realign the budget for projected increases in nonpersonal services, primarily in Supplies and Materials.

Decrease: In an effort to realign the budget to support projected increases in nonpersonal services, UDC implemented major staffing reductions across the board. The Local funds programs that were significantly impacted include the Academic Affairs program, which was decreased by \$4,447,156 and 43.0 FTEs, the University Advancement program, which was decreased by \$730,022 and 6.0 FTEs, the Agency Financial Operations program, which was decreased by \$704,841 and 4.0 FTEs, the Student Affairs program, which was decreased by \$601,537 and 7.0 FTEs and the Executive Direction program, which is decreased by \$228,844 and 3.0 FTEs. In FY 2014, UDC's Federal Grant funds budget was reduced by \$19,521,076 and 35.1 FTEs due to the administrative reclassification of the Direct Loan Program. Additionally, UDC's Private Grant budget includes a net reduction of \$571,387 and 13.9 FTEs, as a result of the expiration of several awards including the Capital Health Careers, Tidewater Community College, and Wal-Mart programs. Lastly, Special Purpose Revenue funds reflects a net decrease of \$606,635 and 53.3 FTEs due to reductions in personal services.

Mayor's Proposed Budget

UDC has no changes from the FY 2014 agency budget submission to the FY 2014 Mayor's proposed budget.

District's Proposed Budget

Decrease: UDC's Federal Grant funds were decreased by \$12,000,000 in nonpersonal services to correct overstated pass-through Federal Pell Grant funding.

Program Description

The District of Columbia Public Library Trust Fund operates through the following program:

Library Trust Funds – for accounting purposes, agency trust funds are classified as fiduciary funds that show assets held by the District in a trustee capacity or as an agent for individuals, private organizations, and other governments. Such trust funds are custodial in nature, reporting only assets and liabilities. Since fiduciary funds cannot be used for the operations of the government, they are not included in the District’s government-wide financial statements. Prior to FY 2005, the budget authority for agency trust funds was included in the operating budgets of the agencies that administered them. Since FY 2005, these trust funds have been shown as separate budget agencies so that the District’s budget structure would show these trust funds in a manner consistent with their presentation in the District’s CAFR.

This program contains the following 2 activities:

- **The Georgetown Peabody Trust Fund** – is comprised of a bequest of \$10,000. The Peabody Library Association of Georgetown provided the funds by deed, gift of securities, cash, and other valuables in 1979, to support the Georgetown library branch and for other designated purposes; and
- **Theodore W. Noyes Trust Fund** – is comprised of a bequest of \$7,000.

Program Structure Change

The District of Columbia Public Library Trust Fund has no program structure changes in the FY 2014 proposed budget.

Description	FY 2012	FY 2013	FY 2014	% Change
	Actual	Approved	Proposed	from FY 2013
Operating Budget	\$344,913,448	\$480,000,000	\$480,000,000	0.0

The Unemployment Insurance Trust Fund, administered by the Department of Employment Services (DOES), represents the proceeds from unemployment taxes paid by private sector employers and reimbursements from the District and federal governments deposited in the Unemployment Trust Fund (the “Fund”). The Fund is used to pay benefits for private and public sector employees during periods of unemployment. Payments include transfers to other governments to reimburse unemployment benefits paid to District residents.

Trust funds are fiduciary funds that are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, and other governments. Such trust funds are custodial in nature, reporting only assets and liabilities. Because fiduciary funds cannot be used for the operations of the government, they are not included in the District’s government-wide financial statements.

Prior to FY 2005, these agency trust funds were included in the operating budgets of the agencies that administered the trust funds. The District created a separate agency fund in FY 2005 so that the District’s budget structure would report these trust funds pursuant to the District’s accounting structure. The Unemployment Insurance Trust Fund was separated from the DOES budget for improved fiscal transparency and to enable the District’s budget format to more closely follow the presentation of the Comprehensive Annual Financial Report.

FY 2014 Proposed Budget Changes

The Housing Production Trust Fund's (HPTF) proposed FY 2014 gross budget is \$142,676,367, which represents a 68.9 percent increase over its FY 2013 approved gross budget of \$84,453,280. The budget is comprised of \$75,745,415 in Dedicated Taxes and \$66,930,952 in Special Purpose Revenue funds.

Agency Budget Submission

Decrease: The proposed budget includes decreases of \$1,392,585 to align the budget with projected revenues and \$32,315,280 to reflect the one-time use of fund balance in FY 2013. Additionally, the FY 2014 budget reflects a decrease of \$15,000,000 in Special Purpose Revenue funds to reflect proceeds budgeted in FY 2013 from the sale of a building in the NoMa (North of Massachusetts Avenue) neighborhood that will not be received in FY 2014. The HPTF receives 15 percent of the Deed Recordation and Deed Transfer taxes, less the portion dedicated to debt service on prior-year borrowings for all HPTF projects. The proposed budget includes \$35,745,415 from these revenues.

Mayor's Proposed Budget

Increase: The proposed budget includes an increase of \$66,930,952 in Dedicated Taxes to reflect the revised amount of fund balance available in FY 2014 from the FY 2013 portion of the \$100 million Affordable Housing Initiative.

District's Proposed Budget

Increase: The proposed budget includes an increase to Special Purpose Revenue in the amount of \$66,930,952, of which \$40,000,000 is fund balance projected to be available in FY 2014 from the FY 2013 portion of the Affordable Housing Initiative, and \$26,930,952 reflects a shift in funding from Dedicated Taxes to Special Purpose Revenue.

Decrease: The proposed budget includes a decrease of \$26,930,952 to represent the change in funding from Dedicated Taxes.

Program Description

Tax Increment Financing operates through the following program:

Tax Increment Financing – provides budget authority pursuant to the Tax Increment Financing Act of 1998, which established a TIF program and authorized the issuance of up to \$300 million in debt to support economic development projects that would not be developed "but for" public financial assistance. The initiative was reauthorized by the Tax Increment Financing Reauthorization Act of 2002, which included an increase in TIF authority to a total of \$500 million. In addition, the District Council approved other project-based tax-supported revenue bonds, including Tax Increment Financings, outside the scope of the TIF Act.

The program contains the following 11 projects:

- **Gallery Place** – a mixed-use project that opened in the summer of 2004 and has an estimated debt service payment of \$4,310,500;
- **The Mandarin Oriental Hotel** – opened in March 2004 and has an estimated debt service payment of \$4,504,100;
- **Verizon Center** – funded arena improvements to be repaid using an incremental tax of 4.25 percent on merchandise and tickets sold at the venue, with an estimated debt service payment of \$3,447,400;
- **D.C. USA** – a retail development project that opened in March of 2008. The District financed a publicly owned garage, and the project has an estimated debt service payment of \$1,498,000;
- **Capitol Hill Towers** – a housing, hotel, retail, and parking development project that has an estimated debt service payment of \$506,000;
- **Fort Lincoln Retail** – a Costco store that opened in November 2012 and an additional shopping plaza to be constructed; estimated debt service is \$1,298,100;
- **City Market at O Street** – a mixed-use development project under construction that has an estimated debt service payment of \$1,877,000;
- **Special Retail and Great Streets** – smaller TIF financings issued under a special retail TIF program in the downtown area and retail or mixed-use projects located in Great Streets areas. Estimated debt service for debt issued under these programs is \$2,608,900;

- **Convention Center Hotel** – a project expected to open in May of 2014. Debt service of \$11,985,000 will be paid from a capitalized interest reserve and any taxes generated from the site in FY 2014 will be sent to the bond trustee for future debt service obligations;
- **Arena Stage** – a tax increment financing note in support of the 2009 construction and renovation of the Arena Stage theater complex will be repaid from available increment in the Downtown TIF area, in the amount of \$12,590,000; and
- **Waterfront Park Maintenance Fund** – a fund established to deposit \$449,296 of sales tax revenues and special property assessments attributable to the Waterfront Park Retail Area and to pay the Capitol Riverfront BID for costs of maintaining the “Yards” park.

Some of the projects include a provision that requires the District to make repayments from General Fund revenues if TIF revenues are less than the debt service obligations. The District has obtained language in its Appropriations Act allowing it to appropriate an additional amount from its fund balance to make any required repayment.

For certain projects, a revenue contingency of \$13,857,016 is budgeted if projected revenues are higher than minimum debt service and principal payment in accordance with the bond agreements. Depending on the structure of bond documents, such additional revenues may be used to pre-pay principal on TIF financings, be reserved for future debt service payments, or may be returned to the District’s General Fund. For FY 2014, the District is expected to be entitled to a refund from the Gallery Place bond trustee of \$8,128,000, which is the amount by which estimated tax increment from the Gallery Place project exceeds scheduled bond debt service and which will come from this \$13,857,016.

H Street, NE Retail Priority Area

Finally, the budget includes \$5,000,000 of Great Streets tax increment from the H Street Retail Priority Area, which is authorized for the uses specified in the H Street, NE Retail Priority Incentive Act of 2010.

Program Structure Change

The Tax Increment Financing (TIF) Program has no program structure changes in the FY 2014 proposed budget.

FY 2014 Proposed Budget Change

The Tax Increment Financing (TIF) program's proposed FY 2014 gross budget is \$63,930,900, which represents a 5.7 percent increase over its FY 2013 approved gross budget of \$60,468,181. The budget is comprised entirely of Special Purpose Revenue funds.

Agency Budget Submission

Increase: The FY 2014 budget proposal for Special Purpose Revenue includes an increase of \$39,439,200 to align the budget with scheduled debt service payments. The variance is primarily attributable to the one-time scheduled FY 2014 payment for the Arena Stage financing. After FY 2014, the Arena Stage TIF note will be fully repaid.

Decrease: The FY 2014 budget proposal for Special Purpose Revenue reflects a decrease of \$35,976,461 in debt service because the budget has been aligned with scheduled debt service payments on issued debt and anticipated debt service payments on authorized debt.

Mayor's Proposed Budget

The Tax Incremental Financing (TIF) has no changes from the FY 2014 agency budget submission to the FY 2014 Mayor's proposed budget.

District's Proposed Budget

The Tax Incremental Financing (TIF) has no changes from the FY 2014 Mayor's proposed budget to the FY 2014 District's proposed budget.

The Ballpark Revenue Fund is a non-lapsing special fund to pay certain costs of the development, construction, and renovation of a stadium that has as its primary purpose the hosting of professional athletic events in the District. The Ballpark Omnibus Financing and Revenue Act of 2004 created the fund, effective April 8, 2005 (D.C. Law 15-320; D.C. Official Code § 10-1601.01 et seq.). The District of Columbia owns the stadium.

Program Description

The Ballpark Revenue Fund operates through the following 2 programs:

Office of the Chief Financial Officer – collects applicable taxes related to baseball in the District, including a ballpark fee on businesses within the District with over \$5,000,000 in gross receipts, a sales tax at the point of sale on tickets of admission to certain events at the ballpark, a sales tax on certain personal property and services at the ballpark, a sales tax on food and beverages, a tax on parking at the ballpark, lease payments from the Washington Nationals team to occupy the baseball stadium, and a utility tax collected from non-residential users.

Capital Project – Ballpark – provides for anticipated monetary debt service payments related to the construction and ancillary long-term costs of the construction of the District's baseball stadium.

FY 2014 Proposed Budget Changes

The Ballpark Revenue Fund's proposed FY 2014 gross budget is \$86,970,000, which represents a 3.6 percent increase over its FY 2013 approved gross budget of \$83,961,000. The budget is comprised of \$75,970,000 in Dedicated Taxes and \$11,000,000 in Special Purpose Revenue funds.

Agency Budget Submission

Increase: The proposed Dedicated Taxes budget reflects revised revenue estimates from applicable baseball-related taxes totaling \$2,081,000. In addition, a total of \$928,000 supports higher debt service payments related to the finance obligations associated with the construction of the District's baseball stadium. The Special Purpose Revenue funds budget remains unchanged from the previous year.

Mayor's Proposed Budget

The Ballpark Revenue Fund has no changes from the FY 2014 agency budget submission to the FY 2014 Mayor's proposed budget.

District's Proposed Budget

The Ballpark Revenue Fund has no changes from the FY 2014 Mayor's proposed budget to the FY 2014 District's proposed budget.

Repayment of PILOT Financing

Description	FY 2012 Actual	FY 2013 Approved	FY 2014 Proposed	% Change from FY 2013
Operating Budget	\$12,937,550	\$15,992,988	\$16,341,000	2.2

Repayment of PILOT Financing is a program through which the District provides economic development project funds by borrowing against the future receipts from Payment-in-Lieu-of-Taxes (PILOT).

A PILOT payment on debt issued under the District's PILOT Act equals the amount the property owner would otherwise pay in property taxes, based on the assessed value of the property. The repayment of the borrowing against this future PILOT revenue is budgeted in this program. This borrowing is similar in concept to Tax Increment Financing, in which the District borrows against future tax receipts and uses the proceeds to spur economic development.

Program Description

Repayment of PILOT Financing operates through the following program:

Repayment of PILOT Financing – provides budget authority for debt borrowed against the following PILOT projects:

- **U.S. Department of Transportation headquarters building** – PILOT bond proceeds supported the District's park and infrastructure improvements in the Anacostia Waterfront Initiative area. The debt service payment in FY 2014 is estimated to be \$10,547,447;
- **Southeast Federal Center** – PILOT debt issued under this program supports public infrastructure paid for by the developer of The Yards project, a multi-stage, mixed use development near the Navy Yard. The FY 2014 debt service required on debt that has been issued under this program is \$397,849, and an additional \$2,278,800 is included for debt expected to be issued prior to the end of FY 2014;
- **Rhode Island Metro Plaza** – Rhode Island Metro Plaza is the redevelopment of a parking lot adjacent to the Rhode Island Avenue Metro station. The project contains new residential apartments and retail shops as well as a parking garage for the replacement Washington Metropolitan Area Transit Authority parking. The debt service payment in FY 2014 is estimated to be \$612,000; and
- **Southwest Waterfront** – A mixed-use project along the Potomac in the Southwest quadrant currently in the predevelopment stage. Although PILOT debt is not expected to be issued for this project prior to the end of FY 2014, PILOT payments due on land to be transferred to the project developer are estimated to be \$820,000.

In addition, the program budget contains a contingency of \$1,684,904 if projected PILOT revenues are higher than minimum debt service and must be paid to the bond holder in accordance with bond agreements.

Some of the projects include a provision that requires the District to make repayments from General Fund revenues if PILOT revenues are less than the debt service obligations. The District has obtained language in its Appropriations Act allowing it to appropriate an additional amount from its fund balance to make any required repayment. District budget policy requires a one-year debt service reserve for all PILOT debt that issued with the backing of the Downtown TIF Available Increment.

Program Structure Change

Repayment of PILOT Financing has no program structure changes in the FY 2014 proposed budget.

Description	FY 2013 Approved	FY 2014 Proposed	% Change from FY 2013
Operating Budget	\$132,477,000	\$110,000,000	-17.0

Note: Prior year actuals are not reported for the Not-For-Profit Hospital Corporation, because the agency does not use the District's financial system for its actual transactions.

The mission of the Not-For-Profit Hospital Corporation (NFPHC) is to hold the land, improvements, and equipment of the hospital known as United Medical Center, to operate the hospital, and to sell or otherwise transfer all or part of the hospital and site to a qualified buyer, once identified.

NFPHC, commonly known as United Medical Center and United Medical Nursing Center, is an independent District instrumentality, created by legislation adopted by the Council of the District of Columbia. It provides inpatient, outpatient, psychiatric, and emergency care, and it manages a skilled nursing facility (SNF). NFPHC is located east of the Anacostia River in the Southeastern section of Washington, D.C. Its primary service market includes residents of Wards 7 and 8 and the state of Maryland's Prince George's County. Approximately 80 percent of United Medical Center's hospital admissions were paid for by the public programs Medicare or Medicaid.

NFPHC is governed by a 14-member board of directors, 11 of whom are voting members and three of whom are non-voting members. Six members are appointed by the Mayor and three members are appointed by the Council of the District of Columbia. The Chief Financial Officer of the District, or his or her designee, and a representative of the entity maintaining the largest collective bargaining agreement with the corporation serve as ex officio voting members. The Chief Executive Officer and Chief Medical Officer of NFPHC and the President of the District of Columbia Hospital Association serve as non-voting ex officio members.

NFPHC, unlike certain other District Enterprise and Other Funds such as the Washington Convention and Sports Authority and the University of the District of Columbia, does not receive a regular subsidy from General Fund taxes. Therefore, the hospital is expected to operate using its own revenue sources.

The agency's FY 2014 proposed budget is presented in the following tables:

Program Description

The Not-For-Profit Hospital Corporation (NFPHC) operates through Special Purpose Revenue funds, generated primarily, though not exclusively, through its Hospital patient and SNF resident operations.

Hospital Services - NFPHC operates an acute care program with 234 acute care beds, which provides medical, surgical, psychiatric, and obstetric care. Other hospital services include adult emergency care and outpatient services. In October 2010, Children's National Medical Center (CNMC) opened its pediatric emergency room. While the pediatric emergency room is located within the four walls of NFPHC, with the exception of rental payments for the space and payments for some ancillary services, its revenues are retained by CNMC.

SNF Services - With a capacity of 120 beds, the SNF provides skilled nursing services to chronically ill residents, the majority of whom are elderly.

Note: The Health Benefit Exchange Authority is a newly established District of Columbia agency created by D.C. Council legislation under the Health Benefit Exchange Authority Establishment Act of 2011 (DC L19-0094).

The mission of the D.C. Health Benefit Exchange Authority is to implement a health care exchange program in the District of Columbia in accordance with the Patient Protection and Affordable Care Act, thereby ensuring access to quality and affordable health care to all District of Columbia residents.

Summary of Services

In March of 2010, the Patient Protection and Affordable Care Act of 2010 was signed into law with the central goal of ensuring that all Americans have access to quality, affordable health care. Beginning in 2014, significant health insurance reforms will be implemented including the establishment of Health Benefit Exchanges nationwide. The D.C. Health Benefit Exchange Authority is a quasi-governmental agency of the District of Columbia government charged with implementing and operating the District's Health Benefit Exchange. The Health Benefit Exchange is an online marketplace for District residents and small businesses to compare private health insurance plans, learn if they are eligible for tax credits or subsidies to purchase private insurance or qualify for public health programs such as Medicaid, and enroll in a health plan that best meets their needs. The Health Benefit Exchange will enable individuals and small employers to find affordable and easier-to-understand health insurance and assist small employers in purchasing qualified health plans for their employees. Enrollment in the District's Health Benefit Exchange will begin October 2013, with coverage starting January 1, 2014.

Program Description

The Health Benefit Exchange Authority operates through the following 7 programs:

Eligibility and Enrollment – provides a seamless, web-based eligibility process for enrollment in the qualified health plans available through the Health Benefit Exchange as well as Medicaid and other government assistance programs in the District.

Consumer Education and Outreach– informs residents about the Health Benefit Exchange, the health coverage options available through it, and the benefits of purchasing coverage through the Exchange; provides ease of access to various health plans through an on-line information and enrollment system; and assists individuals with eligibility for premium subsidies, cost-sharing reductions, as well as whether they may be eligible for Medicaid or other public benefit programs.

Plan Management – working in conjunction with local and federal regulatory bodies, establishes and oversees the process to certify, recertify and decertify qualified health plans available on the Exchange, along with assigning quality ratings to each qualified health plan and applying the ratings for certification.

SHOP Operations – provides support to the Small Business Health Options Program (SHOP) exchange. The SHOP facilitates the purchase of coverage in qualified health plans for employees of small businesses with 2-50 employees that choose to purchase coverage through the D.C. Health Benefit Exchange and conducts employer eligibility appeals.

Business Development – promotes economic development through marketing initiatives and the establishment of new business relationships that ensure District residents have access to a broad range of affordable, easily accessible and diverse health care options.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Agency Financial Management – provides comprehensive and efficient financial management services, to and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This program is standard for all agencies using performance-based budgeting.

FY 2013 Proposed Budget Changes

The D.C. Health Benefit Exchange Authority's (HBEA) proposed FY 2014 gross budget is \$66,140,499. This budget is newly established for FY 2014. The budget is comprised entirely of Special Purpose Revenue funds. Revenues will be generated from the Department of Health Care Finance's Health Care Reform and Innovation sub-grant and from the operating assessment fees of private insurance companies.

Agency Budget Submission

Enhance: In order to ensure that District of Columbia residents have access to quality affordable health care, the HBEA has proposed the following budget: In contracts, a budget of \$15,079,358 was established for policy and procedural development, outreach efforts, program implementation resource assistance, office support, and Information Technology (IT) support to ensure the agency is functional. A budget of \$5,200,000 was created to support grant and provider payment services. In personal services, a budget of \$4,711,957 and 37.0 FTEs was established to support staffing requirements and cover salary and Fringe Benefit estimates. Other budgets created for the agency were: \$780,000 for rent to align the budget with the Department of General Services fixed cost estimate; \$131,326 for postage, travel expense, office support, and conference fees; \$74,900 for equipment purchases; and \$21,600 for the purchase of office supplies.

Mayor's Proposed Budget

Cost-of-Living Adjustment: This agency received a proposed cost-of-living adjustment (COLA) in non-Local funds. This adjustment includes \$141,359 in Special Purpose Revenue funds.

District's Proposed Budget

Enhance: In Special Purpose Revenue funds, the budget was increased by \$40,000,000 to support Information Technology (IT) start-up costs for the District of Columbia Health Benefit Exchange. The adjustments include \$30,000,000 for contracts and \$10,000,000 for grants.
