GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished  
Budget Presentation  
Award*

PRESENTED TO

**District of Columbia Government  
District of Columbia**

For the Fiscal Year Beginning

**October 1, 2012**

*Christopher P. Morrell*      *Jeffrey R. Egan*

President

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to District of Columbia Government, District of Columbia, for its annual budget for the fiscal year beginning October 1, 2012. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device. This award is the thirteenth in the history of the District of Columbia.

The Office of Budget and Planning (OBP) will submit the FY 2014 Budget and Financial Plan for consideration by GFOA. OBP believes this budget continues to conform to the GFOA's requirements.

VINCENT C. GRAY  
MAYOR

July 31, 2013

The Honorable Barack H. Obama  
President of the United States  
1600 Pennsylvania Avenue, NW  
Washington, DC 20500

Dear Mr. President:

On behalf of the residents of the District of Columbia, I submit to you the District of Columbia Fiscal Year 2014 Budget and Financial Plan entitled "Investing for Tomorrow," our eighteenth consecutive balanced budget.

Despite the looming impact of Federal sequestration, the District has begun to experience a remarkable fiscal recovery, ending Fiscal Year 2012 with a surplus of \$417 million and a fund balance of \$1.5 billion. Based in part on these results, Standard & Poor's recently upgraded the District's General Obligation Bonds from A+ to AA-. The current Fiscal Year continues the positive economic trend: in February of this year the Office of the Chief Financial Officer projected \$190 million in additional revenue for Fiscal Year 2013 and \$177.8 million for Fiscal Year 2014.

Our past fiscal prudence and economic strategies are now bearing fruit, and the goals which guided this administration's previous actions have remained steady as we prepared this current budget proposal: to provide the resources to foster a vibrant, sustainable city, where all residents have an opportunity to provide for themselves and their families, where every neighborhood is safe, where every student goes to a good school, where every tax dollar is spent wisely on a government that works, and where citizens' voices really count.

To that end, the \$10.1 billion general operating budget, including \$3.0 billion in federal funds, maintains fiscal stability and continues to provide investments in key areas of priority, including: economic development and training programs that lead to jobs for District of Columbia residents; continuation and enhancement of a birth-to-age-24 quality education system; and

provision of a responsive, effective public safety program that keeps our neighborhoods and businesses safe.

We appreciate that your Fiscal Year 2014 federal budget proposes support for the continued development of the St. Elizabeths campus and dedication to the continued development of our workforce. The \$9.8 million proposed to fund the Center of Innovation illustrates our common goal of development that fuels long-term economic growth and job creation. A more diverse economy gives the District resilience in economic downturns and provides a more robust set of opportunities for District residents, and by focusing on sectors with growth potential, we will distribute benefits throughout the whole city. Your continued assistance in our quest to provide a world-class education to the youth of the District of Columbia is also greatly appreciated. We hope to encourage our children to excel in the very qualities that will make them excellent candidates in the innovative technology hub we will create.

Your support for a change in the Home Rule Charter to establish local budget autonomy for the District of Columbia is also critical, and appreciated. Simply stated, there is absolutely no reason for the District of Columbia's local funds budget to be part of the federal budget process. The District raises over \$7.1 billion in locally generated funds annually, which should only be subject to the decision-making authority of the District's elected representatives. We look forward to your advocacy on behalf of budget autonomy and the other matters of basic self-determination and democracy for the residents of the District of Columbia.

I look forward to prompt and favorable federal consideration of the District's Fiscal Year 2014 Budget and Financial Plan.

Sincerely,

  
Vincent C. Gray

# FY 2014 - FY 2019 Capital Improvements Plan

---

## Introduction

The District's proposed capital budget for FY 2014 - FY 2019 calls for financing \$1.401 billion of capital expenditures in FY 2014. Highlights include:

- Fulfilling and enhancing the commitment to improvements in schools made since FY 2006;
- Investing in infrastructure improvements and transportation alternatives for greater ease of access to education and employment opportunities; and
- Renovating and modernizing libraries and recreational facilities.

The proposed capital budget calls for financing of general capital expenditures in FY 2014 from the following sources:

- \$1,087 million of General Obligation (G.O.) or Income Tax (I.T.) revenue bonds;
- \$17 million through the master equipment lease/purchase program;
- \$13 million of pay-as-you-go capital (Paygo) capital financing, which is a transfer of funds from the General Fund to the General Capital Improvements Fund;
- \$215 million of federal grants including \$206 million from Highway Trust Fund revenue;
- \$46 million of Local Highway Trust Fund revenue (motor fuel taxes and a portion of Rights-of-Way fees), for the local match to support federal highway grants; and
- \$22 million of Local Transportation Fund special purpose (utility marking service, public inconvenience, and a portion of Rights-of-Way occupancy fees) revenue.

This overview chapter summarizes:

- The District's proposed FY 2014 - FY 2019 capital budget and planned expenditures;
- Major capital efforts;
- Fund balance of the District's capital fund;
- An outline of this capital budget document; and
- The District's policies and procedures on its capital budget and debt.

The Highway Trust Fund and related projects are presented in Appendix H. The D.C. Water and Sewer Authority's capital program is presented in Appendix I.

**Overview**

(Dollars in thousands)

Total number of projects receiving funding	273
Number of ongoing projects receiving funding	228
Number of new projects receiving funding	45
FY 2014 new budget allotments	\$1,401,391
Total FY 2014 to FY 2019 planned funding	\$6,240,885
Total FY 2014 to FY 2019 planned expenditures	\$6,240,885
FY 2014 Appropriated Budget Authority Request	\$2,198,294
FY 2014 Planned Debt Services (G.O./I.T. Bonds)	\$535,944,897
FY 2014-FY 2019 Planned Debt Service (G.O./I.T. Bonds)	\$4,005,575,262

**The Proposed FY 2014 - FY 2019 Capital Budget and Planned Expenditures**

The District budgets for capital projects using a six-year Capital Improvements Plan (CIP), which is updated annually.

The CIP consists of:

- The appropriated budget authority request for the upcoming fiscal year, and
- An expenditure plan for projected funding over the next 5 years.

Each year's CIP includes many of the projects from the previous year's CIP, but some projects are proposed to receive different levels of funding than in the previous year's budget plan. New projects are added each year as well.

The CIP is used as the basis for formulating the District's annual capital budget. The Council and the Congress adopt the budget as part of the District's overall six-year CIP. Inclusion of a project in a congressionally adopted capital budget and approval of requisite financing gives the District the authority to spend funds for each project. The remaining five years of the program show the official plan for making improvements to District-owned facilities in future years.

Following approval of the capital budget, bond acts and bond resolutions are adopted to authorize financing for the majority of projects identified in the capital budget. In recent years, the District has issued Income Tax (I.T.) revenue bonds to finance some or all of its capital projects previously financed by General Obligation (G.O.) bonds. Where this chapter refers to G.O. bond financing for capital projects, the District might ultimately substitute I.T. bond financing. Capital projects in the CIP are also financed with GARVEE bonds, pay-as-you-go (Paygo) financing, a payment in lieu of taxes from the developer of the new headquarters for the United States Department of Transportation (US DOT PILOT), Housing Production Trust Fund revenue bonds, and Certificates of Participation (COPs).

The District uses two terms in describing budgets for capital projects:

- Budget authority is given to a project at its outset in the amount of its planned lifetime budget; later it can be increased or decreased during the course of implementing the project. The District's appropriation request consists of changes to budget authority for all projects in the CIP.
- Allotments are planned expenditure amounts on an annual basis. A multi-year project receives full budget authority in its first year but only receives an allotment in the amount that is projected to be spent in that first year. In later years, additional allotments are given annually. If a year's allotment would increase the total allotments above the lifetime budget amount, an increase in budget authority is required to cover the difference.

Note: Details may not sum to totals due to rounding

Agencies may obligate funds up to the limit of (lifetime) budget authority for a project but cannot spend more than the total of allotments the project has received to date (see Appendix D). The FY 2014 to FY 2019 CIP proposes a net increase in budget authority of \$2.198 billion during the next six fiscal years (an increase of \$2.756 billion of new budget authority offset by \$558 million of rescissions).

Planned capital expenditures from local sources in FY 2014 total \$1,186 million to be funded primarily by bonds, the Master Equipment Lease program (short term borrowing), Paygo, and the local transportation fund special purpose revenue. To finance these expenditures, the District plans to borrow \$1,087 million in new G.O./I.T. bonds, borrow \$17 million in Master Lease financing, fund \$13 million using Paygo, use \$22 million in Local Transportation Fund Special Purpose Revenue, and use \$46 million for the local match to the federal grant from the Federal Highway Administration.

Planned bond borrowing will be \$1,087 million. Proposed borrowing is shown in Table CA-7. The \$13 million of Paygo use is comprised of: \$4 million from Rights-of-Way fees, \$8 million from the General Fund, and \$1 million from revenue not required for debt service (DOT PILOT).

In recent years, the District has increased its capital expenditures to reinvest in its aging infrastructure. The District is limited by funding constraints as well as multiple competing demands on capital and is not able to fund all identified capital needs. As a result of these demands, the District has taken action to meet its priorities while also maintaining a fiscally sound CIP. This has been accomplished by prioritizing capital projects and rescinding budget authority from projects deemed less important, and by reallocating budget to existing and new high priority projects to meet the most pressing infrastructure needs.

Figure CA-1 illustrates FY 2014 capital budget allotments by major agency. Funding for the District of Columbia Public Schools (DCPS) constitutes the largest share of the planned expenditures. DCPS will have a total of \$455 million available from bond sources of capital project financing in FY 2014. In addition, as with all agencies, unspent capital budget allotments from prior years will be available to be spent in FY 2014. Large shares of funding also go toward the District Department of Transportation, the Washington Metropolitan Area Transit Authority, the Deputy Mayor for Planning and Economic Development, and the Department of Parks and Recreation.

Table CA-2 summarizes planned expenditure amounts for FY 2014 and budget authority requests for FY 2014 - FY 2019. It includes local funds (G.O./I.T. bonds, Paygo, local transportation fund, and master equipment lease/purchase) and federal grants.

The capital fund pro forma, Table CA-3, summarizes sources and uses in the District's CIP. The Project Description Forms that constitute the detail of this capital budget document include projects receiving new allotments in FY 2014 through FY 2019, as included in the pro forma, totaling \$1.401 billion in FY 2014.

## **FY 2014 Operating Budget Impact**

In general, each \$14 million in borrowing has approximately a \$1 million impact on the operating budget for annual debt service. The capital budget's primary impact on the operating budget is the debt service cost, paid from local revenue in the operating budget, associated with issuing G.O. bonds to finance the CIP. Table CA-4 shows the overall debt service funded in the FY 2014 operating budget and financial plan.

A secondary impact on the operating budget is the cost of operating and maintaining newly completed capital projects. For example, the replacement of a building's roof, windows, and mechanical systems may decrease the cost of utilities, which would effectively lower the owner agency's operating costs. Conversely, the construction of a new recreation center is likely to increase the owner agency's operating costs for staffing the facility and operating programs there. Similarly, completed information technology projects will likely entail additional operating costs such as upgrades, license renewals, or training of staff to operate new systems are required.

The table below (CA-5) reflects the summary of the projected impacts, by agency, and by fiscal year for the 6-year CIP period. Individual project pages in the "Project Description Forms" section of this volume show more details of the operating impact resulting from placing a particular newly completed project into service.

Figure CA-2

### Number of Capital-Funded FTE Positions From FY 2005 to FY 2014

### Capital-Funded Positions

Agencies may receive approval to charge certain personnel expenses to capital projects. However, in order to qualify and receive approval, the primary duties and responsibilities of a position charged to capital funds must be directly related to a specific capital project. Full-Time Equivalent (FTE) positions that generally qualify are (a) architects; (b) engineers; (c) cost estimators; (d) project managers; (e) system developers; (f) construction managers; (g) and inspectors.

Table CA-6 reflects capital-funded FTE data for each agency for FY 2012 through FY 2014. Additional details on the FY 2014 FTEs, including the specific number of FTEs approved by project, can be found on the project pages in the “Project Description Forms” section of this volume. They are also summarized on the appropriate agency pages which have approved FTEs.

Figure CA-2 shows the total number of capital-funded positions between FY 2005 and FY 2012, the approved positions for FY 2013, and the planned positions in the CIP for FY 2014.

Table CA-7

### Proposed Bond Borrowing, FY 2013 Through FY 2019

(Dollars in thousands)

Source	Actual FY 2013	Proposed FY 2014	Proposed FY 2015	Proposed FY 2016	Proposed FY 2017	Proposed FY 2018	Proposed FY 2019
G.O./I.T. bonds, general, including capital fund deficit reduction	\$872,933	\$1,087,263	\$954,763	\$733,478	\$511,219	\$480,342	\$491,738
GARVEE Bonds	\$50,000	\$ -	\$ -	\$67,770	\$117,290	\$106,230	\$ -
<b>Total</b>	<b>\$922,933</b>	<b>\$1,087,263</b>	<b>\$954,763</b>	<b>\$801,248</b>	<b>\$628,509</b>	<b>\$586,572</b>	<b>\$491,738</b>

Note: All amounts and methods of borrowing are subject to change depending on status of projects and market conditions.

## Details on the District's Sources of Funds for Capital Expenditures

The District's proposed FY 2014 - FY 2019 capital budget includes a number of funding sources. The District uses the following sources to fund capital budget authority across a large number of agencies that have capital programs:

- G.O. or I.T. bonds;
- Paygo capital funding;
- Master Equipment Lease/Purchase financing;
- Sale of assets;
- Federal Grants; and
- Private Grants.

In addition to the above sources, the District's Department of Transportation (DDOT) uses the following sources to fund its capital projects:

- Federal Highway Administration grants, for Highway Trust Fund projects;
- Grant Anticipation Revenue Vehicle (GARVEE) bonds, which are repaid from future Federal funding;
- Dedicated motor fuel tax revenues and a portion of the Rights-of-Way Occupancy Fees for Highway Trust Fund projects (these provide the local match for the Federal Highway Administration grants); and
- Local Transportation Fund (a portion of the Rights-of-Way Occupancy Fees, Public Inconvenience Fees, and Utility Marking Fees).

Projects funded by these sources are detailed in the project description pages for DDOT and in Appendix H, "FY 2014-2019 Highway Trust Fund".

## DDOT Transportation Fund

In previous years, Special Purpose Revenue deposited into the Unified Fund was used to finance DDOT's local streets projects and some agency operating expenses. In the interest of simplifying Special Purpose Revenue funding streams, making agency funding sources and uses more transparent, and limiting agency discretion to move budgets, the Unified Fund was abolished at the beginning of FY 2012. Special Purpose Revenue that was previously deposited in the Unified Fund was redirected to the Local Transportation Fund (formerly Local Roads Construction and Maintenance Fund), the Washington Metropolitan Area Transit Authority operating subsidy, and the General Fund.

## Major Capital Efforts

The Capital Improvements Plan reflects the strategic priorities guiding District government decisions. These are:

- Quality Education
- Public Safety
- Job Creation and Economic Development
- Sustainability and Livability
- Transportation Infrastructure
- Fiscal Stability

## Quality Education

*Public Schools Modernization.* The District is currently undertaking a comprehensive schools modernization initiative that began in 2008. So far, over \$2.5 billion has been invested, and this CIP reflects additional investment of \$1.8 billion during the next six years modernizing elementary, middle, and high school facilities. This includes \$455 million in FY 2014, \$144 million for high school renovations and \$311 million benefiting elementary and middle schools. An additional \$70.2 million will be invested in the University of the District of Columbia, with \$17.5 million in FY 2014. Over \$20 million will be invested in technology upgrades at schools and in information systems to track progress of over 100,000 students.

## **Public Safety**

*Metropolitan Police Department - 6th District Precinct Relocation.* The CIP provides \$14 million (FY 2013 – FY 2014) for the relocation of the Metropolitan Police Department’s 6th District Precinct to the former Merritt Middle School to serve the Deanwood, Lincoln Heights, and Burrville neighborhoods. The adaptive use of the former school will enable MPD to provide the highest level of service to residents and business served by the precinct. Affordable workforce housing is also a feature of this neighborhood initiative, as well as the new H.D. Woodson High School.

*Fleet Upgrades.* The CIP provides \$21 million over the next three fiscal years to upgrade the MPD fleet of vehicles.

*Closed-Circuit Television (CCTV).* The CIP supports a \$4 million (FY 2013 - FY 2014) expansion of MPD’s Closed Circuit Television and ShotSpotter technology initiative to fight crime. ShotSpotter utilizes sound sensors that can detect gunshots with surveillance cameras that react to the sensors, allowing the MPD to view a possible shooting scene in real time. This technology allows faster emergency medical response times, allows the District to improve prosecution of gun-related crimes, and ultimately leads to reduced occurrence of violent crime.

*Fire and Emergency Medical Services Department - Modernizing Fire Stations and Upgrading Fleet.* The District is currently planning or implementing the rehabilitation, major renovation, or relocation of two fire stations (Engine 22 and Engine 23) and will invest \$15 million in the six-year Capital Improvements Plan. Additionally, the CIP authorizes \$24 million for new fire and medical services apparatus in the next three fiscal years.

*Office of Unified Communications.* The Office of Unified Communications provides a critical service to District residents, fielding emergency and non-emergency calls and coordinating responses between the appropriate agencies. The technology available to OUC employees is crucial to ensuring proper response and minimizing response times to constituent needs. The CIP designates \$35 million for equipment upgrades at OUC to ensure that these resources remain state-of-the-art, which will include enhanced 9-1-1 service.

## **Job Creation and Economic Development**

*St. Elizabeths East Campus Infrastructure.* The District’s plan to redevelop the East Campus of the former Saint Elizabeths Hospital is a once-in-a-generation chance for the District of Columbia and the federal government to create a well-planned, mixed-use, mixed-income, walkable, livable community. While federal government plans for the West Campus remain in flux, the District is proceeding with a \$113 million capital budget (FY 2013 - FY 2019) investment in infrastructure that will support private development at the 183-acre St. Elizabeths East Campus.

*McMillan Redevelopment.* The 25-acre former McMillan Reservoir Sand Filtration Plant site is expected to be redeveloped into a mixed-use project that will include historic preservation, open space, residential, retail, office, and hotel uses. The goal is to create an architecturally distinct, vibrant, mixed-use development that provides housing, employment, retail, cultural, and recreational opportunities for District residents. The project will include affordable and workforce housing, and 35 percent of the local contracting opportunities must go to Certified Business Enterprises (CBEs). The CIP requests \$48 million to build site infrastructure.

*Walter Reed Army Medical Center Redevelopment.* In April of 2009 the federal government declared 62.5 acres on the main post of the Walter Reed Army Medical Center in Washington DC as surplus property, thereby making it available to a local redevelopment authority (“LRA”) for re-use. The CIP provides \$2.3 million to help complete the planning process for the site, allowing the LRA to move forward with this transformative project that will help provide employment, and create additional housing and retail options in the District.

## **Sustainability and Livability**

*Sustainable DC.* Sustainable DC is the District of Columbia’s comprehensive effort to create and implement a strategy for the future that will broaden and diversify the economy and the range of available employment and career

opportunities for residents; reduce disparities (including income, health, employment, education, safety); and raise the environmental quality and livability in the city, while expanding the choices, increasing the convenience and affordability of neighborhoods, bolstering the resilience of households, and enhancing the lives of our residents. The CIP requests \$2.6 million for capital investments in Sustainable DC initiatives. The CIP is also shaped by strategic actions identified in the Sustainable DC Plan, published in 2013. These are:

- Governance
- Health & Wellness
- Climate & Environment
- Energy
- Nature
- Waste
- Jobs & the Economy
- Equity & Diversity
- Built Environment
- Food
- Transportation
- Water

**Anacostia River Clean-Up.** The Anacostia River, once a pristine river, is now degraded mainly because of its highly urbanized location. The River is the focus of large-scale restoration efforts by the District of Columbia. Restoration work will not be accomplished all at once, but instead will take place gradually over time. The District's goal is to restore the Anacostia to a fishable and swimmable river by the year 2032. The \$41.5 million of authorized capital budget for Anacostia River hazardous material remediation will continue efforts to move towards this goal, and improve the quality of life for District residents, and all residents of the Anacostia Watershed.

**Affordable Housing.** The Department of Behavioral Health is budgeted to invest \$20 million (FY 2013 - FY 2019) in housing initiatives to serve persons who receive services from the agency.

**Greenspace Management.** The CIP invests over \$32 million in the management of our natural and built environment, including smart infrastructure and enhancing the tree canopy along our streets, in our parks and on school grounds.

**Swimming Pool Rehabilitation.** The CIP authorizes approximately \$12 million of capital budget for the rehabilitation or construction of District-owned swimming pools. These facilities contribute to the physical education of District youth, as well as providing healthy recreational opportunities for all District residents.

**Recreation Centers, Playgrounds, Athletic and Playing Field Rehabilitation.** The ability to provide all residents of the District, and especially the District's youth, with quality recreation centers, athletic fields and play areas is critical for improving both public health and overall quality of life. Over the past decade many of the District's public facilities have fallen into disrepair. Recently many playgrounds, playing fields, and courts have been upgraded. This capital budget authorizes \$10.9 million for additional playground improvements, athletic field restoration and rehabilitation, and \$52 million is budgeted for community recreation center upgrades, including the Southeast Tennis and Learning Center. The CIP also funds \$50 million for the acquisition and development of parkland in the NoMa neighborhood, which is devoid of recreational space, and \$20 million for the replacement of the Fort Dupont Ice Arena.

## **Transportation Infrastructure**

**Streetcar Build-Out.** The District's Streetcar system will enhance mobility for city residents, accommodate continued growth in population and employment, greatly improve access to jobs, connect neighborhoods and activity centers, and support sustainable economic growth for the District of Columbia. The streetcar will operate modern low-floor vehicles running on surface tracks that are embedded in the street pavement. The four corridors that will be constructed between FY 2014 and FY 2019 are forecast to accommodate more than 108,000 daily trips by 2030 and significantly reduce crowding on existing Metro bus and rail lines. The streetcar will also stimulate more intense mixed-use development along streetcar corridors, consistent with the city's Comprehensive Plan. The FY 2014 - FY 2019 budget for this project is \$424 million.

***Bicycle and Pedestrian Infrastructure.*** The capital budget proposes to spend \$9 million from a mix of federal and local funds to improve bicycle and pedestrian facilities, including bike lanes, sharrows (shared lane marking), bike parking, and Priority Corridors for pedestrians in each ward. This investment will continue the District's momentum towards becoming one of the country's premier multi-modal transit cities.

***Trail Improvements.*** With programming assistance from the Department of Parks and Recreation, the Department of Transportation is funding \$9 million of improvements to trails for walking, running, and biking throughout neighborhoods and parkland.

***South Capitol Corridor Infrastructure.*** The CIP fully funds the \$622 million cost of replacing the Frederick Douglass Bridge over the Anacostia River and improving the intersections of South Capitol Street with the Suitland Parkway and the Anacostia Freeway (I-295). ***Traffic Management and Calming Infrastructure.*** The six-year capital budget supports numerous DDOT initiatives aimed at improving the traffic management in the city in ways that will both reduce congestion and make the city more hospitable to all modes of transportation. The 11th Street Bridge realignment is scheduled for completion in mid-2013. The total cost of the new bridges will exceed \$660 million, including ongoing projects in the surrounding area to manage traffic flow on surrounding arterial roads and neighborhood streets.

Additionally, the CIP authorizes DDOT to invest over \$12 million across the eight wards over the six-year period.

## **Fiscal Stability**

***Investments in Efficiency - Retrofit for Energy Efficiency and Cost Savings.*** Energy efficiency is a crucial focus from both environmental sustainability and fiscal stability standpoints. The \$30 million budget authorization provided by the CIP includes \$5 million in each fiscal year for energy efficiency retrofitting of public facilities.

***Investments in Existing Capital Assets.*** One of the cornerstones of this CIP is an emphasis on investing in major upgrades and modernization of existing capital assets. Taking this approach reduces short-term and long-term capital expenditures, while also minimizing maintenance costs in the operating budget. This approach includes a focus on repurposing District facilities, as well as prioritizing major renovations over new projects in order to reduce the long-term costs of deferred maintenance.

## **Fund Balance of the Capital Fund**

From FY 2001 through FY 2005, the District's Comprehensive Annual Financial Report (CAFR) showed a deficit in the General Capital Improvements fund (the "capital fund"), but since FY 2006 the CAFR has shown a surplus (see Table CA-8). The shortfall at the end of FY 2005 meant that capital expenditures had exceeded financing sources by that amount on a cumulative basis, and the District's General Fund had advanced funds to the capital fund to cover the expenditures. Because of several large financings beginning in FY 2006, from which very little was initially spent, the accumulated deficit has become an accumulated surplus. As District agencies spend these proceeds in coming years, this portion of the surplus will disappear. The Chief Financial Officer's management goal is to balance the capital fund on a long-term basis.

Until a few years ago, agencies had been slow to spend capital dollars, resulting in the District's paying interest on borrowed funds that then sat idle earning lower interest rates in District bank accounts. The District instituted a policy to delay borrowing until funds were needed for expenditures, and borrowing less than the full amount budgeted and/or allotted. At the same time, agencies were pressured to begin spending budgeted capital dollars. Eventually, this resulted in a situation in which total agency spending (of existing capital budget authority and prior allotments) exceeded the amount of funds borrowed, producing a deficit in the capital fund. The General Fund paid for these capital expenditures, essentially as a loan to the capital fund. It was necessary to cure this shortfall in order to bring the capital fund and General Fund back into balance and also to prevent cash flow problems in the General Fund.

In FY 2006, the District borrowed \$196.9 million through Certificates of Participation (COPs) for a new mental health hospital and a new building for the Department of Motor Vehicles, and it securitized \$245.3 million of future tobacco revenues to pay for health care needs in the District, primarily through capital expenditures. Little was spent

Table CA-8

**Fund Balance in the General Capital Improvements Fund, FY 1998-FY 2012**

(Dollars in millions)

Fiscal Year	Positive/(Negative)
	Fund Balance
1998	\$224.0
1999	387.5
2000	458.4
2001	(57.9)
2002	(389.5)
2003	(141.8)
2004	(250.2)
2005	(246.4)
2006	396.8
2007	703.8
2008	586.9
2009	406.9
2010	133.4
2011	5.0
2012	(116.3)

against these two financings in FY 2006, so they had a large positive net effect on the capital fund balance. Similarly, in FY 2007, there were several large sources of revenues with minimal FY 2007 spending. For example, the District transferred \$100 million of Paygo revenue to the capital fund for schools construction and also borrowed \$60 million in the first installment of the additional FY 2006 bond funds for schools. However, D.C. Public Schools did not have access to the budget for these funds until April of 2007 because of legislative restrictions, and little was spent by the end of FY 2007. The District also borrowed \$64 million against future bus shelter advertising revenues for the Great Streets program.

The FY 2012 CAFR reports a deficit in the General Capital Improvements Fund of \$116.3 million. This represents a decrease of \$121.3 million from the FY 2011 ending fund balance of \$5.0 million, but a seven-year cumulative increase of \$130.1 million compared to the reported deficit of \$246.4 million in the FY 2005 CAFR. This turnaround is due primarily to the difference in timing of revenues and expenditures in the Fund. The balance as of the end of FY 2012 is representative of the activity in the fund as of that date. Past expenditures and currently outstanding budget allotments related to G.O. bonds and I.T. secured revenue bonds still exceed the District's total bond financing.

The District must still keep a close watch on the underlying status of the capital fund. The long-term solution to the capital fund shortfall includes development of, and monitoring against, agency spending plans for their capital projects that manage each year's overall expenditures against that year's revenues. The District also borrowed \$25 million in FY 2013, above that year's new capital budget allotments, to help repay the General Fund for advances it made to the capital fund. This additional borrowing has been taking place in amounts of either \$25 million or \$50 million annually, for a total of \$300 million, for several years. Planned borrowing for FY 2015 through FY 2019 exceeds allotments by \$20 million each fiscal year, and FY 2019 exceeds the allotments by \$36 million thus eliminating the FY 2012 year-end deficit of \$116 million.

## Outline of this Capital Budget Document

The remainder of this overview chapter includes the District's policies on capital budget and debt. Projects in the remaining sections of this volume are grouped by the owner (rather than the implementing) agency except where noted.

- **Agency Description Forms:** Provides details of the agency including the mission, background, and summaries of the capital program objectives and recent accomplishments. For those agencies with facilities projects, the page immediately following the description contains a map reflecting the projects and their geographic location within the District.
- **Project Description Forms:** Provides details on capital projects funded by G.O. or I.T. bonds and other sources. Ongoing projects with no new allotments scheduled for FY 2014 - FY 2019 are not included. The expenditure schedules shown display the planned allotments (1-year spending authorities) by year for FY 2014 through FY 2019.
- **Appendix A:** FY 2014 Appropriated Budget Authority Request: Summarizes the new budget authority the District proposes. Budget authority is established as the budget for a project's lifetime, so these requests are only for new projects or for changes in lifetime budgets for ongoing projects. Because budget authority is given to the implementing agency, projects are grouped by implementing agency in this appendix.
- **Appendix B:** FY 2014 - FY 2019 Planned Expenditures From New Allotments: Shows new allotments for ongoing and new projects for all six years of the CIP.
- **Appendix C:** FY 2014 - FY 2019 Planned Funding Sources: Shows the source of financing for the projects displayed in appendix B.
- **Appendix D:** Balance of Capital Budget Authority, All Projects: Shows expenditures, obligations, and remaining budget authority for all ongoing capital projects. Because this report comes from budgets in the financial system, projects are grouped by implementing agency with sub sections for the respective owner agency. The projects are listed alphabetically, by owner agency.
- **Appendix E:** Capital Project Cost Estimate Variances: Shows the variance between original budget estimate and current approved budget for all capital projects with proposed FY 2014 – FY 2019 allotments. The appendix shows change to projects funded from local sources and from the local transportation program.
- **Appendix F:** Rescissions, Redirections and Reprogramming of Available Allotments: Shows the project budgets that have been affected by agency reprogramming, legislated rescissions and redirections during FY 2013 (see date qualifier on page header).
- **Appendix G:** Project Budget Revisions following publication of the FY 2013 budget: Shows the project budgets that have been affected by reprogramming between the publication cut-off date (June 15) of the FY 2013-FY 2018, volume 6, and the end of FY 2012.
- **Appendix H:** Highway Trust Fund (HTF): Describes the planned sources and uses of all projects planned and/or undertaken which are funded through the Federal Highway Administration program.
- **Appendix I:** D.C. Water and Sewer Authority Capital Program: Describes the capital improvements undertaken by the District's independent instrumentality for the provision of water and sewage services, including the FY 2014 – FY 2019 capital budget request.

*Note: Through the use of appendices F and G, along with the summary of project information in the "Additional Appropriations Data" table, all individual and collective budget revisions between publication of Volume 6 for the FY 2013-FY 2018 and the FY 2014-FY 2019 Capital Improvement Plan budgets have been captured.*

## About the Project Description Forms in this Budget Volume

Elements in this budget volume include:

- **Photos.** Photos are included for some projects.
- **Narrative fields.** Narrative fields provide a project description, justification, progress toward completion, and any related projects.
- **Milestone Data.** Timeframes are shown for key events in the project's lifecycle and include both planned and actual milestone dates.
- **Funding Tables.** Each project that has received past budget allotments shows the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and

pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

- **Funding by Phases and by Sources Tables.** These tables provide information regarding the phases and sources of funding.

Additional Appropriations Data. Information has been added to the details of each project to aid in providing a summary of the budget authority over the life of the project. The table can be read as follows:

- **First Appropriation (FY)** - this represents the year of initial appropriation. Original 6-Year Budget Authority – represents the authority from the initial appropriation year through the next 5 years.
- **Original 6-Year Budget Authority** - represents the sum of the 6-year authority for all agency-owned projects, as shown in the first year they were authorized. The complete set of these projects may or may not be represented in this FY 2014 – FY 2019 CIP.
- **Budget Authority Thru FY 2013** - represents the lifetime budget authority, including the 6-year budget authority for FY 2013 through 2018.
- **FY 2013 Budget Authority Revisions** - represents the changes to the budget authority as a result of reprogramming, redirections and rescission (also reflected in Appendix F) for the current fiscal year.
- **Budget Authority Request FY 2014** - represents the 6-year budget authority for FY 2014 through 2019.
- **Increase (Decrease) to Total Authority** - This is the change in 6-year budget authority requested for FY 2014 – FY 2019 (also reflected in Appendix A).
- **Estimated Operating Impact.** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data.** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non-personal services portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.

## **District of Columbia Policies and Procedures: Capital Budget and Debt**

The District of Columbia's Capital Improvements Program (the "Capital Program") comprises the finance, acquisition, development, and implementation of permanent improvement projects for the District's fixed assets. Such assets generally have a useful life of more than five years and cost more than \$250,000.

The text of the CIP is an important planning and management resource. It analyzes the relationship of projects in the capital budget to other developments in the District. It also describes the programmatic goals of the various District agencies and how those goals affect the need for new, rehabilitated, or modernized facilities. Finally, it details the financial impact and requirements of all of the District's capital expenditures.

The CIP is flexible, allowing project expenditure plans to be amended from one year to the next in order to reflect actual expenditures and revised expenditure plans. However, consistent with rigorous strategic planning, substantial changes in the program are discouraged. The CIP is updated each year by adding a planning year and reflecting any necessary changes in projected expenditure schedules, proposed projects, and District priorities.

The District's legal authority to initiate capital improvements began in 1790, when Congress enacted a law establishing the District of Columbia as the permanent seat of the federal government and authorized the design of the District and appropriate local facilities. The initial roads, bridges, sewers and water systems in the District were installed to serve the needs of the federal government and were designed, paid for, and built by Congress. During the 1800s, the population and private economy of the federal District expanded sharply, and the local territorial government undertook a vigorous campaign to meet new demands for basic transportation, water, and sewer systems.

From 1874 to 1968, commissioners appointed by the President and confirmed by Congress managed the District. One commissioner, from the Corps of Engineers, was responsible for coordinating the maintenance and construction of all local public works in accordance with annual budgets approved by the President and the Congress.

Legislation passed in the 1950s gave the District broader powers to incur debt and borrow from the United States

Treasury. However, this authority was principally used for bridges, freeways, and water and sewer improvements. In 1967, the need for significant improvements in District public facilities was acknowledged. This awareness led to the adoption of a \$1.5 billion capital improvement program to build new schools, libraries, recreation facilities, and police and fire stations.

A 1984 amendment to the Home Rule Act gave the District the authority to sell general obligation bonds to finance improvements to its physical infrastructure. The District has more than \$3.5 billion of general obligation bonds outstanding, which were issued to finance capital infrastructure improvements.

In September 1997, the President signed the National Capital Revitalization Act (the "Revitalization Act"). The act relieved the District of its operations at Lorton Correctional Facility. It also transferred responsibility for funding the maintenance and operation of the D.C. Courts system to the Office of Management and Budget (OMB). The District therefore would not incur the significant capital expenditures required at these facilities. In return, the District no longer will receive a federal payment in lieu of taxes for these functions.

In addition, the Revitalization Act raised the allowable percent of annual debt service payable from 14 percent to 17 percent of anticipated revenues to compensate the District for the loss of the federal payment and broadened the District's debt financing authority. The primary impact of this aspect of the Revitalization Act was to increase the District's flexibility to finance capital requirements.

### **Legal Authority and Statutory Basis**

The legal authority for the District's Capital Program comes from the District of Columbia Home Rule Act, P.L. 93-198, §444, 87 Stat. 800, which directs the Mayor to prepare a multi-year Capital Improvements Plan (CIP) for the District. This plan is based on the approved current fiscal year budget. It includes the status, estimated period of usefulness, and total cost of each capital project on a full funding basis for which any appropriation is requested or any expenditure will be made in the forthcoming fiscal year and at least four fiscal years thereafter.

Mayor's Order 84-87 also supplements the legal authority and assigns additional responsibility for the District's Capital Program. This Order creates a Capital Program coordinating office to provide central oversight, direction, and coordination of the District's capital improvements program, planning, budgeting, and monitoring within the Office of Budget and Planning. The administrative order requires the Office of Budget and Planning to develop a CIP that identifies the current fiscal year budget and includes the status, estimated period of usefulness, and total cost of each capital project, on a fully funded basis, for which any appropriation is requested or for which any expenditure will be made over the next six years. The CIP includes:

- An analysis of the CIP, including its relationship to other programs, proposals, or other governmental initiatives.
- An analysis of each capital project, and an explanation of a project's total cost variance of greater than 5 percent.
- Identification of the years and amounts in which bonds would have to be issued, loans made, and costs actually incurred on each capital project. Projects are identified by applicable maps, graphics, or other media.

### **Why A Capital Improvements Program?**

A Capital Improvements Program that coordinates planning, financing, and infrastructure and facilities improvements is essential to meet the needs of a jurisdiction uniquely situated as the Nation's Capital. As mentioned previously, capital improvements are those that, because of expected long-term useful lives and high costs, require large amounts of capital funding. These funds are spent over a multi-year period and result in a fixed asset.

The primary funding source for capital projects is tax-exempt bonds. These bonds are issued as general obligations of the District. Debt service on these bonds (the repayment of principal and the payment of interest over the lifetime of the bonds) becomes expenditures in the annual operating budget.

The Home Rule Act sets certain limits on the total amount of debt that can be incurred. Maximum annual debt service cannot exceed 17 percent of general fund revenues to maintain fiscal stability and good credit ratings. As a result, it is critical that the CIP balance funding and expenditures over the six-year period to minimize the fiscal impact on the annual operating budget.

## **Principles of the Capital Program**

Several budgetary and programmatic principles are invested in the CIP. These are:

- To build facilities supporting the District stakeholders' objectives;
- To support the physical development objectives incorporated in approved plans, especially the Comprehensive Plan;
- To assure the availability of public improvements;
- To provide site opportunities to accommodate and attract private development consistent with approved development objectives;
- To improve financial planning by comparing needs with resources, estimating future bond issues plus debt service and other current revenue needs, thus identifying future operating budget and tax rate implications;
- To establish priorities among projects so that limited resources are used to the best advantage;
- To identify, as accurately as possible, the impact of public facility decisions on future operating budgets, in terms of energy use, maintenance costs, and staffing requirements among others;
- To provide a concise, central source of information on all planned rehabilitation of public facilities for citizens, agencies, and other stakeholders in the District; and
- To provide a basis for effective public participation in decisions related to public facilities and other physical improvements.

It is the responsibility of the Capital Program to ensure that these principles are followed.

## **Program Policies**

The overall goal of the Capital Program is to preserve the District's capital infrastructure. Pursuant to this goal, projects included in the FY 2014 to FY 2019 CIP and FY 2014 Capital Budget support the following programmatic policies:

- Provide for the health, safety and welfare needs of District residents;
- Provide and continually improve public educational facilities for District residents;
- Provide adequate improvement of public facilities;
- Continually improve the District's public transportation system;
- Support District economic and revitalization efforts in general and in targeted neighborhoods;
- Provide infrastructure and other public improvements that retain and expand business and industry;
- Increase employment opportunities for District residents;
- Promote mutual regional cooperation on area-wide issues, such as the Washington Area Metropolitan Transit Authority, Water and Sewer Authority, and solid-waste removal; and
- Provide and continually improve public housing and shelters for the homeless.

## **Fiscal Policies Project Eligibility for Inclusion in the Capital Improvements Plan (CIP)**

Capital expenditures included as projects in the CIP must:

- Be carefully planned, generally as part of the District-wide Facility Condition Assessment Study in concert with the Comprehensive Plan. This planning provides decision-makers with the ability to evaluate projects based on a full disclosure of information;
- Be direct costs of materials and services consumed in developing or obtaining internal-use computer software;
- Have a useful life of at least five years or add to the physical infrastructure and District-owned capital fixed assets;
- Exceed a dollar threshold of \$250,000;
- Enhance the productivity or efficiency capacity of District services;
- Have a defined beginning; and
- Be related to current or future District-owned projects. For example, feasibility studies and planning efforts not related to a specific project should be funded with current operating revenues rather than with capital funds.

## Policy on Debt Financing

With a few exceptions (e.g. Paygo capital, and Highway Trust Fund projects), the CIP is primarily funded with general obligation (GO) bonds, income tax revenue bonds, equipment lease/purchase obligations, or local parking tax revenue. Capital improvement projects usually have a long useful life and will serve taxpayers in the future, as well as those paying taxes currently. It would be an unreasonable burden on current taxpayers to pay the entire cost of such projects upfront. Long-term bonds, retired over a 20 to 30-year period, allow the cost of capital projects to be shared by current and future taxpayers, which is reasonable and fair. Capital improvement projects eligible for debt financing must:

- Have a combined average useful life at least as long as average life of the debt with which they are financed; and
- Not be able to be funded entirely from other potential revenue sources, such as Federal aid or private contributions.

## Policy on Capital Debt Issuance

In formalizing a financing strategy for the District's Capital Improvements Plan, the District adheres to the following guidelines in deciding how much additional debt, including GO and/or revenue bonds, may be issued during the six-year CIP planning period:

- **Statutory Requirements:** Per the Home Rule Act, no general obligation bonds can be issued if such issuance would cause maximum annual debt service to exceed 17 percent of general fund revenues in a given fiscal year, and no tax-supported debt of any kind (including income tax secured revenue bonds and general obligation bonds) can be issued if such issuance would cause total debt service on all tax-supported debt to exceed 12 percent of total general fund expenditures in any year during the six-year CIP period.
- **Affordability:** The level of annual operating budget resources used to pay debt service should not impair the District's ability to fund ongoing operating expenditures and maintain operating liquidity.
- **Financing Sources:** The District evaluates various financing sources and structures to maximize capital project financing capacity at the lowest cost possible, while maintaining future financing flexibility.
- **Credit Ratings:** Issuance of additional debt should not negatively impact the District's ability to maintain and strengthen current credit ratings, which involves the evaluation of the impact of additional borrowing on the District's debt burden. This includes having certain criteria and ceilings regarding the issuance of new debt.

As the table shows, the District has a favorable bond rating from all of the agencies.

## **Bond Rating**

The District of Columbia's bond ratings by the major rating agencies assess the likelihood of bondholders receiving timely the principal and interest payments that are due to them from the District. Moreover, the District's general obligation bond ratings are also indicators of the overall financial health of the city. Table CA-9 provides the letter-grade ratings scale and description for the rating of long-term debt as used by the major credit rating agencies. Each rating agency uses a rating scale to reflect the risk associated with a municipality's long-term debt. Municipalities with higher ratings reflect lower levels of default risk and thus can issue debt at a lower borrowing cost to the issuer. Table CA-10 provides credit ratings for similar sized municipalities across the three major credit rating agencies. The rating agencies use evaluative criteria that include economic factors, debt levels, governance structure, capacity of the municipal government, and fiscal/financial factors.

Table CA-11 shows the historical bond ratings for the District. As the table indicates, the District has moved from "junk bond" (below "investment-grade") general obligation bond ratings in the mid-to-late 1990s to the AA category by all three of the rating agencies.

Beginning in FY 2009, the District has issued Income Tax Secured Revenue Bonds ("IT bonds"). IT bonds are bonds payable solely from and secured solely by District income tax revenues; the District does not pledge its full faith and credit to repay the bonds (as it does with GO bonds). The District issues IT bonds to fund its capital improvement projects, replacing GO bonds as the primary financing mechanism. Based on the strength of the financing structure, legal structure and mechanics, the District's IT bonds are rated higher than its GO bonds, as shown in Table CA-12.

## **Policy on Terms for Long-Term Borrowing**

To mitigate the interest costs associated with borrowing, the District seeks to identify sources other than bond proceeds to fund its CIP, such as grants, Highway Trust Fund money, and Paygo capital. Furthermore, the District generally issues its bonds annually based on anticipated spending for the fiscal year, not on a project-by-project basis. The District has issued G.O., I.T. and GARVEE bonds to finance its CIP. The District will continue to analyze the benefits associated with issuing revenue bonds such as I.T. and GARVEE bonds for general capital purposes in the future. The pledge of a specific revenue source for the issuance of revenue bonds must not have a negative impact on the District's general fund or GO bond ratings and must provide favorable interest rates. The I.T. and GARVEE bonds meet these conditions. GARVEE bonds have the additional advantage of being debt that is excluded from the debt cap calculations.

To match the debt obligations with the useful life of the projects being financed, the District issues short-to intermediate-term financing for those projects that may not fit the criteria for long-term financing. The District amortizes long-term bonds over a 25 to 30-year period for those projects with an average 30-year useful life. Bonds may be issued by independent agencies or instrumentalities of the District as authorized by law. Payment of the debt service on these bonds is solely from the revenue of the independent entity or the project being financed.

## **Policy on Terms for Short-Term (Cashflow) Borrowings**

The District may issue short-term debt as appropriate and authorized by law, including Tax Revenue Anticipation Notes (TRANs) and bond anticipation notes (BANs). The District has issued TRANs in most fiscal years to provide sufficient operating cash throughout the year, given the timing differences between the disbursement of budgeted expenditures and the taxes and other revenues. The use of BANs provides a means of interim financing for capital projects in anticipation of a future bond offering or other revenue takeout, which may be used if the long-term bond market is unfavorable at a given time, or if it is deemed desirable to issue BANs for some other reason.

## **Policy on the use of the Master Equipment Lease/Purchase Program**

The purpose of the Master Equipment Lease/Purchase Program is to provide District agencies with access to competitively priced tax-exempt financing for equipment purchases as an alternative to a) outright purchases, which would have a higher cost in the current year's budget, or b) other more expensive leasing or financing arrangements. Moreover, the program assists the District in its asset/liability management by matching the useful life of the asset being financed with the amortization of the liability.

The program terms and conditions are established under an umbrella contract. Since the terms and conditions are established upfront, there is no need to negotiate a new lease contract each time equipment is to be financed as long as the master lease agreement is in effect. For a piece of equipment to be eligible it must have a unit value of at least \$5,000 and a total project value of at least \$25,000. In addition, it must have a useful life of at least five years. The repayment (amortization) must not exceed the useful life of the equipment being financed. The maximum financing term that may be requested is 10 years. Rolling stock such as automobiles, trucks, and public safety vehicles are eligible, as are some computer systems, hardware and software, with certain limitations.

### **Policy on the Use of Paygo Financing**

"Pay-as-you-go" (Paygo) capital financing is obtained from current revenues authorized by the annual operating budget and approved by the Council and the Congress in a public law to pay for certain projects. No debt is incurred with this financing mechanism. Operating funds are transferred to the capital fund and allocated to the appropriate project. The budget is then used for the requisition of a district-owned asset(s). The District has the following policies on the use of capital Paygo financing:

- Paygo should be used for any CIP project not eligible for debt financing by virtue of its very limited useful life (<5 years).
- Paygo should be used for CIP projects consisting of short-lived equipment replacement (not eligible for the Master Equipment Lease/Purchase Program), and for limited renovations of facilities.
- Paygo may be used when the requirements or demands for capital budgets press the limits of prudent bonding capacity.

### **Congressional Appropriations**

Notwithstanding any other provisions in the law, the Mayor of the District of Columbia is bound by the following sections of the 2000 D.C. Appropriations Act, included in P.L. 105-277 of the Omnibus Consolidated and Emergency Supplemental Appropriations for FY 2000. These sections were mandated by the 105th Congress and enacted for the fiscal year beginning October 1, 2000.

- §113 - At the start of the fiscal year, the Mayor shall develop an annual plan, by quarter and by project, for capital outlay borrowings: Provided, that within a reasonable time after the close of each quarter, the Mayor shall report to the Council of the District of Columbia and to the Congress the actual borrowings and spending progress compared with projections.
- §114 - The Mayor shall not borrow any funds for capital projects unless the Mayor has obtained prior approval from the Council of the District of Columbia, by act and/or resolution, identifying the projects and amounts to be financed with such borrowings.
- The Mayor shall not expend any monies borrowed for capital projects for the operating expenses of the District of Columbia government.

### **Trends Affecting Fiscal Planning**

Several different kinds of trends and economic indicators are reviewed, projected, and analyzed each year for their impact on the operating budget and fiscal policy as applied to the CIP. These trends and indicators include:

- **Inflation:** Important as an indicator of future project costs or the costs of delaying capital expenditures.
- **Population Growth/Decline:** Provides the main indicator of the size or scale of required future facilities and services, as well as the timing of population-driven project requirements.
- **Demographic Changes:** Changes in the number and/or locations within the District of specific age groups or other special groups, which provides an indication of requirements and costs of specific public facilities (e.g., senior wellness and recreation centers and pre-K classrooms etc).
- **Personal Income:** The principal basis for projecting income tax revenues as one of the District's major revenue sources.
- **Implementation Rates:** Measured through the actual expenditures within programmed and authorized levels. Implementation rates are important in establishing actual annual cash requirements to fund projects in the CIP. As a result, implementation rates are a primary determinant of required annual bond issuance.

## **Spending Affordability**

One of the most important factors in the CIP development process is determining spending affordability. Spending affordability is determined by the amount of debt service and Paygo capital funds that can be reasonably afforded by the operating budget given the District's revenue levels, operating/service needs, and capital/infrastructure needs. The size and financial health of the capital program is therefore somewhat constrained by the ability of the operating budget to absorb increased debt service amounts and/or operating requirements for Paygo capital expenditures. Realizing that maintenance and improvement in the infrastructure is important to the overall health and revitalization of the District, policymakers have worked diligently over the past several years to increase the levels of capital funding and expenditures. There is the ongoing need, however, to balance infrastructure needs with affordability constraints.

## **Master Facilities and Program Coordination Plan**

The fiscal realities that continue to face the District of Columbia require a new level of scrutiny of all government costs. The capital budget, a critical area of the annual budget, is now in need of intensive review and further rationalization. Prompting this deeper analysis and decision-making is the reality that the borrowing capacity for capital projects has become severely constrained. To ensure continued good standing on Wall Street, the District limits its annual capital borrowing. The District must not only cover its baseline capital costs (maintenance of existing facilities), it must provide funding for whatever new construction of schools, libraries, wellness centers, transportation systems, and other facilities.

Making tough decisions on what facilities to fund also requires a deeper understanding of opportunities to coordinate and possibly merge community services. Strategically planning for programmatic ventures will be a critical factor in driving which facilities are truly needed and where.

For these reasons the District is developing master facility plans and agency plans, including an updated facility inventory and conditions assessments, and detailed analysis on community and program needs. With this information, future capital fund allocations will be more effectively targeted to meet community and governmental priorities with the most efficient use of resources. This planning effort requires intensive data collection, analysis and strategic planning on both public facility and programmatic components.

## **Financial Management Targets**

The District has established certain financial management targets that are consistent with maintaining a healthy debt management program to finance its capital needs. Key targets include the following:

- 1) Containing debt levels and maintaining prudent debt ratios relative to industry standards;
- 2) Maintaining or improving favorable bond ratings.

### **Financial Management Target: Containing Debt Levels and Maintaining Prudent Debt Ratios**

As it emerged from its financial crisis of the mid-1990s and moved into the 2000s, the District had a backlog of infrastructure needs to address. These infrastructure needs were critical to providing for the District's economic revitalization and long-term health. Among other things, many of its schools and recreation centers were in need of rebuilding or renovation, and numerous economic development initiatives required District capital investment in order to be viable. In order to fulfill these important infrastructure needs and invest in the long-term economic health and quality of life of the city, the District has committed substantial funding to its CIP over the past several years. Naturally, this has increased the District's debt levels and debt ratios, which are relatively high according to the rating agencies and industry standards. In order to ensure that the District's funding of its infrastructure needs are balanced with the need for prudent and responsible debt management, in 2009 the District instituted a new statutory debt cap. This debt cap, which is more restrictive than the prior statutory debt cap, requires that annual debt service on all tax-supported debt cannot exceed 12% of total general fund expenditures in any year during the 6-year CIP period. As such, the District is now required by law to maintain this key debt ratio at a prudent level, which will help to ensure that its other debt ratios (such as debt to full property value, debt to personal income, and debt per capita) are constrained, and that its total outstanding tax-supported debt level is constrained.

## **Financial Management Target: Maintaining or Improving Favorable Bond Ratings**

Credit ratings evaluate the credit worthiness of a jurisdiction and the credit quality of the notes and bonds that the jurisdiction issues. Specifically, credit ratings are intended to assess and measure the probability of the timely payment of principal and interest to bondholders on notes and bonds issued. Potential investors utilize credit ratings to assess their repayment risk when loaning the District funds for capital and short-term operating needs. There are three major agencies that rate the District's debt: Fitch Ratings, Moody's Investors Service, and Standard & Poor's Ratings Services. A summary of agency credit ratings categories for long-term debt is provided in the preceding table CA-9.

The rating agencies rate the District's GO bonds, and other major cities' bonds (see Table CA-10), by criteria in the following categories:

- Economic base
- Financial performance
- Management structure and performance
- Demographics
- Debt burden

During FY 1995, the District's general obligation debt was downgraded by all three rating agencies to below-investment-grade or "junk bond" levels. Beginning in 1998, each rating agency issued a series of upgrades to the District's general obligation bond rating over the course of the subsequent decade. The upgrades that occurred in 1999 raised the District's ratings back to investment-grade levels. The numerous upgrades since then have raised the District's GO bond ratings to their current levels of Aa2, AA-, and AA- by Moody's, Standard & Poor's, and Fitch Ratings, respectively, and represent the highest GO bond ratings the District has ever had. These upgrades represent a remarkable financial recovery by the District. The bond rating upgrades have made the District's bonds more marketable and attractive to investors, resulting in more favorable interest rates and a lower cost of capital to the District.

Moreover, in recent years the District created a new debt financing structure and issued income tax (I.T.) secured revenue bonds, which have ratings even higher than the District's GO bonds, at rating levels of AAA, Aa1 and AA+ by Standard and Poor's, Moody's and Fitch, respectively. As such, these bonds allow the District to borrow capital funds at even lower interest rates than the District's GO bonds, producing additional debt service savings. The District's target is to maintain or further improve its bond ratings. Many jurisdictions have seen their bond ratings downgraded during the recent economic recession and its aftermath, as municipal governments have been severely challenged by declining revenues that have produced acute budget challenges. The District has also experienced some of these challenges, but has managed to maintain its bond ratings. The District's elected leadership and financial management team intend to continue to take the prudent management actions necessary to avoid bond rating downgrades, and to obtain further bond rating upgrades as the economy improves and the District demonstrates a solid track record of managing through the current fiscally challenging environment.

Credit ratings are very important to the Capital Program. They affect the District's cost of capital as well as represent an assessment of the District's financial condition. The cost of capital also plays a role in determining spending affordability. Higher costs for capital financing diminish the ability of the Capital Program to proceed with programmatic objectives. In short, higher capital costs result in fewer bridges being rehabilitated, roofs repaired, and facilities renovated. On the other hand, lower costs of capital increase the affordability of such projects.

## **FY 2014 Capital Budget Planning Major Assumptions**

A number of assumptions must be established to develop a comprehensive Capital Improvements Plan budget. Because of the unique and changing nature of the District's organizational structure and financial position, it is difficult to forecast revenues, expenditure patterns, costs, and other key financial indicators in a precise manner. Nonetheless, the following primary assumption was used to develop this CIP:

- The capital expenditure target for the FY 2014 to FY 2019 CIP is based on the assumption that the District can meet its current and future FY 2014 expenditure targets as established by the CIP.

The FY 2014 operating budget will be sufficient to provide for:

- Payments for the District's Master Lease Program used to finance certain equipment projects; and
- Debt service on long-term bond financings.

## **Capital Improvements Plan Development Process**

The Capital Improvements Program, as mandated by Public Law 93-198 - the Home Rule Act, has the annual responsibility of formulating the District's Six-Year Capital Improvements Plan. Each District agency is responsible for the initial preparation and presentation of an agency specific plan. Under the program, projects should complement the planning of other District agencies and must constitute a coordinated, long-term program to improve and effectively use the capital facilities and agency infrastructure. Specifically, the CIP should substantially conform to the Office of Planning's Comprehensive Plan, the District of Columbia Municipal Regulations Title 10 Planning and Development (Chapters 1 to 11).

## **Program Participants**

The development and implementation of the CIP is a coordinated effort among the District's programmatic, executive, and legislative/oversight bodies.

## **Implementing Agencies (Programmatic)**

For purposes of project management, each capital project in the CIP is owned and/or implemented by a specific District agency. In many cases, the project's owner agency manages and implements all of the project's phases to completion. To allow the District to leverage internal capabilities, in certain circumstances the owner agency is a different entity than the implementing agency. Implementing agencies manage actual construction and installation of a capital facility or supporting infrastructure. The implementing agencies are responsible for the execution of projects. This task includes the appointment of a Capital Financial Officer, who monitors the progress of the projects, and ensures that:

- The original intent of the project is fulfilled as Congressionally approved;
- The highest priority projects established by the user agency are implemented first;
- Financing is scheduled for required expenditures; and,
- While many District agencies implement their own capital projects, several central agencies, such as the Department of General Services and the Office of the Chief Technology Officer, implement projects on behalf of many other agencies.

## **Office of Budget and Planning (Executive)**

The Office of Budget and Planning (OBP) is responsible for issuing budget call instructions to District agencies. OBP provides technical direction to agencies for preparing expenditures plans, project/subproject justifications, priority ranking factors, operating budget impacts, cost estimates, milestone data, and performance measures. The budget call allows for updates to ongoing projects and requests for additional financing and appropriated budget authority for ongoing and new projects. OBP coordinates project evaluations to determine agency needs through careful analysis of budget request data, review of current available and future financing requirements, and comparison of project financial needs with the current bond sales and general fund subsidies anticipated to be available for CIP purposes.

## **Capital Budget Team (Executive)**

The Mayor's Office of Budget and Finance leads the Capital Budget Team (CBT) along with representatives from the Office of the City Administrator, Chief Financial Officer, Deputy CFO for Budget and Planning, the Department of General Services, the Office of Planning, and the Office of the Chief Technology Officer. OBP provides analysis for and staff support to the CBT. The CBT evaluates agency requests using criteria developed jointly by the Mayor's Office of Budget and Finance and the OCFO's Office of Budget and Planning.

## **Mayor (Executive)**

The CBT's recommendation is then submitted to the Mayor for review, approval, and finally, transmittal to the Council. There are two levels of legislative/oversight review. They are as follows:

- The Council of the District of Columbia
- The U.S. Congress

Each body reviews and approves the capital budget and the six-year plan.

## **Authorizing Projects in the CIP**

OBP and the CBT review and analyze the CIP. The CIP is developed in the four-step process described below.

### **Step 1: Budget Call**

In the fall of the current fiscal year, District agencies are requested to provide OBP with updated information regarding ongoing projects (e.g. increases or decreases in funding or planned expenditures), as well as requests for new projects. The instructions call for agencies to provide detailed information on a project's expenditure requirements, physical attributes, implementation timeframe, feasibility, and community impact. In addition, agencies provide project milestones, estimated costs, FTE details, expenditure plans, operating budget impacts, and a prioritized list of potential capital projects. The agency requests are disseminated to all members of the CBT for review.

### **Step 2: Budget Analysis**

Project requests submitted in Step 1 undergo a thorough analysis to determine if an agency's request merits inclusion in the CIP. This analysis is divided into the following three primary functions:

**Function 1 - Project Justification:** Each project request is evaluated by the CBT to determine its relationship with the agency's overall mission, whether the project is duplicative of efforts of another agency's ongoing project, whether the project is in concurrence with the District's Comprehensive Plan, and whether the planned expenditure is an operating rather than capital expense. In addition, project requests are reviewed based on priority criteria and must meet one or more of the factors below

- Health/Safety
- Legal Compliance
- Efficiency Improvement
- Facility Improvement
- Revenue Initiative
- Economic Development
- Project Close-out

**Function 2 - Cost Analysis:** An important factor in the evaluation of a project request is the overall cost. Facility cost estimates are developed in conjunction with the Department of General Services while technology projects are reviewed by the Office of the Chief Technology Officer to validate the project costs proposed in the agency submissions. Furthermore, future operating costs are estimated to provide supplementary information regarding out-year requirements once the project is implemented (Operating Budget Impacts).

**Function 3 - Financing Analysis:** The Office of the Chief Financial Officer is committed to finance capital projects in a manner in which:

- Funding is committed for the entire CIP;
- The District receives the lowest cost of funding available; and
- The useful life of capital projects matches and does not exceed the average maturity of the liability used to finance the assets. As such, OBP reviews the useful life of each project and presents this information to the Office of Finance and Treasury (OFT). OFT develops a strategy to match the underlying assets with an appropriate means of financing.

### **Step 3: Recommendations**

After reviewing all capital project requests with regard to scope of work, projected cost, and financing alternatives, the CBT evaluates the projects based on their physical attributes, implementing feasibility, and physical/economic impact on the community. Subsequently, the Deputy Mayors and the City Administrator use a scoring model with a defined set of criteria for all projects proposed by agencies for additions (enhancements) to the budget. The Mayor's Office of Budget and Finance then uses the collective recommendations of the CBT and the scoring model results to formulate a recommendation in the form of a CIP.

### **Step 4: Approval**

The proposed CIP is then submitted to the Mayor for approval and inclusion in the proposed budget, with subsequent submission to the Council. The Council may make changes, and after Council approval and the Mayor's signature, the CIP is transmitted to Congress for final approval.

### **Phases of a Capital Project**

Capital projects are actually the sum of a series of phases, each of which groups the types of tasks necessary to accomplish the project's goal. Other than Information Technology (IT) projects, each project in the CIP is approved and budgeted in five phases. However, in some instances, projects need funding for planned expenditures only in one particular phase, such as major equipment acquisition. The phases are:

- Feasibility Study (00)
  - Site Acquisition (02)
  - Construction (04)
  - IT Requirement Development (06)
  - IT Development and Turnout (08)
  - Design (01)
  - Project Management (03)
  - Equipment (05)
  - IT Development and Testing (07)
  - Design and Construction (under \$1 million) (09)
- **Phase 0** - The feasibility phase includes all work required to perform an assessment to determine the overall feasibility of a project being considered for construction.
  - **Phase 1** - Design includes all work completed to define the scope and content of the project. Architects and engineers that agencies employ to analyze the planning for a project would be funded from the design phase. Costs associated with solicitations and proposals also fall within this phase. This phase also would be used to fund any processes necessary for selection of contracts.
  - **Phase 2** - Site Acquisition covers costs for site preparation expenses, legal work or probable demolition and hauling expenses. Site appraisal and survey also would be funded through this phase.
  - **Phase 3** - Project Management pays all internal agency management and support costs from design to construction. Activities within this phase include any work of the project manager and other staff.
  - **Phase 4** - Construction includes any construction contract work done by other District agencies. This phase funds work on a particular construction contract.
  - **Phase 5** - Equipment funds disbursements for specialized equipment. Equipment funded through capital has to be permanently connected to the physical plant designed as an integral part of the facility. Equipment defined for funding by this phase includes such items as the purchase and installation of elevators, boilers, generators, and HVAC systems. The Capital Program will not fund office equipment or personal computers. These are funded by the

- operating budget.
- **Phase 6** - IT Requirements Development phase encompasses both the definition of requirements and design of the system to be implemented. This phase defines requirements and design elements to a level of detail that allows technicians to decide upon development and configuration choices.
  - **Phase 7** - IT Development and Testing is the phase in which project requirements and systems design are translated into a working version of the system. This phase also includes all testing stages from unit/component testing to complete systems testing to user acceptance testing.
  - **Phase 8** - IT Development and Turnout includes all activities to make the system available to all users. During this stage, all functions necessary to make the system part of normal user activities are done. For technology systems, turnover means documenting processes and activities necessary to put the system into production.
  - **Phase 9** - Design and Construction is for use in a 'design build' type of facility construction contract, where the provisions of the contract require both activities but, for which there is no easily identifiable cost estimates for either specific phase. The use is limited to contracts that are under \$1 million, since anything above that level requires Council approval and thus greater cost breakdowns and tracking.

### **Project Milestones**

Each phase of a project is monitored and tracked using milestone data. This lets the Capital Program determine if projects are being completed on time and within budget. Milestone data is provided by agencies in the annual budget submissions as justification for additional funding. Milestone data includes such items as project authorization dates, original project cost estimates, contract award dates, revised completion dates, construction start dates, and others. In an attempt to summarize the various elements of milestone data, the Capital Program includes status codes in the project description forms.

# (AM0) DEPARTMENT OF GENERAL SERVICES

## **MISSION**

The Department of General Services (DGS) supports the District Government, its agencies, and residents through facilities operation and management; building repair, modernization, and construction; and strategic real estate services.

## **SCOPE**

The Department of General Services was created in FY 2012 and has primary responsibility for facility management services and capital improvements within the District government. DGS performs real estate acquisition, disposition and leasing, facility operations and management, building repair, alteration, modernization, construction, and security services for tenant agencies and occupants of its facilities. There are 77 agencies or independent operating units occupying space in approximately 512 facilities under DGS management. The Construction Division implements and oversees the public building needs in the Capital Improvements Plan (CIP) for most District government agencies. The CIP outlines the capital needs of agencies, including the modernization of existing properties and construction of new facilities. The Construction Division ensures the timely and cost-effective delivery of superior quality design, engineering, and construction services, as well as a variety of other technical services on all relevant capital development projects in the CIP.

## **CAPITAL PROGRAM OBJECTIVES**

1. Support the efficient provision of government services through high quality and efficient stewardship of constructed assets.

## **RECENT ACCOMPLISHMENTS**

### **200 I St. NW**

- 2012 LEED Platinum for Core and Shell
- 2012 Architectural Precast Association Award for Commercial Building and Green Design
- 2013 Consolidated Forensics Lab LEED Platinum for core and shell.

### **Eastern Market Rehabilitation**

- 2010 ACEC Excellence in Engineering Award
- 2010 District of Columbia Award for Excellence in Historic Preservation for Design and Construction
- 2010 National Trust of Historic Preservation Honor Award
- 2010 Outstanding Project Award
- 2010 Victorian Society Award

### **Waterfront Station 1101 4th Street SW**

- 2011 LEED Gold for New Construction

### **DGS Consolidation**

- 1250 U Street, NW Interior Renovation for Capital Construction Services Division completed in summer 2012
- Reeves Center Interior Renovation of the 5th floor for Human Resources, Office of Chief Financial Officer, and Facilities completed in fall 2012

**Elements on this page of the Agency Summary include:**

**Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

**Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

**Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.

**Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018

**FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.

**6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.

**Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019

**Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).

**Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

**FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

**Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

## AM0-PL104-ADA COMPLIANCE POOL

**Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** PL104  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VARIOUS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$13,000,000

### Description:

This project makes capital improvements to District-owned buildings in order to bring the facilities into compliance with the Americans with Disabilities Act (ADA).

### Justification:

Compliance upgrades help ensure proper access by disabled visitors to public facilities under the guidelines of the Americans with Disabilities Act (ADA). In addition, the District's exposure to potential lawsuits and regulatory penalties is reduced by addressing ADA issues in a timely manner.

### Progress Assessment:

ADA Compliance work is underway and scheduled for completion in Spring 2013.

### Related Projects:

DPR HA0 QE511C, ADA Compliance.

# AM0-PL401-CITY-WIDE PHYSICAL ACCESS CONTROL SYSTEM

**Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** PL401  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VARIOUS  
**Status:** New  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$10,000,000

## Description:

The current supplier that the District uses for physical security has announced the planned end life for their offering. Presently this is scheduled for mid-2015. This solution is the enterprise platform for Protective Service Police Department's (PSPD) card access readers and alarm intrusion for employee and contractors DC OneCard production.

## Justification:

At the product end-of-life date, the manufacturer will no longer provide technical support or the development (hotfixes, patches, and system upgrades) for the access control software. Any failure of the system from the end-of-life date forward could be catastrophic due to lack of technical support for this equipment.

## Progress Assessment:

This is a new project.

# AM0-PL902-CRITICAL SYSTEM REPLACEMENT

**Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** PL902  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VARIOUS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$31,600,000

## Description:

The purpose of this project is to perform capital improvements and facility condition assessments in buildings operated by the District to ensure that public facilities remain in good condition, to support the cost-effective delivery of municipal programs and services, and to maintain the long term capital value of DC's owned facilities. Specifically, this project makes the essential upgrades needed to maintain adequate public facilities. Among the capital improvements required in District-owned facilities are roof replacements, window replacements, and HVAC (heating and air-conditioning systems) replacements. In addition, this project can be used for priority building improvement projects that may have not been planned for as part of the facilities condition assessment. Even with excellent planning, there is often a need to address critical infrastructure needs in District buildings.

## Justification:

This project will allow for maximum use of capital improvement pool funding by allowing proactive planning, maximizing the efficiency of upgrades, and permitting flexibility in delivering facility improvements. It is essential to ensure that proper capital investments are being made in District-owned facilities to maintain their proper function and avoid disruption to needed public services.

## Progress Assessment:

This is an on-going project.

## Related Projects:

None.

# AM0-PL901-ENERGY RETROFITTING OF DISTRICT BUILDINGS

**Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** PL901  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** ENERGY RETROFITS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$49,000,000

## Description:

This project will reduce environmental impact and energy costs in public buildings owned and operated by the District by incorporating green technology and modifying building systems, including windows, doors, roofs, and mechanical, electrical, and plumbing systems. Facility condition assessments of District buildings will identify specific improvements and upgrades with the potential to reduce consumption and achieve maximum savings. With energy costs continuing to increase, the District can realize savings – or offset increases – with appropriate retrofitting of public facilities to help reduce consumption.

## Justification:

This project directly supports the comprehensive plan goal to provide adequate public facilities and to support cost-effective and environmentally conscious delivery of municipal programs and services.

## Progress Assessment:

The project is progressing as planned.

## Related Projects:

BC101C/PL902C Condition assessment activity. After conducting facility assessments, this pool can provide budget to proactively enhance all energy systems in a facility.

# AM0-PL402-ENHANCEMENT COMMUNICATIONS INFRASTRUCTURE

**Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** PL402  
**Ward:**  
**Location:** VARIOUS  
**Facility Name or Identifier:** VARIOUS  
**Status:** New  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:**\$4,000,000

**Description:**

The project will ensure adequate reception requirements for 911, mobile radio, and cellular services in every District owned or leased building.

**Justification:**

The purpose of this project is to reduce the likelihood of dead zones that may result in, or disrupt, the ability to access 911 or cellular communication infrastructure must be eliminated for public safety.

**Progress Assessment:**

This is a new project.

**Related Projects:**

There are no related projects.

# AM0-BC101-FACILITY CONDITION ASSESSMENT

**Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** BC101  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VARIOUS  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$14,766,000

**Description:**

District facilities are assessed in a recurring cycle; immediate, urgent, and long term equipment, system, and structural costs are determined and used as an input to the capital budget development.

**Justification:**

Identifying present conditions of public facilities will help plan for future capital improvements.

**Progress Assessment:**

Assessments to quantify required mechanical, electrical, and structural repair and provide a time schedule for the repairs are on-going.

**Related Projects:**

# AM0-PL103-HAZARDOUS MATERIAL ABATEMENT POOL

**Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** PL103  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VARIOUS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$10,104,000

## Description:

This project addresses the identification and removal of asbestos, lead, and underground fuel storage tanks from District-owned properties. The project allows the District to comply with U.S. environmental laws and regulations by assessing the extent of a potential abatement and the remedial action itself. Multiple subprojects are in various stages of completion, and additional subprojects are introduced on an as-needed basis.

## Justification:

This project is necessary to ensure that there is sufficient capital funding to address hazardous material abatement as they are uncovered in facility assessments. The project protects the health of people using District facilities by allowing for the removal of dangerous materials from District properties.

## Progress Assessment:

Hazardous material abatement addresses the health and safety of occupants of our facilities. Projects include removal of asbestos, lead, and underground fuel storage tanks from various District-owned properties and are on-going.

## Related Projects:

# AM0-BC401-HILL E RELOCATION OF GOV'T FAC. & FUNCTION STUDY

**Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** BC401  
**Ward:** 7  
**Location:** 1901 INDEPENDENCE AVENUE SE  
**Facility Name or Identifier:** HILL EAST  
**Status:** New  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$500,000

## Description:

This capital project will assist the District in evaluating functional performance of buildings and land use. It includes property assessment, planning, and acquisition. The project will help in identifying the useful life of the asset to maximize its usage. From the information collected from the study, the District will be able to determine capital renewal and replacement requirements for real property assets.

## Justification:

The studies will provide the basis of decision-making for renovations, sales, and property acquisition of the Hill East site. This will lead to determining the short-term and long-term utilization of the asset.

## Progress Assessment:

New project.

## Related Projects:

There is no related project.

# AM0-PR101-ONE JUDICIARY SQUARE ROOF

**Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** PR101  
**Ward:** 2  
**Location:** 441 4TH STREET NW  
**Facility Name or Identifier:** ONE JUDICIARY SQUARE  
**Status:** New  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$3,367,000

**Description:**

Perform roof repairs and/or replacement as needed on the OJS roofs(including "green" roofs). The work will include replacement of shingled, built-up, membrane, and metal roofs, flashing, drainage, and ventilation systems.

**Justification:**

The present roof is very old and at the end of its useful life. Roof retrofits provide a cost-effective opportunity to reduce District energy use while simultaneously improving thermal comfort and air quality.

**Progress Assessment:**

# (AT0) OFFICE OF CHIEF FINANCIAL OFFICER

## **MISSION**

The Office of the Chief Financial Officer (OCFO) provides financial management services to the government and the people of the District of Columbia to sustain long-term fiscal and economic viability.

## **BACKGROUND**

In accordance with the independent status of the District's Chief Financial Officer, the OCFO exercises independent control and management oversight over the District's financial systems, including SOAR, ITS, CFOSolve, and all other related and subsidiary systems. The OCFO is charged with the responsibility for maintaining and operating the District's independent financial systems to support the Mayor, the Council, and Congress. In recognition of the need to limit capital borrowing and curtail the increase in the overall level of Debt Service, the OCFO has made the commitment to maintain the current approved funding level.

## **CAPITAL PROGRAM OBJECTIVES**

The OCFO maintains the integrity and reliability of the District's financial systems by maintaining independence in its relationships with program staff and assuring that systems modifications are transparent and auditable. This is accomplished by ensuring the financial systems can be maintained and supported by the OCFO workforce. This is a core function and cannot be outsourced to outside vendors or other parts of the government.

## **RECENT ACCOMPLISHMENTS**

Highlights of our achievements include the District receiving and maintaining the first AAA rating the major rating agencies, the unprecedented 11th year budget surplus, and the Comprehensive Annual Financial Report (CAFR) submitted with an unqualified opinion and no material weaknesses.

**Elements on this page of the Agency Summary include:**

n **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

n **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.

4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018

4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.

4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.

4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019

4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).

n **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

n **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

n **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# AT0-CSP08-INTEGRATED TAX SYSTEM MODERNIZATION

**Agency:** OFFICE OF CHIEF FINANCIAL OFFICER (AT0)  
**Implementing Agency:** OFFICE OF CHIEF FINANCIAL OFFICER (AT0)  
**Project No:** CSP08  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** Developing scope of work  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:**\$54,920,000

## Description:

This project will completely modernize and refine the District's tax systems to bring them in line with industry best practices and add new functionality in the areas of compliance, collections, case management, individual, business and property tax collection; and processing and accounting. The tax system modernization will be achieved in stages to replace individual components starting with the case management module, real property system, and eventually the core tax management system.

This project represents a modernization of the Integrated Tax System (ITS). The current system will require a technology refresh, particularly on the reporting and middle-ware tools, to take advantage of web-based technologies that were not available when the system was installed. This will require replacement of the SAND and the Crystal server-based systems currently in use for report and query building as well as supporting platform software and related applications. This investment will allow the core underlying system to remain in place, while simplifying maintenance requirements and allowing for further consolidation of servers and reduced bandwidth requirements.

## Justification:

The first phase is to replace the real property tax module, to address and reduce the risk of fraud and mismanagement by leveraging superior internal controls and industry best practices implemented in the replacement system. In addition, the new case management system will provide intelligent case analytics; and review and analysis abilities that will result in increased tax compliance and collections, further resulting in increased revenues. The implementation of the Phase 1 will result in the capture of new tax revenue that will be recognized as Paygo transfers from the general fund to the capital fund in the amount of \$11.5 million in FY2014 - FY2016. This capital budget will help to offset the project costs.

## Progress Assessment:

The project is currently in the planning phase and high-level designs of all the different projects within the modernization initiative are being developed. The District's project manager for this effort has been hired. Currently, requirements are being collected for the case management and real property tax system modules.

# ELC-EQ940-MAJOR EQUIPMENT ACQUISITION

**Agency:** OFFICE OF CHIEF FINANCIAL OFFICER (AT0)  
**Implementing Agency:** EQUIPMENT LEASE - CAPITAL (ELC)  
**Project No:** EQ940  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:** \$6,500,000

## Description:

This project is for the master lease of major information technology equipment as a part of a normal technology refresh program. OCFO is replacing larger capital-intensive equipment such as high-speed printers and redundant servers on an ongoing basis. The procurement includes purchasing high-performance servers to accommodate next-generation financial systems, leveraging new technologies, and adding massive storage systems to accommodate high volumes of data and reporting. Tasks include replacing outdated equipment past its useful life, adding new servers to accommodate new systems, implementing SAN technology to provide flexible storage capacity, implementing best practices in managing infrastructure, implementing a web-based ticket tracking system, and implementing security hardware and software to ensure security of the District's financial information.

## Justification:

OCFO is replacing larger capital-intensive equipment such as high-speed printers and redundant servers on an ongoing basis. The procurement includes purchasing high-performance servers to accommodate next-generation financial systems, leveraging new technologies, and adding massive storage systems to accommodate high volumes of data and reporting.

## Progress Assessment:

This is an ongoing project and major equipment is being procured and deployed on an ongoing basis.

## Related Projects:

None.

## (BA0) OFFICE OF THE SECRETARY

### **MISSION**

The Office of the Secretary provides protocol, authentication and public records management services to the Mayor and District government agencies. In addition to managing the District of Columbia's Archives, commissioning all District of Columbia Notaries Public, and publishing the District of Columbia Register and the District of Columbia Municipal Regulations, the Office of the Secretary is responsible for maintaining official records of mayoral actions and preparing executive orders, proclamations, directives and administrative issuances.

### **CAPITAL PROGRAM OBJECTIVES**

Currently requesting planning and design funds for the Archives project.

**Elements on this page of the Agency Summary include:**

- n **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- n **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - 4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018
  - 4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - 4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.
  - 4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019
  - 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).
- n **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact
- n **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.
- n **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# AM0-AB102-ARCHIVES

**Agency:** OFFICE OF THE SECRETARY (BA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** AB102  
**Ward:**  
**Location:** TBD  
**Facility Name or Identifier:** ARCHIVES BUILDING  
**Status:** New  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$44,500,000

## Description:

This project will develop a state of the art Archives Building to hold historical records and materials. This project will include storage for additional historical records that will be transferred to the Archives for the next 30 years. This project will provide the District with an Archives Building comparable to state archives in managing their historical records. The records stored in the new Archives Building will include those of such notables as President George Washington, Robert Brent, the First Mayor of the City of Washington, Frederick Douglass, Woodrow Wilson and others. Also, the records holdings of the District of Columbia Records Center include marriage and probate records from 1801; birth and death records beginning with the Territorial Government; Engineering Development records from the Board of Commission created under the Organic Act of 1878; and other records.

# (BD0) OFFICE OF MUNICIPAL PLANNING

## **MISSION**

The Office of Planning (OP) guides development of the District of Columbia, including the preservation and revitalization of our distinctive neighborhoods, by informing decisions, advancing strategic goals, encouraging the highest quality development outcomes, and engaging all communities.

## **BACKGROUND**

The scope of responsibility for OP is the District of Columbia, which has an area of almost 69 square miles with 632,323 residents, more than 760,000 jobs, 130 neighborhoods, and 43 historic districts. There are more than 26,000 contributing structures in those historic districts and 550 individually-designated historic landmarks. The Comprehensive Plan is the District's 20-year blueprint and policy document for growth and development in the city. Based on guidance in the Comprehensive Plan, OP continues to focus its work program and priorities around three themes: 1) Creating Successful Neighborhoods, 2) Increasing Access to Education and Employment, and 3) Connecting the Whole City.

## **CAPITAL PROGRAM OBJECTIVES**

1. Ensure District agencies become better stewards of their capital assets and their utilization to bring about specific improvements in outcomes for citizens and neighborhoods. Various efforts for ensuring this objective include facility planning, asset management, Comprehensive Plan and small area plan implementation, shared performance measures, co-location, and public-private partnerships.
2. Ensure that major development and revitalization efforts support sustainable development and smart growth principles by focusing planning efforts on federal sites, area corridors, and urban mobility.

## **RECENT ACCOMPLISHMENTS**

- OP provided demographic analysis and mapping support to the Deputy Mayor for Education (DME) for the 2012 update to the DC Public Education Master Facilities Plan. The final report was submitted to the DC Council in March 2012 to coincide with the Mayor's FY 2013 capital budget proposal. Later, in June 2012, DME launched a more comprehensive Master Facilities Plan (including DC Public Schools and Charters). OP provided staff expertise with regards to planning scope and process, demographics, development activity, mapping, and integration with other multi-disciplinary plans. OP's State Data Center conducted an in-depth demographic forecast to assist with understanding student demand and future school enrollment projections. In partnership with the Department of Parks and Recreation (DPR), OP developed the scope of work and issued an RFP and task order to undertake a Parks and Recreation Master Plan. The purpose of the Master Plan is to assess the capital and programmatic needs of DPR and to develop a ten-year plan for agency resources.
- OP completed the St. Elizabeths East Master Plan and Design Guidelines and the Walter Reed Army Medical Center Small Area Plan. OP also completed and obtained Council approval for the Central 14<sup>th</sup> Street Corridor Small Area Plan.
- OP completed the first draft of the proposed new zoning text and presented it to the Zoning Task Force at nine task force meetings in FY 2012. OP presented the proposal at 26 community meetings, and presented the draft text in concept form at a public meeting before the Zoning Commission in September 2012, at the American Planning Association (APA) National Conference in April 2012, and at the local APA chapter conference. In January 2013, OP concluded a series of eight community outreach meetings. OP has staffed the Zoning Review Task Force since 2009.
- In coordination with the District Department of the Environment (DDOE), OP completed the Sustainable DC Vision Plan which the Mayor released in April 2012. OP and DDOE conducted an extensive community outreach strategy that included more than a hundred community meetings, more than 1,000 people active on the Sustainable DC website, and two Twitter Town Halls. OP staffs the Green Ribbon Committee and Green Cabinet to support the Mayor's efforts. OP managed the Sustainable DC Budget Challenge process and in December 2012, the Mayor announced the twelve selected projects, totaling \$4.5 million, which will help test the feasibility of innovative sustainability efforts. In February 2013, the Sustainable DC Implementation Plan was completed.

**Elements on this page of the Agency Summary include:**

- n **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- n **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - 4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018
  - 4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - 4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.
  - 4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019
  - 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).
- n **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact
- n **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.
- n **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# BD0-PLN37-DISTRICT PUBLIC PLANS & STUDIES

**Agency:** OFFICE OF MUNICIPAL PLANNING (BD0)  
**Implementing Agency:** OFFICE OF MUNICIPAL PLANNING (BD0)  
**Project No:** PLN37  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** PLANS & STUDIES  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$21,374,000

## Description:

This project funds planning, zoning, and historic preservation studies and projects, and facility plans linked to important city and other development projects that are to be implemented by the District and/or its partners. Analogous to a private developer's "pre-development" costs, these funds are used to undertake planning studies for large-scale capital and neighborhood-focused projects and serve as a small upfront investment that leverages substantial public and private resources. This project also helps ensure District agencies become better stewards of their capital assets and maximize utilization through plan implementation projects, co-location, public-private partnerships, and grants. This project will also affect District-owned property through FY 2018, including a small area plan for the Bates-Hannover neighborhood.

## Justification:

By carrying out planning, zoning, and historic preservation projects/plans, this line item supports the Mayor's policy priorities of education, jobs, and public safety. OP also helps agencies develop facilities plans, including updating demographic and economic trends analysis, identifying partnership/sponsorship opportunities, developing standards and benchmarks, identifying co-location opportunities with other agencies, and prioritizing future location of facilities.

## Progress Assessment:

OP uses funds from this line item to carry out an ambitious annual program of planning studies, zoning projects, and historic preservation projects.

# (BJ0) OFFICE OF ZONING

## **MISSION**

The Office of Zoning (OZ) provides administrative, professional, and technical assistance to the Zoning Commission (ZC) and the Board of Zoning Adjustment (BZA) in support of their oversight and adjudication of zoning matters in the District of Columbia.

## **BACKGROUND**

OZ administers the zoning application process for the ZC and the BZA. The agency reviews and accepts applications, schedules hearings to determine whether cases meet specified zoning criteria, schedules meetings to make determinations with respect to pending applications, and issues legal orders. Technology plays a critical role in support of this process by enhancing effectiveness and transparency. OZ also spearheads outreach to citizens of the District of Columbia to ensure a robust understanding of the zoning application process.

## **CAPITAL PROGRAM OBJECTIVES**

1. Create a convenient, easy to use, and understandable zoning process through website development, expansive outreach, and educational programs for District residents and businesses.
2. Leverage new and existing technology to further ensure that the District of Columbia's zoning processes are easily understandable and accessible to the public.
3. Streamline zoning regulations to enhance efficiency and transparency of zoning processes.

## **RECENT ACCOMPLISHMENTS**

□ Zoning Map of the District of Columbia – In FY 2011, OZ released a fully interactive Geographic Information System (GIS)-based Zoning Map, which provides a state-of-the-art graphic user interface and is customized to provide users with a unique view of zoning information. Effective April 13, 2012, the ZC designated the zoning map drawn on the GIS, residing in the Office of Zoning (the Electronic Zoning Map), as the official Zoning Map of the District of Columbia, replacing the zoning map that was manually drawn on four volumes of the Baist Books from the 1960s.

□ Interactive Zoning Information System (IZIS) – OZ set the goal of operating in a paperless environment. To meet this goal, in FY 2012, OZ released its first online case filing module of IZIS for contested map amendments, planned unit developments (PUDs), and BZA appeal cases. This immediately reduced, or in some cases eliminated, the number of paper copies of case applications and supporting documents filed with each of these case types, and subsequently will be reducing or eliminating the required physical storage space for these documents.

□ [www.dcoz.dc.gov](http://www.dcoz.dc.gov) – OZ is very proud of the amount of searchable information that is available on its website and will continue to expand on the information already available 24/7 to the public. Information currently available includes:

- o The Interactive Zoning Information System (IZIS), including all case file documents for PUDs, map amendments, and appeals; and case information for all other case types (i.e. status, relief, action, order, transcripts, etc.);
- o The Official Electronic Zoning Map, which includes zone district information and case information;
- o Zoning Regulations;
- o All ZC and BZA Orders;
- o All ZC and BZA Transcripts since 1997;
- o ZC and BZA Hearing and Meeting Schedules;
- o Live Webcast of all Hearings and Meetings;
- o Video on Demand Hearings and Meetings dating back to 2006; and, Zoning Tutorials.

**Elements on this page of the Agency Summary include:**

- n **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- n **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - 4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018
  - 4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - 4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.
  - 4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019
  - 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).
- n **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact
- n **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.
- n **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# BJ0-JM102-REWRITING OF ZONING REGULATIONS

**Agency:** OFFICE OF ZONING (BJ0)  
**Implementing Agency:** OFFICE OF ZONING (BJ0)  
**Project No:** JM102  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** ZONING REGULATIONS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$1,067,000

## Description:

This project funds the continued, multi-year implementation of a variety of mission-critical information technology systems relating to the Zoning Regulations, the Zoning Map, and the Interactive Zoning Information System. The Office of Zoning will use the funds for the technical and legal infrastructure of the new Zoning Regulations, which are currently being updated for the first time in 50 years by the Office of Planning. The funds will also support updates to the Zoning Map, including those that will become necessary upon passage of the new Zoning Regulations by the Zoning Commission; and the continued implementation of the zoning case management system designed to accept cases filed on-line, allow applicants to respond to requests for additional documentation, and allow users to track the progress of cases online.

## Justification:

This project funds the continued, multi-year implementation of a variety of mission-critical information technology systems relating to the Zoning Regulations, the Zoning Map, and the Interactive Zoning Information System. This project aligns with SustainableDC Actions: Built Environment 1.4, Food 1.1, and Water 2.5.

## Progress Assessment:

The Office of Zoning is working to begin implementation of elements of its zoning data systems in FY 2010.

# (BX0) COMMISSION ON ARTS & HUMANITIES

## MISSION

The DC Commission on the Arts and Humanities (DCCAH) provides grants, programs, and educational activities to encourage diverse artistic expressions and learning opportunities, so that all residents and visitors can experience the rich culture of the District of Columbia.

## BACKGROUND

The DC Creates Public Art Program, through the capital budget funded Art Bank Collection, has acquired artwork from local artists. The collection consists of over 2,600 artworks that are placed inside approximately 145+ District Government building offices and public corridors. Since 1986, DCCAH has commissioned over 200 works of public art. To date, sixty-seven (67) small-scale and large-scale works (temporary and permanent) were installed from FY 2012 to FY 2013.

## CAPITAL PROGRAM OBJECTIVES

1. Implement high-quality public art projects that promote artistic excellence and enjoyment of the arts, while building the capacity of District artists through opportunities and mentorships.
2. Provide grants for community public art projects, capital improvements, and, most recently, acquisition and improvements to cultural facilities through the Public Art Building Communities Grant (PABC) and the Cultural Facilities Projects Grant (CFP).
3. Assist and guide the design of new or renovated District of Columbia facilities so that public art is integral to the project.

## RECENT ACCOMPLISHMENTS

- DCCAH supported 30 small and mid-sized cultural organizations in neighborhoods throughout the District for building improvements through the Cultural Facilities Grant (citywide).
- DCCAH funded 10 District-based organizations and artists through the Public Art Building Communities Grant for small-to-mid-scale permanent public art in FY 2012 and FY 2013 (citywide). DCCAH completed the launch of *5 x 5*, its new signature biennale public art initiative aimed at activating all eight wards of the District through temporary public art installations. This resulted in over forty (40) temporary art installations by local, regional, and international artists at selected sites through citywide partnerships throughout the District in FY 2012 (citywide).
- DCCAH purchased 60 new artworks in FY 2012 and 90 new artworks in FY 2013 from local artists as part of DCCAH's Art Bank Collection, a city collection of art distributed for display at various public spaces and District government offices (citywide distribution).
- DCCAH completed the installation of three large-scale *Waterline* sculptures by local artist David Hess at the newly opened Canal Park (FY 2012 & FY 2013, Ward 6).
- DCCAH commissioned the Capitol Hill Arts Workshop (CHAW) to create artistic content for the Canal Park Cube for a period of one year. The Cube is a 4-sided projection structure located at the newly opened Canal Park Ice Rink and Fountain (FY 2013, Ward 6).
- DCCAH completed seven murals in partnership with DPW's *Murals DC* Graffiti Abatement program and the local *Words, Beats and Life, Inc.* collective (FY 2012, citywide).
- DCCAH completed two public art projects at Farragut North (*Farragut Spheres*) and Farragut West (*Pulse*) Red Line Metro stations in partnership with WMATA and the Golden Triangle BID (FY 2012 & FY 2013, Ward 2).
- DCCAH completed *Golden Lights*, a LED lighting project amongst plantings, in four medians along the Connecticut Avenue corridor from K Street to Jefferson Place, NW (FY 2013, Ward 2).
- DCCAH completed two public art installations (*Jazz Man* sculpture and Duke Ellington *Encore* Bronze sculpture) at the newly restored Howard Theatre (FY 2012 & FY 2013, Ward 1).
- DCCAH completed 15 public art window displays featuring *Historic DC Neighborhoods* at the Walter E. Washington Convention Center (FY 2012, Ward 2).

**Elements on this page of the Agency Summary include:**

- n **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

# BX0-AH7GP-ARTS & HUMANITIES GRANTS & PROJECTS

**Agency:** COMMISSION ON ARTS & HUMANITIES (BX0)  
**Implementing Agency:** COMMISSION ON ARTS & HUMANITIES (BX0)  
**Project No:** AH7GP  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** PUBLIC ART  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$39,450,000

**Description:**

The Arts and Humanities Grants and Programs Project includes several grant programs:

The Neighborhood Projects Program supports major public art projects in the District initiated by District government agencies, private developers, or the Washington Metropolitan Area Transit Authority (WMATA).

The Community Initiative Program supports major public art projects in the District initiated by community leaders.

The Public Art Building Communities Program provides for the creation and installation of permanent art projects in public spaces with the life span of at least five (5) years.

The Cultural Facilities Grant Program supports District non-profit arts organizations to improve their facilities in the District.

The Art Bank collection purchases work from greater Washington area visual artists, providing them with financial and professional benefits.

**Justification:**

This project provides amenities that promote healthy and vibrant neighborhoods in areas specifically targeted by District policy and planning initiatives. This project also helps to maintain a local creative community of District artists and cultural organizations. These artists and cultural organizations work together with neighborhood leaders and other interested partners to implement projects that contribute to the overall vitality and well being of the city, making it an attractive place to live and work, and attractive to investors.

**Progress Assessment:**

This project is ongoing and progressing as planned. There are multiple artwork locations in various stages of design, fabrication and installation.

**Related Projects:**

Many public art projects have been initiated through citywide initiatives like the Great Streets initiatives, Small Area Plans, citywide streetscape improvements, transportation planning, trail enhancements, etc.

## (BY0) OFFICE ON AGING

The Office on Aging was established as a separate government agency in 1975 by D.C. Law 1-24. The mission of the office is to assure that a full range of health, education, employment, and social services are available for residents aged 60 years and older. The agency offers programs for the dependent, semi-independent, and independent elderly through grants to community-based, non-profit organizations.

**Elements on this page of the Agency Summary include:**

**Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

**Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

**Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.

**Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018

**FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.

**6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.

**Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019

**Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).

**Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

**FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

**Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# BY0-EBY02-VEHICLES FOR WASHINGTON ELDERLY & HANDICAPPED SERV

**Agency:** OFFICE ON AGING (BY0)  
**Implementing Agency:** OFFICE ON AGING (BY0)  
**Project No:** EBY02  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VEHICLES  
**Status:** New  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$1,547,000

**Description:**

Project is for the purchase of passenger vans and equipment needed to increase capacity and improve the reliability of the Washington Elderly and Handicapped Transportation Services.

**Justification:**

Advocates have called for organizing a successful transportation program that meets the needs of the senior population. There are a number of chronic problems that have been reported including having to reserve the service two weeks in advance, limited time frames, long waits, and other inadequacies in customer pick-up.

**Progress Assessment:**

New project

**Related Projects:**

# (CE0) DC PUBLIC LIBRARY

## **MISSION**

The District of Columbia Public Library provides access to materials, information, programs, and services, which, combined with expert staff, enables everyone to achieve lifelong learning, improve quality of life, and helps build a thriving city.

## **BACKGROUND**

The DC Public Library has a total of 26 full-service neighborhood libraries, and MLK Jr. Memorial Library. Three facilities opened in 2012: Mount Pleasant, Francis Gregory, and Washington Highlands. Design work is underway for new and interior renovated facilities at Woodridge and West End (a mixed-use development), and construction is underway at the historic Northeast. The Library has eight remaining facilities that need modernization.

## **CAPITAL PROGRAM OBJECTIVES**

1. Enhance neighborhood libraries to provide modern facilities that better serve residents in the 21st century.
2. Implement general improvement projects at facilities not part of the initial improvement and transformation effort.
3. Fully renovate and modernize the Martin Luther King, Jr. Memorial Library and seek replacement locations for central library administrative services.

## **RECENT ACCOMPLISHMENT**

- Rosedale Neighborhood Library, Opened October 2012
- Mount Pleasant Library, Opened July 25, 2012
- Francis Gregory Library, Opened June 19, 2012
- Bellevue Library, Opened June 13, 2012
- Petworth Neighborhood Library, Opened February 28, 2011
- Tenley-Friendship Neighborhood Library, Opened January 24, 2011
- Georgetown Neighborhood Library, Opened October 18, 2010
- Watha T. Daniel/Shaw Neighborhood Library, Opened August 2, 2010
- Deanwood Library, Opened June 25, 2010
- Francis Gregory Interim Library, Opened June 10, 2010
- Mount Pleasant Interim Library, Opened April 26, 2010
- Anacostia Neighborhood Library, Opened April 26, 2010
- Benning Neighborhood Library, Opened April 5, 2010
- Petworth Interim Library, Opened January 2010
- Washington Highlands Interim, Opened December 2009
- Northwest One Library, Opened December 2009
- Parklands-Turner Storefront Library, Opened October 2009
- Takoma Park Neighborhood Library, Opened March 2009
- Georgetown Interim Library, Opened December 2008

**Elements on this page of the Agency Summary include:**

**Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

**Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- 4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018
- 4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- 4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.
- 4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019
- 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).

**Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

**FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

**Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# CE0-CPL38-CLEVELAND PARK LIBRARY

**Agency:** DC PUBLIC LIBRARY (CE0)  
**Implementing Agency:** DC PUBLIC LIBRARY (CE0)  
**Project No:** CPL38  
**Ward:** 3  
**Location:** 3310 CONNECTICUT AVENUE NW  
**Facility Name or Identifier:** CLEVELAND PARK LIBRARY  
**Status:** Developing scope of work  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$15,225,000

## Description:

The Cleveland Park Neighborhood Library project will be a design-build project to renovate the existing building into a state-of-the-art 21st Century LEED Silver certified library. The facility will meet the needs outlined in the five focus areas of library activity envisioned by DCPL, as a service to children and teens; library as a community place; books and other library materials; technology; and adult literacy and learning. The project will also consist of providing between 3,500 to 5,000 square feet of interim/temporary/swing space in order to assure continued library services during construction activities.

The renovated Cleveland Park Neighborhood Library will reflect the program and goals of the library and the needs of the District of Columbia residents who use it. The building will incorporate forward-thinking approaches to urban design, architecture, engineering and environmental technologies in the public realm. The renovated Cleveland Park Library will be a destination that will attract and support hundreds of users per day, and promote a vibrant, mixed-use neighborhood and active street environment.

## Justification:

The renovation will bring the building up to all current building codes and ADA regulations. This project aligns with Sustainable DC Action: Built Environment 3.5.

## Progress Assessment:

The Cleveland Park Library is contingent upon the results of the Master Facility Study.

## Related Projects:

There is potential to redevelop the library in partnership with a commercial venture to be located on the site.

# CE0-LB310-GENERAL IMPROVEMENT- LIBRARIES

**Agency:** DC PUBLIC LIBRARY (CE0)  
**Implementing Agency:** DC PUBLIC LIBRARY (CE0)  
**Project No:** LB310  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VARIOUS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:**\$23,424,000

## Description:

This project addresses critical capital upgrades and replacements at various library facilities. The work will include installation and replacement of HVAC systems; upgrade of security, fire, life/safety and emergency power systems; ADA code compliance for restrooms and elevators; roof replacements and upgrades; and interior upgrades to various libraries.

## Justification:

The project is necessary to replace systems and component parts at the central and neighborhood libraries to allow uninterrupted library service for the community. Funds will be used to maintain and make necessary capital improvements to existing facilities.

## Progress Assessment:

The project is ongoing every year.

## Related Projects:

None.

# CE0-ITM37-INFORMATION TECHNOLOGY MODERNIZATION

**Agency:** DC PUBLIC LIBRARY (CE0)  
**Implementing Agency:** DC PUBLIC LIBRARY (CE0)  
**Project No:** ITM37  
**Ward:**  
**Location:** VARIOUS NEIGHBORHOOD LIBRARIES  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** New  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:**\$300,000

**Description:**

This project will support the replacement of public access and staff computers throughout the Public Library System. The modernization will include new desktop PCs, Macs, staff laptops, public access laptops, new servers, power supplies, storage area networks, and necessary support components.

**Justification:**

The library currently supports over 1000 public access computers, servers, and various network support components. These computers and systems are reaching the end of their useful life. Replacements and modernizations are essential in order to supply District residents with access to information.

**Progress Assessment:**

N/A

**Related Projects:**

This project is related to OCTO's One Card Project.

# CE0-LAR37-LAMOND RIGGS LIBRARY

**Agency:** DC PUBLIC LIBRARY (CE0)  
**Implementing Agency:** DC PUBLIC LIBRARY (CE0)  
**Project No:** LAR37  
**Ward:** 5  
**Location:** 5401 SOUTH DAKOTA AVENUE NE  
**Facility Name or Identifier:** LAMOND RIGGS LIBRARY  
**Status:** Developing scope of work  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$18,650,000

## Description:

The Lamond Riggs Neighborhood Library will be substantially renovated to create a new 21st century state-of-the-art LEED Silver certified facility. The scope of work entails providing architectural and engineering services which comprises predesign, design, preparation of contract documents, commissioning and planning services to renovate the structure to fully or substantially comply with ADA Accessibility Guidelines for Buildings and Facilities. This includes vertical transportation, interior circulation, signage, entrances and exists, walkways, restrooms, alarms, etc. The renovated Lamond Riggs Neighborhood Library will reflect the program and goals of the library and the needs of the District of Columbia residents that use the library. The building will incorporate forward-thinking approaches to urban design, architecture, engineering, environmental technologies in the public realm. A building condition assessment was conducted in 2001 and an additional building assessment was completed in December 2009. The 2001 report indicated numerous costly repairs and upgrades and this work has never been done in its entirety. The District continues to pay for ongoing maintenance issues. The building energy is inefficient.

## Justification:

The Lamond Riggs Neighborhood Library is one of two libraries that serve Ward 5. The building is approximately 45 years old. The existing CMU masonry construction has limited flexibility to change within the existing walls of the building. As library use has changed over the years, the need for electronic resources has expanded. However, expending the technology within the Woodridge library has proven extremely difficult. The citizens living in Ward 5 will benefit from expanded library services much in the same way citizens in Wards 7 and 2 have benefited from their recently opened new libraries. The expanded library facilities and subsequent expanded library programs fits into the mayor's educational priorities. This project aligns with Sustainable DC Action: Built Environment 3.5.

## Progress Assessment:

N/A

## Related Projects:

There is the potential that the Lamond Riggs library could become part of the proposed Cafritz Foundation development across South Dakota Avenue. DCPL is still involved in discussions with this organization.

# CE0-MCL03-MARTIN LUTHER KING JR. MEMORIAL CENTRAL LIBRARY

**Agency:** DC PUBLIC LIBRARY (CE0)  
**Implementing Agency:** DC PUBLIC LIBRARY (CE0)  
**Project No:** MCL03  
**Ward:** 2  
**Location:** 901 G STREET NW  
**Facility Name or Identifier:** MARTIN LUTHER KING JR. MEMORIAL CENTRAL LIBRARY  
**Status:** Under preliminary study  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$109,000,000

## Description:

The Martin Luther King Jr. Memorial Central Library was designated as a National Historic Landmark in April 2007. The Library will receive a total renovation to improve services and modernize the space while being respectful of the historic nature of the building. A new and reconfigured Business, Science and Technology Division will localize over 100 public access computers to this division. The project also includes funding to relocate and create a new eBIC space on the seldom used A-Level. The A-Level renovation will provide flexible space permitting multiple uses for either library programming, eBIC, University of the District of Columbia, or Community College of DC; as well being available for community use.

## Justification:

The project is necessary because the existing Martin Luther King Jr. Memorial Library building does not meet the District's needs as a central library. This project aligns with SustainableDC Action: Built Environment 3.5.

## Progress Assessment:

Project is ongoing.

# CE0-PAL37-PALISADES LIBRARY

**Agency:** DC PUBLIC LIBRARY (CE0)  
**Implementing Agency:** DC PUBLIC LIBRARY (CE0)  
**Project No:** PAL37  
**Ward:** 3  
**Location:** 4901 V STREET NW  
**Facility Name or Identifier:** PALISADES LIBRARY  
**Status:** Developing scope of work  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$21,700,000

## Description:

The Palisades Neighborhood Library project will be a design-build project to demolish and construct a new 22,500 square foot state-of-the-art 21st century LEED Silver certified library. The facility will meet the needs outlined in the five focus areas of library activity envisioned by DCPL, as follows: service to children and teens; library as a community place; books and other library materials; technology; and adult literacy and learning. The project will also consist of providing between 3,500 to 5,000 square feet of interim/temporary/swing space in order to assure continued library services during construction activities. The new Palisades Neighborhood Library will reflect the program and goals of the library and the needs of the District of Columbia residents that use it. The building will incorporate forward-thinking approaches to urban design, architecture, engineering and environmental technologies in the public realm. The new Palisades Neighborhood Library will be a destination that will attract and support hundreds of users per day, and promote a vibrant, mixed-use neighborhood and active street environment. The new library will have an iconic architectural presence befitting its location in the community, yet be reflective of the city's modern growth and new innovations in building design and technology. The library design will be unique in the nation's capital, and representative of 21st century architectural ideals. A building condition assessment was conducted in 2001 and an additional building assessment was completed in December 2009. The 2001 report indicated close to \$800,000 worth of repairs and upgrades; this work has never been done in its entirety. The District continues to pay for ongoing maintenance issues. In addition, the building is not energy-efficient.

## Justification:

The building is approximately 51 years old. The existing CMU masonry construction has limited flexibility to change within the existing walls of the building. As library use has changed over the years, the need for technology within the Palisades library has proven extremely difficult. The community that uses the Palisades Library will benefit from expanded library services much in the same way citizens in Wards 7 and 2 have benefited from their recently opened new libraries. The expanded library facilities and subsequent expanded library programs fits into the mayor's educational priorities. This project aligns with Sustainable DC Action: Built Environment 3.5.

# CE0-WOD37-WOODRIDGE LIBRARY

**Agency:** DC PUBLIC LIBRARY (CE0)  
**Implementing Agency:** DC PUBLIC LIBRARY (CE0)  
**Project No:** WOD37  
**Ward:** 5  
**Location:** 1801 HAMLIN STREET NE  
**Facility Name or Identifier:** WOODRIDGE LIBRARY  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$16,950,000

## Description:

The Woodridge Neighborhood Library project will be a design-build project to demolish and construct a new 22,500 square foot state-of-the-art 21st century LEED Silver certified library. The facility will meet the needs outlined in the five focus areas of library activity envisioned by DCPL, as follows: service to children and teens; library as a community place; books and other library materials; technology; and adult literacy and learning. The project will also consist of providing between 3,500 to 5,000 square feet of interim/temporary/swing space in order to assure continued library services during construction activities. The new Woodridge Neighborhood Library will reflect the program and goals of the library and the needs of the District of Columbia residents who use it. The building will incorporate forward-thinking approaches to urban design, architecture, engineering, and environmental technologies in the public realm. The new Woodridge Neighborhood Library will be a destination that will attract and support hundreds of users per day, and promote a vibrant, mixed-use neighborhood and active street environment. The new library will have an iconic architectural presence befitting its location in the community, yet be reflective of the city's modern growth and new innovations in building design and technology. The library design will be unique in the nation's capital, and representative of 21st century architectural ideals. A building condition assessment was conducted in 2001 and an additional building assessment was completed in December 2009. The 2001 report indicated a need of \$700,000 for repairs and upgrades; this work has never been done in its entirety. The District continues to pay for ongoing maintenance issues. In addition, the building is not energy efficient.

## Justification:

The Woodridge Neighborhood Library is one of two libraries that serve Ward 5. A recent facility condition assessment rated the facility a 17 out of 100. The building is approximately 51 years old. The existing CMU masonry construction has limited flexibility to change within the existing walls of the building. As library use has changed over the years the need for electronic resources as expanded. However, expanding the technology within the Woodridge library has proven extremely difficult. The citizens living in Ward 5 will benefit from expanded library services much in the same way citizens in Wards 7 and 2 have benefited from their recently opened new libraries. This project aligns with Sustainable DC Action: Built Environment 3.5.

# (CF0) DEPARTMENT OF EMPLOYMENT SERVICES

## **MISSION**

The Department of Employment Services (DOES) puts people to work. DOES achieves its mission by providing the necessary tools for the District of Columbia workforce to become more competitive using tailored approaches to ensure that workers and employers are successfully paired. DOES also fosters and promotes the welfare of job seekers and wage earners by ensuring safe working conditions, advancing opportunities for employment, helping employers find qualified workers, and tracking labor market information and other national economic measurements impacting the District of Columbia.

## **BACKGROUND**

DOES, the District of Columbia's lead labor and workforce development agency, provides customers with a comprehensive menu of workforce development services funded through a combination of federal grants and local appropriations. Through the Unemployment Insurance Division, DOES delivers basic income support services to unemployed or underemployed persons who have lost their jobs through no fault of their own. The Labor Standards Program ensures a safe and healthy work environment for workers in the District, administers a program to provide benefits to qualified individuals with employment-related injuries or illnesses, administers the District's wage and hour laws, and provides hearing and adjudication services to settle workers' compensation disputes. DOES's Workforce Development Program provides job seekers with workforce development and training programs and services to ensure employers have access to qualified job candidates. Finally, DOES provides District youth with job training, academic enrichment, leadership, and employment opportunities through its Year-Round, Summer Youth, Mayor's Youth Leadership Institute, and other youth programs.

## **CAPITAL PROGRAM OBJECTIVES**

1. DOES seeks to strengthen stewardship of its financial resources, significantly improve services to customers, improve its service delivery system, and increase DOES competitiveness to ensure that District of Columbia residents are paired with meaningful work opportunities, are working in safe environments, and that those seeking to improve their workforce skills have the resources to do so.

**Elements on this page of the Agency Summary include:**

**Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

**Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

**Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.

**Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018

**FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.

**6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.

**Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019

**Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).

**Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

**FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

**Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# CF0-UIM02-UI MODERNIZATION PROJECT-FEDERAL

**Agency:** DEPARTMENT OF EMPLOYMENT SERVICES (CF0)  
**Implementing Agency:** DEPARTMENT OF EMPLOYMENT SERVICES (CF0)  
**Project No:** UIM02  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** Developing scope of work  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$18,000,000

**Description:**

This project is focused on developing and deploying a fully integrated (Unemployment Benefits and Tax) robust solution resulting in efficiencies and the ability to offer broader services to the residents of the District of Columbia. All systems within Unemployment Insurance will be integrated including the Document Imaging system and ACD/IVR system.

**Justification:**

Due to the outdated mainframe technology currently in use, implementations of new legal requirements are complex, intense, and time consuming to deploy in a consistent manner to ensure claimants receive added or new benefits as quickly as possible. In this environment, the systems are highly fractured silos requiring costly contractors to maintain them.

# (CR0) DEPT. OF CONSUMER AND REGULATORY AFFAIRS

## **MISSION**

The Department of Consumer and Regulatory Affairs (DCRA) protects the health, safety, economic interests, and quality of life of residents, businesses, and visitors in the District of Columbia by ensuring code compliance and regulating business.

## **BACKGROUND**

Annually, DCRA issues over 35,000 building permits, 4,000 occupancy permits, and 50,000 business and professional licenses. The agency files over 65,000 corporate documents, and conducts over 55,000 residential, commercial and business-related inspections and investigations. DCRA is charged with ensuring that all businesses, professionals, and property owners adhere to District laws and regulations.

## **CAPITAL PROGRAM OBJECTIVES**

1. Eliminate nuisance properties and invest in the revitalization of communities.
2. Support DCRA regulation and compliance activities by implementing information technology systems for licensing, inspections, and permitting functions that interface with other District systems.

## **RECENT ACCOMPLISHMENTS**

- In FY 2011, DCRA implemented ProjectDox On-line Building Plan Submission and Integration, allowing electronic, concurrent review and approval of building plans.
- In FY 2011, DCRA launched Business License Division in agency enterprise application CPMS/Accela, allowing simple renewals and online application submission.
- In FY 2012, the Construction Codes Coordinating Board published the 2013 edition of the Construction Codes.
- In FY 2013, DCRA issued proposed vending regulations and submitted the regulations to the Council of the District of Columbia.

**Elements on this page of the Agency Summary include:**

# CR0-ISM07-IT SYSTEMS MODERNIZATION

**Agency:** DEPT. OF CONSUMER AND REGULATORY AFFAIRS (CR0)  
**Implementing Agency:** DEPT. OF CONSUMER AND REGULATORY AFFAIRS (CR0)  
**Project No:** ISM07  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$12,000,000

## Description:

This project funds the continued, multi-year implementation of a variety of mission critical information technology systems involving District licensing, permitting and inspection functions. It also provides for the establishment of interfaces with other District IT systems, facilitating data sharing with OTR, DOH, DDOT, Zoning, Planning and others. This project will improve compliance with District permitting and licensing requirements, increase efficiency and enhance revenues.

## Justification:

This project started in FY 2006 when DCRA used internal funding to initiate the project. Additional capital funding has allowed the agency to complete the initial phase of project implementation and will allow for the integration of these systems with other District government IT systems to share data on a real-time basis.

## Progress Assessment:

Life of project - 70 percent complete.

## Related Projects:

None.

# (EB0) DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT

## **MISSION**

The Office of the Deputy Mayor for Planning and Economic Development (DMPED) supports the Mayor in developing and executing the District of Columbia's economic development policy.

## **BACKGROUND**

DMPED assists the Mayor in the coordination, planning, supervision, and execution of programs, policies, and proposals related to economic development in the District of Columbia. DMPED encourages growth and investment in the District through a portfolio of over 150 housing, office, and retail development projects that are under construction, planned, or proposed. The total value of these development projects is approximately \$13 billion.

## **CAPITAL PROGRAM OBJECTIVES**

1. Oversee and coordinate economic growth and investment throughout the District of Columbia.
2. Add to the District's portfolio of affordable housing by promoting the construction of new affordable housing and preserving the District's affordable housing stock.

## **RECENT ACCOMPLISHMENTS**

DMPED awarded third and fourth rounds of grant funds to small businesses along the H Street corridor to stimulate small-business development and expansion as a part of the H Street NE Retail Priority Grant Program (Ward 6).

DMPED launched Great Streets Small Business Capital Improvement Grant Program to assist small businesses along four Great Streets corridors.

DMPED launched the Five-Year Economic Development Strategy to transform the District's economy with six bold visions and supporting goals. Progress has already been made on several initiatives within the Strategy.

Progress has been made on the following New Communities programs: Delivery of the Avenue, which has brought 83 affordable units (27 replacement units) for the Park Morton New Communities Project. Continued construction is ongoing at the following locations: 4800 Nannie Helen Burroughs Avenue, of 70 affordable units (23 replacement units); Phase 1 of Eden Place, of 29 affordable units (6 replacement units); 2M Street, of 93 affordable units (59 replacement units).

The Walter Reed Final Base Reuse Plan was submitted to HUD for approval and the process of soliciting for a master developer has begun (Ward 4).

A contract was awarded for infrastructure improvements at Saint Elizabeths East Campus in preparation for major rehabilitation and adaptive use of historic buildings (Ward 8).

**Elements on this page of the Agency Summary include:**

**Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

**Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- 4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018
- 4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- 4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.
- 4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019
- 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).

**Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

**FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

**Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

No endorsement, liability, or responsibility for information or opinions expressed are assumed or accepted by any agency of the District of Columbia Government.

# EB0-EB013-BARRY FARM, PARK CHESTER, WADE ROAD

**Agency:** DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT (EBO)  
**Implementing Agency:** DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT (EBO)  
**Project No:** EB013  
**Ward:** 8  
**Location:** 1230 SUMNER ROAD, SE  
**Facility Name or Identifier:** NEW COMMUNITIES  
**Status:** Design complete  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$34,247,000

**Description:**

New Communities is a partnership between residents of distressed communities and the District. The goal is to transform those communities into viable places for existing and new residents to live, work, learn and recreate in a safe, healthy, and pleasant environment. Barry Farm/Park Chester/Wade Road is one of four New Communities sites in the District. The physical area will be redeveloped into a mixed-use, mixed-income community with an estimated 1,391 new on-site and off-site housing units, retail, office space, a new recreational facility, and a new school. DMPED is utilizing New Communities capital funds to facilitate development of approximately 654 on-site and off-site replacement housing units as part of this revitalization effort. The replacement units will be affordable to existing Barry Farm public housing residents who pay no more than 30% of their income for housing and residents of other publicly-assisted housing in the revitalization area who pay no more than 30% of their income for housing.

**Justification:**

These funds are needed to assist with the capital activities required to undertake a comprehensive redevelopment of this area plagued by high crime, high poverty and aging public housing. Capital funds make up a small amount of the total development budget for this project; however, the capital funds are necessary in order to leverage the other financing tools that are needed and which the District plans to pursue such as private capital, bond financing, tax credits, land and other equity.

**Progress Assessment:**

The project is on track and is delivering off-site replacement housing properties.

# EB0-EDP01-ECONOMIC DEVELOPMENT POOL

**Agency:** DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT (EBO)  
**Implementing Agency:** DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT (EBO)  
**Project No:** EDP01  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VARIOUS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 15  
**Estimated Full Funding Cost:** \$23,719,000

**Description:**

This funding will support key economic development investments in neighborhood business districts. During the year, various opportunities for investment occur and this project will provide budget to meet the short term opportunities that present themselves.

**Justification:**

This pool project provides needed budget to support multiple development improvements that are not yet defined as stand-alone capital projects. This project will enable the DMPED to respond quickly to smaller needed initiatives during FY 2014.

**Progress Assessment:**

N/A

**Related Projects:**

This project may be used to support needed incremental budget for existing DMPED projects.

## Description:

New Communities is a partnership between residents of distressed communities and the District. The goal is to transform the communities into viable places for existing and new residents to live, work, learn and recreate in a safe, healthy, and pleasant environment. Lincoln Heights/Richardson Dwellings is one of four New Communities sites in the District. The physical area will be redeveloped into a mixed-use, mixed-income community with an estimated 1,609 new on-site and off-site housing units, retail, office space, a new swimming pool as part of the recreational facility at Kelly Miller Middle School, and the HD Woodson High School. DMPED is utilizing New Communities capital funds to facilitate development of approximately 630 on-site and off-site replacement housing units as part of this revitalization effort. The replacement units will be affordable to existing public housing residents who currently live in the Lincoln Heights (440) and Richardson Dwellings (190) public housing developments and who pay no more than 30% of their income for housing.

## Justification:

These funds are needed in order to assist with the capital activities required to undertake a comprehensive redevelopment of this area plagued by high crime, high poverty and aging public housing. Capital funds make up a small amount of the total development budget; however, the capital funds are necessary in order to leverage the other financing tools that are needed and which the District plans to pursue such as private capital, bond financing, tax credits, land and other equity.

## Progress Assessment:

The project is on track, and DMPED is in the process of identifying off-site replacement housing properties.

# EB0-AMS11-MCMILLAN SITE REDEVELOPMENT

**Agency:** DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT (EBO)  
**Implementing Agency:** DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT (EBO)  
**Project No:** AMS11  
**Ward:** 5  
**Location:** NORTH CAPITOL ST & MICHIGAN AVE NW  
**Facility Name or Identifier:** MCMILLAN SAND FILTRATION SITE  
**Status:** Predesign  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$53,000,000

## Description:

The 25-acre former McMillan Reservoir Sand Filtration Site, located at North Capitol Street and Michigan Avenue, is expected to be redeveloped into a mixed-use project that will include historic preservation, open space, residential, retail, office, and hotel uses. The District, the selected development team, and the communities surrounding the site are currently working cooperatively to determine the master plan and development program for the site. The goal is to create an architecturally distinct, vibrant, mixed-use development that provides housing, employment, retail, cultural, and recreational opportunities for District residents.

## Justification:

The project will include affordable and workforce housing and 35 percent of the local contracting opportunities must go to Certified Business Enterprises (CBEs). More than half of all new jobs created must be offered to District residents and 20 percent of the development opportunity will be awarded to CBEs. This project aligns with Sustainable DC Actions: Water 3.3, and Waste 1.5.

## Progress Assessment:

A solicitation for a land development partner was issued in July 2006 and a partner was selected in June 2007. The District, the selected development team, and the communities surrounding the site are currently working cooperatively to determine the master plan and development program for the site.

**Estimated Full Funding Cost:** \$162,000,000

## Description:

New Communities revitalizes neighborhoods by decreasing the concentration of poverty and crime in high poverty areas, creating mixed income neighborhoods and replacing severely distressed housing with redesigned mixed-income housing for low and middle class families. This comprehensive partnership between the District government, neighborhoods and other public and private stakeholders focuses on neighborhoods where older public housing developments are located and where high concentrations of poverty and crime exist. The goal of the Initiative is to redevelop the neighborhoods into healthy, vibrant, mixed-use, mixed-income communities for current and future residents. Utilization of FY 2008 and FY 2009 Capital dollars to assist with predevelopment activities, to facilitate acquisition/construction activities, and/or to provide a direct subsidy for affordable housing replacement units to be created through the private and nonprofit sectors under Phase I of the New Communities Implementation Strategy. Phase I is estimated to result in the creation of approximately 3,500 mixed-income housing units, including an estimated 900 affordable replacement units, across all 4 New Communities. Each plan includes three parts: (1) Physical Strategy to guide implementation of the area's physical redevelopment; (2) Financial Strategy to fund the redevelopment activities; and (3) Human Capital to provide existing residents with support services.

## Justification:

This project includes the comprehensive redevelopment of neighborhoods with high concentrations of low income housing and high rates of crimes. The projects replace low density single use housing with stable neighborhood anchors such as schools, community centers, neighborhood servicing retail to create sustainable safe mixed income mixed use community.

## Progress Assessment:

On an annual basis, the Office of the Deputy Mayor Office for Planning and Economic Development and the District of Columbia Housing Authority shall submit a written report to the Chairperson of the Committee on Economic Development for the District of Columbia, in accordance with the Fiscal Year 2014 Budget Support Act of 2013.

# EB0-EB423-POPLAR POINT

**Agency:** DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT (EBO)  
**Implementing Agency:** DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT (EBO)  
**Project No:** EB423  
**Ward:** 8  
**Location:** 1900 ANACOSTIA DRIVE, SE  
**Facility Name or Identifier:** POPLAR POINT  
**Status:** New  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$13,300,000

## Description:

Poplar Point is one of the last great urban waterfront redevelopment opportunities on the East Coast. The 110-acre site is being transferred to the District of Columbia from the federal government. Bounded by South Capitol Street, I-295 and the 11th Street Bridges, the site is largely unused, but contains some National Park Service and the US Park Police facilities. Currently, the project is undergoing a federal environmental impact analysis and Small Area Planning phase. Poplar Point is envisioned to be the home of a variety of different uses including residential, retail, office entertainment, cultural, and park/open space uses.

## Justification:

Poplar Point is envisioned to be the home of a variety of different uses including residential, retail, office entertainment, cultural, and park/open space uses.

# EB0-AWR01-SAINT ELIZABETHS E CAMPUS INFRASTRUCTURE

**Agency:** DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT (EBO)  
**Implementing Agency:** DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT (EBO)  
**Project No:** AWR01  
**Ward:** 8  
**Location:** 2700 MARTIN LUTHER KING JR AVENUE SE  
**Facility Name or Identifier:** ST ELIZABETHS  
**Status:** Under design review  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$122,850,000

## Description:

The consolidation of the Department of Homeland Security at the Saint Elizabeths Campus and the District's plan to redevelop the East Campus is a once-in-a-generation opportunity for the District of Columbia and the federal government to create well-planned, mixed-use, mixed-income, walkable, livable community. The development program includes 2,000 residential units, 200,000 sq. ft. of retail, 1.5 million sq. ft. of office, 500,000 sq. ft. of institutional space, and 100,000 sq. ft. of cultural/civic space.

## Justification:

The project will leverage the \$3.4 billion federal investment in the West Campus and stimulate revitalization and regeneration in Ward 8. This project aligns with Sustainable DC Action: Water 3.3.

## Progress Assessment:

Development on the East Campus is guided by the Saint Elizabeths East Redevelopment Framework Plan, which was approved by the DC Council in December 2008. Implementation of the Plan recommendations are currently underway and involve a broad coalition of stakeholders.

# EB0-ASC13-SKYLAND SHOPPING CENTER

**Agency:** DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT (EBO)  
**Implementing Agency:** DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT (EBO)  
**Project No:** ASC13  
**Ward:** 7  
**Location:** ALABAMA AVE & GOOD HOPE RD SE  
**Facility Name or Identifier:** SKYLAND SHOPPING CENTER  
**Status:** Predesign  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$50,485,000

## Description:

The Skyland Shopping Center is an underutilized, non-contiguous shopping center with 15 owners, non-retail uses, compromised buildings, no anchor tenant, and no coherent leasing strategy. The site will be redeveloped with approximately 20 townhouses, 10 live/work, 440 apartment units, 145,000 square feet of retail, 195,389 other commercial uses, 311 surface parking spaces, and 1,433 structured parking spaces. This additional funding will complete site infrastructure improvements necessary for commercial development to begin.

## Justification:

The project will eliminate slum and blight and create retail and housing options for the residents of Ward 7.

## Progress Assessment:

Legal issues associated with the project are resolved, and the District is working closely with the development team and its architects, Torti Gallas & Partners, to accelerate the pre-development work so the project moves on a parallel track with the legal process.

# EB0-AWT01-WALTER REED REDEVELOPMENT

**Agency:** DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT (EB0)  
**Implementing Agency:** DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT (EB0)  
**Project No:** AWT01  
**Ward:** 4  
**Location:** 6900 GEORGIA AVENUE NW  
**Facility Name or Identifier:** WALTER REED HOSPITAL SITE  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$4,798,000

## Description:

This project takes a former military installation and reintegrates 62 acres into the fabric of Ward 4. The project will catalyze the redevelopment of Upper Georgia Ave by taking down the previously gated campus and creating new mixed-use opportunities along this key gateway into the District.

## Justification:

The District Government, as the local redevelopment authority formally recognized by the US Department of Defense, has undertaken the responsibility of developing a homeless accommodation and reuse plan for the 62.5 acre surplus portion of the WRAMC. The costs for this project are 90% funded by a federal grant from the Department of Defense with a 10% District match. Under BRAC law, each LRA is required to submit its reuse and homeless plan to HUD 270 days from the submission deadline for all notices of interest. For WRAMC, that deadline was November 30, 2010. Successful implementation of the plan will result in an integration of this 60+ acres into the community making the over 40+ acres of green/open space available to the community. The proposed commercial development is estimated to result in annual tax revenues in excess of \$18 million. The proposed reuse plan is consistent with the comprehensive plan and incorporates policy priorities of the Mayor. This project aligns with Sustainable DC Action: Water 3.3.

## Progress Assessment:

The project is progressing as planned.

# EB0-EB409-WASA NEW FACILITY

**Agency:** DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT (EBO)  
**Implementing Agency:** DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT (EBO)  
**Project No:** EB409  
**Ward:** 6  
**Location:** 125 O STREET SE  
**Facility Name or Identifier:** THE YARDS  
**Status:** New  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$15,097,000

## Description:

This funding will facilitate the relocation of government functions from parcels schedule to be transferred to Forest City Washington, developers of The Yards. Once transferred, these three parcels will be redevelopment with mixed uses. The funds will be used for hard and soft costs of constructing a new facility to accommodate WASA's server services and vehicle fleet currently located adjacent to the WASA Main Sewage Pumping Station and the Yards Project.

Mayor shall, by December 31, 2013, submit to the Council a report to include progress related to the following activities:

- (1) Identification of a relocation site;
- (2) Outreach to communities adjacent to a proposed relocation site;
- (3) Environmental remediation of the DC WASA Site and the relocation site;
- (4) Estimated costs for environmental remediation;
- (5) Entitlements, permits, and approvals necessary to prepare the DC WASA Site and the relocation site; and
- (6) Surplus designation and land disposition agreements;

The report shall also include a narrative description of the need for additional funding, if any, during fiscal year 2014.

## Justification:

To accommodate WASA's vehicle fleet.

## Progress Assessment:

TBD

# (FA0) METROPOLITAN POLICE DEPARTMENT

## **MISSION**

The Metropolitan Police Department (MPD) safeguards the District of Columbia and protects its residents and visitors by providing the highest quality of police service with integrity, compassion, and a commitment to innovation that integrates people, technology, and progressive business systems.

## **BACKGROUND**

MPD's capital program is categorized into two primary programs: fleet and technology. Facilities programs are under the management of the Department of General Services.

- MPD's fleet program is a part of the citywide Master Lease Lease/Purchase financing program. MPD maintains approximately 1,640 vehicles in the fleet, including 935 marked cruisers, 480 unmarked cruisers, and 225 specialty/support vehicles. The Department funds the replacement cycle of patrol cars, motorcycles, and related equipment required to operate these vehicles.

- MPD's technology program seeks to modernize and automate the police force. Maintaining the replacement schedule for computers, establishing paperless records, and consolidating criminal databases are keys to improving efficiency. Refreshing the citywide camera network is critical for observing and monitoring high-crime areas. The inventory of computers includes approximately 2,000 desktops and 850 laptops (deployed in the field). The criminal databases consist of more than 30 data sources. The citywide camera network includes 167 cameras.

## **CAPITAL PROGRAM OBJECTIVES**

1. Maintain fleet of police vehicles according to an established replacement cycle.
2. Maintain current IT investments and continuously identify and implement new technology solutions to achieve greater efficiency, automation of police operations, and enhanced community safety.

## **RECENT ACCOMPLISHMENTS**

- Additional funding in FY 2013 has allowed MPD to replace some of its aging vehicles at the preferred replacement cycle. MPD projects two additional years of sustained funding will be required to return the entire fleet back to the preferred replacement cycle for the patrol fleet.
- MPD deployed Phase 1 of the e-commerce system. Current capabilities include online requests and payment for citizen reports as well as online boat registration.

**Elements on this page of the Agency Summary include:**

**Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

**Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

**Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.

**Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018

**FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.

**6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.

**Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019

**Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).

**Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

**FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

**Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# AM0-PDR01-6TH DISTRICT RELOCATION

**Agency:** METROPOLITAN POLICE DEPARTMENT (FA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** PDR01  
**Ward:** 7  
**Location:** 5000 HAYES STREET NE  
**Facility Name or Identifier:** 6TH DISTRICT HQ  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$14,000,000

## Description:

Renovate the former Merritt Middle School to convert its use to a MPD facility housing the 6th District precinct and the Youth Investigative Division. Renovation costs would include overhaul of the existing mechanical, electrical and plumbing systems, constructing holding cells and locker rooms, and parking considerations.

## Justification:

The 6th District and the Youth Investigative Division must relocate from their current respective locations because they have outgrown their existing spaces. This project aligns with Sustainable DC Action: Built Environment 3.5.

## Progress Assessment:

Programmatic requirements have been developed by MPD and DGS.

# FA0-PLT10-CRIME FIGHTING TECHNOLOGY

**Agency:** METROPOLITAN POLICE DEPARTMENT (FA0)  
**Implementing Agency:** METROPOLITAN POLICE DEPARTMENT (FA0)  
**Project No:** PLT10  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** Developing scope of work  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:**\$2,500,000

**Description:**

Palantir combines a back-end database and server architecture with an intuitive front-end user interface, which will enable the MPD to store, search, and share knowledge. Palantir was designed for environments where the fragments of data that an analyst combines to tell the larger story are spread across a vast set of starting material. Palantir provides flexible tools to import and model data, intuitive constructs to search against this data, and powerful techniques to iteratively define and test hypotheses.

**Justification:**

Today, MPD members must log into numerous individual systems and manually integrate the data to perform analysis. This process is time-intensive, manual, and vulnerable to errors. Analytical products are not always completed within the desired timeframes. Palantir will enable timely data mining and analysis.

**Progress Assessment:**

This is a new project.

**Related Projects:**

There are no related projects.

# AM0-PL110-MPD SCHEDULED CAPITAL IMPROVEMENTS

**Agency:** METROPOLITAN POLICE DEPARTMENT (FA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** PL110  
**Ward:**  
**Location:** VARIOUS  
**Facility Name or Identifier:** VARIOUS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$17,637,000

## Description:

This project will address deferred facility needs of the Department by implementing infrastructure upgrades and quality of life improvements to community police stations, the police academy, and other police facilities. The scope of work includes upgrades to mechanical, electrical and plumbing (MEP) systems, to exterior security and conveying systems, and, to fire alarm and fire suppression systems. The scope also includes the major repair and replacement of roofs and windows; ADA upgrades (signage, accessible entry, parking, restrooms, etc.); fluorescent lighting systems with energy efficient lamps and electronic ballasts.

## Justification:

Most of the District-owned police facilities are beyond the useful life identified in MPD's 1998 and 2005 Condition Assessment reports and need infrastructure upgrades.

## Progress Assessment:

The project is progressing as planned. All MPD facilities were surveyed in FY 2009 (Q3), and minor renovation work was completed via DRES' FAST system and MPD's FMD contracts. Statement of works for major renovation work were developed for submission into PASS for work beginning in the second quarter of FY 2010.

## ELC-PEQ20-SPECIALIZED VEHICLES - MPD

**Agency:** METROPOLITAN POLICE DEPARTMENT (FA0)  
**Implementing Agency:** EQUIPMENT LEASE - CAPITAL (ELC)  
**Project No:** PEQ20  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VEHICLES  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:**\$73,951,000

### Description:

Project requirements are to support the annual replacement of the Police patrol cars for MPD, currently on a 5 year replacement schedule. As part of the Public Justice cluster, MPD requires the replacement vehicles to support daily police operations, as required by law and the citizens of the District of Columbia to preserve law and order within the District. The goal is to maintain the existing fleet of police vehicles according to an established replacement cycle. This project's budget returns the MPD to a required funding level.

### Justification:

MPD's fleet program is a part of the citywide Master Lease program. MPD maintains 1,639 vehicles in the fleet including 802 marked cruisers, 409 unmarked cruisers, and 428 specialty/support vehicles. The Department seeks to continue the replacement cycle of patrol cars, motorcycles and related equipment required to operate these vehicles. The replacement schedule for FY 2009 and FY 2010 has been modified to account for the reduced funding levels. Long term projections on impact have not been completed. This project aligns with SustainableDC Action: Transportation 4.2.

### Progress Assessment:

The replacement budget was \$5,200,000.00 from FY 2001 through FY 2008. During those years, funding supported the replacement of approx. 200 vehicles per year. FY 2009 and FY 2010 budget was reduced to \$2,500,000.00 for both years. As a result of the reduced budget, less than 100 vehicles per year could be replaced, forcing the service life to be extended beyond the planned requirements.

### Related Projects:

PEQ22C is a related project (Paygo budget) as it supports the replacement of MPD patrol cars.

**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:** \$16,670,000

**Description:**

Project requirements are to support the annual replacement of the Police patrol cars for MPD, currently on a 5 year replacement schedule. As part of the Public Justice cluster, MPD requires the replacement vehicles to support the daily police operations, required by law and the citizens of the District of Columbia to preserve law and order within the District. The goal is to maintain the existing fleet of police vehicles according to an established replacement cycle. This budget returns MPD to the required funding level.

**Justification:**

MPD maintains 1,639 vehicles in its fleet including 802 marked cruisers, 409 unmarked cruisers, and 428 speciality/support vehicles.

**Progress Assessment:**

This project is ongoing to facilitate more rapid replacement of fleet vehicles.

# (FB0) FIRE AND EMERGENCY MEDICAL SERVICES

## **MISSION**

The District of Columbia Fire and Emergency Medical Services Department's (Fire & EMS) mission is to promote safety and health through excellent pre-hospital medical care, fire prevention and education, fire suppression, hazardous materials response, technical rescue and homeland security preparedness in the District of Columbia.

## **SCOPE**

Fire & EMS provides all-hazards protection to residents and visitors in the District of Columbia from 34 neighborhood fire stations that deploy 39 EMS transport units, 33 engine companies, 16 ladder trucks, three heavy-rescue squads, one hazardous materials unit and one fire boat company. Fourteen of these transport units and 20 of the engine companies are staffed by paramedics providing advanced life support (ALS) care. In order to ensure that Fire & EMS has the ability to provide uninterrupted service, an equipment reserve is maintained, to be available when frontline emergency vehicles are out of service and during expanding or multiple emergency incidents. In addition, the Department maintains an Emergency Mobilization Operations Plan (EMOP) fleet of ambulance units as well as support vehicles that are required to meet the additional command and control needed on large, expanding, or multiple incidents. These units are used for the numerous special events in the city that require additional transport unit support so as not to impact the 911 delivery of EMS care to District citizens. Fire & EMS facilities undergo scheduled capital repairs to remain operational and to prevent infrastructure deterioration. Updated communications and information management systems enhance the Department's ability to work optimally.

## **CAPITAL PROGRAM OBJECTIVES**

1. Plan for and provide a comprehensive renovation of each of the Fire & EMS buildings to bring them into compliance with modern codes and standards as well as personnel and fleet requirements.
2. Design, equip, and install enhanced communication and information management systems that allow for greater efficiency of operations, accountability, and exchange of information with the Office of Unified Communications 911 Center and other public safety agencies that coordinate emergency responses for the citizens and visitors of the District.
3. Replace Fire & EMS vehicles to meet or exceed National Fire Protection Association (NFPA) standards.
4. Develop plans for public or private development of stations that would provide the potential to sell the air rights above stations and allow Fire & EMS to have a Headquarters/Administration building.

## **RECENT ACCOMPLISHMENTS**

Fire & EMS completed the following recent improvements to facilities:

- October 2011: Apparatus door replacement at Engine 6, located at 1300 New Jersey Avenue NW
- November 2011: New boiler for Engine 7, located at 1101 Half Street SW • December 2011: Window replacement at Engine 33, located at 101 Atlantic Street SE
- January 2012: Exterior training area at Engine 25, located at 3203 M. L. King Jr. Avenue SE and Water Harvesting Project at Engine 3, located at 439 New Jersey Avenue NW
- February 2012: Window replacement at Engine 30, located at 50 49<sup>th</sup> Street NE
- March 2012: Window replacement at Engine 7, located at 1101 Half Street SW
- April 2012: Window and interior energy-efficient lighting project at fleet maintenance facility, located at 1103 Half Street SW
- May 2012: Exterior façade restoration at Engine 21, located at 1763 Lanier Place NW
- June 2012: Roof replacement at Engine 7, located at 1101 Half Street SW
- July 2012: Kitchen upgrade project at fleet maintenance facility, located at 1103 Half Street SW
- August 2012: New HVAC at Engine 30, located at 50 49<sup>th</sup> Street NE
- September 2012: New apparatus bay lighting for Engine 15, located at 2101 14<sup>th</sup> Street SE and Engine 16, located at 1018 13<sup>th</sup> Street NW.
- Vehicle exhaust systems fan replacement for E-2, E 5, E-17, E-26, E-27, and E-31.

**Elements on this page of the Agency Summary include:**

- n **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- n **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - 4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018
  - 4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - 4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.
  - 4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019
  - 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).
- n **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact
- n **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.
- n **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# AM0-LC437-ENGINE 22 FIREHOUSE REPLACEMENT

**Agency:** FIRE AND EMERGENCY MEDICAL SERVICES (FB0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** LC437  
**Ward:** 4  
**Location:** 5760 GEORGIA AVENUE NW  
**Facility Name or Identifier:** ENGINE 22  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$12,288,000

## Description:

A site for the new Engine 22 has been selected on the southeast corner of Georgia Avenue and Butternut Street NW. An architect has been selected to design a 30,000 square foot four bay facility that can provide the community with effective Fire and EMS Service and provide underground parking for our members, a new state-of-the-art fire station as well as a back up Fire Operations Center and a community room for public use.

## Justification:

This project is necessary because the current Engine 22 was built in 1897 and has long outlived its life expectancy, making the project is extremely urgent. It will benefit the District taxpayers by lowering response times to the northern portion of Engine 22's response area and by allowing the members of Engine 22 to work and live in a modern, safe and efficient fire station. This project supports the Mayor's priorities by moving Engine 22, Truck 11 and Ambulance 22 further north and reducing response times in the northern portion of their response area. This project aligns with SustainableDC Action: Built Environment 3.5.

## Progress Assessment:

FEMS and DGS are proceeding with the design phase for a new Engine 22 on the southeast corner of Georgia Avenue and Butternut Street NW. The project construction is on hold pending the transfer from the U.S Army of the Walter Reed campus at Georgia Avenue and Aspen Street NW. Therefore, budget is approved for construction in FY 2014 and FY 2015.

## Related Projects:

The relocation of Engine 26 is related to this project. FEMS needs to build a new station for Engine 26 further east in their response area to reduce response times.

# AM0-LC537-ENGINE COMPANY 23 RENOVATION

**Agency:** FIRE AND EMERGENCY MEDICAL SERVICES (FB0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** LC537  
**Ward:** 2  
**Location:** 2119 G STREET NW  
**Facility Name or Identifier:** ENGINE 23  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$4,200,000

## Description:

The work includes major improvements and upgrades to Engine 23 at 2119 G Street N.W., that will bring the facility into compliance with current basic standards such as ADA access, Life Safety Codes, NFPA, firefighting protective gear storage and energy efficient HVAC systems. The most important improvements will be the new Life Safety features by the installation of a fire sprinkler and fire alarm system. The interior of this historic building will be redesigned and all of the building's electrical, lighting systems and plumbing will be replaced to the Silver level of the LEED standard for renovations. The storm water management system will be replaced. Working with the Historic Preservation Office, FEMS will widen the apparatus bay door to accommodate the larger apparatus FEMS will be required to purchase to meet the 2010 EPA Clean Emissions Standard. All windows will be replaced with energy efficient windows that match the original ones. A temporary fire station will provide uninterrupted protection to the community during this project.

## Justification:

Originally built in 1910, Engine 23 has not had a major renovation in over 28 years and the infrastructure of this station has long passed its useful life expectancy. It has only had minor improvements or upgrades since it was constructed in 1910 and none since 1984. It does not comply with current basic standards such as ADA access, NFPA standards for Fire Stations, and female firefighter locker room accommodations. All of the major systems are in poor condition and are beginning to fail. Renovating this station to modern LEED standards will result in an operating cost savings while preserving this historic landmark. This project aligns with SustainableDC Action: Built Environment 3.5.

## Progress Assessment:

As of now there are no anticipated bottlenecks.

## Related Projects:

Projects related to this project are Engine 6 (LD537C) and Engine 3 (LA337C). These stations are in the same general area as Engine 23 and are similar projects.

# AM0-LF239-FEMS SCHEDULED CAPITAL IMPROVEMENTS

**Agency:** FIRE AND EMERGENCY MEDICAL SERVICES (FB0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** LF239  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VARIOUS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:**\$21,828,000

## Description:

This project provides for scheduled capital improvements in various Department facilities to include repair and/or replacement of foundation, concrete, plaster wall, window, floor covering, the heating and cooling system, the electrical system, the lighting system, plumbing and sanitary drains, fire detection and alarm systems, the parking lot, the roof, the masonry, drainage and erosion control systems. Additionally, there will be safety and security upgrades to the facility.

## Justification:

This project is vital to provide funding for major and minor capital improvements that are needed throughout FEMS 35 various facilities.

## Progress Assessment:

This project allows FEMS to upgrade facilities in an efficient manner by ensuring proper funding is available for capital projects.

## Related Projects:

None.

# FB0-20600-FIRE APPARATUS

**Agency:** FIRE AND EMERGENCY MEDICAL SERVICES (FB0)  
**Implementing Agency:** FIRE AND EMERGENCY MEDICAL SERVICES (FB0)  
**Project No:** 20600  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** EQUIPMENT  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 7  
**Estimated Full Funding Cost:**\$32,113,000

**Description:**

This project provides for the purchase of pumpers, ladder trucks, heavy rescue trucks, ambulances, and large support vehicles. Existing vehicles need to be replaced at the rate that meets NFPA standards and as they wear out and surpass their economic retention levels.

**Justification:**

Replacing older firefighting apparatus and ambulances at a rate that keeps the Department’s fleet at an age and condition that meets NFPA standards is essential to maintaining an effective firefighting force. This project is necessary to ensure that the fleet is reliable and does not deteriorate into a condition that leaves it unreliable and requiring extensive maintenance to keep it running. This project aligns with Sustainable-DC Action: Transportation

**Progress Assessment:**

On-going fleet replacement project.

**Related Projects:**

ELC-20630C.

# ELC-20630-FIRE APPARATUS

**Agency:** FIRE AND EMERGENCY MEDICAL SERVICES (FB0)  
**Implementing Agency:** EQUIPMENT LEASE - CAPITAL (ELC)  
**Project No:** 20630  
**Ward:**  
**Location:** DISTRICT WIDE  
**Facility Name or Identifier:** EQUIPMENT  
**Status:** Equipment ordered  
**Useful Life of the Project:** 7  
**Estimated Full Funding Cost:** \$89,036,000

## Description:

This project provides for the purchase of pumpers, ladder trucks, heavy rescue trucks, ambulances, and large support vehicles. Existing vehicles need to be replaced at the rate that meets NFPA standards and as they wear out and surpass their economic retention levels.

## Justification:

Replacing older firefighting apparatus and ambulances at a rate that keeps the Department's fleet at an age and condition that meets NFPA standards is essential to maintaining an effective firefighting force. This project is necessary to ensure that the fleet is reliable and does not deteriorate into a condition that leaves it unreliable and requiring extensive maintenance to keep it running. This project aligns with SustainableDC Action: Transportation 4.2.

## Progress Assessment:

This is an on-going fleet replacement project. The balance of current allotment is sufficient for FY 2013 purchases.

## Related Projects:

# FB0-LG337-FIRE TRAINING SIMULATORS

**Agency:** FIRE AND EMERGENCY MEDICAL SERVICES (FB0)  
**Implementing Agency:** FIRE AND EMERGENCY MEDICAL SERVICES (FB0)  
**Project No:** LG337  
**Ward:** 8  
**Location:** 4600 SHEPHERD PARKWAY SW  
**Facility Name or Identifier:** FIRE & EMS TRAINING ACADEMY  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 8  
**Estimated Full Funding Cost:** \$3,606,000

## Description:

This project involves the installation of various training simulators, props and other devices used to provide a safe, controlled, and realistic training environment for fire recruits, experienced firefighters, emergency medical providers and special operations personnel as provided for in the Training Academy Master Plan. Simulators will include remotely controlled, propane gas fired props to simulate automobile fires, gas meter fires, and flammable liquid spill fires securely mounted on a concrete pad with appropriate emergency shut off devices installed. The project will also include the construction of a fire extinguisher training area with a code compliant extinguishing agent containment/recycling system, a large concrete pad with appropriate props for safely conducting automobile extrication training, and a concrete simulation of a trench excavation to be used for cave-in/collapse rescue training.

## Justification:

This project is critical toward providing much needed training to our firefighters and EMS providers. The agency has been forced to contract with other state agencies to provide training due to the lack of available resources. This investment in training will show a positive correlation to the reduction of injuries on the fireground.

## Progress Assessment:

This is an ongoing project with different training props being purchased in different fiscal years.

# (FL0) DEPARTMENT OF CORRECTIONS

## **MISSION**

The Department of Corrections (DOC) provides a safe, secure, orderly and humane environment for the confinement of pretrial detainees and sentenced inmates while affording those in custody meaningful rehabilitative opportunities that will assist them to re-integrate constructively into the community.

## **BACKGROUND**

DOC operates the Central Detention Facility (CDF or DC Jail), and is responsible for the oversight of the contracted Central Treatment Facility (CTF) and four contracted half-way houses. CDF is located in southeast DC at 1901 D Street, SE, and was opened in 1976. It is a 450,000 square foot facility with capacity to house 2,164 inmates. The facility population includes pretrial detainees, and both sentenced misdemeanants and felons. Offenders include all custody levels, minimum to maximum security, mental health, high-profile and protective custody inmates. CDF has multiple complex building and high-tech security systems including 567 intelligent closed-circuit television cameras, 1,556 modern cell door systems in 18 housing units, three 540 kilowatt emergency generators, an HVAC system with four chillers, and an extensive plumbing and steam distribution system. In addition, CDF's footprint is in the process of being enlarged as a result of constructing a new Inmate Processing Center along with renovation of mission-critical communication systems such as the radio system, RFID system and telephone system.

## **CAPITAL PROGRAM OBJECTIVES**

1. Ensure safe, secure and hygienic working and living conditions for all Central Detention Facility inhabitants by implementing infrastructure and renovation projects that extend the useful life of the Central Detention Facility while satisfying correctional institutional standards and court orders.
2. Implement re-engineering and renovation projects to improve business processes.

## **RECENT ACCOMPLISHMENTS**

- Completed construction of cell door project. Renovated 1,556 cell doors and associated control systems under budget and before schedule (by a year).
- Awarded contract and broke ground on the \$20 million Inmate Processing Center (IPC) construction.
- Installed 338 new cameras and upgraded software.
- Awarded contract for design of phase-III camera installation.
- Completed renovation of exterior structure, including pressure cleaning, sealing pre-cast panels and caulking of windows.
- Renovated the complete steam return pipeline network.
- Completed comprehensive system assessment of HVAC system.
- Completed 80% work in data-center foot print expansion at the jail and supplementing HVAC system capacity.

**Elements on this page of the Agency Summary include:**

**Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

**Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

**Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.

**Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018

**FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.

**6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.

**Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019

**Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).

**Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

**FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

**Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# AM0-CEV01-DOC ELEVATOR REFURBISHMENT

**Agency:** DEPARTMENT OF CORRECTIONS (FL0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** CEV01  
**Ward:** 7  
**Location:** 1901 D STREET SE  
**Facility Name or Identifier:** DC JAIL/CENTRAL DETENTION FACILITY  
**Status:** New  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$1,600,000

**Description:**

This project was created to refurbish elevators at existing DOC buildings. Scope includes complete refurbishment including replacement of controllers and governors, and upgrade for ADA compliance.

**Justification:**

Refurbishment of elevators on a regular basis is critically important to maintain the value of the District's assets and to ensure safety for the occupants.

**Progress Assessment:**

TBD

# AM0-CGN01-GENERAL RENOVATIONS AT DOC FACILITIES

**Agency:** DEPARTMENT OF CORRECTIONS (FLO)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** CGN01  
**Ward:** 7  
**Location:** 1901 D STREET SE  
**Facility Name or Identifier:** DC JAIL/CENTRAL DETENTION FACILITY  
**Status:** New  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$3,250,000

**Description:**

The Central Detention Facility (CDF) commonly known as the DC Jail, is an approximately 450,000 square foot facility that is comprised of eighteen cell blocks that house inmates as well as an Administration Building that provides services to the inmates, visitors and operations staff.

This project's scope involves the renovation and retrofitting of the various systems that support DOC Facilities. This includes security, hvac, windows, roof, mechanical, electrical, elevator/escalator, and energy.

**Justification:**

The CDF was opened in 1976 and requires renovations to support the facility. This project aligns with SustainableDC Action: Built Environment 3.5.

**Progress Assessment:**

TBD.

**Related Projects:**

TBD.

# AM0-CR104-HVAC REPLACEMENT - DOC

**Agency:** DEPARTMENT OF CORRECTIONS (FLO)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** CR104  
**Ward:** 7  
**Location:** 1901 D STREET SE  
**Facility Name or Identifier:** DC JAIL/CENTRAL DETENTION FACILITY  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$17,306,000

## Description:

The heating, ventilation and air-conditioning system at the correctional detention facility has been in disrepair for years. Additionally, the water supply to the facility has been extremely problematic. The main booster pumps are at the end of their useful life and no filters, softeners or strainers are installed on the system. All work that was part of the original contract has been completed. However, in order for the system to perform in accordance with the design parameters and deliver the requisite amount of air in the cellblocks, additional fine tuning is necessary; four large rooftop duct fittings need to be replaced, transitions from the large rooftop units need to be modified and final air and water balancing needs to be done for the system to work properly. Chiller, steam station and associated piping overhaul is also included.

## Justification:

Air handling units serving the cellblocks are located in the respective mechanical rooms, which are very congested and in an extremely dilapidated state. All old HVAC equipment and the pneumatic controls have not really worked in years without constant trouble and attention. That caused the air quality in the jail, including CO2 levels, air flow, air temperature and humidity to go beyond acceptable levels. This project aligns with SustainableDC Action: Energy 1.4.

## Progress Assessment:

On-going project.

## Related Projects:

# AM0-CRF01-ROOF REFURBISHMENT AT DOC FACILITIES

**Agency:** DEPARTMENT OF CORRECTIONS (FL0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** CRF01  
**Ward:** 7  
**Location:** 1901 D STREET SE  
**Facility Name or Identifier:** DC JAIL/CENTRAL DETENTION FACILITY  
**Status:** New  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:**\$2,500,000

**Description:**

Perform roof upgrades as needed on all DOC-owned facilities and install green roofs on some. The work will include replacement of shingled, built-up, membrane, and metal roofs, flashing, drainage, and ventilation systems.

**Justification:**

Many roofs are at the end of their useful lives and need upgrades. Roof retrofits provide a cost-effective opportunity to reduce District energy use while simultaneously improving thermal comfort and air quality. This project aligns with SustainableDC Action: Built Environment 3.5.

**Progress Assessment:**

Ongoing.

**Related Projects:**

# ELC-CR008-UPGRADES CENTRAL SECURITY CAMERAS

**Agency:** DEPARTMENT OF CORRECTIONS (FL0)  
**Implementing Agency:** EQUIPMENT LEASE - CAPITAL (ELC)  
**Project No:** CR008  
**Ward:** 7  
**Location:** 1901 D STREET SE  
**Facility Name or Identifier:** DC JAIL/CENTRAL DETENTION FACILITY  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:**\$2,900,000

**Description:**

The Central Detention Facility (CDF) commonly known as the DC Jail is an approximately 450,000 square foot facility that is comprised of eighteen cell blocks that house inmates as well as an Administration Building that provides services to the inmates, visitors and operations staff. This project's scope involves the addition of security cameras to cover all areas of the facility.

**Justification:**

There have been recent improvements completed at the jail which require upgrades to the existing systems. The safety and protection of the inmates and staff has remained a constant concern. This project is an effort to continue with the upgrades and improvements to the security camera systems at the CDF.

**Progress Assessment:**

On-going project

# (GA0) DISTRICT OF COLUMBIA PUBLIC SCHOOLS

## MISSION

The District of Columbia Public Schools (DCPS) is dedicated to serving the needs of public education from pre-kindergarten through twelfth grade. The Department of General Services (DGS), established in FY 2012, is the implementer agency for the substantial rehabilitation of existing facilities and the construction of new facilities. With guidance from the Office of the Deputy Mayor for Education, the two agencies are revising a Facilities Master Plan that will be submitted to Council for approval. DCPS capital projects are funded by a combination of long-term financing and pay-as-you-go revenues transferred from the General Fund.

## CAPITAL PROGRAM OBJECTIVES

1. Direct and manage the modernization or construction of DCPS schools and facilities.
2. Manage routine maintenance, repairs, and small capital projects that are beyond the scope of the janitorial and custodial staff.
3. Implement education-related facility projects for other District agencies.

## RECENT ACCOMPLISHMENTS

- In FY2012, DGS completed the full modernization of Anacostia HS, Turner ES, and Moten ES in time for the school year.
- Whittier EC received a cafeteria addition, and DGS completed its largest number of systemic modernizations to date at Amidon ES, Brookland EC at Bunker Hill, Bruce-Monroe ES at Parkview, Ketcham ES, LaSalle, Leckie ES, Nalle ES, Ross ES, and Simon ES in line with DCPS standards for “Phase 1” enhancement projects.
- Construction progressed on Cardozo HS, Dunbar HS, and Stuart Hobson MS, with planning and design efforts underway on Ballou HS, Brookland MS, Duke Ellington School of the Performing Arts, Hearst ES, Mann ES, Powell ES, The historic Rose Reno School at Deal MS, and Roosevelt HS.
- Stabilization efforts continued on various fronts with window replacement initiatives for Hyde ES, Jefferson MS, Ketcham ES, LaSalle Backus, and Simon ES. Door replacements occurred at Adams ES, Bunker Hill, and Peabody ES. Other stabilization initiatives consisted of remediation of fire and health code violations identified via work orders, along with HVAC and small capital improvements.
- Over 50 percent of the trade jobs employed District residents, while DGS continued to exceed the CBE participation established by DSLBD, which is approximately 51 percent.
- Design excellence is at the forefront of each DGS project, which is reflected in several awards from the design and construction industry:
  - 1. Eastern High School**
    - 2012 Excellence in Historic Preservation Award – (Historic Preservation Office within the DC Office of Planning)
  - 2. Wilson High School**
    - 2012 State Historic Preservation Officer’s Award
    - 2012 CEFPI World Congress Lee J. Brokway Award for Outstanding Renovation
    - 2012 AIA/DC Award of Merit in Historic Resources 2012 American School & University Magazine Architectural Showcase of Outstanding Design
    - 2012 LEED Gold Certification in USGBC’s LEED for Schools rating system
    - 2012 WBC Craftsmanship Award winner in four categories: Atrium Skylight, Masonry, Structural Steel Framing, Foundations & Excavation
    - 2012 NAIOP Award of Excellence – Best Renovation – Historic Restoration
    - 2012 CMAA Project of the Year Honorable Mention Renovation / Modernization, Constructed Value Greater Than \$15M

**Elements on this page of the Agency Summary include:**

**Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

**Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- 4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018
- 4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- 4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.
- 4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019
- 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).

**Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

**FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

**Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# AM0-YY160-ADAMS ES MODERNIZATION/RENOVATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** YY160  
**Ward:** 1  
**Location:** 2000 19TH STREET NW  
**Facility Name or Identifier:** ADAMS ES  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$14,883,000

## Description:

The Adams ES Modernization project involves the modernization and renovation of this school using a systemic/phased approach consisting of three phases. Each phase is spaced out over multiple fiscal years. The modernization will include classroom renovations; mechanical, electrical, window, and plumbing replacements; restoration of the exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; and IT upgrades.

## Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

# AM0-YY176-AITON ES RENOVATION/MODERNIZATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** YY176  
**Ward:** 7  
**Location:** 534 48TH PLACE NE  
**Facility Name or Identifier:** AITON ES  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$17,099,000

## Description:

The Aiton ES Modernization project involves the modernization and renovation of this school using a systemic/phased approach consisting of three phases. Each phase is spaced out over multiple fiscal years. The modernization will include classroom renovations; mechanical, electrical, window, and plumbing replacements; restoration of the exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; and IT upgrades.

## Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$63,025,000

**Description:**

Full modernization of Banneker HS consists of designing and constructing a fully renovated high school. The work includes: hazardous material abatement, interior renovation, exterior façade improvements, window and roof replacement, interior improvements, structural modifications, HVAC/Electrical/Plumbing systems replacement, site improvements, FFE, and AV/IT improvements.

**Justification:**

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

# AM0-YY161-BEERS ES MODERNIZATION/RENOVATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** YY161  
**Ward:** 7  
**Location:** 3600 ALABAMA AVENUE SE  
**Facility Name or Identifier:** BEERS ES  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$21,343,000

## Description:

The Beers ES Modernization project involves the modernization and renovation of this school using a systemic/phased approach consisting of three phases. Each phase is spaced out over multiple fiscal years. The modernization will include classroom renovations; mechanical, electrical, window, and plumbing replacements; restoration of the exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; and IT upgrades.

## Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

# AM0-BRK37-BROOKLAND MS MODERNIZATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** BRK37  
**Ward:** 5  
**Location:** 1150 MICHIGAN AV. NE  
**Facility Name or Identifier:** BROOKLAND MS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$56,501,000

## Description:

The Brookland MS project involves re-opening the existing Brookland ES, modernizing it, and transforming it into a new middle school. The scope of the project consists of either fully modernizing the existing school with a gymnasium addition, or demolishing the existing school and constructing a new middle school.

## Justification:

Ward 5 student population warrants one or more new middle schools. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

## Progress Assessment:

Requirements are being developed.

# AM0-CHA37-CHALLENGER CENTER FOR SPACE ED

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** CHA37  
**Ward:**  
**Location:** TBD  
**Facility Name or Identifier:** CHALLENGER CENTER  
**Status:** Predesign  
**Useful Life of the Project:** 8  
**Estimated Full Funding Cost:** \$1,500,000

## Description:

The budget will support the cost of improved space to accommodate a two-room simulator that consists of a space station, complete with communications, medical, life, and computer science equipment, and a mission control room patterned after NASA's Johnson Space Center and a space lab ready for exploration.

## Justification:

The simulator provides educational opportunity for students to see themselves in successful roles as scientists, engineers and researchers.

## Progress Assessment:

New.

# AM0-NX837-COOLIDGE HS MODERNIZATION/RENOVATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** NX837  
**Ward:** 4  
**Location:** 6401 5TH STREET NW  
**Facility Name or Identifier:** COOLIDGE HS  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$103,000,000

## Description:

Full modernization of Coolidge HS consists of designing and constructing a fully renovated high school. The work includes: hazardous material abatement, interior renovation, exterior façade improvements, window and roof replacement, interior improvements, structural modifications, HVAC/Electrical/Plumbing systems replacement, site improvements, FFE, and AV/IT improvements.

## Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

# TO0-T2247-DCPS DCSTARS HW UPGRADE

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TO0)  
**Project No:** T2247  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** New  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:**\$2,538,000

**Description:**

The DC Student Tracking and Reporting System (DCSTARS) is a web-based student information system that is installed in all of the public schools and manages the unique student ID number, student demographic information, and all student academic information. Provide Hardware upgrades/enhancements to the DC Student Tracking and Reporting System.

**Justification:**

There is a need to continue progress in making DCSTARS a robust tool to collect, analyze, and report data.

**Progress Assessment:**

N/A

# TO0-N8005-DCPS IT INFRASTRUCTURE UPGRADE

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TO0)  
**Project No:** N8005  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$9,000,000

## Description:

DCPS has set a goal to modernize the IT infrastructure at the Schools so that all students and staff have access to a high-speed, reliable, and secure network. Schools need to have 100% wireless coverage in all teaching and administrative areas, and each classroom should have active network drops to support any device plugged into them (printers, PC's, interactive whiteboards, etc.).

Seventy schools have or will be modernized by the 2014 - 2015 school year. Thirty - three more schools desperately need new routers, new switches, power upgrades, cabling work and new wireless Access Points (AP's) installed to be modernized by the 2-15 - 2016 school year. DC-Net analyzed all of the network equipment components and identified those components at the end of their useful life cycle, thus needing replacement. This aging equipment fails often, is costly to maintain, and gets in the way of establishing the wireless network needed by the Schools.

## Justification:

This project will upgrade information technology at DCPS facilities lacking modern technology infrastructure such as cabling and wiring, routers, switches, high speed internet connections, and other related improvements necessary for a fully functioning and technologically modern school.

## Progress Assessment:

The project is progressing as planned.

# AM0-PE337-DREW ES MODERNIZATION/RENOVATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** PE337  
**Ward:** 7  
**Location:** 5600 EADS STREET NE  
**Facility Name or Identifier:** DREW ES  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$13,500,000

## Description:

The Drew ES Modernization project involves the modernization and renovation of this school using a systemic/phased approach consisting of three phases. Each phase is spaced out over multiple fiscal years. The modernization will include classroom renovations; mechanical, electrical, window, and plumbing replacements; restoration of the exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; and IT upgrades.

## Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

# AM0-MH137-DUNBAR SHS MODERNIZATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** MH137  
**Ward:** 5  
**Location:** 1301 NEW JERSEY AVENUE NW  
**Facility Name or Identifier:** DUNBAR SHS  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$123,387,000

## Description:

The Dunbar SHS Modernization project encompasses the construction of a new state-of-the-art high school, demolition of the former high school, and the construction of a new stadium, along with associated site and roadway improvements.

## Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

## Progress Assessment:

Under construction.

## AM0-YY1EL-EARLY LEARNING CTR

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** YY1EL  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** EARLY LEARNING CTR  
**Status:** Developing scope of work  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$1,800,000

### Description:

Early Learning Centers (ELCs) will accomplish three important goals: (i) expand the number of high quality early childhood seats in Wards 7 and 8; (ii) provide information and models for teachers to improve the quality of teaching in all early childhood settings; and (iii) ultimately improve literacy and math outcomes for DCPS students. These centers would provide PS and PK classrooms, as well as an opportunity to coordinate with other DCPS programs including Early Stages, and community-based providers serving infants and toddlers and their parents.

### Justification:

The proposed early learning centers would allow the Office of Early Childhood Education to create model centers to facilitate peer-to-peer learning and professional development across DCPS early childhood programs using the Tools of the Mind curriculum. Each ELC would be designed to serve children, from birth to age five, in collaboration with a community child care partner.

### Progress Assessment:

This is a new project.

# AM0-YY181-ELIOT-HINE JHS RENOVATION/MODERNIZATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** YY181  
**Ward:** 6  
**Location:** 1830 CONSTITUTION AVENUE NE  
**Facility Name or Identifier:** ELIOT-HINE MS  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$22,730,000

## Description:

The Eliot-Hine MS Modernization project involves the modernization and renovation of this school using a systemic/phased approach consisting of more than one phase. Each phase is spaced out over multiple fiscal years. The modernization will include classroom renovations; mechanical, electrical, window, and plumbing replacements; restoration of the exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; and IT upgrades.

## Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

# AM0-NG337-HART MS MODERNIZATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** NG337  
**Ward:** 8  
**Location:** 601 MISSISSIPPI AVENUE SE  
**Facility Name or Identifier:** HART MS  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$13,738,000

## Description:

The Hart MS Modernization project involves the modernization and renovation of this school using a systemic/phased approach consisting of more than one phase. Each phase is spaced out over multiple fiscal years. The modernization will include classroom renovations; mechanical, electrical, window, and plumbing replacements; restoration of the exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; and IT upgrades.

## Justification:

This project is included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

# AM0-MJ138-JANNEY ES MODERNIZATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** MJ138  
**Ward:** 3  
**Location:** 4130 ALBEMARLE ST NW  
**Facility Name or Identifier:** MODERNIZATION  
**Status:** Developing scope of work  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$4,850,000

**Description:**

The Janney ES modernization project involves the modernization and renovation of this school using a systematic/phased approach. Each phase is spaced out over multiple fiscal years. This phase involves an addition to the school.

**Justification:**

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC actions: Equity and Diversity 1.1 and Built Environment 3.5.

**Progress Assessment:**

Yes, the project is progressing as planned.

**Related Projects:**

# AM0-YY186-KRAMER MS MODERNIZATION/RENOVATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** YY186  
**Ward:** 8  
**Location:** 1700 Q STREET SE  
**Facility Name or Identifier:** KRAMER MS  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$37,500,000

## Description:

The Kramer ES Modernization project involves the modernization and renovation of this school using a systemic/phased approach consisting of three phases. Each phase is spaced out over multiple fiscal years. The modernization will include classroom renovations; mechanical, electrical, window, and plumbing replacements; restoration of the exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; and IT upgrades.

## Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

# AM0-YY107-LOGAN ES MODERNIZATION/RENOVATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** YY107  
**Ward:** 6  
**Location:** 215 G STREET NE  
**Facility Name or Identifier:** LOGAN ES  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$10,865,000

**Description:**

The Logan ES Modernization project involves the modernization and renovation of this school using a systemic/phased approach consisting of three phases. Each phase is spaced out over multiple fiscal years. The modernization will include classroom renovations; mechanical, electrical, window, and plumbing replacements; restoration of the exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; and IT upgrades.

**Justification:**

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

The modernization will include classroom renovations/reconfigurations, mechanical, electrical, window and plumbing replacements; restoration of the exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; and IT upgrades.

## Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

## Progress Assessment:

This is a new project.

# AM0-PK337-MARTIN LUTHER KING ES MODERNIZATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** PK337  
**Ward:** 8  
**Location:** 3200 6TH STREET SE  
**Facility Name or Identifier:** MARTIN LUTHER KING ES  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$14,516,000

## Description:

The Martin Luther King ES Modernization project involves the modernization and renovation of this school using a systemic/phased approach consisting of three phases. Each phase is spaced out over multiple fiscal years. The modernization will include classroom renovations; mechanical, electrical, window, and plumbing replacements; restoration of the exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; and IT upgrades.

## Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

# AM0-YY151-PEABODY ES RENOVATION/MODERNIZATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** YY151  
**Ward:** 6  
**Location:** 425 C STREET NE  
**Facility Name or Identifier:** PEABODY ES  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$10,145,000

## Description:

The Peabody ES Modernization project involves the modernization and renovation of this school using a systemic/phased approach consisting of three phases. Each phase is spaced out over multiple fiscal years. The modernization will include classroom renovations; mechanical, electrical, window, and plumbing replacements; restoration of the exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; and IT upgrades.

## Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

## AM0-GM101-ROOF REPAIRS - DCPS

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** GM101  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VARIOUS  
**Status:** In multiple phases  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$6,057,000

### Description:

This stabilization project encompasses small capital roof projects and roof replacement projects required to protect school facilities from the elements.

### Justification:

This project aligns with SustainableDC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

### Progress Assessment:

This project is progressing as planned.

### Related Projects:

There are no related projects.

# AM0-NR939-ROOSEVELT HS MODERNIZATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** NR939  
**Ward:** 4  
**Location:** 4301 13TH STREET NW  
**Facility Name or Identifier:** ROOSEVELT HS  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$106,583,000

## Description:

Full modernization of Roosevelt HS consists of designing and constructing a fully renovated high school. The work includes: hazardous material abatement, historical restoration, interior renovation, exterior façade improvements, window and roof replacement, interior improvements, structural modifications, HVAC/Electrical/Plumbing systems replacement, site improvements, FFE, and AV/IT improvements.

## Justification:

This project is included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1, Built Environment 3.5, and Food 2.4.

# AM0-GI552-ROSE/RENO SCHOOL SMALL CAP PROJECT

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** GI552  
**Ward:** 3  
**Location:** 3815 FORT DRIVE NW  
**Facility Name or Identifier:** ROSE/RENO SCHOOL  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$15,552,000

## Description:

This project modernizes the historic Rose-Reno School and includes an addition to connect the school to the adjacent Alice Deal Middle School.

## Justification:

Alice Deal Middle School, which is adjacent to Rose-Reno School, has strong enrollment projections and needs additional classrooms to accommodate the existing student population. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

## Progress Assessment:

The project has a completed conceptual design that is approved by DCPS. In fall 2012, stakeholders will evaluate and, if necessary, revise the conceptual design prior to commencement of the design development phase.

# AM0-YY153-ROSS ES RENOVATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** YY153  
**Ward:** 2  
**Location:** 1730 R STREET NW  
**Facility Name or Identifier:** ROSS ES  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$5,236,000

**Description:**

The Ross ES Modernization project involves the modernization and renovation of this school using a systemic/phased approach consisting of three phases. Each phase is spaced out over multiple fiscal years. The modernization will include classroom renovations; mechanical, electrical, window, and plumbing replacements; restoration of the exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; and IT upgrades.

**Justification:**

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

# AM0-GM314-SELECTIVE ADDITIONS/NEW CONSTRUCTION LABOR

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** GM314  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VARIOUS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$2,800,000

**Description:**

This project funds internal and external capital labor required for selective additions and new construction modernization projects.

**Justification:**

Improved learning environments contribute to student achievement. Providing funds for labor to invest in capital projects enables new schools to be constructed and the modernization of existing schools to occur.

# AM0-YY120-SHAW MS MODERNIZATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** YY120  
**Ward:** 6  
**Location:** 920 R STREET NW  
**Facility Name or Identifier:** SHAW MS  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$53,588,000

## Description:

This project involves the design and construction of a new school and the associated swing space necessary to accommodate the students, faculty, and staff during construction. Modernization will consist of mechanical, electrical, and plumbing replacement; restoration of the exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; and IT upgrades.

## Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

# AM0-GI010-SPECIAL EDUCATION CLASSROOMS

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** GI010  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VARIOUS  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$17,771,000

## Description:

Special education classrooms will be built in DC public schools and non-special education classrooms will be adapted to accommodate special education students in the least restrictive environment possible. Other capital interior finishes to accommodate special education needs, such as bathrooms, are also included in the project.

## Justification:

To the greatest extent possible, special education students will be accommodated in the least possible restrictive environment within non-special education classrooms adapted in such a manner that all eligible students may obtain a public education. As a result of this commitment, the cost of non-public tuition as well as special education transportation should begin to decrease.

## Progress Assessment:

On-going project.

## Related Projects:

There are no related projects.

# AM0-YY196-STANTON ES MODERNIZATION/RENOVATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** YY196  
**Ward:** 8  
**Location:** 2501 25TH STREET SE  
**Facility Name or Identifier:** STANTON ES  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$20,008,000

## Description:

The Stanton ES Modernization project involves the modernization and renovation of this school using a systemic/phased approach consisting of three phases. Each phase is spaced out over multiple fiscal years. The modernization will include classroom renovations; mechanical, electrical, window, and plumbing replacements; restoration of the exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; and IT upgrades.

## Justification:

This project was included in Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

# AM0-YY1VN-VAN NESS MODERNIZATION/RENOVATION

**Agency:** DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** YY1VN  
**Ward:** 6  
**Location:** 1100 5TH STREET, SE  
**Facility Name or Identifier:** VAN NESS  
**Status:** Developing scope of work  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$9,880,000

**Description:**

The Van Ness ES Modernization project involves the modernization and renovation of this school using a systemic/phased approach consisting of three phases. Each phase is spaced out over multiple fiscal years. The modernization will include classroom renovations; mechanical, electrical, window, and plumbing replacements; restoration of the exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; and IT upgrades.

**Justification:**

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with SustainableDC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

**Progress Assessment:**

This is a new project.

**Related Projects:**

# (GD0) STATE SUPERINTENDENT OF EDUCATION (OSSE)

## **MISSION**

The mission of the Office of the State Superintendent of Education (OSSE) is to remove barriers and create pathways so all District residents receive an excellent education and are prepared to achieve success in college, careers, and life.

## **SUMMARY OF SERVICES**

The Office of the State Superintendent of Education serves as the District of Columbia's State Education Agency (SEA). In this role, OSSE manages and distributes federal funding to education providers and exercises oversight responsibility over federal education programs and related grants administered in the District to ensure quality and compliance. OSSE also serves as the standard-bearer in education for the District of Columbia. The office develops state-level education policies and standards aligned with school, college, and workforce readiness expectations. Furthermore, OSSE ensures that the District collects and reports accurate, reliable data. OSSE provides technical support to increase effectiveness among education providers, thereby improving outcomes for all students. OSSE also administers payments for the Special Education Division of Student Transportation (Agency Code GO0); Non-Public Tuition (Agency Code GN0); and District of Columbia Public Charter Schools (Agency Code GC0).

## **BACKGROUND**

The Office of the State Superintendent of Education (OSSE)'s capital program includes the Statewide Longitudinal Education Data System (SLED) and the Special Education Data System (SEDS). The SLED is a project to create a data warehouse populated with information extracted from disparate enterprise educational systems into a single compressive relational database. The SEDS is a comprehensive data system designed to support high quality, seamless service delivery for children with disabilities within the District. The SEDS is currently in its third school year of implementation and OSSE has mandated its use by all Local Education Agencies, including DCPS, via regulations issued on December 4, 2009. SEDS supports the goal of optimizing the ability to track the District of Columbia's delivery of special education services to all students.

## **CAPITAL PROGRAM OBJECTIVES FOR SEDS**

1. To automate and streamline the Individualized Education Program (IEP) development, management, and historical record keeping for local districts and school sites.
2. To improve service delivery by reducing the burden of paperwork and allowing staff to focus on delivering quality instruction and services to students with disabilities.
3. To support best practices in special education management by providing real-time, district-wide reporting, and accurate, reliable state and federal reporting.
4. To facilitate compliance and quality assurance through improved data accuracy, auditing, and timeline management.
5. To support seamless transactions for students via an improved process for transferring student special education records between schools and districts.

## **CAPITAL PROGRAM OBJECTIVES FOR SLED**

The SLED is the main repository of the District of Columbia's current and historical public education student, teacher, and school data. The data will be used for education planning, analysis, research, tracking, and reporting student information statewide over multiple years and across education institutions. Additionally, SLED enables the sharing of critical information that tracks student learning spanning early care and education, K-12 programs, post-secondary, and adult education. It will ultimately link to other youth and adult serving institutions to provide a comprehensive picture of the District of Columbia's learners.

## **RECENT ACCOMPLISHMENTS**

- OSSE has assigned nearly 100 percent of the currently enrolled students with a Unique Student Identifier (USI). More than 110,000 USIs have been assigned and for the first time, OSSE was able to provide auditors with accurate, up to date roster data for the annual enrollment audit in October 2010. Furthermore, the SLED also includes nine years of student-level enrollment and five years of DC Comprehensive Assessment System (DC CAS) data.

**Elements on this page of the Agency Summary include:**

**Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

**Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

**Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.

**Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018

**FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.

**6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.

**Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019

**Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).

**Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

**FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

**Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# GD0-SIS01-SINGLE STATE-WIDE STUDENT INFORMATION SYSTEM

**Agency:** STATE SUPERINTENDENT OF EDUCATION (OSSE) (GD0)  
**Implementing Agency:** STATE SUPERINTENDENT OF EDUCATION (OSSE) (GD0)  
**Project No:** SIS01  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** New  
**Useful Life of the Project:** 15  
**Estimated Full Funding Cost:**\$6,000,000

**Description:**

Build a single District-wide student information system that will be accessible by both charter schools and DCPS.

**Justification:**

DC STARS, The Student Information System in use by DCPS for many years, is no longer an acceptable IT application. DCPS as well as the DC Public Charter Schools, needs an upgraded Student Information System in order to accurately track student counts and academic achievement.

**Progress Assessment:**

NEW PROJECT.

**Related Projects:**

T2247C-DCPS DCSTARS HW UPGRADE, T2241C-STUDENT INFO

# (GF0) UNIVERSITY OF THE DISTRICT OF COLUMBIA

## **MISSION**

The University of the District of Columbia is an urban land grant institution of higher education with an open admissions policy offering certificate, associate, baccalaureate, and graduate/professional degrees. The University of the District of Columbia provides a quality liberal and practical education that prepares students for the future.

## **BACKGROUND**

UDC operates its programs in 10 buildings on its Van Ness campus located at 4200 Connecticut Avenue, totaling approximately 1.2 million square feet of space. The University also operates a main campus garage with approximately 730 parking spaces and a power plant containing three chillers and two boilers. The University facilities, in addition to the Van Ness Campus, include: the Bertie Backus site at 5171 South Dakota Avenue, NE; the PR Harris site at 4600 Livingston Road, SE; the 143.5-acre Muirkirk Farm in Beltsville, Maryland; the University Residence at 3250 Rittenhouse St. NE; and a hangar at National Airport. Nine of the ten buildings on the Van Ness Campus and the parking garage were built in the early 1970s.

## **CAPITAL PROGRAM OBJECTIVES**

1. Provide a healthy, safe, and appealing higher education environment where all facilities meet academic accreditation standards, comply with building codes and ADA requirements, and are equipped with advanced technology.
2. Develop financial support for campus capital improvements by meeting the university president's fundraising goals for gifts from individuals, corporations, and private foundations.

## **RECENT ACCOMPLISHMENTS**

- Renovation of Plaza Deck and Parking Garage at Van Ness Campus
- Renovation of Building 38 for School of Business and Public Administration
- Renovation of Building 52 for David A. Clarke School of Law
- Renovation of Campus Natatorium (Aquatics Center) Building 47
- Renovation of Building 39 Level 2 for Finance, Human Resources, and Procurement Offices
- Renovation of Student Services Center, Building 39 Level A
- Began construction of New Student Center at Van Ness Campus

# GF0-UG706-RENOVATION OF UNIVERSITY FACILITIES

**Agency:** UNIVERSITY OF THE DISTRICT OF COLUMBIA (GF0)  
**Implementing Agency:** UNIVERSITY OF THE DISTRICT OF COLUMBIA (GF0)  
**Project No:** UG706  
**Ward:**  
**Location:** 4100 CONNECTICUT AVE NW  
**Facility Name or Identifier:** UNIVERSITY OF THE DISTRICT OF COLUMBIA  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$207,118,000

## Description:

This project will renovate the Van Ness Campus and facilities at other locations within the University of the District of Columbia (UDC), including the University's Colleges of Arts and Sciences, Schools of Business and Public Administration, Engineering and Applied Science, and the Bertie Backus and PR Harris sites. The project will also involve construction of a new Student Center on the Van Ness Campus. The scope of work may include addressing much needed renovations to classrooms, academic laboratories, athletic facilities, auditoriums, faculty offices, book and material storage areas, and the law school clinic. The scope of work may also include required upgrades to the mechanical, electrical, and structural systems, including the installation of energy management and monitoring equipment, and new energy efficient windows throughout the Van Ness campus. The projects will be designed and constructed with enhancing campus sustainability as a primary objective.

Milestones include the following:

New Student Center (Construction Complete Dec 2014); Campus Wide Mechanical & Electrical Upgrade – (Phased Construction Complete FY 2018); Backus Site Development – (Existing Building Phased Construction Complete FY 2014; New Allied Health Buildings Complete FY 2018); PR Harris Site Development – (Phased Construction Complete - TBD); Renovation of Academic Labs – (Phased Construction Complete FY 2014); Campus Wide Window Replacement – (Phased Construction Complete FY 2015); Gymnasium Renovations & Addition – (Construction Complete FY 2015)

## Justification:

This project will provide urgently needed facility upgrades to university facilities throughout the District. This project aligns with SustainableDC Action: Built Environment 3.5.

## Progress Assessment:

The university completed several projects during FY 2012 including the Renovation of the Plaza Deck and Parking Garage, Renovation of Building 38 for the School of Business and Public Administration, Renovation of Building 52 for the David A Clarke School of Law, Renovation of the Campus Natatorium (Aquatics Center) in Building 47, Renovation of Building 39 Level 2 for the Finance, Human Resources, and Procurement Offices, and the Renovation of the Student Services Center in Building 39 Level A. The construction for the New Student Center is also underway.

## Related Projects:

# (GO0) SPECIAL EDUCATION TRANSPORTATION

## **MISSION**

Special Education Transportation, also known as the Office of the State Superintendent of Education Division of Student Transportation (OSSE DOT), supports learning opportunities by providing safe, on-time, and efficient transportation services to eligible District of Columbia students.

## **BACKGROUND**

The Division is primarily responsible for processing student transportation requests from Local Education Agencies (LEAs) throughout the region. The Division maintains a fleet of vehicles to transport students safely and reliably; operates four large bus terminals within the District of Columbia; and manages a Parent Call Center to provide support to external stakeholder groups including parents, school staff, and special education advocates.

The Division of Special Education Transportation is divided into four major departments:

- The Director's Office, which provides leadership, strategic guidance, routing and scheduling services, fiscal management, and technology support;
- Bus and Terminal Operations, which manages all bus drivers and bus attendants, and ensures smooth daily operations as it relates to buses leaving and returning to terminals;
- Fleet Maintenance, which manages all bus repair and preventative maintenance activities; and,
- Audit and Compliance, which manages all administrative and accident investigations.

## **SCOPE**

The Division of Student Transportation continues its vehicle replacement program for the bus fleet. Its goal is to reduce the average age of the fleet from 7 years to 5 years or younger by purchasing new buses and retiring the older buses.

## **CAPITAL PROGRAM OBJECTIVES**

### **Justification for Vehicle (Bus) Replacement**

At the end of FY 2013, the average age of the fleet will be 7 years. As the replacement program continues, the agency seeks to retire the oldest, most costly repaired units to achieve the goal of maintaining a healthy reliable fleet at 5 years of age or younger. The current bus fleet consists of 725 vehicles; of these vehicles, 385, or 53 percent, are 2006 models or older. Additionally, there are 216 model year 2006 buses. The 2006 model year is the most costly due to the poor engine design and repairs needed.

**Elements on this page of the Agency Summary include:**

**Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

**Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

**Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.

**Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018

**FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.

**6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.

**Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019

**Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).

**Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

**FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

**Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# ELC-BU0B2-SPECIAL ED. VEHICLE REPLACEMENT

**Agency:** SPECIAL EDUCATION TRANSPORTATION (GO0)  
**Implementing Agency:** EQUIPMENT LEASE - CAPITAL (ELC)  
**Project No:** BU0B2  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** BUSES  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 8  
**Estimated Full Funding Cost:** \$10,362,000

## Description:

The Office of the State Superintendent of Education (OSSE)'s Division of Transportation (DOT) current fleet of buses ranges in age from 3-15 years old. DOT seeks to sustain a replacement schedule of 8-year useful life for its fleet. Under this plan, DOT would replace 100 vehicles per year in 5 tranches spaced evenly throughout the year. This plan would allow DOT to replace each of their 800 vehicles every 8 years.

## Justification:

The useful life of a school bus is typically 8 years. Of OSSE DOT's current fleet of approximately 800 buses, 308 are over 8 years, and some are as old as 15 years. 186 have over 100,000 miles of use. These older buses also affect over-time payments to drivers and attendants and on-time statistics due to increased breakdowns on the road. The current cost to maintain these older vehicles is more than \$7.2M annually.

## Progress Assessment:

Ongoing project.

# (GW0) DEPARTMENT OF EDUCATION

## **Mission**

Office of Deputy Mayor for Education plans, coordinates, and supervises all public education and education-related policies and activities for the Mayor. This includes developing and supporting programs to improve the delivery of educational services and opportunities from early childhood to the post-secondary education level; innovating new programs and strategies for addressing the needs of children and families; and coordinating interagency initiatives targeted at supporting students and schools.

## **BACKGROUND/SCOPE**

Capital funds are needed to develop a statewide Student Information System (SIS). The SIS will consolidate information on public school students in a single, accessible, and uniform location. It would allow each education provider to input and use data as needed, while providing a centralized system for collecting and maintaining information. Most importantly, it would allow agencies and schools to easily share information. Presently, each LEA, OSSE, and the PCSB, run separate student information tracking systems. A single statewide SIS would make school budget formulation easier by providing a uniform foundation for projecting enrollment. It would also make it easier to track students across schools and LEAs, which would allow LEAs and agencies to better monitor student disciplinary actions, truancy, and even student health.

## **CAPITAL PROGRAM/PROJECT OBJECTIVES**

Objectives of the capital project would be to develop a SIS based on stakeholder input, test the SIS with LEAs, and roll-out the new system/troubleshoot during the implementation phase.

**Elements on this page of the Agency Summary include:**

- n **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). # (HA0) DEPARTMENT OF PARKS AND RECREATION

## MISSION

The Department of Parks and Recreation enhances the quality of life and wellness of DC residents and visitors by providing equal access to affordable and quality recreational services by organizing programs, activities and events, as well as by building and maintaining safe and beautiful open spaces and recreational amenities.

## SCOPE

The DPR manages and maintains 358 parks, including 69 recreation facilities, 78 playgrounds, 40 aquatic centers, and hundreds of play courts, athletic fields, and green spaces. The Department offers recreational athletic, educational, aquatic, environmental, nutritional services, senior, teen, therapeutic, and youth development programs.

## CAPITAL PROGRAM OBJECTIVES

1. Provide accessible, safe and nurturing environments to support high quality, outcomes-based recreational programming.
2. Provide sustainable indoor and outdoor recreational spaces.
3. Enhance customer experience by modernizing and maintaining existing facilities in excellent condition.
4. Align the capital budget to ensure funding of projects from planning and design, through construction.
5. Provide modern and efficient vehicle fleet to support programming.

## HIGHLIGHTS OF RECENT ACCOMPLISHMENTS

***New recreation centers:*** Completed 4 new or renovated recreation centers at Ft. Stanton Recreation Center, Park View Recreation Center, Raymond Recreation Center and Bald Eagle Recreation Center and Boxing Annex. Continued efforts to construct new recreation centers at Barry Farm Recreation and Aquatic Center, Friendship Recreation Center, and Ridge Road Recreation Center.

***Renovated playgrounds and parks:*** Established playground scorecard and evaluation process to determine capital enhancements. Launched PlayDC to replace 23 existing playgrounds across the District with modern, intergenerational play spaces focused on sustainability and accessibility.

***New community gardens:*** Installed new community gardens in all wards, including Park View Recreation Center, Palisades Recreation Center, Ft. Stevens Recreation Center, Harry Thomas Recreation Center, Lansburgh Park, Hillcrest Recreation Center, Ft. Greble, and Douglass Recreation Center

**Elements on this page of the Agency Summary include:**

**Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

**Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- 4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018
- 4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- 4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.
- 4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019
- 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).

**Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

**FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

**Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

## AM0-QE511-ADA COMPLIANCE

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** QE511  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VARIOUS  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$4,758,000

### Description:

DPR facilities were part of facility condition assessments in 2009. As part of each building assessment, an ADA checklist was developed. General improvements funds are being requested to ensure that the agency brings recreation facilities up to ADA compliance. It is the Department's mission to ensure that recreational opportunities are available to all residents, including those with physical challenges. This project will include, but not be limited to the following work in accordance with DPR's standards: (1) Examination of the existing conditions; (2) Construction document preparation; (3) Field inspections; and (4) Renovations/construction as needed to comply with ADA standards.

### Justification:

DPR needs to bring more facilities into compliance with the Americans with Disabilities Act, and make more centers accessible to all citizens of the District. Projects may include constructing additional ramps, expanding door ways where necessary, installing compliant signage, and ensuring accessible restrooms.

### Progress Assessment:

Funding for this project began in FY 2008. DPR has made significant improvements to the Ward 7 Therapeutic Center. All of DPR's polling sites were made accessible for the September 2010 primary election.

### Related Projects:

None.

# AM0-QN702-ATHLETIC FIELD AND PARK IMPROVEMENTS

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** QN702  
**Ward:**  
**Location:** DISTRICT WIDE  
**Facility Name or Identifier:** VARIOUS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 8  
**Estimated Full Funding Cost:** \$5,036,000

## Description:

Athletic fields, parks, playgrounds, and play courts around the District of Columbia are in need of major renovation and redevelopment. This project will allow DPR to make improvements to much of its inventory. [DPR will be able to standardize ball fields, redevelop athletic fields with new field surfaces, install new play ground equipment and resurface outdoor play courts across the District of Columbia. DPR will continue its efforts in lighting restoration to ensure improved security and maximum use of facilities.

## Justification:

Funding is needed to continually improve athletic fields, parks, and playgrounds across the District. These amenities are critical to DPR's mission to provide safe recreational opportunities for District residents. This project aligns with SustainableDC Action: Health and Wellness 1.1.

## Progress Assessment:

Since FY2008, DPR has made significant improvements to its athletic field inventory across the District. DPR has also focused on refurbishing new park, play court, and playground amenities to bring safe recreational environments to our residents.

## Related Projects:

Athletic Field and Park Improvements are on-going.

# AM0-QS541-BARRY FARM RECREATION CENTER

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** QS541  
**Ward:** 8  
**Location:** 1230 SUMNER ROAD, SE  
**Facility Name or Identifier:** BARRY FARM RECREATION CENTER  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$7,700,000

## Description:

This project will coincide with the New Communities development at Barry Farm. The new recreation center will help expand the recreational, leisure, and education opportunities for residents because the existing facility is not meeting the needs of the community. The design for this new facility includes multi-purpose rooms, a fitness room, a senior room, and a computer lab. Exterior elements include a new athletic field, indoor swimming pool, and playground.

## Justification:

The community currently lacks the recreational and educational amenities needed to serve its population, which is why this project is necessary. This project aligns with Sustainable DC Action: Health and Wellness 1.1.

## Progress Assessment:

The construction phase of the project will begin in spring 2013.

## Related Projects:

None.

# AM0-QM8DC-DOUGLAS COMMUNITY CENTER

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** QM8DC  
**Ward:** 8  
**Location:** 1898 STANTON TERRACE SE  
**Facility Name or Identifier:** DOUGLAS COMMUNITY CENTER  
**Status:** Developing scope of work  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$1,000,000

**Description:**

This project consists of initial site planning and conceptual design for future upgrades to the community center facility and property.

**Justification:**

The recreation center is not open year-round, but is located adjacent to the recently modernized Leckie Elementary School. Students from the school use the recreation center and the playing fields and courts. Improvements are needed in order to encourage better use of the facility and the grounds.

**Progress Assessment:**

New project.

# AM0-QD738-FORT DUPONT ICE ARENA REPLACEMENT

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** QD738  
**Ward:** 7  
**Location:** 3779 ELY PLACE SE  
**Facility Name or Identifier:** FORT DUPONT ICE ARENA  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$21,125,000

## Description:

This project will fund design development and construction for the modernization and possible expansion of the Fort Dupont Ice Arena in Ward 7. The Friends of Fort Dupont Ice Arena will raise private donations to assist the project funding.

## Justification:

The existing ice arena was constructed in 1976 as a temporary facility celebrating the American Bicentennial. It is a heavily used recreational facility but is beyond its useful life.

## Progress Assessment:

In 2010 the National Park Service transferred property in Fort Dupont Park to the District of Columbia. A portion of the property serves as the location of the Baseball Academy to be constructed by the Washington Convention and Sports Authority (Events DC) and the Washington Nationals Foundation. The Fort Dupont Ice Arena is on the remaining portion of the property along with a shared surface parking lot.

# AM0-Q10FG-FORT GREBLE RECREATION CENTER

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** Q10FG  
**Ward:** 8  
**Location:** 299 ELMIRA STREET SW  
**Facility Name or Identifier:** FORT GREBLE RECREATION CENTER  
**Status:** Developing scope of work  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$1,000,000

**Description:**

Fort Greble Recreation Center is located adjacent to Leckie Elementary School. The center is not open year-round at the present time, although students and residents use the playing field and courts. This project involves a strategic land use and site plan, along with conceptual designs for the future rehabilitation of the recreation center.

**Justification:**

The center is underutilized because of its age and condition. This study will examine alternative approaches for modernization.

**Progress Assessment:**

TBD

**Related Projects:**

None

# AM0-QM8FT-FORT STEVENS RECREATION CENTER

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** QM8FT  
**Ward:** 4  
**Location:** 1327 VAN BUREN ST. NW  
**Facility Name or Identifier:** FORT STEVENS RECREATION CENTER  
**Status:** Developing scope of work  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$1,000,000

**Description:**

The recreation and senior center at Fort Stevens are in need of stabilization. Funds will be used on small capital projects to stabilize and upgrade the facility. Conceptual design studies will be undertaken to determine what, if any, additional improvements are necessary.

**Justification:**

This recreation center is heavily used and is in need of capital improvements in order to sustain the level of use and activity.

**Progress Assessment:**

New project.

# AM0-QN751-FRANKLIN SQUARE PARK

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** QN751  
**Ward:** 2  
**Location:** 950 13TH STREET NW  
**Facility Name or Identifier:** FRANKLIN SQUARE PARK  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$800,000

**Description:**

This project supports planning and design for renovations at Franklin Square Park, a National Park Service property.

**Justification:**

Planning and conceptual design for renovations to the park will be considered for future federal funding that will serve to provide an enhanced park experience and increase property values of nearby commercial property. This project aligns with SustainableDC Action: Health and Wellness 1.1.

**Progress Assessment:**

New Project.

# AM0-QJ801-FRIENDSHIP PARK

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** QJ801  
**Ward:** 3  
**Location:** 4500 VAN NESS STREET NW  
**Facility Name or Identifier:** FRIENDSHIP PARK  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$5,500,000

## Description:

This project involves a design and construction of a new recreation center to expand and enhance program offerings. The new facility will include greater community utilization, greater access to restrooms, storage space for sporting equipment, and the ability to plan and offer supervised, managed increased programming for residents of all ages.

## Justification:

This project is necessary because the existing facility does not meet the needs of the surrounding community. This project aligns with Sustainable DC Action: Health and Wellness 1.1.

## Progress Assessment:

This project has not started as of yet.

## AM0-RG001-GENERAL IMPROVEMENTS - DPR

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** RG001  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VARIOUS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$16,624,000

### Description:

The General Improvements project ensures monies are available to address projects as they are identified, especially emergencies and unmet needs. This project includes urgent renovations to parks and recreation centers, replacement of water fountains, and major repairs, renovation, and installation of new heating, ventilating, and air conditioning (HVAC) systems at various DC Department of Parks and Recreation (DPR) facilities across the city. The project also addresses major repairs, renovation, and replacement of roofing systems at various DPR facilities across the city. Many DPR facilities have experienced major roof leakage indicating that their roofs are beyond repair and require replacement. This project ensures funding is available to remediate deteriorated landscape and protect resources from the damaging effects of storm water runoff. Also, DPR needs to bring more facilities into compliance with the Americans with Disabilities Act, and make more centers accessible to all citizens of the District by constructing additional ramps and expanding doorways where necessary.

### Justification:

General improvement projects address conditions considered significant enough to require substantial capital improvement. These projects result in enhanced aesthetics and improved safety for District taxpayers. General Improvements spending on parks and recreation centers is consistent with the Agency's objective to preserve and enhance the District's public open spaces, athletic fields, and landscaped parks as well as making sound investments in DPR's facility inventory.

### Progress Assessment:

General Improvements are ongoing.

### Related Projects:

# AM0-QI237-MARVIN GAYE RECREATION CENTER

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** QI237  
**Ward:** 7  
**Location:** 6201 BANKS PLACE NE  
**Facility Name or Identifier:** MARVIN GAYE RECREATION CENTER  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$14,290,000

**Description:**

Formerly known as the Watts Branch Recreation Center, the Marvin Gaye Recreation Center is an old building consisting of a small kitchen and multi-purpose room. These amenities do not adequately serve the needs of the public, and DPR will use the funding available to build a new facility to better meet the needs of this community.

**Justification:**

The existing facility is small and old.

**Progress Assessment:**

The project is progressing as planned.

**Related Projects:**

None.

# AM0-QN7MM-METRO MEMORIAL PARK

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** QN7MM  
**Ward:** 4  
**Location:** 1ST STREET & NEW HAMPSHIRE, NE  
**Facility Name or Identifier:** METRO MEMORIAL  
**Status:** Developing scope of work  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$1,621,000

**Description:**

The memorial is intended to honor the remembrance of the nine victims, first respondents, and others whose lives were altered by the 2009 D.C. Metrorail Red Line train collision. The selected artist, landscape architect, or design team will work in collaboration with the District Department of General Services (DGS) to install all artistic elements of the permanent memorial park.

**Justification:**

The memorial park should allow for meditation, remembrance, reflection, hope, and renewal. Accommodations are inclusive of an entrance marker, public artwork, seating, play area, pedestrian walkway, landscaping, and solar lighting, along with other environmentally sustainable features.

**Progress Assessment:**

New Project.

**Related Projects:**

None.

# AM0-QM802-NOMA PARKS & REC CENTERS

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** QM802  
**Ward:** 6  
**Location:** NOMA  
**Facility Name or Identifier:** NOMA PARKS  
**Status:** New  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$50,000,000

## Description:

The Department of Parks and Recreation (DPR) intends to improve the recreational and educational opportunities for residents of the NoMa neighborhood by acquiring property and developing public parks and recreational/civic spaces for ownership by the District of Columbia.

## Justification:

The NoMa BID hired AECOM to prepare a Public Realm Design Plan. The plan calls for a system of connected, flexible open spaces with a variety of amenities that would better serve the community. This project aligns with Sustainable DC Action: Health and Wellness 1.1.

## Progress Assessment:

This project is on-going.

# AM0-QM8PR-PALISADES RECREATION CENTER

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** QM8PR  
**Ward:** 3  
**Location:** 5200 SHERIER PL NW  
**Facility Name or Identifier:** PALISADES RECREATION CENTER  
**Status:** Developing scope of work  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$9,500,000

**Description:**

Funds will be used to design and implement renovations at the Palisades Recreation Center. The project will focus on ADA improvements and upgrades to the facility to better meet program needs.

**Justification:**

DPR has spent approximately \$3 million on improvements to the playing fields, roads, and sidewalks at Palisades Recreation Center. The field house has not been rehabilitated in many years or made compliant with ADA requirements.

**Progress Assessment:**

New project.

**Related Projects:**

None

# AM0-QN750-PARK IMPROVEMENTS

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** QN750  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VARIOUS LOCATIONS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:**\$34,134,000

**Description:**

This project will allow DPR to improve playgrounds and parks across the District, as designated by the DC Council. The selected sites include: Banneker, Harrison, Kennedy, Rose Park, Forest Hills, Key Elementary, Newark, Palisades, Macomb, Emery, Ft Stevens, Upshur, Park, Hamilton, Takoma, Brentwood, Harry Thomas, Turkey Thicket, Randall, Pope Branch, Benning Park, Hillcrest, Congress Heights, Douglass, Ft. Greble, and Oxon Run. DPR will use a playground scorecard and demographic data to prioritize new parks and playgrounds for improvements.

**Justification:**

Many playgrounds suffer from deferred maintenance and require replacement of outdated equipment. The new playgrounds will all be ADA compliant. This project aligns with SustainableDC Action: Health and Wellness 1.1.

**Progress Assessment:**

On-going projects.

# AM0-QN7SW-SHERWOOD PLAYGROUND

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** QN7SW  
**Ward:** 6  
**Location:** 650 10TH STREET, NE  
**Facility Name or Identifier:** SHERWOOD PLAYGROUND  
**Status:** New  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$500,000

**Description:**

Design and build a new play space at Sherwood Recreation Center. The new play space will include play areas for the community and adjacent school, a community garden, and site furniture and amenities.

**Justification:**

There has been an increase in the number of small children in the Sherwood neighborhood and community has expressed overwhelming support for a playground facility.

**Progress Assessment:**

New project.

**Related Projects:**

New project.

## AM0-QN7SP-STEAD PARK

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** QN7SP  
**Ward:** 2  
**Location:** 1625 P STREET NW  
**Facility Name or Identifier:** STEAD PARK  
**Status:** Developing scope of work  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$1,600,000

### Description:

Stead Park is a 1.5-acre municipal park located in the Dupont Circle neighborhood of Northwest Washington, D.C.. Among its facilities are Stead Recreation Center, located at 1625 P Street NW; a lighted basketball court; an athletic field with a 60-foot baseball diamond; and a playground. Public events such as Summer Movie Mania, an outdoor screening sponsored by the city's government, are held at the park. Stead Park is also used as a practice field by the Washington Renegades RFC, the first rugby union club in the United States to recruit gay men and men of color. This project continues the modernization of Stead Park, including fields and improvements to the existing field house.

### Justification:

The Friends of Stead Park have hired a landscape architecture firm and have detailed plans for a redesigned park.

### Progress Assessment:

This is a new project.

### Related Projects:

None.

# AM0-RG006-SWIMMING POOL REPLACEMENT

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** RG006  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VARIOUS  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$12,529,000

## Description:

The Department of Parks and Recreation operates 9 indoor aquatic centers, 18 outdoor pools, 5 children's pools, and 8 splash parks. DPR's aquatic inventory and aging and annual resources are needed to ensure our swimming facilities are a safe and enjoyable experience for District residents.

## Justification:

DPR's swimming pools are aging and in need of major renovation and replacement. This project aligns with SustainableDC Action: Health and Wellness 1.1.

## Progress Assessment:

DPR is continually working on its indoor and outdoor inventory of swimming pools and splash parks to serve District residents. Summer readiness for FY 2013 is underway and plans have already started for FY 2014.

# AM0-URA37-URBAN AGRICULTURE

**Agency:** DEPARTMENT OF PARKS AND RECREATION (HA0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** URA37  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** AGRICULTURE  
**Status:** New  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:**\$500

**Description:**

The Urban Agriculture project will expand opportunities for urban agriculture by constructing an urban farm, new community gardens, and edible landscapes at sites across the District. DPR recently received a grant through Sustainable DC and will use funds to further implement urban agriculture priorities.

**Justification:**

This project aligns with One City Action Plan Item 3.4.1, which calls on DPR to work with its sister agencies to ensure District residents have access to locally grown foods.

**Progress Assessment:**

New project.

# (HT0) DEPARTMENT OF HEALTH CARE FINANCE

## **MISSION**

The Department of Health Care Finance improves health outcomes for residents of the District of Columbia by providing access to a comprehensive and cost-effective array of quality health care services.

## **CAPITAL PROGRAM OBJECTIVES**

### **Medicaid Management Information System (MMIS)**

The Centers for Medicare and Medicaid Services (CMS) requires each Medicaid state and the District to maintain and operate a Medicaid Management Information System (MMIS). The MMIS serves as the District's Medicaid claims processing engine and supports DHCF staff in their day-to-day duties. CMS requires that the system technology be refreshed every 5 years to ensure it is up to date and contracts are completed openly. To remain compliant with CMS, the District must begin procuring a new MMIS.

### **Medicaid Data Warehouse (MDW)**

One of the comments made by CMS during the MMIS certification exit conference was that the District was one of the few states that lacked a Medicaid data warehouse. Utilizing a data warehouse for data analysis and trending would greatly improve the District's ability to manage the Medicaid program. In order to facilitate more efficient Medicaid program administration and support intelligent decision-making, DHCF needs a Medicaid Data Warehouse (MDW) to provide easy access to Medicaid program data from the Medicaid Management Information System (MMIS) through the use of analytical reporting tools.

### **United Medical Center**

Assist the Mayor, Council, and consultant team in evaluation of the operational and facility needs of United Medical Center.

**Elements on this page of the Agency Summary include:**

- n **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- n **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - 4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018
  - 4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - 4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.
  - 4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019
  - 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).
- n **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact
- n **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.
- n **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# HT0-UMC01-UNITED MEDICAL CENTER FACILITY

**Agency:** DEPARTMENT OF HEALTH CARE FINANCE (HT0)  
**Implementing Agency:** DEPARTMENT OF HEALTH CARE FINANCE (HT0)  
**Project No:** UMC01  
**Ward:** 8  
**Location:** 1310 SOUTHERN AVENUE  
**Facility Name or Identifier:** UNITED MEDICAL CENTER  
**Status:** New  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$20,000,000

**Description:**

This project will evaluate the needs of the United Medical Center (UMC) facility, and then proceed with the necessary construction to ensure that the facility is sufficient to meet the needs of the District and the patients served in this hospital.

**Justification:**

UMC is a full-service hospital serving the Southeast DC community. This project will ensure that the needs of patients served in the hospital are met.

**Progress Assessment:**

New project.

# (JA0) DEPARTMENT OF HUMAN SERVICES

## **MISSION**

The mission of the Department of Human Services (DHS) is to work in collaboration with the community to assist low-income individuals and families to maximize their potential for economic security and self-sufficiency.

## **BACKGROUND**

The District is using the opportunity to meet the regulations of the federal Affordable Care Act of 2010 (ACA) to modernize the existing enrollment and eligibility systems implemented in 1993. The combination of enhanced federal financial participation and the waiving of specific cost requirements presents an unprecedented opportunity for the District to replace our 20-year-old public benefit eligibility system; realize the District's vision for an integrated health and human services case management system; and meet the deadlines required by ACA. The DC Access System (DCAS) will establish a single gateway connecting District residents to health and human services benefits across multiple government agencies.

Part of the modernization effort also includes updating the Printing and Mailing Processing System to ensure compliance with federal regulations governing timely notification of benefits. The printing system currently used for printing over 1 million multi-layer notices will be upgraded in accordance with both federal and *Salazar v. District of Columbia* mandates.

## **CAPITAL PROGRAM OBJECTIVES**

Build a new Health Care and Human Services Solution to:

- Ensure that every District resident has access to affordable health coverage and eligible public benefits;
- Create a seamless customer service experience for all health and human services consumers;
- Establish policies, processes, and capabilities that improve governance by DC agencies;
- Transform Medicaid eligibility and enrollment for all beneficiaries;
- Transform other public programs and services, including TANF, SNAP, Homeless Services, etc.; and
- Create an Integrated System of Care (Case Management).

## **RECENT ACCOMPLISHMENTS**

DCAS is a joint project amongst DHS, the Department of Health Care Finance (DHCF), the Health Benefit Exchange Authority (HBX), the Department of Insurance Securities and Banking (DISB), and the Office of the Chief Technology Officer (OCTO). Jointly, the agencies have:

- Supported formation of the new quasi-governmental organization, Health Benefit Exchange Authority;
- Awarded a \$49 million dollar contract in January 2013 for a system integrator, InfoSys, to implement the Affordable Care Act mandates of the system by October 1, 2013;
- Procured IBM-Curam and Connecture commercial-off-the-shelf (COTS) software to meet DCAS objectives;
- Formed multiple public workgroups that include insurance brokers, navigators and assistors to prepare these professionals to help District residents and employers during the ACA October 1, 2013 open enrollment season;
- Dedicated over 25 government staff to help prepare DHS and DHCF implement DCAS;

**Elements on this page of the Agency Summary include:**

- n **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- n **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - 4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018
  - 4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - 4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.
  - 4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019
  - 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).
- n **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact
- n **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.
- n **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# JA0-CMSS1-CASE MANAGEMENT SYSTEM - GO BOND

**Agency:** DEPARTMENT OF HUMAN SERVICES (JA0)  
**Implementing Agency:** DEPARTMENT OF HUMAN SERVICES (JA0)  
**Project No:** CMSS1  
**Ward:**  
**Location:** DISTRICT -WIDE  
**Facility Name or Identifier:** N/A  
**Status:** Under design  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:**\$18,162,159

## Description:

The new project will marry the Health Insurance Exchange (HIX) and DC Consumer Access Reporting and Eligibility System (DC Cares). The HIX and DC CARES will enable District customers to use online and call center services to apply for and enroll in Medicaid, TANF, Food Stamps, and other federal and local health and human services programs. DHS and DHCF will be able to manage customers' multiple programs with the consolidated case management functionality that will also be implemented as part of this project.

## Justification:

Pursuant to the Affordable Care act of 2010 (ACA), the District is required to have a robust web-based eligibility system by October 1, 2013. Consequently, this project will integrate the Health Insurance Exchange with the existing case management system, allowing District customers to use online and call center services to apply for and enroll in Medicaid, TANF, Food Stamps, and other federal and local health and human services programs. District citizens and families that find themselves in need of support or help are often the least able to help themselves negotiate the maze of agencies to find and enroll in the appropriate programs. They are often required to travel between several offices and provide a variety of documents to prove their eligibility for services. An integrated approach would allow a citizen to find out about the available District and federal resources available to them through a wide variety of programs and providers. Multiple agencies throughout the District serve the same families, children and adults, often at the same time through separately maintained systems and infrastructures. This approach will simplify the process.

## Progress Assessment:

The project is progressing as planned.

# (JZ0) DEPART OF YOUTH REHABILITATION SERVICES

## **MISSION**

DC Department of Youth Rehabilitation Services (DYRS) improves public safety and gives court-involved youth the opportunity to become more productive citizens by building on the strengths of youth and their families in the least restrictive, most homelike environment consistent with public safety.

## **SCOPE**

DYRS is the juvenile justice agency for the District and is responsible for the supervision, confinement, treatment, and support services for court-involved youth.

The Department is responsible for the supervision, custody, and care of young people charged with a delinquent act in the District in one of the following circumstances:

- Detained in a DYRS facility while awaiting adjudication.
- Committed to DYRS by a DC Family Court judge following adjudication.

## **RECENT ACCOMPLISHMENTS**

### **New Beginnings Youth Development Center**

- Designed, procured, and implemented a Personal Alarm Duress System (PADS) campus-wide;
- Replaced and upgraded housing unit patio walls to detention-grade HM frames, doors, and hardware;
- Replaced and upgraded two gym doors to a detention-grade frame, door and hardware; and,
- Replaced and upgraded double door from Administration to Culinary to a detention-grade frame, door, and hardware.

### **Youth Services Center (YSC)**

- Designed and installed a new retaining wall grade-beam system to stabilize the retaining wall structure and water leakage to the adjacent new housing development; and,
- Engaged a security consultant to evaluate YSC's surveillance system and make proven net recommendations (in progress and ongoing).

**Elements on this page of the Agency Summary include:**

- n **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

# AM0-SH734-BACKUP GENERATOR

**Agency:** DEPART OF YOUTH REHABILITATION SERVICES (JZ0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** SH734  
**Ward:**  
**Location:** 8400 RIVER ROAD, LAUREL, MD  
**Facility Name or Identifier:** OAK HILL  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 15  
**Estimated Full Funding Cost:** \$1,000,000

## Description:

New Beginnings is a 24/7 secure residential facility that requires power at all times. Presently, the housing units, culinary, and educational areas of the facility are connected to a single backup generator. However, the single generator does not have the capacity to support connection of the administration building and key administrative support functions. The requested action is necessary in order to avoid the loss of power during outages caused by natural occurrences which directly impacts on critical service delivery to youth and staff including Human Resources, Procurement and other key administrative support functions of the agency. Further, the additional generator will provide backup to the existing generator should it fail; thereby assuring continued power to total operations with no impact on resident life and key support functions. DYRS has identified this item as essential, in its Emergency Continuation of Operations Plan (COOP); a high priority for the agency.

## Justification:

The cost to connect the administrative functions alone without redundant protection would be \$250,000. Without this project, the only alternative is to instruct staff to telecommute during extended power outages and/or temporarily relocate staff to an alternative worksite

# AM0-SH737-HVAC REPLACEMENT

**Agency:** DEPART OF YOUTH REHABILITATION SERVICES (JZ0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** SH737  
**Ward:** 5  
**Location:** 1000 MT. OLIVET ROAD NE,  
**Facility Name or Identifier:** YOUTH SERVICES CENTER  
**Status:** New  
**Useful Life of the Project:** 15  
**Estimated Full Funding Cost:**\$250,000

**Description:**

The AC system at the Youth Services Center is to be replaced, to include chillers and condensers.

**Justification:**

The existing AC system often fails at temperatures above 95. Each year DYRS replaces 4 – 5 of 12 compressors due to failure. Replacing the AC system will ensure that the quality of life for youth residents is not impacted during high degree weather conditions.

**Progress Assessment:**

N/A

# AM0-SH736-MT. OLIVET FACILITY

**Agency:** DEPART OF YOUTH REHABILITATION SERVICES (JZ0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** SH736  
**Ward:** 5  
**Location:** 1000 MT. OLIVET ROAD NE  
**Facility Name or Identifier:** YOUTH SERVICES CENTER  
**Status:** New  
**Useful Life of the Project:** 15  
**Estimated Full Funding Cost:** \$200,000

**Description:**

Roof replacement is necessary at the Youth Services Center (YSC) due to noticeable water and moisture getting into the facility during periods of rain and snow.

**Justification:**

Water damage can result in physical plant damage and may also result in harmful mold forming in the walls, thus compromising the quality of life for staff and youth.

**Progress Assessment:**

This is a new project.

# AM0-SH735-RIVER ROAD ENTRANCE

**Agency:** DEPART OF YOUTH REHABILITATION SERVICES (JZ0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** SH735  
**Ward:**  
**Location:** 8400 RIVER ROAD, LAUREL, MD  
**Facility Name or Identifier:** OAK HILL  
**Status:** New  
**Useful Life of the Project:** 15  
**Estimated Full Funding Cost:**\$500,000

**Description:**

Construct a Gatehouse at the River Road entrance to New Beginnings with electrical gates and full connectivity to the existing security system at the main facility. The existing “small box” of a gatehouse is inadequate, as are the current manual methods of operations at this critical entry post. The gatehouse should be constructed with appropriate space, electricity, ac/heating, restroom, lighting, monitors and connectivity to the New Beginnings central control unit for continuous surveillance. Staff should have the ability to open/close the electronic gate from inside the gatehouse. As well, the central control center should have the ability to operate the electronic gate. Additionally, the immediate area around the gatehouse should be landscaped and designed to provide an appropriate curbside appeal.

**Justification:**

Failure to make improvements at this critical access point, compromises the safety and security of youth and staff at New Beginnings, due to increased general public access to the campus. Additionally, the current “small box” of a gatehouse does not provide working conditions in compliance with relevant Building and Accessibility Codes.

**Progress Assessment:**

N/A.

# (KA0) DEPARTMENT OF TRANSPORTATION

## **MISSION**

The District Department of Transportation (DDOT)'s mission is to enhance the quality of life for District residents and visitors by ensuring that people, goods, and information move efficiently and safely, with minimal adverse impact on residents and the environment.

DDOT manages and maintains transportation infrastructure in the following ways:

- Plans, designs, constructs, and maintains the District's streets, alleys, curbs, sidewalks, bridges, traffic signals, street lights, tunnels, public spaces, and trees on public spaces including along streets and in parkland and schoolyards;
- Manages and makes improvements to the street system to facilitate traffic flow through the District of Columbia;
- Manages, with the Department of Public Works, the removal of snow and ice from the streets; and,
- Coordinates the District's mass transit services, including the reduced-fare program for students using MetroBus and MetroRail.

## **BACKGROUND**

DDOT oversees 1,100 miles of roads; 217 highway bridges, 16 pedestrian bridges, 16 tunnels and underpasses; 80,000 street, alley, bridge, tunnel, and navigation lights; 17,500 metered spaces (approximately 14,000 single-space meters and 607 multi-space meters); 250,000 intersections; School Zones; 56 miles of bike lanes; 130,000 street trees; and 1,680 signalized intersections. Additionally, DDOT has responsibility for the District's bicycle and pedestrian facilities, traffic and pedestrian safety, and managing the District's public space and rights-of-way.

## **CAPITAL PROGRAM OBJECTIVES**

1. Maintain and enhance the District's transportation infrastructure (roads, bridges, tunnels transit system, signage, and sidewalks) and streetscapes.
2. Increase non-vehicular transportation modes to meet the mobility and economic development needs of the District.
3. Improve the safety of pedestrians, cyclists, and drivers throughout the District.

**Elements on this page of the Agency Summary include:**

**Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

**Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- 4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018
- 4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- 4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.
- 4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019
- 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).

**Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

**FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

**Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# KA0-PM0MT-ADMINISTRATIVE COST TRANSFER

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** PM0MT  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** LOCAL STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$2,240,000

## Description:

This cost transfer project shall be used to collect indirect non-personnel project costs that may be eligible for federal reimbursement through indirect or additive rates, such as material testing, Davis-Bacon, and manual costs. This project will be allocated budget authority for contractual services. However, all expenditures posted to this cost transfer project during a fiscal year shall be reallocated to active projects based on approved indirect and additive rates, reallocated to local transportation projects, reallocated to the operating budget, or otherwise removed from this project by the end of that fiscal year.

## Justification:

The project is needed to collect and obtain federal reimbursement indirect project costs.

## Progress Assessment:

N/A

## Related Projects:

Indirect labor for any federal-aid project may be charged to PM0MTC.

# KA0-PM304-ADVANCED DESIGN AND PLANNING

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** PM304  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** LOCAL STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$9,505,000

**Description:**

This project funds livability studies, planning, and design and construction for low cost initiatives to improve the operation of the District's transportation infrastructure.

**Justification:**

This project maximizes District funding by identifying and implementing low cost improvements to transportation infrastructure.

**Progress Assessment:**

Projects underway include livability studies in Rock Creek West, Far Northeast, and Far Southeast.

**Related Projects:**

# KA0-CE310-ALLEY MAINTENANCE

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** CE310  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** LOCAL STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:**\$61,328,000

**Description:**

The Alley maintenance project provides labor, equipment, and materials necessary to rehabilitate, reconstruct, and repair alleys throughout the District. This includes preventive maintenance activities such as crack sealing, pothole repair, asphalt deep patching, asphalt overlay, and brick patching and replacement.

**Justification:**

The project is necessary to prevent extensive deterioration of the District’s alleys. The project is urgent in that it provides cost savings by providing proper and timely maintenance. District taxpayers benefit from alleys that are in a state of good repair. This project aligns with SustainableDC Action: Water 2.4.

**Progress Assessment:**

This project is ongoing.

# KA0-CE307-BRIDGE MAINTENANCE

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** CE307  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** LOCAL STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$11,425,000

## Description:

The Bridge Reconstruction and Rehabilitation program helps ensure safe and efficient use of the city's bridges and structures. This project includes various activities that extend the useful life of the District's bridges, including joint replacement and sealing, surface rehabilitation, and localized reconstruction.

## Justification:

The project is necessary to prevent extensive deterioration of the District's bridges. The project is urgent in that it helps reduce the major capital costs that would be incurred if the assets are not maintained. District taxpayers benefit from safe and improved bridges.

## Progress Assessment:

This project is ongoing, and includes joint replacement and sealing, surface rehabilitation, and localized reconstruction.

## Related Projects:

Related projects are the federally funded projects or locally funded resurfacing or reconstruction projects.

# KA0-BEE00-BUS EFFICIENCY ENHANCEMENTS

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** BEE00  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** BUSES  
**Status:** New  
**Useful Life of the Project:** 15  
**Estimated Full Funding Cost:**\$750,000

**Description:**

Project funds will be used to improve bus service, support the implementation of unfunded recommendations in WMATA Bus Line Studies and WMATA Service Evaluations and other investments determined by the Mayor to enhance bus transit operational efficiency and customer service within the District of Columbia.

**Justification:**

Bus efficiency enhancements will make trips by bus faster, which encourages more residents to take public transportation. The faster buses can travel, the fewer vehicles and drivers are needed along a route to maintain the same level of service, which saves the District money. WMATA has concluded that improving six bus corridors in the District would save the District \$5,800,000 annually. This project supplements and replaces the Sustainable Transportation Fund.

# KA0-CIR14-CIRCULATOR BUSES

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** CIR14  
**Ward:**  
**Location:** VARIOUS  
**Facility Name or Identifier:** BUSES  
**Status:** New  
**Useful Life of the Project:**  
**Estimated Full Funding Cost:**\$4,725,000

**Description:**

This project will fund the purchase of Circulator buses needed for the following service expansions:

- (a) Extend the Rosslyn/Georgetown/Dupont Line to serve Adams Morgan, U Street, Shaw and Howard University.
- (b) Extend the Union Station/Georgetown Line to the National Cathedral.
- (c) Extend the Union Station/Navy Yard Line to the Southwest Waterfront.

**Justification:**

DDOT projects that extending the Rosslyn/Georgetown/Dupont Circle Circulator line to Adams Morgan, U Street, Howard University, and Shaw would attract more than 500,000 new passengers to the Circulator. A large number of Georgetown University employees live in Shaw. The Union Station/Georgetown line extension to the National Cathedral is on DDOT's priority list. It would make one of the District's most popular tourist attractions more accessible. It would also provide additional bus service along a dense residential and commercial corridor that is not served by Metrorail. Extending the Union Station / Navy Yard route one mile to the Southwest Waterfront Metro station would connect two rapidly developing neighborhoods and link the Waterfront with Metrorail's Red Line.

**Progress Assessment:**

# KA0-CIRFL-CIRCULATOR FLEET REHAB

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** CIRFL  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** BUSES  
**Status:** New  
**Useful Life of the Project:** 8  
**Estimated Full Funding Cost:**\$10,347,000

**Description:**

This project is for the refurbishment of the District's Circulator buses.

**Justification:**

The District like othe area governments, runs its own local bus service. The Circulator buses are in need of refurbishment so that they can continue to provide reliable service to customers. This project aligns with SustainableDC Actions: Transportation 1.2.

**Progress Assessment:**

This a new project.

# KA0-CAL16-CURB AND SIDEWALK REHAB

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** CAL16  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** LOCAL STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$22,900,000

## Description:

This project is the upgrade of intersections and sidewalks for ADA compliance. It includes an inventory of locations for upgrade, an assessment of upgrades necessary, and construction.

## Justification:

The District is mandated to ensure its sidewalks and intersections meet ADA regulations. Based on a preliminary analysis, not all sites within the District are ADA compliant.

## Progress Assessment:

This project is progressing as planned. It is an on-going project that occurs annually.

## Related Projects:

Related projects are the federally funded projects or locally funded resurfacing or reconstruction projects.

# KA0-6EQ01-EQUIPMENT ACQUISITION - DDOT

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** 6EQ01  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** EQUIPMENT  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:** \$15,850,000

## Description:

This project replaces DDOT vehicles and equipment that is at the end of its useful life. This equipment includes vehicles for the snow removal program, single and multi-space parking meters, passenger vehicles, and other equipment for the maintenance of roads and bridges and the care of trees. The purchase of snow equipment will help ensure that DDOT can meet the Mayor's standards for snow removal. Parking meters, especially multi-space meters, help ensure that parking fees are collected. The project can help reduce operating costs when older fleet vehicles are replaced with newer ones that are more fuel efficient and require less maintenance.

## Justification:

This project is necessary to provide for vehicles that remove snow from streets, to replace broken parking meters, and to provide replacement vehicles. The DDOT fleet replacement plan helps ensure that vehicles are operational and to reduce maintenance costs (including fuel) as much as possible.

## Progress Assessment:

The project is progressing as planned. Snow equipment and vehicles, parking meters, and other equipment are purchases according to replacement plans.

## ELC-6EQ02-EQUIPMENT ACQUISITION - DDOT

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** EQUIPMENT LEASE - CAPITAL (ELC)  
**Project No:** 6EQ02  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** EQUIPMENT  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:** \$13,288,000

### Description:

Through this project, DDOT will purchase vehicles to support the snow removal program as well as single-space meters, multi-space meters, passenger vehicles, and other equipment. The purchase of snow equipment will help ensure that DDOT can meet the Mayor's standards for snow removal. Parking meters, especially multi-space meters, help ensure that revenue owed to the District is collected. Funds are also used to replace older fleet vehicles with new ones that are more fuel efficient and require less maintenance.

### Justification:

This project is necessary to provide for vehicles that remove snow from streets, to replace broken parking meters, and to provide replacement vehicles. The DDOT fleet replacement plan helps ensure that vehicles are operational and to reduce maintenance costs (including fuel) as much as possible.

### Progress Assessment:

The project is progressing as planned. Snow equipment and vehicles, parking meters, and other equipment are purchases according to replacement plans.

# KA0-CE302-EQUIPMENT MAINTENENCE

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** CE302  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** EQUIPMENT  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$69,243,000

## Description:

Through this project, equipment is purchased that helps prevent extensive deterioration to the District's transportation infrastructure. Equipment purchased, but not limited to include roadway pavers, asphalt rollers, and service vehicles. Additionally, this project provides for the purchase of roadway materials such as asphalt and pavement markings.

## Justification:

The project is necessary for the purchase of equipment that helps extend the useful life of transportation infrastructure which reduces damage to sidewalks, alleys, and bridges. The project is urgent because it helps provide costs savings for the District. District taxpayers benefit from safe and improve alleys, sidewalks, and bridges. The project began in 2003 to help maintain the transportation assets.

## Progress Assessment:

The project is progressing as planned.

## Related Projects:

Related projects include 6EQ01C-EQUIPMENT ACQUISITION and 6EQ02C-EQUIPMENT ACQUISITION

# KA0-EDS05-GREAT STREETS INITIATIVE INFRASTRUCTURE

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** EDS05  
**Ward:**  
**Location:** VARIOUS  
**Facility Name or Identifier:** GREAT STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$43,328,000

## Description:

The Great Streets Initiative is a corridor improvement project in streetscape design elements, including improvements to sidewalks, curbs, gutters, streets, tree boxes, replace street trees and install other streetscape elements. Construction will improve reliability and safety of transit services, including transit lanes, provide bicycle lanes and improve pedestrian circulation. Use of project funds is restricted to corridor revitalization in Retail Priority Areas, in accordance with the Fiscal Year 2014 Budget Support Act of 2013, as amended.

## Justification:

In 2008, the District made \$95,000,000 in Tax Increment Financing (TIF) available to support economic development projects in Retail Priority Areas. Five years later, much of the funding had gone unused. Instead of continuing a program that had been unsuccessful, debt service for the TIF program has been set aside for capital improvement projects in Retail Priority Areas.

## Progress Assessment:

# KA0-CG313-GREENSPACE MANAGEMENT

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** CG313  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** GREENSPACE  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:**\$33,546,000

## Description:

This project funds the on-going maintenance and care of the street trees and trees located in other District right-of-way spaces. The District Department of Transportation (DDOT) aims to ensure the greatest health and longevity of its publicly owned trees through a comprehensive plant health initiative. This project includes the management and maintenance of trails, low impact design sites and bio-retention areas.

## Justification:

This project is preventive health care for the District's trees helping to increase the longevity of tree life. This project aligns with SustainableDC Action: Waste 1.5 and Nature 2.1, 3.2, and 3.5.

## Progress Assessment:

This project is progressing as planned. It is an on-going project that occurs annually.

# KA0-SA306-H ST/BENNING/K ST. LINE

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** SA306  
**Ward:**  
**Location:** H STREET NE AND OTHER CORRIDORS  
**Facility Name or Identifier:** STREETCARS  
**Status:** In multiple phases  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$542,990,000

## Description:

The DC Streetcar project is an initiative to increase the number of surface transit options for people who live, work, and visit the District of Columbia. It is anticipated that by 2030 a comprehensive streetcar network will operate in conjunction with the Circulator, Metro Extra rapid bus, and bus rapid transit to complement the current Metro bus and rail system. Current funding levels are based on a first phase 22 mile system and will support the completion of the H Street NE to Benning Rd NE and the intersection of Minnesota Av NW, along with the extension west to Washington Circle and into Georgetown. Funding is also in place to support a study of the streetcar line from Maine Av SW to Takoma Station, NW; and engineering of the historic Anacostia line to cross the 11th Street Bridge and proceed west to Buzzard Point. This includes predevelopment activities including the acquisition of rights-of-way, land and such other rights as may be needed for implementation of this project, and the purchase of streetcar vehicles.

## Justification:

The current Metro bus/rail system is nearing capacity. Surface transit options are needed to complement the Metro system and connect all District neighborhoods with efficient, reliable and affordable means of public transportation. Capital funding for the streetcar addresses the jobs and economic opportunity section of the Mayor's priorities. District tax payers will benefit from connectivity afforded by the project to underserved areas of the city and to foster economic development east of the Anacostia River. This project aligns with Sustainable DC Action: Transportation 1.1.

## Progress Assessment:

DDOT is completing the H Street / Benning Phase through the electrification of the existing tracks, the constructions of termini, and the construction of a maintenance facility.

# KA0-ED311-KENNEDY STREET STREETSCAPES

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** ED311  
**Ward:** 4  
**Location:** KENNEDY STREET  
**Facility Name or Identifier:** GREAT STREETS  
**Status:** New  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$3,000,000

**Description:**

This project will fund streetscape improvements for Kennedy Street NW from North Capitol Street NW to Georgia Avenue NW.

**Justification:**

This project will supplement federal-aid project MNT07A and fund improvements identified as part of the Kennedy Street Revitalization Plan, which was developed by the Office of Planning in partnership with residents and community groups.

**Progress Assessment:**

New project

**Related Projects:**

MNT07A-Missouri Avenue, Kansas Avenue, Kennedy Street Intersection Improvements; EDS05C-Great Streets Initiative Infrastructure

# KA0-CE309-LOCAL STREET MAINTENANCE

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** CE309  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** LOCAL STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$10,128,000

## Description:

This project provides labor, equipment, and materials necessary to rehabilitate and reconstruct masonry and concrete transportation assets throughout the District. This includes curb and gutter, brick and concrete sidewalk, and brick and concrete alleys. Through this asset reconstruction and preservation efforts, safety hazards and ADA issues are resolved. The project also includes a new sidewalk.

## Justification:

The project is necessary to prevent extensive deterioration of the District's sidewalks, curbs and gutters. The project is urgent in that it provides cost savings by providing proper and timely maintenance. District taxpayers benefit from safe and reconstructed sidewalks, alleys, and curbs and gutters.

## Progress Assessment:

This project is ongoing.

## Related Projects:

Related projects are the federally funded projects or locally funded resurfacing or reconstruction projects.

# KA0-SR301-LOCAL STREETS WARD 1

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** SR301  
**Ward:** 1  
**Location:** WARD 1  
**Facility Name or Identifier:** LOCAL STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$17,736,000

## Description:

The District of Columbia has over 682 local roadway miles that require preservation, maintenance, and repair. The District Department of Transportation (DDOT) has developed an annual work (construction) schedule that continuously assesses the needs of every local street in the District.

Depending on the condition of the roadway, DDOT will provide service from basic mill and overlay (for resurfacing needs) to complete reconstruction and upgrade. Regardless of the construction type, DDOT's focus is to also repair or replace the adjacent sidewalks, curbs, and gutters in conjunction to the street repair, if applicable. In addition, DDOT has established a ward based contract which allows timely and successful implementation and execution of work plans. Annual work (construction) plans are based on the available funding and fulfill the Mayor's initiatives and objectives and benefits the residents as well.

There is a separate road reconstruction project for each ward.

## Justification:

DDOT's goal is to preserve our current roadway system and provide maintenance as needed. This service helps to avoid the more costly reconstruction and upgrading repairs. DDOT's local roads are an integral part of the Districts infrastructure system. Residents, commuters, tourists, and those in the business community rely on DDOT for the city's streets to be safe, reliable and functional, thus the maintenance of these roads is critical. This project aligns with SustainableDC Actions: Transportation 2.1 and 2.4.

## Progress Assessment:

DDOT develops an annual construction plan based on the approved budget.

## Related Projects:

There is a separate road construction project for each ward.

# KA0-SR303-LOCAL STREETS WARD 3

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** SR303  
**Ward:** 3  
**Location:** WARD 3  
**Facility Name or Identifier:** LOCAL STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$16,619,000

## Description:

The District of Columbia has over 682 local roadway miles that require preservation, maintenance, and repair. The District Department of Transportation (DDOT) has developed an annual work (construction) schedule that continuously assesses the needs of every local street in the District. Depending on the condition of the roadway, DDOT will provide service from basic mill and overlay (for resurfacing needs) to complete reconstruction and upgrade. Regardless of the construction type, DDOT's focus is to also repair or replace the adjacent sidewalks, curbs, and gutters in conjunction to the street repair, if applicable. In addition, DDOT has established a ward based contract which allows timely and successful implementation and execution of work plans. Annual work (construction) plans are based on the available funding and fulfill the Mayor's initiatives and objectives and benefits the residents as well.

There is a separate road reconstruction project for each ward.

## Justification:

DDOT's goal is to preserve our current roadway system and provide maintenance as needed. This service helps to avoid the more costly reconstruction and upgrading repairs. DDOT's local roads are an integral part of the Districts infrastructure system. Residents, commuters, tourists, and those in the business community rely on DDOT for the city's streets to be safe, reliable and functional, thus the maintenance of these roads is critical. This project aligns with SustainableDC Actions: Transportation 2.1 and 2.4.

## Progress Assessment:

DDOT develops an annual construction plan based on the approved budget. This construction plan serves not only as the plan for which a construction schedule is adhered to but the is made available to the public so that they can become aware of when DDOT will be in their community to begin construction.

## Related Projects:

DDOT's in-house (project CE302) staff can address minor resurfacing and maintenance needs but can not handle the volume of construction required based on DDOT's work plan.

There is a separate road construction project for each ward.

# KA0-SR308-LOCAL STREETS WARD 8

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** SR308  
**Ward:** 8  
**Location:** WARD 8  
**Facility Name or Identifier:** LOCAL STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$17,031,000

## Description:

The District of Columbia has over 682 local roadway miles that require preservation, maintenance, and repair. The District Department of Transportation (DDOT) has developed an annual work (construction) schedule that continuously assesses the needs of every local street in the District. Depending on the condition of the roadway, DDOT will provide service from basic mill and overlay (for resurfacing needs) to complete reconstruction and upgrade. Regardless of the construction type, DDOT's focus is to also repair or replace the adjacent sidewalks, curbs, and gutters in conjunction to the street repair, if applicable. In addition, DDOT has established a ward based contract which allows timely and successful implementation and execution of work plans. Annual work (construction) plans are based on the available funding and fulfill the Mayor's initiatives and objectives and benefits the residents as well.

There is a separate road reconstruction project for each ward.

## Justification:

DDOT's goal is to preserve our current roadway system and provide maintenance as needed. This service helps to avoid the more costly reconstruction and upgrading repairs. DDOT's local roads are an integral part of the Districts infrastructure system. Residents, commuters, tourists, and those in the business community rely on DDOT for the city's streets to be safe, reliable and functional, thus the maintenance of these roads is critical. This project aligns with SustainableDC Actions: Transportation 2.1 and 2.4.

## Progress Assessment:

DDOT develops an annual construction plan based on the approved budget. This construction plan serves not only as the plan for which a construction schedule is adhered to but the is made available to the public so that they can become aware of when DDOT will be in their community to begin construction.

## Related Projects:

DDOT's in-house (project CE302) staff can address minor resurfacing and maintenance needs but can not handle the volume of construction required based on DDOT's work plan.

There is a separate road construction project for each ward.

# KA0-NP000-NON-PARTICIPATING HIGHWAY TRUST FUND SUPPORT

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** NP000  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** FEDERAL-AID HIGHWAYS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:**\$31,832,000

## Description:

This master project provides funding for contract and direct labor costs associated with Highway Trust Fund projects that are not eligible for federal reimbursement (non-participating costs). This project also provides funding for DC Water and Sewer Authority (DCWASA) costs that are eligible for DCWASA reimbursement.

## Justification:

While FHA funds a majority of eligible projects, there are some expenditures, like coordination with work on local streets and certain labor costs, that are not reimbursable. This project ensures that project expenditures that are not reimbursable by FHWA, but are necessary to implement those projects, are funded.

## Progress Assessment:

New project

## KA0-6EQ05-PARKING METERS

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** 6EQ05  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** PARKING  
**Status:** New  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:** \$10,000,000

### Description:

Through this project, DDOT is replacing approximately 5,000 of the old coin-only single-space meters with fully networked smart meters that allow for payment via coins, credit, debit cards, and by phone. Additionally, this project will be used for the purchase of single-space as well as multi-space smart meters, meter sensors, and a parking meter management system advanced enough to allow real-time, dynamic pricing for meter patrons that will be accessed through online apps and the DDOT website.

### Justification:

This project is necessary to provide for changing demand in parking meter operations, to replace broken parking meters, and to provide replacement meters. This project aligns with SustainableDC Action: Transportation 3.1.

### Progress Assessment:

New project

# KA0-AD306-PEDESTRIAN & BICYCLE SAFETY ENHANCEMENTS

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** AD306  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** LOCAL STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$14,335,000

## Description:

This project enhances the safety and quality of pedestrian and bicycle transportation throughout the District. The scope of work includes projects that will enhance the safety and quality of pedestrian and bicycle transportation. projects may include, but are not limited to, traffic calming, safe routes to school enhancements, sidewalk construction and reconstruction, construction and rehabilitation of bicycle lanes and paths, safety improvements along roadways and at intersections, signalization enhancements and changes lighting enhancements, and equipment to enforce laws that impact pedestrian and bicycle safety.

## Justification:

This project allows DDOT to implement safety improvements, many of which were explored recently in the DDOT Pedestrian Master Plan. The funds would allow those improvements to be implemented more quickly.

## Progress Assessment:

This project is funding high-priority pavement markings, sidewalk repair, and pedestrian crossing beacons. It is also advancing pedestrian corridor design and implementation.

## Related Projects:

DDOT works to incorporate pedestrian, bicycle, and vehicular safety improvements into all of its projects. Local and FHWA-funded streetscape work, the expansion of the successful CaBi program, and streetlight maintenance upgrades are some examples of these projects.

# KA0-PP690-PERFORMANCE PARKING ENHANCEMENTS

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** PP690  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** PARKING  
**Status:** New  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$750,000

**Description:**  
 This project funds public space improvements in performance parking zones.

**Justification:**  
 This project supplements and replaces the Performance Parking Fund, which was created to encourage residents to support performance parking.

**Progress Assessment:**  
 New project

**Related Projects:**

# KA0-FLD01-PREVENTION OF FLOODING IN BLOOMINGDALE/LEDROIT PAR

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** FLD01  
**Ward:**  
**Location:** VARIOUS  
**Facility Name or Identifier:** LOCAL STREETS  
**Status:** New  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$10,000,000

**Description:**

This project funds infrastructure improvements that will mitigate storm water flooding in the Bloomingdale and LeDroit Park neighborhoods.

**Justification:**

This project is necessitated by periodic flooding caused by heavy rainfall in areas that drain past the impacted neighborhoods.

**Progress Assessment:**

This is a new project.

# KA0-CA301-REPAIR AND MAINTAIN CURBS AND SIDEWALKS

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** CA301  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** LOCAL STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$29,613,000

## Description:

This project is the construction, maintenance, and repair of the District's local sidewalks. This project improves sidewalks where there is deterioration or unsafe conditions and constructs sidewalks where there are missing segments. Annual work (construction) plans are established each year based on the available funding.

## Justification:

This project maintains and constructs sidewalks on local streets. Many of the sidewalks slated for construction are at locations that are unimproved (no sidewalks exist), are at locations that are safety hazards, or are at locations to address ADA standards and requirements.

## Progress Assessment:

DDOT develops an annual construction plan based on the approved budget. This construction plan serves as the construction schedule.

## Related Projects:

Local sidewalks could be constructed within projects SR301-SR308 (local road resurfacing). Sidewalks on federal-aid roads are reconstructed in streetscape reconstruction projects. Sidewalks requiring minor repairs are also maintained with DDOT's internal personnel, under project CE302.

# KA0-ED102-RHODE ISLAND AVENUE NE SMALL AREA PLAN

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** ED102  
**Ward:** 5  
**Location:** RHODE ISLAND AVENUE NE  
**Facility Name or Identifier:** GREAT STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$3,000,000

**Description:**

This project will fund Rhode Island Avenue NE streetscape improvements and implementation of the Rhode Island Avenue NE Small Area Plan.

**Justification:**

The Rhode Island Avenue NE corridor has lacked the resources necessary to become a vibrant gateway into the city. This project will enhance the streetscape and supplement other funding for economic development incentives, a Main Streets program, and targeted assistance for small businesses along the corridor.

**Progress Assessment:**

N/A

# KA0-CA303-STORMWATER MANAGEMENT

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** CA303  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** LOCAL STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$7,887,000

## Description:

This project repairs and maintains culverts throughout the District. Culverts facilitate the drainage of water and help to ensure the stabilization of roadway structures. The safety of roadway structures is a priority of the Mayor, and a concern for District residents, commuters, and visitors. This project also maintains an inventory for all the culverts owned and maintained by the District Department of Transportation (DDOT) and a formal maintenance and repair plan.

## Justification:

This project is necessary because of its safety impact on roadways. Because culverts support roadway structures, the lack of drainage provided by culverts could have a severe impact on the functionality and safety on roads. This project aligns with SustainableDC Action: Water 2.2.

## Progress Assessment:

DDOT's inventory system maintains a systematic and comprehensive evaluation process which allows for routine maintenance and scheduled repairs. This, in conjunction with DDOT's bridge inspection program, provides preventative safety measures on the District's bridges and culverts.

## Related Projects:

DDOT has a federal-aid bridge inspection program that inspects the District's bridges.

# KA0-SR310-STORMWATER MANAGEMENT

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** SR310  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** LOCAL STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$5,719,000

## Description:

Funding for this project supports capital improvements to 17 stormwater pump stations located throughout the District as well as the implementation of various initiatives to reduce stormwater run-off and improve area water quality. This project will enable upgrades of 17 stormwater pump stations in the District and the installation and improvement of systems to control stormwater run-off and soil erosion.

## Justification:

This project is necessary to ensure proper operation of the Stormwater pump stations as well as reduce stormwater run-off, control soil erosion, and improve the District's water quality. This project aligns with SustainableDC Action: Water 2.1.

## Progress Assessment:

This project is progressing as planned. It is an on-going project that occurs annually.

## Related Projects:

DDOT is responsible for upgrades to stormwater pumping stations, though DDOE manages the District's municipal separate storm sewer system, and DCWASA manages the combined sewer system.

# KA0-CE303-STREET REPAIR MATERIALS

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** CE303  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** LOCAL STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$14,649,000

## Description:

This project funds materials necessary to maintain the District's transportation assets. This includes roadway materials such as asphalt and pavement markings..

## Justification:

The project is necessary for the purchase of equipment that helps extend the useful life of transportation infrastructure which reduces damage to sidewalks, alleys, and bridges. Without this funding, DDOT will not be able to purchase materials to repair sidewalk, alleys, and roadways.

## Progress Assessment:

The project is progressing as planned.

## Related Projects:

Related projects include two equipment projects (6EQ01 and 6EQ02).

# KA0-CE304-STREET SIGN IMPROVEMENTS

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** CE304  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** LOCAL STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:**\$36,622,000

## Description:

The project helps fulfill the mandate to replace, install, and upgrade traffic signage and directional signage on neighborhood roads in the District per the Manual on Uniform Traffic Control Devices and District policies. This project provides signage to assist with information for residents and for the large number of tourists who visit the District and includes permanent and temporary sign fabrication and installation.

## Justification:

The project is necessary to support major safety initiatives for pedestrian, bicycle, and vehicular traffic on District roads. District taxpayers benefit from the enhanced safety measures of the installation of new signage and the replacement of faded signage.

This program not only supports major safety initiatives, it offsets potential claims associated with faulty or faded signage.

## Progress Assessment:

The project is progressing as planned. Traffic signage is replaced throughout the year.

## Related Projects:

A related project replaces signage on federal-aid streets in the District.

# KA0-AD304-STREETLIGHT MANAGEMENT

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** AD304  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** LOCAL STREETS  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$134,715,000

## Description:

The District's lighting assets are critical to the safety of District's residents and visitors. These assets are also essential for the well-being of businesses, commuters, and pedestrians.

DDOT's multi-year performance-based contract maintains the District's lighting assets. The contractor is responsible for managing all lighting assets within public space, including alleys and streetlights, highways, underpasses, tunnels, bridges, navigation lights, overhead guide signs, and "Welcome to Washington, DC" signs. A number of lighting systems and the electrical control systems for the Frederick Douglas Bridge are also included.

In this performance-based asset preservation contract, the desired outcome is specified rather than the means and methods: the contractor is instructed what to achieve, not how to achieve it. The District requires that the contractor meet a set of performance standards for all assets and DDOT personnel conduct citywide monthly and annual inspections to measure the contractor's performance. DDOT personnel also monitor the contractor's response for repair requests and schedules daily. The contract includes both incentives and disincentives for failing or exceeding these performance measures. The asset contractor has improved the lighting performance by reducing outages from a high of 20 percent two years ago (FY07) to less one percent this year (FY09).

This project also includes upgrades to lighting assets, including the conversion of traditional lighting to high efficiency LED technology. The project also funds staff who implement this program.

## Justification:

This project is necessary for the safety of District residents and drivers. The performance-based contract has proven to be the most cost-effective way to ensure that the District's streetlights are illuminating the streets. This project aligns with SustainableDC Action: Nature 2.2 and Energy 1.3.

## Progress Assessment:

The contract is progressing as planned. This contract has improved the District's lighting system by reducing outages and other unsafe conditions thus resulting in improved customer satisfaction as compared to previous years.

## Related Projects:

The maintenance and upgrade of lighting assets on federal aid-eligible streets, bridges, and tunnels is funded through the Federal -aid (FHWA) program.

# KA0-PRT01-TOPS PERMIT SYSTEM ENHANCEMENT

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** PRT01  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** New  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:**\$400,000

## Description:

The Transportation Online Permit System (TOPS) is the Department of Transportation's in-house developed software application and serves as the Department's customer and reviewer portal for the public and private users of public space. TOPS accepts permits on-line and associated documentation. Reviewers can use it to access the system to make reviews of applications. TOPS has a look-up tool for residents to see what has been permitted anywhere in the District. The program allows for credit card payments online, remote printing of applications, and emergency "No Parking" signs. There is a reporting functionality within the system to allow management to make business decisions.

## Justification:

The project is necessary to meet customer/user needs, advance software, and improve customer/user experience across the entire enterprise (UFA, IPMA, OGC, PPSA, PTSA, TOA). In 2012, the system had an audit log and issued over 30,000 permits, 602 FOIA and Claim requests, 227 Block Parties, 250 Notice of Violations, 300 Public Space Committee hearing packages, and 300 special events. Additionally, 6,000 plans were scanned into TOPS and \$10.4 Million in fees were collected, including \$1.9 Million PIF and \$2 Million in truck tags and single-use permits. \$50 Million in deposits were received and tracked in TOPS.

## Progress Assessment:

This is a new project. All administrations within DDOT, and the associated contractors working on DDOT projects, are migrating all of their Public Space work into TOPS.

# KA0-TRL50-TRAILS

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** TRL50  
**Ward:**  
**Location:** DISTICT-WIDE  
**Facility Name or Identifier:** TRAILS  
**Status:** New  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$6,000,000

**Description:**

This project will construct trails throughout the District. The trails are: Rock Creek, Met Branch, South Capitol Street, Oxon Run, Suitland, and New York Avenue. The scope includes design and construction, or reconstruction, of trail facilities. It includes the implementation of stormwater management facilities, and the acquisition of property (if required for project implementation).

**Justification:**

Bicycling has been increasing at a rate of 20 percent each year for the past five years. Trail construction provides opportunities for transportation, exercise, neighborhood, and economic development. Also, trail construction creates more jobs per dollar spent than other construction projects. Federal transportation funding for trails may be limited in the future. Funding this proposal with local dollars will help ensure that the District meets the transportation needs of residents.

**Progress Assessment:**

This is a new project.

**Related Projects:**

# KA0-CG314-TREE PLANTING

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** CG314  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** GREENSPACE  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$24,637,000

## Description:

This project funds the annual planting of street trees and trees located in other District right-of-way spaces. The District Department of Transportation (DDOT) plants approximately 4,000 street trees each year from October through April.

## Justification:

This project allows the District to maintain its tree canopy population and reputation as a “City of Trees.” Having healthy and plentiful trees adds to the District’s quality of life and environmental health. In FY2008, UFA planted 4,608 trees. In order to continue planting throughout the District in FY2010, DDOT needs to continue receiving funding for this project. This project aligns with SustainableDC Action: Nature 2.1.

## Progress Assessment:

This project is progressing as planned. It is an on-going project that occurs annually.

## Related Projects:

# (KE0) MASS TRANSIT SUBSIDIES

## **MISSION**

The Mass Transit Subsidy program supports the provision of efficient, affordable, and diverse public transit services in the District of Columbia.

## **BACKGROUND**

For FY 2014 through FY 2019, the Washington Metropolitan Area Transit Authority (WMATA) is governed by a multi-jurisdictional capital funding agreement. Projects to be delivered under this agreement include mid-life rehabilitation of buses, on-going escalator and elevator rehabilitations, replacement of WMATA's 1000 series railcars, track replacement, power system upgrades to accommodate longer trains, and rehabilitation of storage and maintenance facilities. WMATA and its funding partners, including DDOT, negotiated a new, multi-year funding agreement signed by all of the funding jurisdictions and WMATA in July 2010.

## **CAPITAL PROGRAM OBJECTIVES**

1. Promote safety and mobility;
2. Contribute to sustainable economic development;
3. Improve the quality and range of transportation options for District residents; and,
4. Restore the Metrorail system to a State of Good Repair.

## **RECENT ACCOMPLISHMENTS**

- Negotiated a new multi-jurisdictional funding agreement;
- Continued expansion of limited-stop bus service on multiple corridors across the District;
- Opened the new Shepherd Parkway Bus Garage; and,
- Continued multi-year infrastructure rehabilitation contracts on red, blue, and orange lines within central DC.

**Elements on this page of the Agency Summary include:**

- n **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- n **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - 4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018
  - 4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - 4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.
  - 4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019
  - 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).
- n **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact
- n **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.
- n **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# KE0-SA202-METROBUS

**Agency:** MASS TRANSIT SUBSIDIES (KE0)  
**Implementing Agency:** MASS TRANSIT SUBSIDIES (KE0)  
**Project No:** SA202  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** WMATA  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 8  
**Estimated Full Funding Cost:**\$340,872,000

## Description:

District funding to support the bus capital program at WMATA as defined in the capital agreement between the District and WMATA. Typical projects to be funded are mid-life rehabilitation of buses, acquisition of new buses, improvements to bus storage, and replacement or rehabilitation of maintenance facilities.

## Justification:

This project is necessary to maintain the reliability of existing buses and to replace the aging fleet, to implement Rapid Bus along major District corridors, and to expand and realign routes to meet demands for service. Through this project, District residents will benefit from reduced travel times and an efficient and reliable transportation service that is linked with other transportation modes for easy access to jobs, schools, and economic opportunity for city neighborhoods. This project aligns with SustainableDC Action: Transportation 1.2.

## Progress Assessment:

WMATA is procuring buses and constructing a new bus facility in Virginia. Construction will also begin soon on a new bus facility in the District. WMATA's goal is reduce the average age of buses in the fleet from the current 13.5 years to 6.5 years.

## KE0-SA311-WMATA FUND - PRIIA

**Agency:** MASS TRANSIT SUBSIDIES (KE0)  
**Implementing Agency:** MASS TRANSIT SUBSIDIES (KE0)  
**Project No:** SA311  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** WMATA  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$455,637,000

### Description:

Additional District contribution of \$50 million annually to WMATA for the Passenger Rail Investment and Improvement Act (of 2008) (PRIIA) beginning in FY 2010 and continuing for ten years, through FY 2019. The annual contribution is contingent upon annual appropriation from Congress in the amount of \$150 million along with \$50 million annual appropriations from both the State of Maryland and the Commonwealth of Virginia.

### Justification:

This project is necessary to maintain the reliability of rail service. Current WMATA capital spending levels are inadequate to maintain the system in a state of good repair and provide for continued growth in system use. The additional \$300 million per year in capital funding will allow WMATA to accelerate infrastructure repairs to maintain the system, replace the original subway cars in the system that are now at the end of their useful life, and proceed with system improvements such as power upgrades to accommodate longer trains and the purchase of new subway cars to accommodate ridership growth. This project aligns with SustainableDC Action: Transportation 1.2.

### Progress Assessment:

This project is on-going.

# (KG0) DISTRICT DEPARTMENT OF THE ENVIRONMENT

## **MISSION**

The District Department of the Environment (DDOE) improves the quality of life for the residents and natural inhabitants of the nation's capital by protecting and restoring the environment, conserving our natural resources, mitigating pollution, and educating the public on ways to secure a sustainable future.

## **BACKGROUND**

DDOE administers grants and partners with the other District, Federal, and non-profit organizations to control stormwater, impact of pollutants, and soil erosion within the District. The grants and partnerships enable the design and implementation of green infrastructure on District property. Green infrastructure typically implemented includes low-impact development projects (green roofs, downspout disconnects, bio-retention ponds, etc.) and the installation of traditional stormwater best-management practices. DDOE also cleans up contaminated property and has undertaken, or is overseeing, numerous projects along the Anacostia River and throughout the District.

## **CAPITAL PROGRAM OBJECTIVE**

Reduce and/or improve the quality of stormwater run-off in the District's rights-of-way and clean up contaminated property in the Anacostia estuary and throughout the District.

## **RECENT ACCOMPLISHMENTS**

### **Municipal Separate Stormwater Sewer Systems (MS4) Projects**

- Committed \$3.2 million in MS4 water quality fee revenue as a local match to leverage \$4 million in US Environmental Protection Agency State Revolving Fund grants for green stormwater infrastructure in public rights-of-way, on District Buildings, residential properties, and stream restorations;
- Provided \$1.7 million in funding to DDOT to construct green alleys, install roadside bioretention, plant trees, and pay for the costs of maintenance, training, and staff;
- Implemented ten low-impact development projects in various locations;
- Completed the design for restoring Broad Branch Stream; and,
- Provided subsidies for green roofs, allowing the District to install over 1 million square feet of green roofs.

### **Bag Law Fund**

- DDOE utilized \$560,000 to design the restorations of Nash Run and Alger Park in Ward 7. Both sites have been significantly degraded by stormwater runoff.

### **Clean Water State Revolving Fund**

- DDOE installed 162 rain gardens and implemented BayScaping at 198 homes through the RiverSmart Homes program.
- DDOE replaced impervious surfaces with green space or pervious pavers at 23 properties.

The implementation of the following four projects is scheduled for FY 2013:

- Awarded \$3.2 million to DDOT to plant trees, remove impervious surfaces, and install low-impact development in the public right-of-way;
- Allocated \$800,000 for the restoration of Broad Branch Stream;
- Allocated \$600,000 for the restoration of Nash Run; and,
- Allocated \$2.1 million for the installation of green roofs in the District.

### **Site Remediation**

- DDOE awarded a contract to Tetra Tech, a large international engineering and environmental services company, to implement several projects, including an investigation of the contamination in the sediments of the Anacostia River.

**Elements on this page of the Agency Summary include:**

- n **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- n **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - 4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018
  - 4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - 4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.
  - 4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019
  - 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).
- n **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact
- n **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.
- n **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# KG0-HMRHM-HAZARDOUS MATERIAL REMEDIATION - DDOE

**Agency:** DISTRICT DEPARTMENT OF THE ENVIRONMENT (KG0)  
**Implementing Agency:** DISTRICT DEPARTMENT OF THE ENVIRONMENT (KG0)  
**Project No:** HMRHM  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VARIOUS  
**Status:** Developing scope of work  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:**\$42,515,000

## Description:

This project involves the identification, analysis, removal, and/or encapsulation of hazardous materials that prevents full use of the Anacostia River.

## Justification:

The Anacostia estuary has several major clean-up sites located along its banks. Funding is needed to characterize the sediments in the entire estuary area of the Anacostia and develop a cleanup remedy. The sediments are an on-going source of contaminants and need to be addressed before the Anacostia can be returned to a "fishable and swimmable" river. Testing needs to be conducted on Anacostia sediment and water toxins (when present) to determine proper clean-up methods and potentially isolate the source of contamination from the clean-up sites.

## Progress Assessment:

This project is funded beginning in FY 2014.

## Related Projects:

Department of General Services project PL103C-HAZARDOUS MATERIAL ABATEMENT POOL

## KG0-SUS04-SUSTAINABLE DC FUND-2

**Agency:** DISTRICT DEPARTMENT OF THE ENVIRONMENT (KG0)  
**Implementing Agency:** DISTRICT DEPARTMENT OF THE ENVIRONMENT (KG0)  
**Project No:** SUS04  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** VARIOUS  
**Status:** New  
**Useful Life of the Project:** 20  
**Estimated Full Funding Cost:**\$2,557,000

### Description:

While implementation of the Sustainability Plan will largely result from deploying existing capital and operating dollars in different ways to achieve a broader range of objectives, initially agencies may need to conduct feasibility studies or run small demonstration projects to test the efficacy of some new approaches: e.g., studying the feasibility of using DC government buildings to host solar collectors or wind turbines, or grow food; or the scalability of neighborhood or Ward-level composting facilities as part of a Zero Waste strategy.

### Justification:

Sustainable DC is a District government-led plan to make the city the healthiest, greenest, and most livable city in the United States. It is a city-wide initiative crafted for and by the city's diverse community with the ultimate goal of making the District more socially equitable, environmentally responsive, and economically prosperous. This initiative will jump start the first Sustainability Plan projects and test their feasibility or demonstrate how they might work at a larger scale.

### Progress Assessment:

This is a new project.

# (KT0) DEPARTMENT OF PUBLIC WORKS

## **MISSION**

The Department of Public Works (DPW) provides the highest quality sanitation, parking enforcement, and fleet management services that are both ecologically sound and cost effective.

## **BACKGROUND**

DPW's capital program supports the Department's efforts to provide municipal services to District of Columbia residents and businesses. The staff of the Solid Waste Management Administration ensures that District streets and public spaces are clean, safe, attractive, and accessible by collecting and disposing of trash and recyclables, cleaning streets and alleys, removing graffiti, and enforcing solid waste regulations. The Parking Services Administration of DPW employs approximately 200 parking officers who monitor 17,000 meters and 3,500 blocks of residential zoned parking. The employees who provide these services need operational equipment and adequate facilities to successfully perform their jobs. Currently, DPW maintains 14 properties, including: 12 fueling sites, 2 transfer stations, 1 impound lot, and 1 leaf transfer station. DPW maintains an agency fleet of 1,110 vehicles, from sedans to heavy equipment such as trash compactors, dump trucks, street sweepers, and backhoes.

## **CAPITAL PROGRAM OBJECTIVES**

1. Ensure DPW fleet equipment will be available for the agency's core services and maintain replacement cycles to maximize cost savings on fleet maintenance.
2. Provide safe and clean facilities for DPW employees to perform work that ensures the cleanliness of the District's residential neighborhoods, high-visibility commercial areas, gateway corridors, and industrial zones.

## **RECENT ACCOMPLISHMENTS**

- Completed the renovation of the Tire Shop at West Virginia Avenue, NE. The renovated building will accommodate not only the Tire Shop but also the landscaping unit of the Solid Waste Management Administration (SWMA);
- Completed the acquisition of the Okie Street, NE facility. The facility will accommodate the Street and Alley Division of the SWMA that includes approximately 300 employees and all of their equipment;
- Completed the renovation of the roof at the Benning Road Transfer Station; and,
- Began construction of a stormwater management system and new fencing at the Blue Plains Impoundment Lot.

**Elements on this page of the Agency Summary include:**

**Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

**Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

**Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.

**Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018

**FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.

**6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.

**Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019

**Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).

**Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

**FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

**Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# KT0-FMSFS-FASTER SYSTEM UPGRADE

**Agency:** DEPARTMENT OF PUBLIC WORKS (KT0)  
**Implementing Agency:** DEPARTMENT OF PUBLIC WORKS (KT0)  
**Project No:** FMSFS  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** New  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:**\$400,000

**Description:**

DPW will upgrade from its existing FASTER FLEET Management System to a web-based FASTER FLEET Management System.

**Justification:**

The project reduces desktop administration across several agencies as the application will be accessed from a web browser. It increases desktop deployment of application and will increase productivity of staff.

**Progress Assessment:**

This is a new project.

**Related Projects:**

# KT0-EQ903-HEAVY EQUIPMENT ACQUISITION - DPW

**Agency:** DEPARTMENT OF PUBLIC WORKS (KT0)  
**Implementing Agency:** DEPARTMENT OF PUBLIC WORKS (KT0)  
**Project No:** EQ903  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** EQUIPMENT  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$10,816,000

## Description:

This project funds the Department of Public Works (DPW) with GO Bond and PayGo budget for the replacement of heavy equipment used for trash pick-up and snow removal.

## Justification:

Capital investment in the District's fleet is necessary to ensure seamless service delivery of many District operations. This project will enable the Department to secure major durable equipment items that have long lead times between the placement of the order and the delivery of the item. Further, the project is expected to have a beneficial impact on the operating budget by eliminating the need for expedited processing of long lead time equipment orders, which disrupt regular work flow, and the efficiency of the procurement process. This project aligns with SustainableDC Action: Transportation 4.2.

## Progress Assessment:

This project is on-going.

# ELC-EQ910-HEAVY EQUIPMENT ACQUISITION - DPW

**Agency:** DEPARTMENT OF PUBLIC WORKS (KT0)  
**Implementing Agency:** EQUIPMENT LEASE - CAPITAL (ELC)  
**Project No:** EQ910  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** EQUIPMENT  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$119,673,000

## Description:

The Department of Public Works (DPW) seeks to sustain a replacement schedule for heavy equipment. Examples of vehicles included in the replacement plan include sanitation vehicles, maintenance and inspection vehicles, dump trucks, and emergency service vehicles.

## Justification:

Capital investment in the District's fleet is necessary to ensure seamless service delivery of many District operations. This project will enable the Department to secure major durable equipment items that have long lead times between the placement of the order and the delivery of the item. Further, the project is expected to have a beneficial impact on the operating budget by eliminating the need for expedited processing of long lead time equipment orders, which disrupt regular work flow, and the efficiency of the procurement process. This project aligns with SustainableDC Action: Transportation 4.2.

# KT0-FS101-UPGRADE TO DPW FUELING SITES

**Agency:** DEPARTMENT OF PUBLIC WORKS (KT0)  
**Implementing Agency:** DEPARTMENT OF PUBLIC WORKS (KT0)  
**Project No:** FS101  
**Ward:**  
**Location:** VARIOUS LOCATIONS  
**Facility Name or Identifier:** FUELING SITES  
**Status:** Under construction  
**Useful Life of the Project:** 30  
**Estimated Full Funding Cost:** \$4,146,000

## Description:

The Department of Public Works will upgrade the District's twelve existing fuel sites throughout the District. DPW is mandated to maintain all current and changing standards specified in EPA, DOH, DCFD, and DCRA regulations. Three fuel sites are in the process of being upgraded. Currently, the following twelve (12) fueling sites are below the minimum federal and city standard: 1620 V STREET NW, 3320 IDAHO AVENUE NW, 2115 5TH STREET NE, 2200 ADAMS PLACE NE, 4902 BATES ROAD NE, 1241 W STREET NE, 1835 WEST VIRGINIA AVENUE NE, 550 WATER STREET NE, 100 42ND STREET NE, 2455 ALABAMA AVENUE SE, 2 DC VILLAGE LANE SE, 8300 RIVERTON COURT LAUREL MD.

## Justification:

DPW is mandated to maintain all current and changing standards regarding fuel sites or face fines and penalties for non-compliance. These upgrades will enable DPW to improve the reliability and efficiency of our fuel sites in an environmentally friendly manner.

## Progress Assessment:

The project is on schedule.

# (RM0) DEPARTMENT OF MENTAL HEALTH

## **MISSION**

The Department of Behavioral Health (DBH) supports prevention, treatment, resiliency, and recovery for District residents.

## **BACKGROUND**

The Department of Behavioral Health utilizes approximately seven owned and leased buildings in the District, including Saint Elizabeths Hospital, the Mental Health Authority, the Court Urgent Care Clinic, two buildings used by the Community Services Agency, the Addiction Prevention and Recovery Administration's Assessment Referral Center, and the newly renovated Comprehensive Psychiatric Emergency Program facility on the campus of the former DC General Hospital.

## **CAPITAL PROGRAM OBJECTIVES**

1. Complete projects related to St Elizabeths Hospital, including demolishing the former secure care building, rebuilding the new yard, building the parking facility, and completing the landscaping related to the hospital.
2. Implement the Integrated Care Management Applications System (iCAMS) project to establish a single web-based operating platform for the District's community-based mental health system.

## **RECENT ACCOMPLISHMENTS**

- DBH completed the renovation of the Comprehensive Psychiatric Emergency Program (CPEP) in building 14 of the DC General Campus.
- DBH continued utility consolidation project on the East Campus of Saint Elizabeths Hospital.

**Elements on this page of the Agency Summary include:**

**Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project’s budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

**Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- 4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018
- 4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- 4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.
- 4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019
- 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).

**Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

**FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency’s capital plan and, the percentage of the agency CIP budget from either expense category.

**Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# RM0-XA655-AVATAR UPGRADE

**Agency:** DEPARTMENT OF MENTAL HEALTH (RM0)  
**Implementing Agency:** DEPARTMENT OF MENTAL HEALTH (RM0)  
**Project No:** XA655  
**Ward:** 8  
**Location:** 1100 ALABAMA AVENUE SE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:** \$1,655,000

## Description:

St. Elizabeths Hospital desires a set of product enhancements to be applied to the current Avatar System which is comprised of the base Avatar System (Practice Management and Clinical Work Station), Worx (Pharmacy Management) and Lab (TDSynergy). These enhancements can be grouped into the following categories:

**Product Enhancements (Application Functionality)** – These enhancements cover the spectrum of costs associated with the changes necessary to further align the system to meet clinical practices and includes enhancements to system screens, reports, features and functionality that require alteration to comply with regulatory requirements (as stated by the Department of Justice), workflow changes, process documentation, process optimization or any mix of these as well as upgrading to RADPlus 2011.

**Equipment** – in the form of signature pads. Approximately twenty of these devices have already been put in place, allowing the hospital to apply electronic signatures to electronic forms, furthering the development of a fully digital EMR.

**Avatar Management Reports** – The hospital seeks to have qualified Crystal Reports designers create a series of complex reports surrounding the timeliness of completing assessments. Additional detail and specifications are located in Appendix B, Management Report Specs.

**Future Form/Enhancement and Report Development** – The hospital will continue to work with the DOJ and other regulatory agencies to fulfill its compliance obligations. Based on past meetings with these regulatory bodies, requests for new forms or changes to existing forms will be mandated. Further, based on the dynamic nature of the hospital, as it optimizes its own processes, it is essential that funding be made available to allow for forms and/or enhancements that are as yet unidentified.

## Justification:

The hospital has compliance obligations with the Department of Justice and Department of Health that will be met with this project. Based on past meetings with these regulatory bodies, requests for new forms or changes to existing forms have been mandated. Further, based on the dynamic nature of the hospital, as it optimizes its own processes, it is essential that funding be made available to allow for forms and/or enhancements that are as yet unidentified.

This project is extremely urgent as the Hospital is under a great deal of pressure to meet its compliance obligations; furthermore, it will improve the collaboration among the staff at SEH who are responsible for the care and well being of many District residents.

This is a new project that has been developed as a result of several compliance obligations and a number of new Healthcare Standards such as ICD-10 and HIPPA 5010"

## Progress Assessment:

This is an ongoing project.

# RM0-HX403-HOUSING INITIATIVES - DBH

**Agency:** DEPARTMENT OF MENTAL HEALTH (RM0)  
**Implementing Agency:** DEPARTMENT OF MENTAL HEALTH (RM0)  
**Project No:** HX403  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** AFFORDABLE HOUSING  
**Status:** Under construction  
**Useful Life of the Project:** 15  
**Estimated Full Funding Cost:** \$68,638,000

## Description:

The Department of Mental Health's mission in part, is to develop, support, and oversee a comprehensive system of care for persons with mental or emotional illness, or those who are at risk of developing such illnesses. As a recovery-based system, affordable housing is one of the most effective supports to assist consumers in exercising personal choices, greater self-determination, and empowerment to change their own lives. Funds will be used for housing development for consumers with serious and persistent mental illness. This request will continue the annual development of 100 units of affordable housing for very low-income to extremely low-income mentally ill residents of the District over a 6-year period; and provide favorable loan underwriting criteria and finance contingency planning.

## Justification:

The Department of Mental Health takes the position that in a recovery-based system, affordable housing is one of the most effective supports to assist consumers in exercising personal choices, greater self-determination, and empowerment to improve their own lives. The District will benefit from reduced reliance on institutionalizing the mentally ill, and from the savings realized in returning its consumers to normal living standards.

## Progress Assessment:

After a three-year hiatus, this court-ordered project is progressing as planned. The only challenge the project faces will be that of ensuring continued funding.

# RM0-XA854-INTEGRATED CARE APPLICATIONS MGMT (ICAM)

**Agency:** DEPARTMENT OF MENTAL HEALTH (RM0)  
**Implementing Agency:** DEPARTMENT OF MENTAL HEALTH (RM0)  
**Project No:** XA854  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:**\$3,547,000

**Description:**

ICAM is a web-based care management system to perform specific functions related to DMH's MHRS program. The system will fully integrate care management applications used by the agency and the MHRS community.

**Justification:**

The project will replace a DMH system that is 11 years old and is necessary to adjudicate \$70M in public mental health claims annually and bill for \$15M in revenue for the Department. The system will act as an electronic medical record for more than 22,000 District consumers who access mental health services in DC. Due because of the the age and instability of the current DMH system, it is critical that this system be implemented expeditiously. The data from the system will enable DMH to serve District consumer better in the least restrict environment and also coordinate consumer's care amongst providers. The increased health outcomes directly support the mayor's initiatives.

**Progress Assessment:**

This project is on-going. The only challenge the project could face will be that of ensuring continued funding.

**Related Projects:**

None.

# (TOO) OFFICE OF CHIEF TECHNOLOGY OFFICER

## **MISSION**

The Office of the Chief Technology Officer (OCTO) directs the strategy, deployment, and management of D.C. Government technology with an unwavering commitment to IT excellence, efficiency, and value for government, residents, businesses, and visitors.

## **SCOPE**

OCTO provides a secure computing environment for voice and data services for over 75 mayoral agencies and the Office of the Mayor, and the Council of the District of Columbia by overseeing over 500 miles of fiber network, 2,500 routers and switches, 28,000 desktops and laptops, 28,000 Voice over Internet Protocol (VOIP) and digital phone lines, 12,000 cellular devices, 3,700 aircards, 1,000 tablets, 2 mainframes, and over 2,000 servers with the ability to provide nearly 1.2 Petabytes of storage for the District Government's use. In addition, OCTO develops, implements, and maintains the District's technology infrastructure; develops and implements major enterprise applications; establishes and oversees technology policies and standards for the District; provides technology services and support for District agencies; and develops technology solutions to improve services to businesses, residents, and visitors in all areas of District government.

## **PROGRAM OBJECTIVES**

1. Provide and maintain a ubiquitous, reliable, and secure computing environment for the government as well as residents, businesses, and visitors.
2. Lower the cost of government operations and enhance service through innovative technologies.
3. Embrace information technology best practices and ensure high-quality service delivery of technology projects.
4. Provide leadership to enhance the delivery of services and to fuel technology innovation and adoption for the residents, businesses, and visitors of the District.

## **RECENT ACCOMPLISHMENTS**

- As a recipient of the national "Champion of Change" award, the DC Community Access Network (DC-CAN) continued to progress during FY12 with 72 fiber miles deployed, 44 new Wi-Fi hotspots installed, and 92 community anchors interconnected. This 100-gigabyte platform, and associated access to information and opportunity, has become a valued resource of the underserved areas of our nation's capital.
- OCTO increased the number of public Wi-Fi hotspots to 351 by the end of FY 2012.
- OCTO migrated 46 DC.Gov agency websites to the District's new open source web system and developed 12 new websites including the Mayor's grade.dc.gov site.
- OCTO orchestrated a relocation of administrative office personnel from 11 DCPS sites to alternative locations and reinstated full continuity of service in virtually transparent deployments within two business days following schools closing on June 14, 2012.
- OCTO provided network connectivity through major capital modernization programs at new buildings such as the District building at 200 I Street, SE and the Consolidated Forensics Lab (CFL), in addition to other coordinated critical agency move efforts to maintain business continuity for agencies.
- OCTO migrated and consolidated several District agencies (Department of Employment Services, Department of Housing and Community Development, Child and Family Services Agency, and Department of General Services) to the OCTO data centers, resulting in lower operational and maintenance costs, as these agencies no longer had to support and maintain their own disparate/silo data center.
- OCTO completed the development of the Data Catalog Redesign to provide a more interactive user experience and ease of use, which provides the citizen with greater access to government data.
- OCTO procured a District-wide Service Oriented Application (SOA)-based middleware and the necessary hardware in preparation of its implementation in FY 2013 for data wide integration.
- OCTO implemented e-Sourcing module of application which allows vendors to submit bids on-line and allows DC agencies to manage contracts in electronic format.

**Elements on this page of the Agency Summary include:**

**Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

**Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- 4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018
- 4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- 4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.
- 4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019
- 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).

**Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

**FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

**Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# ELC-EQ101-CREDENTIALING AND WIRELESS COMMUNICATIONS

**Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TO0)  
**Implementing Agency:** EQUIPMENT LEASE - CAPITAL (ELC)  
**Project No:** EQ101  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:** \$12,876,000

## Description:

This project includes design and construction of wireless infrastructure in various forms, from broadband wireless connectivity to wireless credentialing infrastructure for city workers and residents. Wireless credentialing focuses on the DC One Card initiative. The DC One Card is a consolidated credential designed to give District government workers and residents access to District government facilities, programs, and resources. The central platform for the DC One Card is a card that contains one or more wireless devices (chips).

## Justification:

This project is necessary because by consolidating credentials citywide, the District will be able to reduce the resources it uses for card production and management, thus saving money government-wide. It also will provide substantial convenience to residents and easier access to government services. The DC One Card will help the District contain costs of various government program resources that will be accessed via the card.

## Progress Assessment:

This project is progressing as planned.

## Related Projects:

EQ103C-CREDENTIALING AND WIRELESS-GO BOND, PL401C-CITY-WIDE PHYSICAL ACCESS CONTROL SYSTEM. Also, though not necessarily connected to this project, any project that relies on or could benefit from use of a card (usually for ease of counting service usage) can be related to the DC One Card initiative.

# TO0-EQ103-CREDENTIALING AND WIRELESS-GO BOND

**Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TO0)  
**Implementing Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TO0)  
**Project No:** EQ103  
**Ward:**  
**Location:** DISTRICT WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:**\$500,000

## Description:

This project includes design and construction of wireless infrastructure in various forms, from broadband wireless connectivity to wireless credentialing infrastructure for city workers and residents. Wireless credentialing focuses on the DC One Card initiative. The DC One Card is a consolidated credential designed to give District government workers and residents access to District government facilities, programs, and resources. The central platform for the DC One Card is a card that contains one or more wireless devices (chips).

## Justification:

This project is necessary because by consolidating credentials citywide, the District will be able to reduce the resources it uses for card production and management, thus saving money government-wide. It also will provide substantial convenience to residents and easier access to government services. The DC One Card will help the District contain costs of various government program resources that will be accessed via the card.

## Progress Assessment:

This project is progressing as planned.

## Related Projects:

EQ101C - CREDENTIALING AND WIRELESS COMMUNICATIONS, PL401C-CITY-WIDE PHYSICAL ACCESS CONTROL SYSTEM. Also, though not necessarily connected to this project, any project that relies on or could benefit from use of a card (usually for ease of counting service usage) can be related to the DC One Card initiative.

# TO0-N1715-CYBER SECURITY MODERNIZATION

**Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TO0)  
**Implementing Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TO0)  
**Project No:** N1715  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:**\$2,808,000

**Description:**

To address the ongoing cyber security threat, OCTO needs to overhaul DC Government’s cyber security practice, capability, and resource alignment. The District is not fully equipped to respond to a full scale cyber attack, and this has major implications for public safety and government operations. OCTO’s security program must be designed and built in accordance with today’s requirements for IT security, ensuring compliance with federal government standards.

**Justification:**

The Cyber Security Modernization project is necessary to secure the District Government against the ongoing cyber security threat that threatens public safety and government operations.

**Progress Assessment:**

This is a new project.

**Related Projects:**

None.

# ELC-N2501-DATA CENTER RELOCATION

**Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TOO)  
**Implementing Agency:** EQUIPMENT LEASE - CAPITAL (ELC)  
**Project No:** N2501  
**Ward:**  
**Location:** NORTHERN VIRGINIA  
**Facility Name or Identifier:** DATA CENTER  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 15  
**Estimated Full Funding Cost:** \$17,540,000

## Description:

The District of Columbia provides information technology services critical to public safety, public welfare, and government operations from its two primary data centers located within the District. This project will facilitate the relocation of the OCTO data centers to sites that are more secure, have robust infrastructure, and have sufficient capacity to meet current and future needs. The scope of the project is to find and prepare suitable data center sites, relocate the services to those sites, and support necessary capital improvements. One data center will remain in a leased facility. The other data center will be moved to a state-of-the-art leased facility outside of the District of Columbia. Doing so eliminates current issues with space and power capacity, as well as improves the District's disaster recovery capability.

## Justification:

This project is necessary and urgent because both data centers no longer have sufficient space and power available to meet current and future demands, their infrastructures are old and in need of costly major upgrades, and they are too close together for Disaster Recovery purposes. As the current data centers are only five (5) miles apart, a serious incident may affect both. Leasing a facility outside the District will mitigate this risk.

## Progress Assessment:

OCP (DRES) in cooperation with OCTO released and awarded an RFP for the lease of a data center facility in northern VA. The lease was signed in August of 2009. Migration of data center services to the new leased facility occurred throughout FY 2010.

## Related Projects:

N2201 - Server Consolidation, N2702 - Enterprise Messaging and Communications Platform, and N1705 - Information Infrastructure.

# ELC-N3101-DATA TRANSPARENCY AND ACCOUNTABILITY

**Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TO0)  
**Implementing Agency:** EQUIPMENT LEASE - CAPITAL (ELC)  
**Project No:** N3101  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:** \$5,490,000

## Description:

The Citywide Data Warehouse's (CityDW) mission is to democratize government data by providing a centralized access point for enterprise-wide data with a focus on data that enables decision support and government transparency. CityDW works with the City Administrator, DCStat and with District agencies to supply data, business intelligence tools and dashboards. CityDW gathers data and builds reporting environments for DCStat (<http://capstat.oca.dc.gov/DC.aspx>) and agencies like CFSA, DDOT, OUC (311 and 991 data). CityDW also builds custom applications and dashboards to display the data like internal reporting and tracking tools like TrackDC (a public version will be released in FY10). CityDW, being the centralized location for a large amount of city data, is also charged with making the data available to the public. One example is the District's Data Catalog that provides over 400 datasets in easy to access formats (spreadsheets, Google Maps, Google Earth). For years the District of Columbia has provided public access to city operational data through the Internet to help agencies operate as more responsive, better performing organizations. The Data Catalog can be used to view or download a variety of data like crimes, service requests, procurements, permits, constructions projects, purchase card transactions, purchase orders and more.

## Justification:

Information is one of the most under-utilized assets in government. Without the proper data sharing in place, agencies often bear all costs associated with collecting, storing, and protecting data without realizing any noticeable benefits. CityDW gathers and makes this data available to the Office of the City Administrator, agencies, employees and citizens. CityDW was selected from over 700 applicants by the Ash Institute as the winner of the 2009 Innovations in American Government Award in Urban Policy.

## Progress Assessment:

CityDW now publishes over 400 datasets via the Data Catalog (<http://data.octo.dc.gov/>), and built four applications that are available to the public that make it easy to access and view data including crime and service requests on a map.

## Related Projects:

Projects that CityDW depends on include but are not limited to Citizen Interaction and Relationship Management, DCGIS, PeopleSoft, PASS, and MPD crime data systems and all other agency source databases that provide data.

# TO0-ZA143-DC GIS CAPITAL INVESTMENT

**Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TO0)  
**Implementing Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TO0)  
**Project No:** ZA143  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:** \$13,519,000

## Description:

This capital fund is paired with master lease fund project N1604C. Both invest in shared applications and mapping data for District agencies that work with geographic data. OCTO coordinates and facilitates cross-agency investments through the District of Columbia Geographic Information System (DC GIS) Steering Committee. OCTO supports these cross-agency activities by providing technical expertise and paying for a portion of the cross-agency projects. OCTO also supports individual agencies to enhance the District's current base map to add agency-specific information.

## Justification:

Detailed maps and information and the applications that employ them are an inherent part of state and local government. The DC GIS is already utilized across the government, and the geographic data and applications are the basis of many government operations and decisions. DC GIS works with numerous agencies to make District agencies better stewards of our environment, be more prepared for emergencies, improve public safety, be more efficient in our government operations, track our assets and projects, be more competitive and careful in our economic development, and to be more thorough and fair in our revenue collection.

## Progress Assessment:

This project work has slowed due to budget changes resulting from the economic slowdown.

## Related Projects:

Project N1604C also funds the DC GIS. The difference between N1604C and ZA143C is the type of funding and the permitted spending, not the intent or governance of the DC GIS.

# ELC-N1604-DC GIS MASTER LEASE

**Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TOO)  
**Implementing Agency:** EQUIPMENT LEASE - CAPITAL (ELC)  
**Project No:** N1604  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:** \$5,015,000

## Description:

This capital fund is paired with master lease fund project ZA143C. Both invest in shared applications and mapping data for District agencies that work with geographic data. OCTO coordinates and facilitates cross-agency investments through the District of Columbia Geographic Information System (DC GIS) Steering Committee. OCTO supports these cross-agency activities by providing technical expertise and paying for a portion of the cross-agency projects. OCTO also supports individual agencies to enhance the District's current base map to add agency-specific information.

## Justification:

Detailed maps and information and the applications that employ them are an inherent part of state and local government. The DC GIS is already utilized across the government, and the data and applications are the basis of many government operations and decisions. DC GIS works with numerous agencies to make District agencies better stewards of our environment, be more prepared for emergencies, improve public safety, be more efficient in our government operations, track our assets and projects, be more competitive and careful in our economic development, and to be more thorough and fair in our revenue collection.

## Progress Assessment:

Due to the economic slowdown, DC GIS deferred some investments in mobile applications and address canvassing.

## Related Projects:

Project ZA143C also funds the DC GIS. The difference between N1604C and ZA143C is the type of funding and the permitted spending, not the intent or governance of the DC GIS.

## Description:

ASMP is modernizing, automating, and integrating the District's internal, back office, administrative systems, including procurement, human resources, payroll, benefits administration, and timesheet management. ASMP enables District employees provide automated, faster, more efficient, and fully auditable procurement and personnel services and compile more complete, versatile, and accurate reports for management and the DC Council. The scope of work includes: (a) Establish ERP Organization and Governance; (b) Procure Hardware, Software and Implementation Resources; (c) Improve Core Functional Areas and Achieve Business Goals; and (d) Select, Build, and Run ERP Infrastructure.

## Justification:

This project is necessary to meet the current and future operational needs of the District through the prudent application of technology enhancements.

# ELC-N3701-HUMAN RESOURCES SYSTEM

**Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TOO)  
**Implementing Agency:** EQUIPMENT LEASE - CAPITAL (ELC)  
**Project No:** N3701  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:** \$10,316,000

## Description:

The Human Resources Systems (PeopleSoft HCM) program is designed to integrate the human resources, benefits administration, time reporting, payroll services, employee self service and other human capital management processes and applications for the city. This program will upgrade the PeopleSoft suite and implement the performance management and management end-user reporting tools. In addition, it will enable the use of self-service for all city employees and extend for the first time the use of the applications to include non-employees such as contractors and volunteers, eliminate paper forms, support 360-degree performance feedback and secure access for DC employees from outside DC's network. This program implements a single enterprise wide software platform that will replace several DCHR IT legacy systems (HR Gateway, PMP, PES, ASPEN SumTotal, and paper/excel documents/reports). Operating costs are reduced by 1) eliminating DCHR's IT support and maintenance costs for its stand-alone applications, 2) streamlining HR operations, and 3) reducing amount of printed paper. In FY 2010 Workforce Analytics will provide managers with the capability to perform complex analysis of the District's workforce to assist in decisions about staffing, hiring and workforce deployment.

## Justification:

The current version of PeopleSoft is no longer be supported by Oracle as of in 2011. Essential legal, regulatory, and tax updates are delivered six times a year by Oracle. Therefore, the District must upgrade to a newer version of PeopleSoft to ensure receipt of these updates beyond 12/31/2010.

## Progress Assessment:

This project is progressing as planned through excellent stakeholder involvement and effective project management.

## Related Projects:

Project T2299C converts DC Public Schools (DCPS) employees into the Human Resources system. DCPS, after conversion to the new Human Resources system, will have access to all of the new features being implemented under project N3701C.

**Estimated Full Funding Cost:**\$7,849,000

## Description:

This account is used to develop various citywide software development projects that serve multiple agencies and the public. Two recent examples of these projects are the Web-based Service Request Center (SRC) and the Content Management System (CMS). SRC allows residents of the District to submit and track requests for District services online. CMS includes migrating the content of 200,000+ pages of the District's current website (www.dc.gov) to a new content management system that will make it faster and easier to post news and information on the website for District residents and visitors.

## Justification:

This project supports numerous citywide service modernization projects and high priority projects that will enhance information flow and responsiveness to citizens and make government more efficient and transparent.

## Progress Assessment:

The Content Management System project and the Service Request Center project are progressing as planned.

## Description:

The Procurement Systems program is designed to integrate procurement applications and processes such as buyer, analysis, contract compliance and strategic sourcing for the City. PASS (Procurement Automated Support System) is the procurement system for more than 90 District agencies. This program will implement Contracts Compliance and Strategic Sourcing modules within the PASS suite. These applications will eliminate over 20 other systems currently in use by OCP and provide a fully integrated platform to save the District time and money on procurement.

# ELC-N2201-SERVER CONSOLIDATION

**Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TOO)  
**Implementing Agency:** EQUIPMENT LEASE - CAPITAL (ELC)  
**Project No:** N2201  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** DATA CENTER  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$4,250,000

## Description:

District agencies' technology needs increasingly require additional servers to host applications within OCTO Data Center 1 (ODC1) and OCTO Data Center 2 (ODC2). This project allows OCTO to maintain a robust virtual server pool, which has the dual benefit of providing modern equipment to improve application performance, as well as decreasing the overall operating cost of the data centers due to a decrease in the need for physical servers. Virtual server pools can be defined as taking one physical server and making it appear as many servers on the network.

## Justification:

This project allows for the continuous improvement of OCTO's virtual server pool. This technology eliminates the need for costly 1-to-1 mapping of production and Disaster Recovery servers. This IT project ensures the availability of critical services that OCTO provides to the entire District. The demand on the virtual server platform increases every year and a refresh of equipment allows OCTO to meet new demand and handle the current load. The servers in this virtual pool host critical applications for agencies.

## Progress Assessment:

This project is progressing as planned. Deployment for additional hardware and software will continue to further consolidate the dispersed and redundant server technologies throughout the District.

# TO0-N2504-SERVER CONSOLIDATION - GO BOND

**Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TO0)  
**Implementing Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TO0)  
**Project No:** N2504  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** DATA CENTER  
**Status:** New  
**Useful Life of the Project:** 10  
**Estimated Full Funding Cost:** \$1,500,000

**Description:**

District agencies' technology needs increasingly require additional servers to host applications within OCTO Data Center 1(ODC1) and OCTO Data Center 2 (ODC2). This project allows OCTO to maintain a robust virtual server pool, which has the dual benefit of providing modern equipment to improve application performance, as well as decreasing the overall operating cost of the data centers due to a decrease in the need for physical servers. Virtual server pools can be defined as taking one physical server and making it appear as many servers on the network.

**Justification:**

TBD

**Progress Assessment:**

TBD

**Related Projects:**

# ELC-N6001-TRANSPORTATION INFRASTRUCTURE MODERNIZATION

**Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TOO)  
**Implementing Agency:** EQUIPMENT LEASE - CAPITAL (ELC)  
**Project No:** N6001  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Facility Name or Identifier:** INFORMATION TECHNOLOGY  
**Status:** Ongoing Subprojects  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:** \$1,500,000

## Description:

OCTO proposes to apply public safety value propositions to the transportation cluster by improving traffic cameras, smart traffic signals, and smart meters through connectivity. This initiative will provide design standards for a traffic management system, video surveillance, outdoor Wi-Fi hotspots, and IP-based environmental sensors. OCTO will devote specific resources that focus on bringing new technologies to the transportation cluster through a Deputy CTO, and a variety of projects that would serve the agencies in that cluster as well as intra-cluster benefits that may exist.

## Justification:

The project will provide a public safety value to the transportation cluster by improving traffic cameras, smart traffic signals, and smart meters through connectivity. This will provide design standards for a traffic management system, video surveillance, outdoor Wi-Fi hotspots, and IP-based environmental sensors.

## Progress Assessment:

This is a new project.

# (UC0) OFFICE OF UNIFIED COMMUNICATIONS

## **MISSION**

The Office of Unified Communications (OUC) delivers world-class customer service to the residents, visitors, and other stakeholders of the District with efficient, professional, and cost-effective responses to emergency, non-emergency, and city service requests.

## **BACKGROUND**

The OUC is responsible for operating and maintaining the Unified Communications Center (UCC) and the Public Safety Communications Center (PSCC). The OUC is also responsible for the public safety communications and infrastructure, including 311 and 311, Police/Fire/EMS dispatching, call handling and related call-taking operations. These systems are vital to the public safety and customer service operations of the District of Columbia and are expected to be continuously operational with minimal to zero annual downtime. The comprehensive unified communication systems consist of the latest technologies in the areas of 311/311 telephony systems, radio system, computer-aided-dispatch (CAD), digital voice logging recording (DVLR), Mobile Data Computing (MDC), and Citizen Relationship Management (CRM). These fully redundant systems provide continuous service, including:

- 1.3 million 311 emergency calls and 2.5 million 311 non-emergency/city service calls annually;
- 11 million annual radio calls and 32 million annual radio transmissions;
- 9,600 radios and 1,000 mobile data computers and dispatch applications citywide;
- 900,000 annual computer-aided-dispatch events for MPD and FEMS;
- 400,000 service requests annually; and
- Digital records of all emergency and city service voice/radio transmissions.

## **CAPITAL PROGRAM OBJECTIVES**

Improve public safety communications, including emergency dispatch and call-taking, and city service requests by maintaining and upgrading technology systems to meet the highest industry standards. The OUC is responsible for upgrading and replacing the technology of the public safety agencies.

In the coming fiscal years, the OUC will be working on:

- Environmental and Power Upgrades to 911/311 Communication & Data Center Sites: The OUC will replace and upgrade backup environmental and power equipment at radio communication sites and the 911/311 call center. Upgrades include HVAC, Generator, UPS, and power switch gear (PSCC).
- Integration of Citywide Security Cameras With CAD System: This project consists of connecting the security cameras and systems in the city to the CAD system for use by both dispatchers and call takers as well as units in the field.
- Mobile Data Terminal Upgrades and Licenses: The OUC will procure new MDC hardware and associated application licenses to replace end-of-life devices currently in use by the DC Public Safety fleet.
- Implementation of Next Generation 911: The implementation of Next Generation 911 (NG911) call-taking will enable the ability to receive text messages and video in emergency situations from callers.
- Design and Coordination of Public Safety Wireless Network: This project consists of supporting the design and coordination for implementing a public safety dedicated broadband network in collaboration with FCC and the United States Department of Commerce National Telecommunications and Information Administration through FirstNet.
- Secondary 911/311 Call Center Reconfiguration and Enhancements: The OUC will redesign the PSCC to accommodate 911 and 311 operations in a long-term COOP situation.
- Secondary Redundant Power Feed To The UCC: Per 911 industry best practices, this project would create another line of underground power provided to the Unified Communications Center (UCC) from PEPCO.

## **RECENT ACCOMPLISHMENTS**

- OUC completed P25 Mobile Radio System Upgrade and Migration of 4,800 radios for MPD: This provided MPD access to the latest radio system capabilities and enhanced interoperability with regional partners.
- OUC completed the Fire Station Alerting System Replacement:
- 311 Call Back Assist: This project upgraded and enhanced the 311 telephony system by adding a fully resilient Avaya Experience Portal system combined with an Avaya SIP Session Manager and Call-Back Assist service application.

**Elements on this page of the Agency Summary include:**

- n **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- n **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - 4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018
  - 4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - 4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.
  - 4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019
  - 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).
- n **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact
- n **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.
- n **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

# TO0-UC2TD-IT AND COMMUNICATIONS UPGRADES

**Agency:** OFFICE OF UNIFIED COMMUNICATIONS (UC0)  
**Implementing Agency:** OFFICE OF CHIEF TECHNOLOGY OFFICER (TO0)  
**Project No:** UC2TD  
**Ward:**  
**Location:** 2720 MLK JR. AVE SE  
**Facility Name or Identifier:** UNIFIED COMMUNICATIONS CENTER  
**Status:** New  
**Useful Life of the Project:** 5  
**Estimated Full Funding Cost:**\$28,000,000

## Description:

Description: This project is comprised of the following sub-projects:

- Upgrade to Radio Communication & Data Center Sites
  - o This project consists of replacing/upgrading radio communication sites and 911/311 call center backup environmental and power equipment including HVAC, Generator and UPS (12 sites). It will also include enhancing facility security at the remote sites by installing surveillance cameras
- Integration of Citywide Security Cameras with CAD system
  - o This project consists of connecting the security cameras and systems in the city to the CAD system for use by both dispatchers/call takers as well as units in the field.
- Mobile Data Terminal Upgrades and Licenses
  - o This project consists of procuring new MDC hardware and associated application licenses to replace end of service devices currently in use by the DC Public Safety fleet (MPD, FEMS...etc.)
- Implementation of Next Generation 911
  - o This project involves implementing Next Generation 9-1-1 call taking to include the ability to receive text messages and video in emergency situations from callers.
- Design and Coordination of Public Safety wireless Network
  - o This project consists of supporting the design and coordination for implementing a public safety dedicated broadband network in collaboration with FCC and Commerce Department thru FirstNet
- Upgrade of power backup system at communications sites
  - o This project consists renewing aging radio communication sites backup power equipment including Generator and UPS (10 sites)
- PSCC reconfiguration/enhancements
  - o This project consists of redesigning the PSCC to accommodate 911 and 311 operations in a long-term COOP situation. The redesign of the PSCC would allow us to accommodate 100% more 311 call-takers, while also upgrading the equipment for both 911 and 311 operations at the PSCC
- Fire Radio fleet replacement
  - o This project involves the replacement of 1000 front line FEMS radios to P25 Phase 2
- MPD Mobile VPN and Mobile Router project
  - o This project consists of deploying mobile router solutions for the District's frontline first response units. This will allow for greater number of wireless devices to be connected and thus increase officer safety as well as improve response times.

Justification: The OUC is responsible for upgrading and replacing the technology of the public safety agencies. These upgrades will help our first-responders stay efficient and able to deliver and receive information quickly while in the field.

## Justification:

The UCC IT equipment is 6 years old and in use 24/7.

## Progress Assessment:

This is a new project.

# AM0-PL403-UNDERGROUND COMMERCIAL POWER FEED TO UCC

**Agency:** OFFICE OF UNIFIED COMMUNICATIONS (UC0)  
**Implementing Agency:** DEPARTMENT OF GENERAL SERVICES (AM0)  
**Project No:** PL403  
**Ward:**  
**Location:** 2720 MARTIN LUTHER KING, JR. AVE. SE  
**Facility Name or Identifier:** UNIFIED COMMUNICATIONS CENTER  
**Status:** New  
**Useful Life of the Project:** 15  
**Estimated Full Funding Cost:**\$7,000,000

**Description:**

This project adds an underground commercial power feed from a grid other than the one currently servicing the Unified Communications Center (UCC). It will reduce the facility’s exposure to disrupted commercial power. The facility houses the Office of Unified Communications’ emergency and non-emergency call centers, the Homeland Security and Emergency Management Agency’s Emergency Operations Center (EOC), and serves as the Mayor’s Disaster Hub in incidents of natural and man-made disasters.

**Justification:**

In the construction of UCC, an underground power source was eliminated because it was deemed too cost-prohibitive. However, the recent earthquake, hurricanes, and numerous power outages have exemplified not only why the UCC should be serviced by an underground commercial power source, but also why that source should come from an alternative grid. The UCC houses many critical emergency components during crucial time periods; it is imperative that the facility protect itself against acts of terrorism, natural disasters, and accidental events.

**Progress Assessment:**

This is a new project.

**Related Projects:**

# Appendix E

## Capital Project Cost Estimate Variance

This appendix provides information on lifetime cost for each project in the proposed FY 2014 - FY 2019 capital budget compared to lifetime cost for the project through FY 2013. DC Code Sec. 1-204.44(1) requires identification of capital projects whose lifetime costs in the proposed capital budget increase by more than 5 percent compared to the previous year's capital budget. Appendix E excludes Federal Highway Administration funding since the project-based allocations for FY 2014 – FY 2019 are not yet determined. Projects are divided into four parts for presentation. P

**PART 1: Existing Projects with FY 2014 Budget and FY 2013 Budget; FY 2014 Lifetime Budget Increment Greater Than 5 Percent.** This section lists projects that are the focus of the DC Code requirement.

- Many of these projects fund ongoing work, with additional budget added each year to continue this work. Examples include (1) master equipment lease projects to finance replacement vehicles in the Metropolitan Police Department and the Fire and Emergency Medical Services Department, (2) the street and alley improvement project in the Department of Transportation, and (3) the District's capital subsidy to the Washington Metropolitan Area Transit Authority.
- Other projects represent true cost increases, either because of an expansion in the scope of work or an increase in the cost relative to prior estimates for the same scope of work.

**PART 2: Existing Projects with FY 2014 Budget and FY 2013 Budget; FY 2014 Lifetime Budget Increment Less Than 5 Percent (Or Negative).** This section lists projects whose cost did not increase by more than the 5 percent threshold.

**PART 3: Existing Projects with FY 2014 Budget but not FY 2013 Budget.** This section includes projects that were not part of the FY 2013 budget and thus are not the focus of the DC Code requirement. However, cost increases in the proposed FY 2014 - FY 2019 capital budget can still be calculated compared to previous lifetime budget.

**PART 4: New Projects in FY 2014 Budget**

Projects in this section are receiving budget for the first time in the proposed FY 2014 capital budget, so there is no comparable prior cost estimate.

Lifetime budget data through FY 2013 are the budget authority figures from SOAR, the District's financial management system. Note that in some cases, two projects are listed even though they are doing identical work. An example would be projects that were initially financed by G.O./I.T. bonds that then receive financing through the master equipment lease/purchase program. A second project is created in the financial system with implementer agency ELC, the implementer agency for all master lease projects. The data in Appendix E are based on project information in SOAR, so these are treated as two separate projects.

# Appendix H

# Appendix H: FY 2014 - FY 2019 Highway Trust Fund

## Overview

Approximately 199 of the District's bridges and 400 miles of District streets and highways are eligible for federal aid. The Federal Highway Administration (FHWA) administers the Federal-aid Highway Program and reimburses DDOT for eligible expenditures related to approved highway projects according to cost-sharing formulas that are established in authorizing statutes. In most cases the federal share of the costs for approved projects is about 83 percent. The District's share of eligible project costs is funded with the local Highway Trust Fund (HTF).

The proposed HTF Budget for FY 2014 through FY 2019 is shown in Table H-1. The total budget for FY 2014 is \$252,589,607. It is anticipated that FHWA will make \$206,150,697 of federal aid available for HTF projects. The budget proposed for the local match is \$46,439,000. The proposed local HTF budget is based on estimates of local HTF revenues and anticipated local match requirements. Additional local budget of \$10,000,000 is proposed for HTF project costs that are not eligible for federal reimbursement (non-participating costs).

Non-participating costs include overhead and other costs that FHWA deems ineligible for federal grant funding. Overhead costs are incurred for positions that support the FHWA capital program but are ineligible for direct grant funding due to FHWA regulations. These labor costs are allocated to the local funding for capital infrastructure projects based on the direct labor charged to the individual project. Other non-participating costs are for infrastructure improvements or equipments used on capital infrastructure projects that FHWA deems non-essential for the grant purpose but are necessary to complete the task. Costs that are reimbursable from other parties, such as Pepco or DC Water and Sewer Authority, may also be financed as non-participating costs.

The sources of funding for HTF projects, excluding non-participating costs, are detailed in Figure H-1. The federal share of project funding is anticipated to be 80%, and the local share is expected to be 20%. The local share is derived primarily from motor fuel tax revenue, which is supplemented with right-of-way revenue, as needed to meet local match requirements.

Table H-1

### Proposed HTF Budget, FY 2014 through FY 2019

(Dollars in thousands)

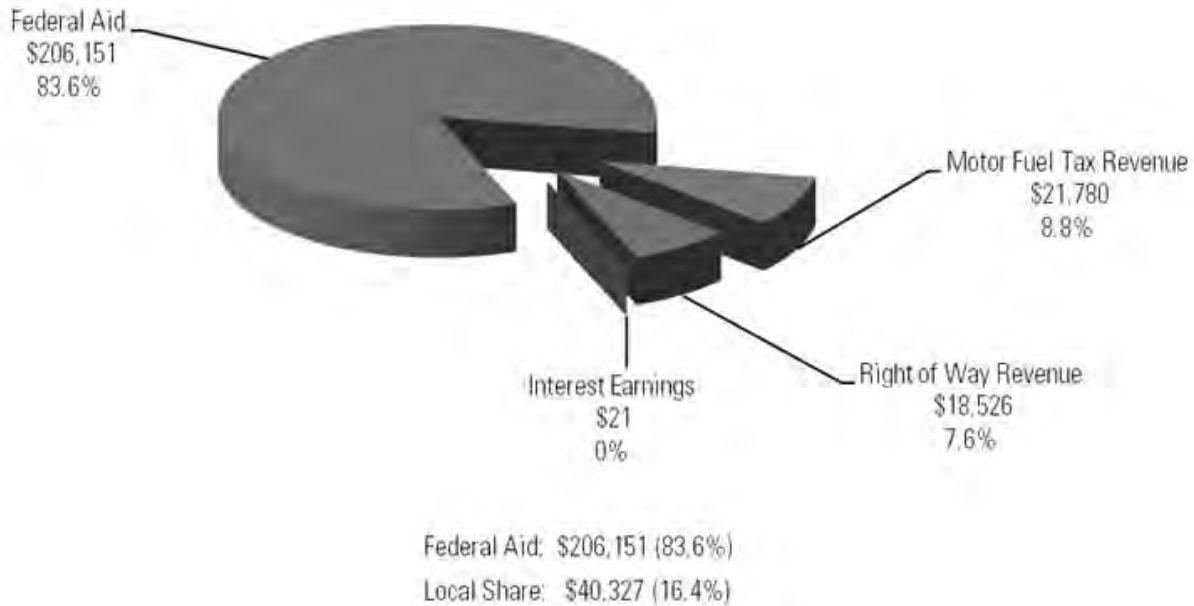

Fund	Title	FY 2014	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	6-Year Total
0320	Highway Trust Fund - Local Match	\$46,439	\$39,264	\$40,872	\$40,871	\$40,871	\$40,872	\$249,188
0350	Highway Trust Fund - Federal Grants	\$206,151	\$158,532	\$156,679	\$156,679	\$156,679	\$156,679	\$991,400
<b>Total HTF</b>		<b>\$252,590</b>	<b>\$197,796</b>	<b>\$197,550</b>	<b>\$197,550</b>	<b>\$197,551</b>	<b>\$197,551</b>	<b>\$1,240,588</b>
0330	Local Non-Participating Costs	\$10,000	\$8,000	\$6,000	\$4,000	\$2,000	\$10,000	\$30,000

Note: Details may not sum to totals due to rounding

Figure H-1

## FY 2014 HTF Sources: \$246,478 excluding prior year funding available

(Dollars in Thousands) Note: Details may not sum to totals due to rounding

## Highway Trust Fund Revenue

The HTF budget is proposed to be distributed between seven master projects shown in Figure H-2. Budget is allocated from the master projects to related projects as FHWA approves projects for federal funding. Projects that are related to each master project are listed in Appendix H (Table H-3). Non-participating budget will be allocated from local master project NP000C, Non-Participating Highway Trust Fund Support.

Each year DDOT produces a multi-year HTF financial report as required by D.C. Code § 9-109.02(e) to ensure that there are sufficient financial resources to match FHWA grants for transportation projects. A copy of the report for FY 2014 through FY 2019 is presented in Table H-2.

## Project Planning

The Transportation Improvement Program (TIP) is a 6-year financial program that describes the schedule for obligating federal funds to state and local projects. DDOT completes a new TIP, processed through the Metropolitan Washington Council of Governments, each year. The TIP contains funding information for all modes of transportation including highways, transit, capital, and operating costs.

The TIP represents the intent to construct or implement a specific project and the anticipated flow of federal funds and matching local contributions. The TIP serves as a schedule of accountability to the Federal Highway and Federal Transit Administrations. Their annual review and certification of the TIP ensures the continuation of federal financial assistance for Washington area transportation improvements. Significant District projects in the TIP are the 11th Street Bridge Reconstruction, the South Capitol Street Corridor, the St. Elizabeths Campus Access Improvements, and the Southeast Boulevard from 11th Street Bridge to Barney Circle.

To ensure that DDOT can obligate all of its federal funds each year, the TIP contains more projects than DDOT has funding to complete. This strategy allows DDOT to implement alternative projects should there be an unexpected delay or if the agency should receive additional funding authority from the FHWA during their annual "August

redistribution” process. August redistribution is the process by which states that do not obligate 100 percent of their authority within the fiscal year must forfeit any remaining authority. FHWA then redistributes this authority to those states that obligated 100 percent of their authority during the fiscal year and have projects that are ready to go. DDOT requests budget authority of \$252,589,607 for HTF projects in FY 2014.

## Highway Trust Fund Cash Prospective (Notes)

1. The beginning balance reflects the amount of obligations carried forward from the previous fiscal year in support of long-term Capital Investment.
2. Dedicated revenue secured through the collection of Motor Fuel taxes.
3. Dedicated revenue collected as a result of businesses paying a rental fee equal to 20% of the rental fee requirement for stand-alone conduit or pipes in the public right-of-way below the surface, 20% of the rental fee requirement for aerial wires in the public right-of-way above the surface.

Beginning in FY 2012, right-of-way fees will be dedicated to the HTF along with Motor Fuel Taxes and Interest for a total match not to exceed 22% of proposed annual federal-aid highway project expenditures.

4. Interest earned on unspent monies for planned future expenditures. The rate used for calculating projected interest earnings is certified at 0.07% as of February 23, 2013 for the remainder of FY 2013 through FY 2019.
5. Advance Construction Recovery is the reimbursement of DDOT costs for initial construction elements prior to having formally received HTF approval.
6. Federal aid apportionment is the funding provided by the Federal Highway Administration (FHWA) in each fiscal year based in part on the DC match. For FY 2012, funding reflects the District's annual Federal Aid apportionment of \$232,250,027 at year-end. The year-end apportionment includes August Redistribution. The FY 2013 anticipated apportionment of \$173,067,356, and the FY 2014-FY 2019 anticipated annual apportionments of approximately \$158,000,000 include August Redistribution, and DDOT will ensure it meets FHWA's eligibility requirements for consideration. For FY 2014 through FY 2019, funding has been conservatively flat-lined to reflect the Federal Aid Apportionment DDOT may be awarded prior to August Redistribution.
7. Beginning in FY 2012, the HTF is comprised of Master Projects which more closely align with FHWA's anticipated restructuring of DDOT's Transportation Infrastructure Plan (TIP) document. Within the Master Projects categories, DDOT will allocate budget to projects that receive FHWA approval for obligation throughout the fiscal year. Currently, there are nine Master Projects proposed: Maintenance; Major Rehabilitation, Reconstruction, Replacement or New Construction; Operations, Safety and System Efficiency; Travel Demand Management; Planning, Management and Compliance; Transit Operations and Dedicated Facilities; Economic Development; 11th Street Bridge; South Capital Street; and Streetcars.
8. Project Cost (Design/Construction) represents the planned expenditures for all phases of approved federal highway projects.
9. Project Management costs consist of salaries for in-house labor and contracted construction management services.
10. Construction, Design, Site and Equipment expenditures eligible for federal aid match.
11. Non-Participating Costs are those costs not eligible for federal aid match. These include labor and overhead costs, and advance construction not covered by FHWA. Also included are miscellaneous costs/reimbursements that may possibly be converted to federal reimbursement upon approval by FHWA at a later date, or will be reimbursed by another entity. Effective FY13, non-participating costs will no longer be paid from the Highway Trust Fund. Monies in the Local Transportation Fund and Enterprise Fund for Transportation Initiatives shall be used for non-participating costs that are associated with federally-funded capital projects. Budget for non-participating costs shall be provided through a paster project and shall be allocated to all Highway Trust Fund projects as needed.

# (KA0) DEPARTMENT OF TRANSPORTATION

## **MISSION**

The District Department of Transportation (DDOT) develops and maintains a cohesive sustainable transportation system that delivers safe, affordable, and convenient ways to move people and goods—while protecting and enhancing the natural, environmental and cultural resources of the District.

## **BACKGROUND**

DDOT oversees 1,100 miles of roads; 199 highway bridges, 14 pedestrian bridges, 17 tunnels and underpasses; 80,000 street, alley, bridge, tunnel, and navigation lights; 17,000 parking meters; 144,000 street trees and tree spaces; 130,000 street trees and tree planting; and 1,680 signalized intersections. Additionally, DDOT has responsibility for the District's bicycle and pedestrian facilities, traffic and pedestrian safety, and managing the District's public space and rights-of-way.

## **CAPITAL PROGRAM OBJECTIVES**

1. Ensure that the District's current transportation infrastructure (roads, bridges, transit system, signage, and sidewalks) and streetscapes are in acceptable condition.
2. Increase non-vehicular transportation modes to meet the mobility and economic development needs of the District.
3. Improve the safety of pedestrians, cyclists, and vehicles throughout the District.

## **LOCAL TRANSPORTATION FUND:**

This portion of DDOT's Transportation Program highlights Local Transportation Fund projects funded by Paygo funds, Master Equipment Lease/Purchase Program and/or General Obligation or Income Tax Secured Revenue bonds. The projects captured in this segment of the Capital Transportation Budget involve planned and proposed projects geared to improving and enhancing the local network of major and minor streets and roadways throughout the neighborhoods of the District. Improvements to the local network of streets include replacement of trees, lighting, curbs, sidewalks, alleys and supporting design, equipment and technology.

## **RECENT ACCOMPLISHMENTS OF HTF**

1. Made traffic safety improvements to 61 hazardous intersection.
2. Began work on two streetcar segments – Anacostia and H Street NE/Benning Road.
3. Completed three livability studies – Outcomes focused on changes such as enhanced pedestrian crossings, more accessible bus stops, increased green spaces, attractive streetscapes, improved signage, updates to traffic signal timing, and speed controls in sensitive areas.
4. Installed 1,150 networked, credit card reading meters to replace previous outdated stock in high usage areas Replaced or repaved more than 20 miles of streets, alleys and sidewalks Installed 500 speed humps and filled nearly 60,000 potholes.
5. Maintained Tree City USA status for its 20th consecutive year –DDOT has also planted over 4,000 trees in the past year.

**Elements on this page of the Agency Summary include:**

- n **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- n **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - 4 **Budget Authority Thru FY 2018 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2013 through 2018
  - 4 **FY 2013 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - 4 **6-Year Budget Authority Thru 2018 :** This is the total 6-year authority for FY 2013 through FY 2018 including changes from the current fiscal year.
  - 4 **Budget Authority Request for 2014 through 2019 :** Represents the 6 year budget authority for 2014 through 2019
  - 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2014 - FY 2019 (change in budget authority is shown in Appendix A).
- n **Estimated Operating Impact:** The agency summary of all projects with operating impacts that the agency has quantified, the effects are shown, by type, in the respective year of impact.
- n **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.
- n **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

## KA0-AW000-SOUTH CAPITOL STREET CORRIDOR

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** AW000  
**Ward:**  
**Location:** WARDS 6 AND 8  
**Status:** In multiple phases  
**Useful Life of the Project:** 30

### Description:

The proposed improvements to South Capitol Street are intended to realize the vision set forth in the L'Enfant Plan through downgrading South Capitol Street from an expressway to an urban boulevard and gateway to the District of Columbia's Monumental Core. A key feature of this project will be the construction of a new and architecturally significant Frederick Douglass Memorial/South Capitol Street Bridge. This structure will spark the transformation of the South Capitol Street corridor and create a world class gateway between the east and west sides of the Anacostia River. Additional park lands will be created in the area adjacent to the new bridge to promote liveable communities, expand recreational options, and reconnect the city to the Anacostia riverfront. Economic development opportunities will be created and improved connectivity for residents will be provided to federal installations and job centers, including enhanced access to the Department of Homeland Security, U.S. Navy Yard, Bolling Air Force Base, the Anacostia Annex, and Andrews Air Force Base in Maryland.

### Related Projects:

All projects assigned to master project AW000A-South Capitol Street Corridor in Appendix H, Table 3.

## KA0-HTF00-11TH STREET BRIDGE

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** HTF00  
**Ward:**  
**Location:** WARDS 6 & 8  
**Status:** Under construction  
**Useful Life of the Project:**

### Description:

This project serves as the debt service payment for the 11th Street Bridge GARVEE Bonds. The 11th Street Bridges design build project represents a significant step forward in DDOT's Anacostia Waterfront Initiative infrastructure endeavor. The project will improve mobility by providing separate freeway and local traffic connections to area roadways. Providing these connections will allow for the creation of the "Grand Urban Boulevard" envisioned for the South Capitol Street Corridor. The project provides multi-modal transportation options for cars, pedestrians, bicycles, and the future DC Streetcar; replaces existing structures that are both functionally deficient and structurally obsolete; provides an additional alternate evacuation route from our Nation's Capital; and supports the overall environmental mission of the Anacostia Waterfront Initiative. The first phase of the innovative design build to budget project started construction in December 2009, and is scheduled to be completed in 2013. This project is the largest project ever completed by DDOT and is the first river bridge replacement in the District of Columbia in more than 40 years. Completing this project will improve travel for both local and regional traffic.

### Related Projects:

## KA0-MNT00-MAINTENANCE

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** MNT00  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Status:** In multiple phases  
**Useful Life of the Project:**

### Description:

Any routine preventive maintenance or minor rehabilitation project including, but not limited to, typical maintenance program, resurfacing, sealing, pothole repair; streetlight and signal maintenance not including major upgrades (which would be in “operations” section), and asset management.

- a. Bridge rehabilitation and maintenance (self explanatory)
- b. Interstate (projects on streets functionally classified as interstates or freeways)
- c. Primary (projects on streets functionally classified as National Highway System routes or Major arterials)
- d. Secondary (projects on streets functionally classified as minor arterials or collectors – technically local street projects are not “regionally significant” and therefore need not be in the TIP at all, nor are they eligible for highway trust fund investment anyway so these would be scrubbed out)
- e. Pedestrian and bicycle facilities (sidewalks, cycle tracks, and trails)

### Related Projects:

All projects assigned to master project MNT00A-Maintenance in Appendix H, Table 3.

# KA0-MRR00-MAJOR REHABILITATION, RECONSTRUCTION, REPLACEMENT

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** MRR00  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Status:** In multiple phases  
**Useful Life of the Project:**

## Description:

Any rehabilitation projects in excess of \$5M, all street reconstruction projects, all major streetscape projects, all new construction or vehicle lane additions. This would include significant transportation construction projects that integrate multi-modal facilities such as transit, multi-use trails, etc. in the appropriate corridor(s).

- a. Bridge replacement
- b. Interstate (interstate or freeway)
- c. Primary (NHS or other major arterial)
- d. Secondary (minor arterial or collector)
- e. Pedestrian and bicycle facilities (sidewalks, cycle tracks, and trails)

## Related Projects:

All projects assigned to master project MRR00A-Major Rehabilitation, Reconstruction, Replacement in Appendix H, Table 3.

# KA0-OSS00-OPERATIONS, SAFETY & SYSTEM EFFICIENCY

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** OSS00  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Status:** In multiple phases  
**Useful Life of the Project:**

**Description:**

Any projects with a primary focus of improving the safety and efficiency of our transportation system. In practice, this involves a variety of safety initiatives including engineering, safety education programs and campaigns meant to reduce crashes, fatalities, injuries and property damage. The category also includes Intelligent Transportation Systems and architecture, congestion management and traffic management to maintain functional mobility on District roadways for people and freight, while also addressing impacts to local communities.

- a. Traffic operations and improvements including ITS
- b. Signal and streetlight system operations and upgrades
- c. Safety program
- d. Safe Routes to School
- e. Livable Streets
- f. Freight and motor coach program
- g. Parking program

**Related Projects:**

All projects assigned to master project OSS00A-Operations, Safety and System Efficiency in Appendix H, Table 3.

## KA0-STC00-STREETCARS

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** STC00  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Status:** In multiple phases  
**Useful Life of the Project:**

### Description:

This project funds planning that improves the quality, efficiency and/or safety of streetcar service. The DC Streetcar will make travel within the District much easier for residents, workers and visitors, and it will complement the existing transit options. Although the Metrorail system does an exemplary job of connecting the District to the rest of the region, it was not designed to connect neighborhoods. The DC Streetcar will do that and it will bring tremendous benefits to the communities it serves. In addition to streetcar lines under construction on H Street NE and Anacostia, planning is underway for additional segments across the city.

### Related Projects:

## KA0-ZU000-TRAVEL DEMAND MANAGEMENT

**Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Implementing Agency:** DEPARTMENT OF TRANSPORTATION (KA0)  
**Project No:** ZU000  
**Ward:**  
**Location:** DISTRICT-WIDE  
**Status:** In multiple phases  
**Useful Life of the Project:**

### Description:

Any projects that employ strategies to reduce single occupancy driving in the city and seek to reduce roadway congestion. This includes services and facilities that promote safe and attractive walking and bicycling as well as programs that promote mass transit, and other creative ways to provide alternatives to auto travel as well as significant outreach, education and promotion. Intermodal facilities that also promote non-single occupancy vehicle travel are included as well.

- a. Bicycle and Pedestrian Management Program
- b. Commuter Connections
- c. Bike share and bike station
- d. Intermodal facilities

### Related Projects:

All projects assigned to master project ZU000A-Travel Demand Management in Appendix H, Table 3.

## The District of Columbia Water and Sewer Authority FY 2012 - FY 2021 Capital Improvement Program

---

### Overview

The District of Columbia Water and Sewer Authority (DC Water) is an independent agency that provides essential retail water and wastewater services to over 600,000 residents and businesses, 16.6 million annual visitors, and 700,000 people who are employed in the District of Columbia. DC Water also provides wholesale wastewater conveyance and treatment services to more than 1.6 million residents in Prince Georges and Montgomery Counties in Maryland, and Fairfax and Loudoun Counties in Virginia.

Governed by an 11 member regional board of directors, DC Water maintains and operates the water distribution system, sanitary and combined sewage systems, and Blue Plains, the largest advanced wastewater treatment plant in the world. Since DC Water's formation in 1996, it has successfully undertaken significant efforts to improve its financial position and operations, a critical part of which has been the development and implementation of a ten-year capital improvement program. The capital program will enable DC Water to meet its key goals of providing the best service possible to its retail and wholesale customers, reducing long-term operating costs, meeting all regulatory requirements, and continuing its activities as an environment steward.

DC Water's FY 2012 - FY 2021 ten-year capital improvement program (CIP), adopted by its board of directors on January 2013, totals \$3.8 billion on a cash disbursements basis. This year's CIP is approximately the same as the last two year's disbursements budget, and reflects the continuation of major capital asset investment in programs and projects that will improve the condition of our local water ways, create clean energy and reduce operating costs in future years. This CIP includes all mandated projects as well as rehabilitation of assets required to meet permit requirements and all service needs. Further, the plan implements most of the water and sanitary sewer investments adopted by the Board to replace our aging infrastructure. These replacements are scheduled to ramp up to the full adopted plan by FY 2015 and additional projects will continue to be incorporated in future years as called for by the 2009 Facility Plan.

### Ten-Year Capital Improvement Program and Financial Plan

DC Water's enabling legislation requires a five-year financial planning period. However, because DC Water operates under a regulatory and capital project-driven environment, the agency uses a ten-year planning horizon for capital improvement projects. In addition, DC Water annually develops a ten-year financial plan that integrates the impact of the capital improvement program with DC Water's board policy goals of maintaining strong bond ratings, implementing rate increases on a gradual and predictable basis, streamlining operations in order to lower operating costs over the next several years, and providing better service to customers.

The development and adherence to a ten-year capital improvement program and ten-year financial plan have been critical factors in the strong bond ratings DC Water has received. DC Water has also been commended for its strong financing and rate-setting policies, its policy of gradual and predictable rate increases, high liquidity levels, diverse customer base, strong management emphasis on long-term financial planning, and track record of addressing costly capital improvements while efficiently managing its finances. DC Water's credit ratings were reaffirmed in 2012 at the "AA" level, the second highest rating category available to state and local issuers, by Moody's and Fitch Ratings. In recognition of the Authority's strong credit position and financial stability, Standard and Poor's upgraded DC Water's credit rating to AA+ for senior lien revenue bonds. These favorable ratings help reduce the interest rates DC Water pays on its debt borrowings, resulting in lower bills for customers.

## Capital Financing and Reserve Policies

DC Water's solid financial performance has been in large part due to the Board's strong financing and reserves policies. DC Water's financing policies are as follows:

1. DC Water will maintain financial practices and policies that result in high quality investment grade bond ratings so as to ensure the lowest practical cost of debt necessary to finance DC Water's long-term capital program.
2. DC Water will maintain strong levels of operating cash reserves, equivalent to approximately 120 calendar days of budgeted operations and maintenance costs, calculated on an average daily balance basis or a target of \$125,000,000, whichever is greater. The annual reserve amount will be formally approved by the Board as part of its annual approval of the operating and capital budgets and ten-year plan. The operating reserve will, at a minimum, include any reserve requirements contained in DC Water's master trust indenture as follows, excluding any debt service reserve funds and the rate stabilization fund:
  - a) Operating Reserve – equivalent to operating costs for sixty days.
  - b) Renewal & Replacement Reserve - \$35 million. This reserve requirement will be evaluated every five years by DC Water's independent rate consultant in conjunction with the indenture-required system assessment.
  - c) District of Columbia General Obligation Debt Reserve – equivalent to 10 percent of DC Water's share of subsequent year's District general obligation bond debt service.
  - d) DC Water will maintain senior debt service coverage of 140 percent, in excess of DC Water's indenture requirement of 120 percent. Senior debt service coverage will be calculated in accordance with DC Water's indenture.
3. In general, DC Water will utilize operating cash in excess of the Board's reserve requirement and any other significant one-time cash infusions for capital financing or for repayment of higher cost debt.
4. DC Water will whenever possible use the least costly type of financing for capital projects based on a careful evaluation of capital and operating requirements and financial position for each year.
5. DC Water will attempt to match the period of debt repayment, in total, with the lives of the assets financed by any such debt. DC Water's capital improvement program is financed from the following sources:
  - a) Revenue Bonds/Commercial Paper – 60 percent;
  - b) Payments from Wholesale Customers – 24 percent;
  - c) Paygo Financing (Transfer from Operations) - 8 percent;
  - d) EPA Grants – 7 percent; and
  - e) Interest Income on Bond Proceeds – 1 percent

In March 2012, the Authority issued subordinate lien revenue bonds with a face value of \$440.65 million. The bonds were structured in three Series: Series 2012A consisted of \$177.4 million with interest rates ranging from 2.0% to 5.0% maturing in 2037. Series 2012B consisting of \$100 million with interest rate at 2.26% maturing in 2044. Series 2012C consisting of \$163.22 million with interest rates ranging from 4.0 % to 5.0% maturing in 2033. Gross proceeds from the 2012 Bonds totaled \$493.9 million. Approximately \$302.4 million was used to fund various capital projects and \$188.69 million was used to advance-refund series 2003 bonds.

Currently, DC Water maintains a \$225 million Commercial Paper (CP) Program. The program consists of three series – Series A \$100 million tax-exempt, Series B \$50 million tax-exempt and Series C \$75 million taxable for purposes of interim financing designed to provide flexibility between longer term bond issuances cycles. Under this program, DC Water issues fixed rate, short-term (no greater than 270 days) notes to provide liquidity and credit support for the notes. DC Water has entered into an irrevocable letter of credit (LOC) with J. P. Morgan for Series A and B and with U.S. Bank for Series C, all of which expire in May 2013.

## **Water System Program**

DC Water distributes safe, clean drinking water to customers throughout Washington, DC, and continues to comply with all federal and local regulations. Capital projects in the Water Service Area are designed to maintain water quality through an adequate and reliable potable water supply to customers, as well as providing fire suppression support for the District of Columbia government. Categories of water projects include rehabilitation/ replacement of water pumping stations and water quality projects, including dead-end elimination, watermain rehabilitation and replacement, and valve replacement. This area also includes water service line and meter replacement.

The water distribution system includes appurtenances necessary for proper system operation, inspection, and repair. DC Water's system includes approximately 1,300 miles of pipe and over 36,000 valves of various sizes. A variety of valve types allow flow control, prevent air entrapment, allow watermain draining, permit flow in only one direction, and allow water transfer between service areas during emergencies. The system also includes more than 9,000 hydrants in public space maintained on behalf of the Government of the District of Columbia in support of the DC Fire and Emergency Services. The cost of the fire hydrant maintenance is reimbursable and does not affect rate adjustments for customers in the District.

The lifetime budget for the Water Service Area (including Meter Replacement/AMR) is \$1.6 billion, an increase of \$163.4 million from last years' CIP. This is primarily driven by the continuing ramping-up, through FY 2015, of the Water Facility Plan that was completed in FY 2009 to achieve the replacement of one percent of the small diameter water main infrastructure per year.

## **Wastewater Treatment Program**

DC Water operates the Blue Plains Advanced Wastewater Treatment Plant, which provides wastewater treatment services to over 2 million people in its service area. The service area includes residents of the District and significant portions of Montgomery and Prince George's Counties in Maryland and Fairfax and Loudoun Counties in Virginia. Wastewater treatment facilities at Blue Plains process liquids from sanitary wastewater flows as well as peak storm flows from the sanitary and combined sewer systems. Blue Plains also has solids processing facilities that treat the residual solids removed by the liquids processing facilities. DC Water's wastewater treatment plant is rated for an average flow of 370 million gallons per day (MGD), and is required by its National Pollutant Discharge Elimination System permit to treat a peak flow rate of 740 MGD through the complete treatment process for up to four hours, and continuous peak complete treatment flows of 511 MGD thereafter. The plant treats these flows to a level that meets one of the most stringent National Pollutant Discharge Elimination System discharge permits in the United States. Additionally, up to 336 MGD storm water flow must receive partial treatment, resulting in a total plant capacity of 1,076 MGD.

## **Liquids Processing Projects**

DC Water's ten-year capital improvement plan includes projects to upgrade and rehabilitate facilities involved in handling flows from the sanitary and combined sewer systems. These flows progress sequentially through the plant processes to ultimate discharge of the treated effluent into the Potomac River. Liquid treatment systems include headwork's facilities that screen and pump the wastewater flows, grit facilities that remove sand and grit particles, primary treatment facilities that remove solids by sedimentation, secondary treatment facilities that remove organic pollutants using a biological process, nitrification/denitrification facilities that remove nitrogen using a biological process, and effluent filtration, disinfection, and dechlorination facilities.

## **Solids Processing Projects**

Biosolids processing involves reductions in volume along with treatment to meet federal or state and local requirements, as applicable, for the ultimate disposal method. Treatment is provided by a system of processing facilities that include gravity thickening of primary sludge, floatation thickening of the biological waste sludges produced by the secondary and nitrification/denitrification processes, planned digestion of all biosolids streams, dewatering by centrifuge or belt press and lime stabilization. Dewatered biosolids are conveyed to the Dewatered Sludge Loading Facility for outloading to tractor-trailers for hauling to offsite land application sites and land reclamation sites. Solids processing facilities are required to produce a biosolids product that can be reused or disposed of in an economical and environ-

mentally acceptable manner.

Under DC Water's Biosolids Management Plan ("BMP", originally adopted by the Board in 1999), a number of options were evaluated for long-term biosolids processing and disposal, and identified full biosolids digestion as a common element of all long-term approaches. However, based on market conditions in FY 2006, the DC Water Board of Directors re-evaluated a wider range of biosolids processing options. A combination of thermal hydrolysis and anaerobic digestion was selected and included in the capital budget. This recommended option will have the potential to decrease electricity purchases by up to one third through the generation of energy on-site, reduce biosolids operating costs, and reduce DC Water's carbon footprint—while producing a Class A biosolids product which can be more widely beneficially reused at reduced costs. The current budget further reduces the impact on DC rate payers through financing options that match the debt service with the realization of reduced operating costs.

## **Plant-Wide Projects**

Several significant plant-wide projects are included in DC Water's capital plan. This program provides for upgrading, rehabilitating, or installing support systems and facilities that are required for both the liquid processing and solids processing programs. A new asset management project has been incorporated within the capital program that will help to effectively plan and monitor the maintenance, repair and replacement of the system assets to ensure that necessary service requirements are met in the most cost-effective manner. Systems include a Process Control System (PCS) for monitoring and control of all processes and facilities, upgrades to city and plant water systems, chemical systems, electrical power and distribution systems upgrade, telephone service, and data highway infrastructure for process, safety, security and information needs. Facilities comprise chemical receiving, storage, transmission and feed systems for chemicals used throughout the liquid and solids processes, including metal salts, polymers, sodium hypochlorite, and sodium bisulfite. Support facilities projects include the rehabilitation of the Central Operations Facility and the Central Maintenance Facility.

## **Combined Sewer Program**

Similar to many older communities in the Mid-Atlantic, Northeast, and Midwest portions of the country, approximately one-third of the District, mostly in the downtown and older parts of the city, is served by a combined sewer system. A combined sewer system merges the conveyance of both stormwater and wastewater within one system. In dry weather, the system delivers wastewater to the Blue Plains Wastewater Treatment Plant. In wet weather, storm water also enters the system, and if the conveyance capacity of the system is exceeded, the excess flow spills into the waterways of the District. This discharge is called Combined Sewer Overflow (CSO).

Along with a few smaller CSO projects, DC Water is currently engaged in implementing the DC Clean Rivers Project (aka Long -Term Control Plan) for CSOs that discharge to the Anacostia River, Rock Creek and the Potomac River. The schedule for completing the DC Clean Rivers Project spans a 20-year period that ends in 2025 and is included in a Federal Consent Decree between the United States, the District and DC Water. The benefits of the twenty-year plan are significant. When fully implemented, combined sewer overflows will be reduced by a projected average of 96 percent (98 percent on the Anacostia River) resulting in improved water quality and a significant reduction in debris on our national capital's waterways. In addition, DC Water's clean-up efforts on the Anacostia River are a cornerstone of the District's plan to redevelop both sides of the river.

The federal consent decree was entered by the court in March 2005. Projects to control CSOs to the Anacostia River are at the top of the court-ordered schedule and DC Water has completed the final Facility Plan for these projects. The Facility Plan includes a Summary Report and detailed implementation schedule which DC Water has submitted to EPA as required by the consent decree. DC Water is now moving forward in the design and construction phases of the Anacostia River projects according to the detailed implementation schedule submitted to EPA.

The plan, described in more detail on DC Water's web site at [www.dewater.com](http://www.dewater.com), includes a variety of improvements planned throughout the District to improve the quality of the Anacostia and Potomac Rivers and Rock Creek. DC Water has already invested nearly \$200 million in construction projects that has resulted in 40 percent of the planned 96 percent overflow reduction under the federal CSO Nine Minimum Controls program. It will take an additional \$2.4 billion (for a total investment of about \$2.6 billion) to achieve the final goals of the federally mandated Clean Rivers

Project as currently required. In FY 2013, a new project was incorporated into the DC Clean Rivers Project that would expand its commitment to the use of green infrastructure as a supplement to its investments in the series of tunnels already planned within the Clean Rivers Project. This demonstration project, if fully implemented, reinforces the unwavering commitment to responsible environmental stewardship and sustainability.

## **Sanitary Sewer Program**

DC Water is responsible for wastewater collection and transmission in the District, including operation and maintenance of the sanitary sewer system. DC Water's sanitary sewer system includes approximately 600 miles of large interceptor sewers and smaller gravity collection sewers. DC Water is also responsible for sewer lateral connections from the sewer mains to the property lines of residential, government, and commercial properties. In addition, DC Water is responsible for the 50 mile long Potomac Interceptor System, which provides conveyance of wastewater from areas in Virginia and Maryland to Blue Plains. The existing sanitary sewer system in the District dates back to 1810, and includes a variety of materials such as brick and concrete, vitrified clay, reinforced concrete, ductile iron, plastic, steel, brick, cast iron, cast-in-place concrete, and even fiberglass.

- In 2009, DC Water completed the Sewer System Facility Plan and in FY 2010 began to ramp up the recommendations contained therein with full program implementation in FY 2015. DC Water will continue the evaluation of the sewer system as an ongoing program to determine its condition, verify adequate capacity, and prioritize and develop new capital projects, as appropriate. The projects selected to be included in the CIP were based on inspections performed on approximately 80 miles of the District's most critical sewer segments. The criticalities of these sewers were developed based on several factors including size, age, historical problems, and locations such as under buildings.

The approved CIP includes ramped-up disbursements, up to an average of \$40 million a year beginning in FY 2014, to replace all aging sanitary infrastructure.

## **Stormwater Program**

Over 34 miles of rivers and streams in and around the District do not support swimming and aquatic life. Stormwater runoff from separated and combined sewers is the primary source of pathogens that cause impairments to the District's local waterways. The District's stormwater system includes both separate and combined sewers, has approximately 600 miles of storm sewer pipes, catch basins, inlets, special structures and related facilities. DC Water is responsible for the stormwater management in areas served by combined sewers (approximately one-third of the City) and maintenance and replacement of certain public facilities supporting the combined system.

The District Government is responsible for operation, some capital replacement and management of the separate stormwater system under a MS4 (stormwater management) permit issued by the federal government. The central responsibility for managing system lies with the District's Department of the Environment (DDOE). Since 2007, DDOE has been responsible for the separate storm water system and compliance with the Clean Water Act as the stormwater administrator. Among other things, DDOE coordinates the MS4 task force, making recommendations regarding stormwater priorities, goals and recommendations on the adequacy of funding mechanisms for stormwater management activities. While roles and responsibilities for capital replacements are not clearly defined, DC Water's ten-year budget for the Stormwater Service Area is \$15.9 million. Projects include rehabilitation of certain storm sewer systems that have experienced structural deterioration, relocation of storm sewers as appropriate when related to sanitary sewers, and studies and analysis primarily requested and paid for by other agencies or federal governmental entities. DC Water has continued to support stormwater management in the District of Columbia through catch basin cleaning in the combined sewer area (per our Blue Plains NPDES permit and an important component of storm water pollution control efforts) and through coordination of cleaning activities throughout the District (along with DC Public Works) as a member of the taskforce and an agency that values the design and implementation of environmentally responsible policies and programs. As new technologies for water quality catch basin and best management practices become available and are installed by DC Department of Transportation, DC Water has pledged to support

stormwater efforts through expeditious review and approval, as appropriate, of proposals and providing catch basin cleaning and maintenance of new technologies utilizing available funding under the MS4 program. In addition, DDOE has, from time to time, identified areas within the District that may require additional study of stormwater impact. DC Water has the expertise available to support this research as required to enable evaluation of alternatives and best practices for future decision making. This work in support of DDOE has no impact to District rate payers.

While roles and responsibilities for capital replacements are not clearly defined, DC Water's ten-year budget for the Stormwater Service Area is \$16.3 million. Projects include rehabilitation of certain storm sewer systems that have experienced structural deterioration, relocation of storm sewers as appropriate when related to sanitary sewers, and studies and analysis primarily requested and paid for by other agencies or federal governmental entities. DC Water has continued to support stormwater management in the District of Columbia through catch basin cleaning in the combined sewer area (per our Blue Plains NPDES permit and an important component of storm water pollution control efforts) and through coordination of cleaning activities throughout the District (along with DC Public Works) as a member of the taskforce and an agency that values the design and implementation of environmentally responsible policies and programs. As new technologies for water quality catch basin and best management practices become available and are installed by DC Department of Transportation, DC Water has pledged to support stormwater efforts through expeditious review and approval, as appropriate, of proposals and providing catch basin cleaning and maintenance of new technologies utilizing available funding under the MS4 program. In addition, DDOE has, from time to time, identified areas within the District that may require additional study of stormwater impact. DC Water has the expertise available to support this research as required to enable evaluation of alternatives and best practices for future decision making. This work in support of DDOE has no impact to District rate payers.

## **Washington Aqueduct**

The Washington Aqueduct, managed by the U.S. Army Corps of Engineers, provides wholesale water treatment services to DC Water and its partners in Northern Virginia, Arlington County and Falls Church. DC Water purchases a little less than approximately 75 percent of the water produced by the Aqueduct's two treatment facilities, the Dalecarlia and McMillan treatment plants, and thus is responsible for nearly 75 percent of the Aqueduct's operating and capital costs. Under federal legislation and a memorandum of understanding enacted in 1997, DC Water and its Northern Virginia partners have a much greater role in oversight of the Aqueduct's operations and its capital improvement program. DC Water's ten-year expenditure budget for its share of the Washington Aqueduct capital projects totals \$107.1 million, almost same as last year's 10-year plan.

## **Capital Equipment**

DC Water's Capital Equipment budget totals approximately \$96 million for FY 2012 – FY 2021 plan, a decrease of 2.6 million compared to the last ten-year plan. Approximately thirty eight percent of spending in the capital equipment area is on major information technology projects, including the document management system (\$2.8 million) and infrastructure upgrades (\$6.6 million). DC Water continues its commitment to scheduled replacement of its vehicle fleet with a ten year budget of \$15.6 million, representing about sixteen percent of the ten-year plan. Finally, maintenance of large equipment totals \$22.7 million or about twenty four percent of the ten-year plan. Other equipment including pumps, valves and meters necessary for maintenance (including that of the District's public fire system) totals \$9.5 million.

**FY 2014 Congressional Capital Authority Request**

As part of DC Water’s enabling legislation, Congressional appropriations authority is required before any capital design or construction contract can be entered into. DC Water’s FY 2014 request totals \$557 million, and reflects the following:

**DC Water Fiscal Year 2014 Capital Authority Request (Dollars in thousands)**

<u>Service Area</u>	<u>Authority Request</u>
Blue Plains Wastewater Treatment	\$49,419
Sanitary Sewer System	35,233
Combined Sewer Projects	379,603
Stormwater	0
Water System	73,839
Washington Aqueduct (DC Water share)	11,192
Capital Equipment	7,750
<b>Total</b>	<b><u>\$557,036</u></b>

**THE GOVERNMENT OF THE  
DISTRICT OF COLUMBIA**

**Office of the Chief Financial Officer | Office of Budget and Planning**
