Letter from the Director

As the Director of the Department of Employment Services (DOES), I have the honor of advancing Mayor Muriel Bowser’s vision of ensuring District residents receive a fair shot at economic prosperity and a pathway to the middle class. Through new and innovative programming at DOES, such as our hands-on training at the D.C. Infrastructure Academy with our partners D.C. Water, WMATA, Washington Gas and PEPCO, Washingtonians receive quality workforce services and acquire the skills necessary to thrive in jobs that are in-demand. We are proud to empower job seekers, motivate young adults, and create opportunities to connect District businesses to quality, industry-trained talent from the nation’s capital.

While we are excited about the progress made to date, we are committed to continuing service delivery improvements, enhancing career pathways that align education and workforce, expanding our approach to assessing human capital, and implementing an integrative data and system-infrastructure strategy that meets the workforce needs of District residents and businesses. Our annual report is designed to highlight the efforts and report the accomplishments of the agency in fiscal year 2018.

At DOES, we measure success by our ability to create more job opportunities for District residents. As we strive to close opportunity gaps and promote the diverse human capital in the District of Columbia, we are encouraged by the increased business confidence in our workforce. Our national economy is increasingly driven by the technology, construction, health, higher education, hospitality and entertainment sectors, and DOES is in step with this momentum. This is a year in review and we are happy to have stakeholders and partners who support us.

Dr. Unique Morris-Hughes
Director, Department of Employment Services

Outcomes of Services Provided at DOES

	FY15	FY16	FY17	FY18	Total
Total People Served (Local+Federal)	34,820	35,200	33,398	29,435	132,853

Source: DOES Bureau of Labor Market Research and Performance

For the last four years, DOES has provided more than **428,000** services to more than **130,000** people.

From FY15 to FY18, the total number of people served decreased by **15%**, whereas the total number of services increased by **30%**.

Total wages earned for the last four fiscal years (FY15-FY18) by DOES participants is more than 1.3 billion dollars (**\$1,309,563,432**) with an average quarterly wage of **\$6,215**.

EXECUTIVE SUMMARY AND HIGHLIGHTS

From 2015 to 2018, the largest decrease in unemployment was in Ward 7 with **2.3** percentage points decrease; followed by **Wards 8 and 5** with **2.1** and **2.0** percentage point decrease, respectively.

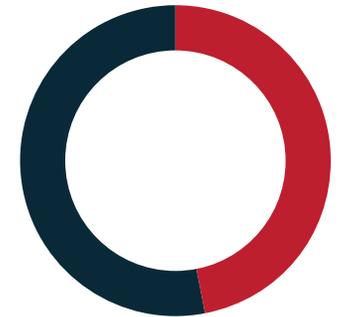

Unemployment rate in D.C. stands at **5.6%** and has decreased by **1.3 points** from 2015 to 2018.

Total wages earned for the last four fiscal years (FY15-FY18) by DOES participants is more than 1.3 billion dollars (**\$1,309,563,432**) with an average quarterly wage of **\$6,215**.

Almost **64%** of all unemployment insurance claimants in 2018 had less than a Bachelor's degree, whereas **36%** had a Bachelor's degree and above.

■ Non-D.C. Residents (56%)
■ D.C. Residents (44%)

In 2018, almost **30,000** people claimed unemployment insurance in D.C.

Between 2015 and 2018, **1,785** new private businesses were created in the District of Columbia with more than 1,000 of these businesses created between 2016 and 2017.

Annual average weekly wages in the private sector grew by **3.7%** between 2016 and 2017, from **\$1,586** to **\$1,645**.

For the last four years, DOES has provided more than **428,000** services to more than **130,000** people.

In 2018, more than two-thirds (**67.4%**) of unemployment insurance claimants were Black or African American.

From 2015 to 2018, nearly **150,000** new private sector jobs were created in the Greater Washington Region (**148,400** new jobs) and **26,000** new private sector jobs were created in D.C.

More than
\$12 billion

in wages were in
the first quarter of 2018,
which is a **\$1.56 billion**
increase since 2016.

Small businesses (with less
than 20 employees) paid over

\$2.4 billion

in the first quarter of 2018.

In the Greater Washington Region almost **100,000 jobs** were offered (**98,730**) in Professional, Scientific, and Technical Services. In the next top sectors (Administrative and Support and Waste Management and Remediation Services and Health Care and Social Assistance), over **50,000 jobs** were offered. Also, more than **20,000 jobs** were in demand in Accommodation and Food Services and Construction. Finally, more than **62,000 jobs** were in demand in Transportation and Warehousing and Utilities.

From 2015 to 2017, the District's per capita income increased by **\$2,313** and annual average earnings increased by **\$4,346**.

Median income for both men and women has increased for the last three years with **1.6%** and **6%** increases respectively.

From 2015 to 2017, median household income has increased for all races, with the highest increase shown among Hispanic or Latinos (of any race) (**+28.4%**).

In the first quarter of 2018, **88%** of all private sector business had less than 20 employees and, **95%** of them had less than 50 employees.

The gender wage gap has been closing in D.C. with women's income being **90%** of men's income.

More than 110,000 District residents lived below the poverty level in 2017 with, **6%** being white, **26%** Black and **13%** Hispanic. **19,860** more women than men lived below the poverty level in 2017.

In 2017, white median household income was **3.1 (a decrease from 2016 at 3.3)** times higher than Black or African American median household income (**\$132,698 vs \$42,161**).

80 percent of the top 25 job postings in the District in 2018 required a Bachelor's degree or above. **40 percent** of the top 25 job postings in the Greater Washington Region required less than Bachelor's degree and pay on average **\$89,410** a year.

There were more than **1.96 million** total job postings in D.C. in 2018, of which **393,665** were unique. There were more than **7.2 million** total job postings in the Greater Washington Region in 2018, of which more than **1.6 million** were unique.

- Exceeded the Standard
- Met 80% of Standard
- Did not meet 80% of Standard

In 2018, DOES exceeded nearly all
WIOA performance measures.

Conclusion and Findings

Associate Director

As the economy of the District of Columbia continues to expand, investment in our local workforce and infrastructure has been a collaborative effort. The Bowser Administration remains steadfast in its commitment to ensuring Washingtonians have access to quality workforce training and career services.

DOES has served more than 100,000 residents, many of whom have come through the doors of an American Job Center (AJC) and were connected to workforce training or employment opportunities. In 2018, we introduced D.C. Talent Leaders, a new arm of the summer youth employment program that gives participants ages 18 to 24 a fair shot at a sustainable career, while expanding the pool of host employers. We developed new initiatives such as the Transitional Residential Program (TRP) that provides housing insecure residents, who have secured and maintained stable employment after exiting one of our locally-funded workforce programs, financial support to secure permanent, long-term housing. We also improved and expanded existing programs such as ApprenticeshipD.C. and the Learn, Earn, Advance, and Prosper (LEAP) program, where participants earn a wage while receiving on-the-job training.

As the District's economy grows, engaging the business community and building meaningful public-private partnerships will be one of our top priorities. By hosting hiring and recruitment fairs with our business partners, DOES has taken proactive steps to allow access to the District's human capital of skilled and trained residents. We were also charged with creating a hub that would prepare District workers for jobs in the infrastructure industry by 2021 and, three years ahead of schedule, we opened the D.C. Infrastructure Academy (DCIA). In partnership with the Deputy Mayor for Public Safety and Justice, the Deputy Mayor for Greater Economic Opportunity and the Office of the City Administrator, we launched the 1,000 Opportunities Initiative to connect residents in communities hardest hit by violence and unemployment to employment and job training opportunities.

Since January 2015, **43,600** new jobs have been added to the economy in the District of Columbia and nearly **26,000** D.C. residents gained employment. The total number of unemployed D.C. residents decreased by 6,300. The unemployment rate in Wards 7 and 8 decreased by **4.6** percentage points and **4.7** percentage points respectively. **As of December 2018, Wards 7 and 8 experienced the lowest unemployment rates ever recorded at 8.3 percent and 11.4 percent respectively.**

Our approach has been in alignment with Mayor Muriel Bowser's vision of providing residents a fair shot at economic prosperity. By offering a variety of

employment and workforce training programs, DOES continues to amplify the Bowser Administration's message of inclusiveness. Young Washingtonians, seniors, returning citizens, underemployed individuals and those who face challenges to employment are able to use DOES as a resource and a pipeline to be placed on the pathway to the middle class.

DOES Services and Success Stories

▶ SERVICES

The Office of Youth Programs (OYP)

The Office of Youth Programs (OYP) develops and administers workforce development programs for District youth ages 14 to 24. OYP provides occupational skills training, work experience, academic enrichment and life skills training to facilitate the development of work habits and skills that are essential for success in the workplace. The following programs are currently being offered through the Office of Youth Programs.

- Mayor Marion S. Barry Summer Youth Employment Program (MBSYEP)
- Mayor's Opportunity Scholarship (MOS)
- Marion Barry Youth Leadership Institute (MBYLI)
- Youth Innovations Grants (YIG)
- High School Internship Program (HSIP)
- Pathways for Young Adults Program (PYAP)
- Youth Earn & Learn Program (YEALP)

For More Information: youthjobs@dc.gov

Customer Navigation Center (CNC)

The Customer Navigation Center (CNC) is a centralized communication facility that is used for the purpose of receiving and/or transmitting a large volume of customer requests by telephone, e-mail correspondence, and web chat services.

For More Information: DOES.onestop@dc.gov, doescnccampaigns@dc.gov, and CNC.UI@dc.gov

Office of Unemployment Insurance (UI)

The Office of Unemployment Compensation (OUC), also referred to as Unemployment Insurance (UI) Office, serves claimants and employers of more than 30,000 businesses in and around the District of Columbia.

For More Information: does@dc.gov

Mayor Marion S. Barry Summer Youth Employment Program (MBSYEP)

The Marion S. Barry Summer Youth Employment Program (MBSYEP) provides District youth ages 14 to 24 with enriching and constructive summer work experiences through subsidized placements in the private and government sectors.

Employers in the Washington, D.C. metropolitan area make this annual program possible by volunteering to serve as host employers and providing structured job opportunities for youth during the summer.

For More Information: summerjobs@dc.gov

MBSYEP - Mayor's Opportunity Scholarship (MOS)

The Executive Office of the Mayor (EOM) has partnered with the Department of Employment Services, Office of Youth Programs to pilot the Mayor's Opportunity Scholarship. Through the Mayor's Opportunity Scholarship, DOES seeks to support the post-secondary endeavors of participants in the Marion S. Barry Summer Youth Employment Program (MBSYEP).

For More Information: mos.oyp@dc.gov

Marion Barry Youth Leadership Institute (MBYLI)

The Marion Barry Youth Leadership Institute was founded in 1979 as a year-round program to train young Washingtonians in the concepts of leadership and self-development. The program's training model emphasizes practical, hands-on experience and a holistic approach to developing leaders for the 21st century.

For More Information: mbyli@dc.gov

The Youth Innovation Grants (YIG)

The Youth Innovation Grants program provides District youth ages 14 to 24 with enriching non-traditional, fast track work experiences through subsidized placements which explore post-secondary education preparation and entrepreneurial training options.

For More Information: youthjobs@dc.gov

High School Internship Program (HSIP)

The High School Internship Program serves high school seniors in the District who are between the ages of 14 and 21. The program provides participants with structured internships and individualized assistance to successfully obtain a high school diploma and secure full-time, unsubsidized employment, or to enroll in a post-secondary education or advanced training program upon completion of the program.

For More Information: youthjobs@dc.gov

The Pathways for Young Adults Program (PYAP)

The Pathways for Young Adults Program is designed to assist out-of-school and out-of-work District residents ages 18 to 24 by combining occupational training, life skills development and work readiness training to connect them back to the world of work successfully. The three areas of occupational training include Allied Health, Administrative Services and Basic IT/Admin.

For More Information: youthjobs@dc.gov

Youth Earn and Learn Program (YEALP)

The Youth Earn and Learn Program provides District youth, ages 16 to 24, who are not enrolled in school, unemployed, and facing significant barriers with support towards obtaining their secondary school credential or GED and employment.

American Job Center (AJC)

The American Job Center, formerly D.C. Works! One-Stop Center offers job-seekers, students, businesses and career professionals' access to a comprehensive array of employment-related services and tools in one convenient location. Through the American Job Center, residents can utilize resources such as career counseling, career planning, resume assistance, direct job placement, classroom and on-the-job-training, information about local and national labor markets, unemployment compensation and much more. The Department of Employment Services, supported with resources from the District government and the US Department of Labor, operates multiple centers that are strategically located and accessible throughout the District.

For More Information: does@dc.gov

Office of Apprenticeship, Information and Training (OAIT)

The Office of Apprenticeship, Information and Training is responsible for administering the District's Apprenticeship program and the enforcement of D.C. Law 2-156 and the federal Davis-Bacon and Related Acts (DBRA) on District-funded projects. These services include recruiting and enrolling apprentices; registering employers as apprenticeship sponsors; and providing oversight, technical assistance, and monitoring to ensure compliance with federal and state laws. Apprenticeship is a comprehensive training program that combines on-the-job learning experiences with supplemental job-related classroom instruction.

For More Information: does@dc.gov

Office of Talent and Client Services

The Office of Talent and Client Services offers businesses in the Washington, D.C. region a variety of complimentary services to help meet the workforce development needs of the employer. A team of professionals deliver employment and training services that grow employer business and talent acquisition; candidate pre-screening; targeted hiring events; and access to D.C. Networks through a virtual job board which serves as a virtual recruiting tool where businesses can post job descriptions, view resumes, and candidate qualifications.

For More Information: bsg@dc.gov

Workforce Opportunity Tax Credit (WOTC)

The Workforce Opportunity Tax Credit is a federally-funded program that reduces the federal tax liability of private-for-profit employers hiring new employees from selected target groups who have consistently had difficulty obtaining or maintaining employment. Tax credit amounts vary and are based on a percentage of wages paid to, and hours worked by, properly certified employees.

For More Information: does.wotc@dc.gov

Workforce on Wheels (WOW)

Workforce on Wheels is the cutting-edge mobile outreach team of the Department of Employment Services. The Workforce on Wheels team is dispatched to various communities across the District to address the needs of District youth and residents. Commissioned to serve constituents in under-served communities, the Workforce on Wheels team brings the resources and services of the American Job Center to neighborhoods where access is often limited.

For More Information: workforceonwheels.does@dc.gov

Rapid Response

Rapid Response services are performed by state and local workforce development agencies in partnership with local American Job Centers. The Rapid Response team responds to layoffs and plant closings by quickly coordinating services and providing immediate aid to companies and their affected workers.

For More Information: does@dc.gov

Office of Paid Family Leave (OPFL)

The Office of Paid Family Leave administers a paid leave program for the District of Columbia under the provisions of the Universal Paid Leave Amendment Act of 2016. The Paid Leave Act provides up to eight weeks of parental leave to bond with a new child, six weeks of family leave to care for an ill family member with a serious health condition, and two weeks of medical leave to care for one's own serious health condition. On July 1, 2019, the District will begin the collection of taxes from employers and on July 1, 2020, the District will begin administering paid leave benefits.

For More Information: does.opfl@dc.gov.

Project Empowerment

Project Empowerment provides job readiness and life skills training, work experience, job search assistance and a variety of supportive services to District residents who face multiple barriers to employment.

For More Information: projectempowerment@dc.gov

D.C. Career Connections

D.C. Career Connections provides young adults ages 20 to 24 the opportunity to earn as they learn while providing the support they need to be empowered and connected to rewarding career opportunities.

For More Information: dccareerconnections@dc.gov

Back to Work 50+

Back to Work 50+ promotes the full reintegration of talented job seekers, ages 50 to 64, into the workforce. The program was created in partnership with the AARP Foundation in an effort to enhance opportunities for mature job seekers by broadening access to critical employment resources and to connect senior job seekers from all wards of the city with services supporting their reentry into the workforce.

For More Information: does@dc.gov

Senior Community Service Employment Program (SCSEP)

The Senior Community Service Employment Program is a program to help older Americans get back into or remain active in the workforce. It is a part-time community service and work-based training program where participants gain career skills through on the job training in community-based organizations in identified growth industries.

For More Information: specialprograms.does@dc.gov

Learn, Earn, Advance, Prosper (L.E.A.P.)

L.E.A.P. is a network of interconnected District partners working together to refer, train, support, and employ residents in District jobs. Through extensive coordination of efforts, District government agencies, educational organizations, community partners, and employers leverage their resources to provide L.E.A.P. participants with paid on-the-job work experience at District agencies for up to one year. Individuals in the program earn wages, accumulate work experience, and obtain stackable credentials toward an obtainable career pathway.

For More Information: leap.does@dc.gov

Administrative Hearings Division, Office of Hearings and Adjudication

The Administrative Hearings Division conducts formal administrative hearings under the D.C. Workers' Compensation Act of 1979, as amended, D.C. Code §32-1501 et seq.

For More Information: does.ahd@dc.gov

Office of Wage-Hour (OWH)

The Office of Wage-Hour conducts compliance audits and may recover back wages for employees who have not been paid under D.C. wage laws, either administratively or through court action. Wage-Hour Compliance involves enforcing the wage laws of the District of Columbia.

For More Information: owh.ask@dc.gov

Office of Occupational Safety and Health (OSH)

The Office of Occupational Safety and Health conducts worksite visits within the District of Columbia to assure compliance with Federal OSHA Standards. These visits are at the request of the prime contractor or small business representative that wants a voluntary review of their worksite, review their written programs or request training on a given safety and/or health subject.

For More Information: does@dc.gov

Office of Workers' Compensation (OWC)

The Office of Workers' Compensation provides services to employees of the private sector who sustain work-related injuries and/or suffer job-related illnesses/diseases during the performance of their duty.

For More Information: owc@dc.gov

Compensation Review Board (CRB)

The Compensation Review Board provides administrative appellate review of private-sector workers' compensation claims decided by the Department of Employment Services' Administrative Hearings Division and the Office of Workers' Compensation, including appeals from Special Fund decisions and public-sector disability claims decided by the District of Columbia Office of Administrative Hearings. The Compensation Review Board also makes the initial agency decision upon receiving a case remand from the D.C. Court of Appeals.

For More Information: does.crb@dc.gov

Labor Market Research and Performance

The Labor Market Research and Performance Unit provides businesses with relevant labor market, economic, and demographic data, such as employment and wages, unemployment rates, and population trends to help businesses gain a more competitive advantage in the labor market.

For More Information: lmi.does@dc.gov

First Source Program Support and Compliance

The Department of Employment Services helps businesses to comply with the First Source Agreement law - where vendors seeking to do business with the District must guarantee that 51 percent of all new hires on any government assisted project or contract between \$300,000 and \$5,000,000 will be District residents - by matching qualified District residents that meet their hiring needs.

On-the-Job Training Program (OJT)

On-the-Job training is a program in which employers have an opportunity to train, mentor and hire candidates who are not fully proficient in a particular skill set or job function. Through the On-the-Job Training model, candidates receive the hands-on training necessary to increase their skills, knowledge and

capacity to perform the designated job function. OJT ensures unemployed and underemployed jobseekers have a chance to enter/re-enter the workforce through an earn while you learn model. This streamlined approach allows employers to be reimbursed up to 75 percent of an established wage rate in exchange for the training provided to participating candidates for up to six months.

District of Columbia Infrastructure Academy (DCIA)

The District of Columbia Infrastructure Academy (DCIA) is a key initiative of Mayor Muriel Bowser's Administration, led by the Department of Employment Services (DOES). Infrastructure is one of the fastest growing industries in the country. DOES opened the academy as a way to meet the need for skilled infrastructure professionals in the District of Columbia. Opened in March of 2018, DCIA coordinates, trains, screens, and recruits residents to fulfill the workforce needs of the infrastructure industry with leading employers in these high-demand fields; energy and utilities, transportation, and information technology. DCIA is located at 2330 Pomeroy Road, Southeast in the Anacostia neighborhood in Ward 8.

▶ SUCCESS STORIES

Christopher McNeal

In 2016 Christopher McNeal relocated to the District of Columbia after being released from a federal prison sentence that spanned more than three years. Prior to incarceration, Mr. McNeal led a life that most only dream. After competing collegiately in basketball at the University of Pittsburgh, while earning a degree in the process, he played professionally for six years in various countries.

After settling in Washington, D.C., Mr. McNeal enrolled in Project Empowerment and completed job readiness and life skills training. Afterwards, Mr. McNeal completed his Project Empowerment work experience at the Mayor's Office on Returning Citizens Affairs. While completing his work experience, Mr. McNeal earned a Green Construction Certification in February 2017. Attaining the certification paved the way for Mr. McNeal to earn employment with the Electrical General Corporation.

Despite obtaining full-time employment, Mr. McNeal continued to face challenges in securing housing. In May 2018 Mr. McNeal was accepted into the Transitional Residential Program, a program under the Division of State Initiatives, designed to provide short-term housing (up to six months) for participants that have retained unsubsidized employment, but continue to experience housing insecurity. After four months with the Transitional Residential Program, Mr. McNeal was approved for sustainable housing and transitioned into his new home in October 2018. Mr. McNeal's good fortune during the month persisted, as he returned to the Mayor's Office on Returning Citizen Affairs as a full-time Community Outreach Specialist. The opportunity has afforded him a platform to inspire and motivate people to maximize their potential.

Ja’Kila Tate

In January 2018, JaKila Tate, a 20-year-old native Washingtonian and a proud mother of a four-year-old son, joined D.C. Career Connections in hopes of pursuing a Commercial Driver’s License. Ms. Tate entered the program with work experience but only up to an 11th grade education. During the mock interview process, which is a core component of job readiness and life skills training, Ms. Tate was asked about her career goals.

Given the opportunity, she shared that she always aspired to be an attorney. To aid her in reaching that goal, she was offered an opportunity to pursue her high school diploma through one of the institutions DOES partners with. She seized the opportunity and elected to enroll. Within two weeks of taking the GED practice exam Ms. Tate passed all four components and earned her High School Diploma.

With the encouragement and support of D.C. Career Connections staff, Ms. Tate was connected with a training partner that offers Paralegal Training. In August 2018, Ms. Tate completed the program to become a Certified Paralegal Specialist. Equipped with an industry-recognized credential and motivation to excel, Ms. Tate commenced her legal career as a Paralegal Specialist.

Marquisha Dickson

In September 2017 Marquisha Dickson was accepted in the Learn, Earn, Advance, Prosper (L.E.A.P) program. Based on Ms. Dickson's work and professional history she was afforded an opportunity to complete her L.E.A.P. training at the Department of Human Services.

After performing the duties of her role diligently throughout her L.E.A.P. experience, she successfully transitioned from a LEAP trainee to a full-time position in August 2018 that incorporates Ms. Dickson's professional aptitude and personal passion. In the process, Ms. Dickson made history by becoming the first L.E.A.P. trainee to earn an opportunity to serve as a Vocational Development Specialist.

Given Ms. Dickson's experience in a workforce development program, it is fitting that she is assigned to the division of Customer Workforce Employment and Training at the Department of Human Services. Her commitment to serving the District's TANF families, along with a strong work ethic, has proven to be an asset to operations and has positioned Ms. Dickson to continue her ascendance.

Adrienne Douglas

For Adrienne Douglas, the Department of Employment Services L.E.A.P. program couldn't have come at a better time. As fall 2017 approached, Adrienne faced the end of her contract with a local temp agency and was worried about finding work that would allow her to support herself and her young son.

Adrienne, who had been receiving TANF benefits since her son's birth in 2014, received an email about the L.E.A.P. program and her first thoughts were not hopeful. "I didn't think anything of it, just another dead opportunity," she said. But she applied all the same and soon after representatives from Department of Employment Services and the Department of Human Services reached out to tell her that she would be a perfect candidate for the program.

In September 2017, Adrienne became a L.E.A.P. trainee and was placed at the Department of Human Services. During her internship she was placed in the customer care unit, where she quickly learned the daily internal operations of the District government. Her supervisors were impressed with her performance and drive. She was offered a full-time Grade 7 position within District government in January 2018.

Adrienne now works in the Office of Learning and Development with the D.C. Department of Human Resources as an Educational Management Specialist. In her role, Adrienne coordinates instructor-led trainings and coaches District government employees looking to expand their skills and advance professionally. She models this growth behavior as well as she is currently working towards getting her Project Management Certification.

When asked about the favorite part of her work, Adrienne stated that enjoys interacting and engaging the community.

"If it wasn't for the L.E.A.P. program, I really don't know where I would be now. This is the program for people like me, who were looking for a hand up, not a hand-out," says Adrienne. "During my time in the program, staff helped me stay on track, kept me grounded, and kept me humble. I will carry these skills and that knowledge with me wherever I go. Working for D.C. government is the first step in my real career."

Andrew Roberson

Andrew Roberson was referred to L.E.A.P. by the Project Empowerment program, where he was gaining maintenance experience working as a porter for a local private company. At that time, the Department of Consumer and Regulatory Affairs had partnered with L.E.A.P. to recruit candidates for their Abatement team. Andrew was selected to join this team and gained work experience by performing transformational work of clearing blighted properties. While in L.E.A.P., Andrew gained hands-on experience using heavy equipment and proved to his supervisors that he was committed to making a difference for D.C. and for himself. After completing the L.E.A.P. program, Andrew was offered a full-time, permanent position on the Department of Consumer and Regulatory Affairs' Abatement team.

When asked about his time in the L.E.A.P. program, Andrew offers, "L.E.A.P. is a stepping stone towards securing a job and being able to take care of your family."
