WELCOME TO THE 2020 MARION S. BARRY SUMMER YOUTH EMPLOYMENT PROGRAM ONLINE ORIENTATION

Please Note: In addition to English and Spanish, you can select the language you feel most comfortable using/reading while navigating through the online orientation process. These languages span the globe from Afrikans to Hebrew, Hindu, Vietnamese, Latin and Portuguese, just to name a few. This tab is located on the bottom right of the page.

Getting Started (The Most Important Step)

1. First you'll need to set up your very own E-Portfolio. A very important step in getting you started and setting yourself apart from the competition!
2. Here's the link http://careeredge.com/mbsyep/edit_profile.php. However, you can go straight to the online orientation site from your MBSYEP Portal.
3. Under the "Basic Information" tab, you will be asked to enter your personal information (e.g. name, address, email, cell phone number, your social media pages— Facebook, LinkedIn, Twitter, etc.)
4. You will then be asked to tell us a little about yourself. Share what current skills you have, or what is special or unique about you. For example, are you a blogger, YouTuber? Have you won any awards, academic or athletic? What are you great at? What do you like?
5. The next step is to upload your resume. If you don't have a resume, don't worry. You can use the site's "Resume Builder" to build one.
6. Do you have a cover letter? If you do, you can upload it. If you do not have a cover letter we can help you create one.
7. If you have references from prior employment, school, projects you've been a part of, programs or church leaders, add them to your E-Portfolio. This lets employers know that you have established meaningful and respected relationships.
8. Next, click on the "Career Preference" tab. This is where you tell us what your work shift and schedule preferences are (e.g. part-time, fulltime, etc.)
9. Next, click on the "Employment Information" tab. In this section you will indicate if you are available to work. If you are currently working, you will need to enter your currently employment information.
10. Once you have completed these steps, hit the green "Save and Continue" icon to go to the next step.

"Why do I have to do all of this", you ask? This will help you sell yourself to possible employers, connect you to the jobs you are most interested in and get you on the path of establishing professional relationships with prospective employers. These are the stepping-stones to not just professional development, but evolving into the owner and author of your dreams! Let's Dream Big!

Ready, set...now, let's grow!

There are 8 steps you will need to take in order to complete your on-line orientation. We are sure it will be a breeze as the process is user friendly. Listed below are the instructions for each step.

1. Ten Things About Me (Block #1)

In this section, there are boxes labeled with numbers 1 through 10. In each box you will tell us 10 things to help people understand you. This could be what you do or don't like or how you react to sad or happy situations. What makes you feel good or bad? If you get stuck, look at the bottom of the page for examples on how to start your writing.

Once you've completed this section you are now ready for the next section entitled "The 5 P's"

2. The 5 P's

Click and watch the "The 5 P's" video. Don't worry it's a very short video, just 2 minutes and 30 seconds long. This will help you understand how to find your passion, purpose and develop your dreams using the 5 P Formula. The cool part is that, just to the right of the video, you can take notes to look back on. This can help you reassure yourself while on your journey to great success. Let's face it, we are all human and sometimes the road gets rough. However, it's all about hanging in there.

After viewing the video move to the next section, "My Passion"

3. My Passion

This section will help you to uncover your true passion by answering three simple questions. All you need to do is finish each sentence in your own words. Yep, it's just that simple!

4. Taking Initiative on the Job

One of the most important parts of the MBSYEP online orientation is letting us help walk you through learning how to make a positive difference at your assigned worksite. We've included a great video called "Taking Initiative on the Job." It's a bit longer than the first video you watched, but it's so important to view the entire video. There is a cool notepad to the right of the video that lets you take and keep your own notes. You can go back into your portal to view them at any time!

Once you've watched the video and jotted down your notes, click the green arrow on the lower right corner of the page.

5. On the Job Initiative

On this page we've created a list of ways you can show initiative on the job initiative. We may have missed some things and need your help completing this list. At the bottom of the page, you'll see the question "What else can you do to take initiative at work?" This is where we need your help. Enter additional ways you can show on the job initiative.

Once you've completed this step, click the green arrow on the lower right corner of the page.
