**EMPLOYMENT OPPORTUNITIES**

May is not only a gateway into the summer but also brings attention to specific areas, such as health and wellness. Some events observed throughout the month focus on Mental Health, National Walking, and Women's Health Care, to name a few. Since his promotion to the Sixth District, Commander Darnel Robinson has promoted health and wellness as an intrinsic area of focus while implementing them into efforts such as neighborhood walks to events and functions. Here at the Sixth District, we want to ensure that officers and community members have the support needed to access every available resource. Should you require any services, stay connected with [www.dc.gov](http://www.dc.gov) for additional information. Always remember that you have support.

**It is always a pleasure to serve the community, and we are looking forward to having a safe and exciting spring season with you all.**

## **The Sixth District Dedication Sixth District Citizen's Advisory Council (CAC)**

We want to take a second and give a huge shoutout to the Sixth District CAC (Citizen's Advisory Council) for all the hard work and dedication they have put forward to support the community. Throughout the years, the CAC has expanded its areas of support to ensure that not only are the citizens of the district engaged in crime prevention and safety but are kept up-to-date on current affairs within DC Government and are provided resource-based efforts to address areas of concern. But their efforts go beyond just connecting residents with resources. They have gone above and beyond to support youth and families through the holidays and special functions. Each year, the CAC supports over 250 youth, throughout the Sixth District, with toys and coats. Additionally, CAC representatives have engaged in food distributions supporting families in need, helped with community-based events, and sponsored students bound for college with much-needed supplies while connecting them to employment opportunities.

The CAC has also supported the Sixth District officers through major holidays, functions, and details. As Commander Robinson stated, many moving pieces of the district keep the daily operations functioning at 100% capacity, and the CAC is one of those intricate parts. For that, we want to thank all the members of the CAC for their hard work and dedication to the officers and residents of the Sixth District.

**Awareness:** Reported crimes increased by 149 incidents in Police District 6 during the past month compared to the same dates a year before.

Homicides and robberies experienced a slight increase during this period; however, ADWs decreased. We also continue to monitor property crimes such as Theft/Other (Package Thefts from porches), Motor Vehicle Thefts, and Theft from Autos. When exiting your vehicle, ensure all your items are removed from plain view, and you turn off your car, removing the key. Please be aware of your surroundings. Avoid walking in dark areas with little to no lighting. Additionally, with package thefts, Amazon boxes have been set up at both the main and substation to prevent having a package left unattended from a delivery. They are **Annalia (5002 Hayes Street NE) & Joana (2701 Pennsylvania Avenue SE)**. Please feel free to have your Amazon packages delivered to these locations for a secured pickup. If you are utilizing another delivery service, ensure your parcel is left with someone you trust or at a location that properly secures it. We have included some additional tips and information about Motor Vehicle Theft prevention on page 9 of the bulletin. For additional information regarding Burglaries and Thefts, please refer to the flyers on page 8.

We thank you for your continued actions to take preventative crime deterrence measures.

# SAFETY AWARENESS

## ROBBERY PREVENTION TIPS

*There has been an increase in street robberies within residential neighborhoods. Here are tips to stay safe:*

- Always be aware of your surroundings
- Stay vigilant of activity around you and attentive to individuals approaching
- Walk purposely and with confidence
- Do not be distracted by activity such as talking on your cell phone, listening to music or reading while walking
- Travel with others, walk in well-traveled and well-lit areas
- Avoid carrying large sums of cash in public
- If someone tries to rob you, give up your property and not your life
- Report the crime to the police immediately by calling 911 & try to describe the suspect(s) accurately by including their characteristics, clothing, and vehicles

# ACTIVITY SHEET

## Community Helpers Day

As we approached the start of spring break for DCPS students, the Sixth District Outreach team, CSOSA, and Youth & Family Services joined the Boys and Girls Club for a cookout and day of activities, including music. Students danced to the tunes of Dj Mix while participating in a kickball tournament. The Boys and Girls Club-led team emerged victorious against the Officer Plows-led team. It was a great time between all parties as we continued to bridge the gap.

We are excited about the summer months and engaging in additional activities with our youth.

## Community Cleanup

In honor of Earth Day, Sixth and Seventh District Outreach Officers, including Recruit Officers from the Metropolitan Police Academy, joined CSOSA team members for a community clean-up within the 1600 block of Good Hope RD SE. While walking through the neighborhood, team members engaged residents while addressing quality-of-life concerns. Once concluded, team members collected over 20 bags of trash and debris. This is the first of many initiatives forthcoming throughout the summer months.

METROPOLITAN POLICE DEPARTMENT

GOVERNMENT OF THE DISTRICT OF COLUMBIA  
MURIEL BOWSER, MAYOR

If you own a 2011-2021 Kia or Hyundai, your vehicle may be at risk of being stolen. Any Hyundai or Kia vehicle that operates with a metal or steel key is impacted by a system flaw that thieves are targeting. Any Hyundai or Kia vehicle that is a push-to-start, is not at risk. To avoid becoming a victim of auto theft, the Metropolitan Police Department encourages you to consider the following safety tips:

- Never leave your engine running or leave your vehicle unattended.
- Lock your car and take your keys with you.
- Park in a well-lit area or parking garage.
- Remove USB cables from vehicles while not in use.
- Consider purchasing a wheel lock or anti-theft device.
- Contact your dealership for potential software updates or recall notices.

# **SPECIAL ANNOUNCEMENT**

**Women in policing play an important role in making our communities a safe place to live and work.**

**However, nationally, women make up only 12% of sworn officers and 3% of police leadership.**

**MPD is proud to be a national leader in this area – women make up approximately 23% of our sworn workforce – but we believe we can still do more to increase the representation of women in our ranks. In an effort to further the recruitment, retention and promotion of women in policing, MPD signed the 30x30 pledge in November 2021. The 30x30 Initiative is a coalition of police leaders, researchers, and professional organizations who have joined together to advance the representation and experiences of women in policing agencies across the United States.**

**The ultimate goal of this national campaign is to increase the representation of women in police recruit classes to 30% by 2030, and to ensure police policies and culture intentionally support the success of women officers throughout their careers. (The 30x30 Initiative is based on the importance of achieving at least 30% representation to empower a group to influence an organization's culture. For additional information, please visit Women in Policing | [joinmpd.dc.gov](https://joinmpd.dc.gov).**

# DOMESTIC VIOLENCE AWARENESS

Domestic violence is a pattern of behavior used by someone to establish power and control over another person through fear and intimidation. It happens between people who are, or have been, in an intimate relationship. Domestic violence often includes the threat or actual use of violence. It happens when one person believes they are entitled to control another.

Domestic violence can take many forms. In many cases the behavior amounts to a criminal act. It is also a unique crime because there is usually a pattern of abuse over time, unlike, for example, when a robbery occurs one evening. Domestic violence tends to be repeated with more frequency and more severity.

Domestic violence can include emotional abuse, such as name-calling and put-downs, and economic abuse, when one person uses money and finances to control the other. Often an abusive partner may be sexually abusive, use or control the children, or threaten, isolate, or intimidate the other. All of these behaviors are used to maintain fear, intimidation and power.

**For additional information about Domestic Violence, ways to take preventative measures, and resources, please scan the below QR code that will direct you to the MPDC website.**
